- Bruno Giri
- Cassidy Lord
- Jamie Hill
- Todd Stevenson
- Nancy Cerrato

Approve January minutes

- Bruno motions to approve
- Cassidy seconds
- Motion passes

Approve February agenda

- Jamie Hill motions to approve
- Bruno seconds
- Motion passes

Public comments

- 420 Providence Rd
 - ACC put in a pipe before governmental consolidation
 - Erosion occurring and wants county assistance to fix
 - Currently no level of service to fix the problem, but potentially under consideration by the committee

Staff reports:

- No annual maintenance program for stormwater capital
 - Junction boxes, manholes, stormwater inlets, etc.

Landowners can reduce their stormwater fee by implementing Best Management Practices and reducing impervious surface coverage

- Ex: Georgia Square Mall
- ACC strongly encourages and incentivizes redevelopment

PW-002

- Applies only to single-family residential
- Stormwater fees are paid by property owners, not property tenants
 - Stormwater fees can be passed off to renters, increasing rental rates in ACC
- Items under consideration
 - Driveway pipes
 - Zone of influence
 - Rock program
 - Drainage improvement agreements
