- Located along Newton Bridge Road near its intersection with US Hwy 441
- Currently serves 3 homes or properties
- Approximately 480 feet long

N. POPE STREET

- Located between Prince Avenue and Barber Street
- Currently serves **12** homes or properties
- Approximately 950 feet long

CRESCENT DRIVE

- Located along Jefferson Road / US Hwy 129 near Putters Drive
- Currently serves 8 homes or properties
- Approximately 1,150 feet long

BEECH CREEK ROAD

- Located along West Lake Dr near Fortson Drive
- Currently serves **10** homes or properties
- Approximately 2,250 feet long

WHY IS THIS PROJECT IMPORTANT

Goal Area 1 – Good Neighbors

- Creates and improves existing dirt roads that are more respectful and welcoming to the residence in these lesser served locations.

Goal Area 2 – Safely Move Around Athens

- Improves existing dirt roads, creating a more aesthetic and pleasing corridor.

Goal Area 3 – Built and Natural Infrastructure

- Ensures equitable access to infrastructure to enhance safety and identity
- Provides adequate funding for maintenance of existing and newly constructed infrastructure.

THANK YOU
