<u>SECTION H - GLOSSARY</u>	H-1

July 1, 2015

Dear Citizens of Athens-Clarke County:

As Mayor of the Unified Government of Athens-Clarke County, I am pleased to present to you the Annual Operating and Capital Budget for the 2016 Fiscal Year. In accordance with Georgia Law and the Charter of the Unified Government, the Mayor and Commission on June 2, 2015 adopted this budget. Citizen input for this budget was received on May 12, 14 and 19, 2015.

This budget is balanced without reductions to current services and includes funding to support voter approved SPLOST facilities without an increase to the current millage rate of 13.95. Budget decisions support many of the Mayor and Commission Goals and are directly tied to maintaining ACCUG's financial stability, while providing quality, sustainable community services to our citizens. This budget was built with a view toward the long term, with attention to the Unified Government's financial status over the next several years as well as current needs. This Budget will keep the Unified Government on a path of sustainable levels of revenues and expenditures over the next few years.

Key Points in the FY2016 Budget

- This budget maintains the current property tax millage rate of 13.95. The homeowner of a median priced home in Athens-Clarke County will continue to pay similar or lower property taxes than many neighboring communities and similar sized communities in the state.
- This Budget includes the following increases to support new initiatives:
 - Sunday Bus Service: An additional \$293,000 in General Fund Support, along with \$71,000 of anticipated farebox revenue, to cover the expense (\$364,000) of a pilot program to provide Sunday Transit service from approximately 8 a.m. to 10 p.m.
 - Police On Officer Cameras: This Budget includes \$50,000 in additional operating expenditures and \$50,000 in added capital funding to support the on-officer camera program launched in FY15. The operating expenses will fund annual data storage and maintenance for the 142 officer-worn cameras. The capital funding will provide a source for future replacements of cameras.
 - Citizen Surveys: \$15,000 is included for participation in the NCS program to gather citizen opinions across a wide range of community livability issues in order to strengthen service delivery, strategic planning and budgeting.
 - Additional Superior Court Judge: Operating funding of \$51,300 is included for an additional Superior Court Judge. For FY16, the state has approved an additional Superior

MAYOR NANCY B. DENSON
UNIFIED GOVERNMENT OF ATHENS-CLARKE COUNTY, GEORGIA

Court Judge position for the Western Judicial Circuit (which includes Athens-Clarke and Oconee Counties) to take office April 1, 2016.

- Economic Development: The FY16 Budget includes an additional \$350,000 in annual support for Economic Development projects. The Mayor and Commission are currently reviewing an opportunity to partner with a local company to significantly expand their operations which will increase employment and the tax base in the coming years.
- This Budget includes operating support for the following SPLOST funded facilities:
 - New Jail Opens Fall of 2015: The FY16 Budget continues to plan for and support SPLOST funded facilities, in particular the new Jail set to be in operation in the fall of 2015. The Budget includes the addition of \$336,000 to fund operating costs and six positions (five in Sheriff, one Central Services) for nine months to support and maintain the new Jail. This is in addition to fully funding eleven positions approved in FY15 and seven positions approved in FY14.
 - The Budget also includes a total of \$57,000 in operating support for other SPLOST projects, such as the Integrated Public Safety/Judicial Information System, the Greenspace Acquisition Program, the Ware-Lyndon House Historic Garden, the Police Evidence Facility, the Animal Shelter Expansion, Satterfield Park renovations, North Oconee River and Pulaski Creek Greenways, and Rails to Trails Network Project.
- In support of the Mayor and Commission goals, the FY16 Budget includes funding to continue to recruit, retain, and reward ACCUG employees. Across all funds, the Budget includes \$1.9 million to provide a 2.25% market and pay table adjustment to recruit and retain employees whose work performance meets or exceeds job requirements. For the FY16 Budget, no funding is included for the Performance Management Program component of ACCUG's pay plan. This Budget will continue to fully fund ACCUG's commitment to employee and retiree pension and health care obligations.
- This Budget includes a total of 1,619 full-time authorized positions, which is a net increase of one full-time authorized position compared to the current level. The authorized level of full-time positions will remain around 14 per thousand of ACC population, as it has since 1991.

Goals and Objectives adopted by the Mayor and Commission in March 2015 helped to guide the development of the FY16 Budget. Resources have been set aside for some objectives and others are already operational or will be achieved with resources established in this budget. These goals along with additional summary information have been provided in the "Budget Summary" section of this document.

My work as Mayor affords me the unique opportunity to work with and meet people throughout the community, region, and state, where I routinely receive compliments on our community, as well as our staff. This has become the norm not the exception. This positive perception is something for which we can be proud, and is directly attributed to the commitment regularly

exhibited by both citizens and staff as we work together for the Athena ideal: to leave our community better than we found it.

I wish to extend my personal thanks to several persons who provided many hours of assistance to me during the development of the FY2016 Budget. Manager Alan Reddish along with his management team and the staff of the Finance and Human Resources Departments all played critical and supportive roles throughout the process. These individuals were also an invaluable part of the team during the Commission's budget deliberations.

Also, my thanks go to each member of the Commission for their thoroughness and thoughtful contributions during the development and adoption of the FY2016 Budget. In addition, I want to recognize and express my gratitude to Mayor Pro Tempore and District 2 Commissioner, Harry Sims, for his hard work and leadership during the Commission review of this budget.

If you have any questions, please do not hesitate to contact me.

Sincerely,

A handwritten signature in blue ink, appearing to read "Nancy Denson". The signature is fluid and cursive, with a large loop at the end.

AN ORDINANCE TO PROVIDE FOR THE RAISING OF REVENUES AND THE APPROPRIATION OF FUNDS FOR ATHENS-CLARKE COUNTY, GEORGIA, FOR THE FISCAL YEAR 2016 BEGINNING JULY 1, 2015 AND ENDING JUNE 30, 2016 TO PROVIDE FOR THE OPERATIONS OF GOVERNMENT DEPARTMENTS, BOARDS, AGENCIES, ELECTED OFFICES, AND OTHER GOVERNMENTAL ACTIVITIES; TO PROVIDE FOR THE LEVEL OF PERSONNEL AUTHORIZED FOR THE VARIOUS DEPARTMENTS AND AGENCIES; TO PROVIDE FOR A CAPITAL BUDGET; TO ESTABLISH 2015 PROPERTY TAX RATES; TO ESTABLISH COMPENSATION FOR THE CHARTER OFFICERS; TO ESTABLISH RATES AND STRUCTURE OF FISCAL YEAR 2016 HEALTH INSURANCE PROGRAMS; TO REPEAL CONFLICTING ORDINANCES; TO PROVIDE EFFECTIVE DATES; AND FOR OTHER PURPOSES.

THE COMMISSION OF ATHENS-CLARKE COUNTY, GEORGIA, HEREBY ORDAINS AS FOLLOWS:

SECTION 1. Pursuant to Section 7-405 of the Charter, the sums of money as summarized in Exhibit A attached hereto and made a part of this Ordinance, shall be and are hereby adopted as the Operating Budget and the Capital Budget for Athens-Clarke County for Fiscal Year 2016 (FY16), beginning July 1, 2015 and ending June 30, 2016.

SECTION 2. The appropriation of funds for all departments and agencies shall be as provided for in Exhibit A and supporting schedules.

SECTION 3. Each of the Enterprise and Internal Service Funds shall be operated in accordance with Proprietary Fund accounting standards and procedures and shall not be governed by the Governmental Fund budgetary accounting principles; however, the budgetary estimates upon which such budgets are adopted shall be retained in memorandum form for budget control purposes and utilized in the preparation of comparative operating statements.

SECTION 4. The personnel levels provided for in the Personnel Authorization Schedule for all departments and agencies, as provided in the budget document entitled "The Unified Government of Athens-Clarke County FY2016 Annual Operating and Capital Budget July 1, 2015–June 30, 2016" are hereby adopted as the maximum employment levels for such departments and agencies and shall not be increased without the approval of the Mayor and Commission.

SECTION 5. All financial operations shall be accounted for in accordance with Generally Accepted Accounting Principles and Standards.

SECTION 6. In accordance with the Official Code of Georgia Annotated Section 33-8-8, the proceeds from the tax on insurance premiums estimated to be \$6,350,000 for FY16, shall be used for the provision of services to all residents of Athens-Clarke County.

SECTION 7. In accordance with the Official Code of Georgia Annotated Section 46-5-134, the monthly "9-1-1 charge" of \$1.50 per exchange access facility, the \$1.50 per month "wireless enhanced 9-1-1 charge", and the \$0.75 per retail transaction for the "pre-paid wireless charge" are reaffirmed for the period July 1, 2015 – June 30, 2016.

SECTION 8. The Manager is further authorized to transfer sums up to \$15,000 from the General Fund Contingency to meet unbudgeted obligations of the Government. The Manager is required to notify the Mayor and Commission of each of these transfers from Contingency at the next scheduled regular meeting under the provisions of Section 7-408 of the Charter of the Unified Government of Athens-Clarke County, Georgia.

SECTION 9. The Manager is further authorized to transfer sums within each fund's capital budget among projects and accounts up to \$100,000 to meet project obligations of the government. The Manager is required to notify the Mayor and Commission of each of these transfers at the next scheduled regular meeting under the provisions of Section 7-408 of the Charter of the Unified Government of Athens-Clarke County, Georgia.

SECTION 10. The Manager is further authorized to approve the application for grants and accept grants on behalf of ACCUG up to \$50,000 and to amend the Operating or Capital Budget for the grants as needed. This authority is permitted if the grant meets all of the following conditions: (1) matching funds are appropriated or the grant does not require matching funds; (2) ACCUG will not be required to otherwise commit resources or maintain any services after the end of the grant period; (3) no positions will be added with the grant; and (4) no vehicles will be added to the ACCUG Fleet Replacement Program as a result of acceptance of the grant.

The Manager is required to notify the Mayor and Commission of approval or acceptance of each grant at the next scheduled regular meeting under the provisions of Section 7-400 of the Charter of the Unified Government of Athens-Clarke County, Georgia. The Manager and appropriate staff are authorized to execute all required documents associated with grants accepted under this provision.

SECTION 11. The budget document, entitled "The Unified Government of Athens-Clarke County FY2016 Annual Operating and Capital Budget July 1, 2015–June 30, 2016" shall be maintained on file in the Office of the Clerk of Commission.

SECTION 12. The ad valorem tax rate for Athens-Clarke County is hereby levied for the year 2015 upon all real and personal property within the government not exempt from taxation under law as follows:

Maintenance and Operations (General Fund)	13.95 mills
---	-------------

SECTION 13. Under authority of the Act creating the Downtown Athens Development Authority (Georgia Laws 1977 Session, 3533) there is hereby levied and assessed for the year 2015 on the real property in the downtown Athens area as defined in said Act a tax of one (1) mill upon the value of said real estate as fixed by the Tax Digest of Athens-Clarke County.

SECTION 14. Pursuant to Sections 4-101, 4-103, and 4-104 of the Charter of the Unified Government of Athens-Clarke County, the annual compensation of the charter officers, as provided for by ordinance and contract for FY16, shall be \$163,340 for the Attorney, \$187,603 for the Manager and \$80,000 for the Internal Auditor.

SECTION 15. Pursuant to Official Code of Georgia Annotated Section 48-13-93(a) (2), the proceeds of the excise tax on the rental charge for motor vehicles, projected to be \$170,000 during FY16, shall be used for promoting industry, trade, commerce, and tourism. The proceeds from this tax in FY16 shall be used to support the Athens-Clarke County Economic Development Department, which is estimated to be \$581,300.

SECTION 16. Sub-paragraph (2) of paragraph (c) of Section 1-9-19 of the Code of Athens-Clarke County is hereby deleted in its entirety, and the following subparagraph (2) of paragraph (c) of such Code Section is substituted in lieu thereof:

- (2) Beginning September 1, 2013, Retirees who are age 65 and older and who at the time of retirement have opted into health insurance coverage or the benefits described in this paragraph, as applicable, shall receive the benefits described in this paragraph. From and after the time that a Retiree turns 65 and during the lifetime of the Retiree, Athens-Clarke County shall make monthly contributions to a Health Reimbursement Arrangement(HRA)(within the meaning of Internal Revenue Service Notice 2002-45) established on behalf of the Retiree. For Retirees who had dependent coverage provided by Athens-Clarke County at no cost to them, based on a hire date before 1/1/1994, Athens-Clarke County shall make an equivalent contribution to an HRA established for the dependent, and held jointly with the retiree, until the death of the Retiree. The amount of contributions will be determined by the Mayor and Commission as set out in the annual budget ordinance and may change from time to time. The amount to be contributed by Athens-Clarke County shall be an amount no less than the monthly premium amount charged, by a provider of Medicare Advantage plans in the Marketplace, for one or more plans comparable to the Designated Plan, that collaborates with Medicare Parts A and B, described in paragraph (b) and made available to Retirees through a Marketplace. Athens-Clarke County will select and make available to Retirees and eligible dependents a Marketplace through which individuals may purchase health insurance such as Medigap, Medicare Advantage, and/or Medicare Part D, including one or more plans comparable to the Designated Plan. If a Retiree chooses to enroll in a plan with premiums higher than the contributions made by Athens-Clarke County, the Retiree assumes any additional cost of such coverage. The Marketplace selected by Athens-Clarke County shall consist of multiple carriers offering a variety of plan options (i.e. Medigap, Medicare Advantage, Medicare Part D) available in every United States Zip Code to meet the needs of Retirees. Funds in an HRA may be used for any eligible out-of-pocket medical expenses that a Retiree may incur, including, but not limited to payment by the Retiree of any plan premiums based on the Retiree's plan election. Nothing in this paragraph shall require a Retiree to purchase an insurance plan supplemental to Medicare Parts A and B from a Marketplace or otherwise, and Retirees shall have the ability to use funds in an HRA for any purpose allowed by applicable law. Any existing health insurance coverage provided by Athens-Clarke County to those Retirees described in this paragraph (c) terminated on August 31, 2013.

SECTION 17. Pursuant to Section 1-9-19 of the Code of Ordinances of the Unified Government of Athens-Clarke County, the Benefits Summary of the Health Insurance and

Health Benefits Program and the premiums or contributions for employees and retirees, as applicable, shall be as follows:

(a) Pursuant to Athens-Clarke County Code Section 1-9-19(a), the government shall provide to employees the plans of health insurance coverage as described in the Summary Plan Document entitled "Consumer Healthy Solutions (CHS) Plan with a Health Savings Account (HSA) Medical Benefit Booklet for the Unified Government of Athens-Clarke County," effective July 1, 2015, and prepared by Anthem for the Unified Government of Athens-Clarke County. This booklet is on file and available for public inspection in the office of the Clerk of Commission, Room 204, City Hall, 301 College Avenue, Athens, Georgia and on file and available for public inspection in the office of the Human Resources Department, 375 Satula Ave., Athens, Georgia.

(b) During the first open enrollment period, employees have the option to select the following health insurance coverage: the plans of health insurance coverage as described in the Summary Plan Document entitled "BlueChoice Option Point of Service Open Access – Traditional & Conventional Plans Benefit Booklet for the Unified Government of Athens-Clarke County," Administered by BlueCross BlueShield Healthcare Plan of Georgia, dated July 1, 2015, incorporated herein by reference. The plan options for retirees and for retiree dependent coverage shall be any other health insurance coverage plans offered to employees in (a) and (b) above.

(d) Those retirees not yet 65 years of age who are eligible for PPO shall be provided the plan of health insurance coverage as described in the Summary Plan Document entitled "Blue Choice PPO Benefit Booklet for the Unified Government of Athens-Clarke County," Administered by BlueCross Blue Shield of Georgia, dated July 1, 2015, incorporated herein by reference. This booklet is on file and available for public inspection in the office of the Clerk of Commission, Room 204, City Hall, 301 College Avenue, Athens, Georgia and on file and available for public inspection in the office of the Human Resources Department, 375 Satula Ave., Athens, Georgia.

(e) The premiums to be paid for the programs of health insurance for employees are set forth in the document entitled "The Unified Government of Athens-Clarke County FY16

Benefits Enrollment Guide,” dated June 2015, incorporated herein by reference and on file and available for public inspection in the office of the Clerk of Commission, Room 204, City Hall, 301 College Avenue, Athens, Georgia and on file and available for public inspection in the office of the Human Resources Department, 375 Satula Ave., Athens, Georgia.

(f) The premiums to be paid for the programs of health insurance for those retirees subject to such insurance as described in paragraphs (c) and (d) hereof are set forth in the document entitled "The FY16 Unified Government of Athens-Clarke County Retiree Benefits Enrollment Guide dated June 2015, incorporated herein by reference and on file and available for public inspection in the office of the Clerk of Commission, Room 204, City Hall, 301 College Avenue, Athens, Georgia and on file and available for public inspection in the office of the Human Resources Department, 375 Satula Ave., Athens, Georgia.

(g) Pursuant to Athens-Clarke County Code Section 1-9-19(c) the government shall provide to employees who are age 65 or older those health benefits as described in the “Your 2015 Enrollment Guide: Complete Your Health Insurance Enrollment for Coverage in 2015,” and “Your 2015 Funding and Reimbursement Guide,” dated 2015, and incorporated herein by reference. Such documents are on file and available for public inspection in the office of the Clerk of Commission, Room 204, City Hall, 301 College Avenue, Athens, Georgia and on file and available for public inspection in the office of the Human Resources Department, 375 Satula Ave., Athens, Georgia.

SECTION 18. Minimum Salary for Tax Commissioner - The minimum annual salary for the Tax Commissioner will be determined based on the minimum required salary for Tax Commissioners, as established by state law, with the following addition: the longevity component of the calculation will consider a completed partial term, prior to the first completed 4-year term, as a completed 4-year term for calculating the minimum annual salary.

SECTION 19. The effective date of this ordinance shall be July 1, 2015.

SECTION 20. All Ordinances or parts of ordinances in conflict with this Ordinance are hereby repealed.

FY16 BUDGET SUMMARY

I. Executive Summary

- This Budget includes a General Fund Operating Budget of \$113.3 million for FY16, \$4.6 million or 4.2% above the FY15 Budget. The Operating Budget for all funds totals \$187.4 million. The Capital Budget for all funds is \$14.7 million. In total, the Operating and Capital Budget for FY16, \$202.1 million, is \$3.0 million more than the FY15 Budget.
- The millage rate for FY16 (property tax year 2015) will be 13.95 mills, the same level as FY15. Comparable information on property taxes for surrounding counties and other similar communities in Georgia is included on pages B-23 to B-26 of this section. Athens-Clarke County residents continue to pay lower property taxes for local government services than most surrounding counties and other similar communities in Georgia.
- General Fund supported Departments requested a number of increases in operating funding for New Initiatives and SPLOST projects. This Budget includes \$675,000 for the costs of operating expenses related to SPLOST projects and \$633,000 for New Initiatives.
- The FY16 Budget includes a total of 1,619 authorized positions across all funds. This is an increase of nine full-time positions over the authorized position count at the start of FY15. This number includes several changes during FY15 approved by the Mayor and Commission: seven additional positions in the District Attorney's Office and one in Economic Development. It also includes the reduction of eight positions in the Solid Waste Enterprise Fund in FY16, as a result of implementing automated curbside collection and continuous downtown collections. For FY16, eight of the nine additional positions are in the General Fund and include six to staff and maintain the new Jail; one additional position in the Planning Department to support ongoing and special work programs; and to increase a part-time position to full-time in Superior Court's Treatment & Accountability Court. In the other funds, one full time position has been added to Transit for support of the pilot program to expand Transit services to Sundays.
- This Budget expands Transit Services to Sundays as a pilot program in FY16. This expansion will provide fixed route and demand response services on Sundays at a level currently offered now on Saturdays from approximately 8 a.m. to 10 p.m. The service is anticipated to cost \$364,000 and generate \$71,000 in additional farebox revenue, with the balance (\$293,000) coming from General Fund support. A review of utilization of the expanded service during the pilot period will be conducted before the service is continued in future years.
- This Budget includes \$1.9 million for across all funds to recruit, retain and reward ACCUG employees (\$1.5 million in the General Fund), providing a 2.25% increase to employees actual pay.
- FY16 revenues for the Public Utilities Department reflect planned rate increases as accepted by the Mayor and Commission through the Service Delivery Plan in May 2010. The FY16 proposed rates include planned increases to the water base rate and sewer unit charge, however, they do not increase the monthly service fee for the second consecutive year. The FY16 budgeted revenues will continue to fund operations, fully fund all annual debt service expenses and meet all bond debt service coverage ratio requirements. The monthly impact on a water and sewer bill for a typical ACCUG residential customer equates to an increase of approximately \$4.07 per month. This rate is based on a winter average of 3,500 gallons per month (median winter average for a single family residential customer) and an actual monthly water usage of 5,000 gallons, utilizing the base rate of \$ 5.09/1000 gallons for water and \$5.56/1,000 gallons for sewer. If the typical residential customer uses water only, the increase equates to an increase of approximately \$1.57 per month.

FY16 BUDGET SUMMARY

II. Goals and Objectives for the FY16 Budget

Goals and objectives reviewed by the Mayor and Commission on January 13, 2015 and adopted on March 3, 2015, helped to guide the development of the FY16 Budget. Resources have been set aside for some of the objectives. However, many of the objectives are operational and will be achieved with the resources established in this budget. **NOTE: Goals and objectives are in bold.**

Goal A: Engage the community in visioning the future of Athens-Clarke County.

Short Term Strategy:

- *In FY16, research best practices and assess the status and progress of past visioning efforts to glean lessons learned.*
- *Participate in the National Citizen Survey.*
- *Develop a dashboard system to track goals and strategies and implementation status of various plans.*

FY16 Budget: The FY16 Budget includes \$15,000 in the Manager's Office to participate in the National Citizen Survey (NCS) program which gathers resident opinion across a range of community livability issues. Communities using the NCS have reported that the tool improved service delivery, strengthened communications with community stakeholders and helped leaders identify clear priorities for use in strategic planning and budget setting.

Long Term Strategy:

- *Engage the community in a visioning process rather than announcing the M&C's plan. Use such a process and initiative to create a long-term plan that utilizes community buy-in and coordinates more effectively with other community institutions.*

Goal B: Provide infrastructure that is supportive of sustainable growth, is environmentally sensitive, and is fiscally sound.

Goal B Objectives:

Energy Conservation:

Short Term Strategy:

- *Research feasibility of solar and other alternative/renewable energy sources in high energy consumption facilities.*
- *Evaluate and create a phased implementation plan for energy conservation measures where practical in all Unified Government operations in conjunction with life-cycle replacement programs and capital renovations and improvements for the purpose of reducing energy consumption by 15% per square foot as compared to FY07.*

FY16 Budget: Funds \$20,000 from the Capital Budget to implement proven energy saving measures and an audit to identify other potential energy saving measures. This funding is in addition to the \$970,000 approved in the SPLOST 2011 program for Energy Sustainability projects.

FY16 BUDGET SUMMARY

Water Supply:

Short Term Strategy:

- *In FY16, educate citizens and constituents on conservation and protection efforts.*
- *In FY15, identify additional water supply resources and begin preliminary evaluation of those resources.*

Long Term Strategy:

- *Explore reuse opportunities for commercial and residential users.*
- *Survey old sewer lines and develop replacement strategies with funding options.*

Solid Waste Management:

Short Term Strategy:

- *In FY16, maintain reductions of not less than 45% per capita in the amount (measured in pounds), of Athens-Clarke County community generated solid waste directed toward landfills compared to such volumes in FY10 and continue positive efforts in support of achieving 2018 reduction goals.*
- *Implement the Center for Hard to Recycle Materials (CHaRM) facility.*
- *More aggressively pursue partnerships and educational opportunities with multi-family housing complexes.*

FY16 Budget: In addition to SPLOST funded equipment to operate the CHaRM facility, an additional \$50,000 is funded in the Capital Budget for site improvements. As this project further develops and site costs are finalized, the remaining funding gap (approx. \$200,000) could be appropriated from reprogrammed SPLOST funds as they become available. The FY16 Landfill Budget fully funds operating expenses for the CHaRM facility in the coming year.

Long Term Strategy:

- *Achieve reductions of not less than 60% by 2018, and 75% by 2020 per capita in the amount (measured in pounds) of Athens-Clarke County community generated solid waste directed toward landfills compared to such volumes in FY10.*

Greenway Master Plan:

Short Term Strategy:

- *In FY16, submit a comprehensive update to the Greenway Master Plan and Level 1 and Level 2 maps.*

Long Term Strategy:

- *Continue to develop and implement the Greenway Master Plan and Rail to Trail Corridor.*

Sustainability Plan:

Short Term Strategy:

- *In FY16, work with community environmental and transportation groups and Unified Government staff, define the major components of a sustainability plan, and identify benchmarks for success.*

FY16 BUDGET SUMMARY

Goal C: Enhance and sustain the quality of life in Athens-Clarke County.

Goal C Objectives:

Reverse the deterioration of multi-family housing:

Short Term Strategy:

- *In FY16, engage housing partners to discuss issues identified in the multi-family housing inventory/survey, as well as strategies recommended in the Workforce Housing Study.*
- *Apply for the Georgia Initiative for Community Housing (GICH) grant program.*
- *Work with the state to develop incentives for public/private solutions.*
- *Evaluate and report the impact of implementing principles of inclusionary zoning to new developments.*

Long Term Strategy:

- *Integrate an improvement strategy into land use planning processes, considering the strategies recommended from the Workforce Housing Study.*

Improve multi-transportation programs in ACC:

Short Term Strategy:

- *In FY16, complete study of local transportation systems to identify potential efficiency improvements.*
- *In FY16, identify and evaluate the cost and benefits of additional alternative transportation options that could be accelerated within the SPLOST program.*
- *Continue to explore options for traffic calming, pedestrian safety measures, and sidewalk projects and sidewalk installations to include amending ordinance language as necessary to encourage more sidewalk development.*
- *Implement a Complete Streets Ordinance applicable to all development.*

FY16 Budget: The Budget includes a pilot program to expand Transit Services to Sunday (net cost of \$293,000). Also, an increase of \$139,000 of General Fund support totaling \$2,037,000, to match the estimated FY16 Federal Operating Assistance Grant and maintain current services. The Capital Budget funds \$54,000 in local grant match for facility improvements and maintenance. Finally, the Capital Budget includes \$180,000 in FY16 to fund pedestrian and bicycle safety projects, as well as traffic calming improvements throughout Athens-Clarke County.

Long Term Strategy:

- *Evaluate different opportunities to increase the frequency and scope of transit service.*
- *Seek funding to preserve and protect current transportation infrastructure.*
- *Implement strategies and track progress of recommendations from completed Transit Development Plans.*

FY16 BUDGET SUMMARY

Planning Special Works Projects:

Short Term Strategy:

- *Allocate resources for the development and implementation of the Planning Department special works programs as approved and scheduled (Infill development, Prince and Oak/Oconee Corridor studies, etc.)*
- *Conduct a study recommending improvements of downtown design guidelines.*

FY16 Budget: The Budget includes the addition of one full-time Planner position to support the Planning Department's ongoing and special work programs.

Workforce Housing Assessment:

Short Term Strategy:

- *In FY16, complete a workforce housing needs assessment to identify deficiencies within the existing housing stock and development strategies to encourage housing diversity.*

Community Internet Access Assessment:

Short Term Strategy:

- *Explore the status of internet access in rural areas to determine potential opportunities for providing broadband and fiber in underserved areas.*

Goal D: Recruit and retain a workforce with the skills to meet the diverse needs of the Athens Clarke County community.

Goal D Objectives:

Pension Benefits:

Long Term Strategy:

- *Amend the Defined Benefit Pension Plan to provide incentives for retaining long-term employees.*

Compensation and Benefits Plan:

Short Term Strategy:

- *Examine ongoing education opportunities for current employees (i.e. tuition reimbursement program) to enhance career training.*

FY16 Budget: The Budget adds \$65,000 to the Human Resources Operating Budget for a tuition assistance program for ACCUG employees. The program will be developed for implementation during the FY16 fiscal year.

Long Term Strategy:

- *Annually adopt, as part of the budget process, adjustments to the Unified Government's compensation and benefits plan to retain a competitive compensation position with peer communities.*

FY16 Budget: This Budget provides funding for a 2.25% market and pay table increase.

FY16 BUDGET SUMMARY

Goal E: Establish more efficient criminal justice processes.

Short Term Strategy:

- *In FY16, appoint a Criminal Justice Coordinating Committee to identify any remaining Criminal Justice Task Force recommendations that should be implemented; to define and track measurable objectives using data throughout the local criminal justice system; and to seek input from the system's key agency officials on a quarterly basis to promote continuous process improvements and reduce recidivism.*
- *Examine findings and identify potential strategies from research performed by the Youth Development-Gang Prevention initiative.*

Goal F: Develop and implement corridor plans for areas such as Prince Avenue, Jefferson Road, Lexington Highway, and Atlanta Highway which are expected to experience heavy growth over the next 20 years.

Goal F Objectives:

Corridor Plans:

Short Term Strategy:

- *In FY16, identify and select the next corridors, or business district, for study under ACCUG gateway and corridor program.*
- *Identify funding and partnership opportunities to implement corridor study recommendations.*

Long Term Strategy:

- *Work with the State of Georgia to identify tax incentives to retain existing jobs and business along commercial corridors.*

Goal G: Ensure continued efficiency and effectiveness of ACC Government Departments, Offices, and Agencies

Short Term Strategy:

- *Examine the Economic Development Department to determine need for small business development support staff.*
- *Explore different models for program delivery for Leisure Services activities and programs.*
- *Better define economic development incentives and outreach strategies that would be responsive to industry and small business needs for use by the Economic Development Department.*
- *Review the annual distribution of Hotel/Motel Tax funds and develop a plan for future distribution of these funds.*

FY16 Budget: The Budget provides funding (\$42,500) to the Internal Auditor (Office of Operational Analysis) to engage a consultant to review organizational structures for Leisure Services.

FY16 BUDGET SUMMARY

III. Legal and Charter Requirements for the Annual Budget

There are a number of requirements under Georgia Law and the Unified Government's Charter that must be met as a part of preparing and adopting the Annual Budget. These requirements include:

- Budgets must be balanced so that projected expenditures do not exceed projected revenues and available fund balances.
- Budgets must be provided at least at the department level and be separated by fund.
- A separate Operating and Capital Budget must be submitted and adopted.
- The Mayor's Recommended Budget must be submitted to the Commission at least 60 days prior to beginning of the fiscal year.
- At the time the Recommended Budget is provided to the Commission, it shall be made available for public review.
- Public Hearings must be held to receive public input on the proposed budget at least one week prior to the budget being adopted.
- Public Hearings must be held to receive public input if the proposed budget includes an increase in the property tax as defined by the Taxpayer Bill of Rights (O.C.G.A. 48-5-32.1) which became effective in 2000.

During the fiscal year, the Mayor and Commission may change the Budget as needed through the adoption of a budget ordinance identifying the change. Also, departments can transfer budget funds between line items within their department's budget to cover unanticipated expenses with approval of the Finance Director. However, the department's total budget or number of full-time authorized positions cannot increase without Mayor and Commission approval.

IV. Development of the FY16 Operating Budget

A. Annual Budget Development Process

The Annual Operating and Capital Budget is the financial plan for raising revenues and expending funds for all Athens-Clarke County departments, offices and constitutional officials.

The process to develop the Annual Operating and Capital Budget begins about nine months prior to the beginning of the fiscal year. Departments and Constitutional Officials submit Operating and Capital Budget requests for review by the Manager and the Mayor. Prior to May 1 each year, the Mayor must submit a Recommended Budget to the Commission for review. The Commission will review the Mayor's Recommended Budget and make any adjustments they feel are necessary and adopt the budget in June. Major steps in the Annual Budget development process include:

November Mayor and Commission Establish Budget Goals.

November Departments Submit Capital Project requests and updates to the 5 year Capital Improvement Plan (CIP).

FY16 BUDGET SUMMARY

January	Departments Submit Operating Budget Requests.
February	Mayor and Commission review Independent Agencies Budget Requests.
February - March	Manager and Mayor meet with Department and Constitutional Officials to review Budget requests.
April	Mayor sends a Recommended Budget to Commission.
May	Commission reviews Mayor Recommended Budget.
June	Commission adopts budget for next fiscal year and establishes the property tax millage rate.
July	Budget for next fiscal year begins on July 1.

B. FY16 Budget Development Issues

Over the last several years, local governments throughout the nation have been undergoing a fundamental change in the resources available to finance their General Fund governmental services. These changes have impacted Georgia local governments, including the Unified Government of Athens-Clarke County. As the local economy slowly recovers, budget decisions for FY16 and beyond should be made in light of these new financial realities in order to continue to build a stable, sustainable budget for years to come. In response to these changes, the Manager's Office has maintained a multi-year forecast of future revenues and expenditures for the General Fund based on the following guiding principles. These guiding principles are consistent with the Fiscal Policies adopted by the Mayor and Commission:

1. Use of Fund Balance and Operating Reserves should be carefully planned and implemented realizing that these revenue sources are not truly sustainable.
2. Basic government services funded by the General Fund should be restricted/reduced so that current year revenues will finance 100% of current operating expenditures by FY17.
3. Additional revenues through increased tax millage rates should not be anticipated if appropriate service restructures/reductions are implemented.
4. Reductions in services will be based on prioritizing the use of scarce resources to reflect community values while avoiding general across-the-board budget reductions.
5. Recommendations for added or increased services in future budgets will be limited primarily to supporting operating costs for new SPLOST projects as they come on-line.
6. An Operating Reserve equal to one month's General Fund operating expenditures will be maintained to insure that ACCUG has resources necessary to respond to any extreme unanticipated event. Any remaining monies within the General Fund Balance above the one month Operating Reserve will be utilized in accordance with approved fiscal policies.
7. A Capital Improvement Program equating to not less than 2% of the previous fiscal year's General Fund amount will be maintained to insure that the community's existing capital investments, buildings, and infrastructure are maintained and available for public use.

FY16 BUDGET SUMMARY

All departments and offices were requested to prepare two budget proposals:

1. Propose a budget equal to a fixed amount referred to as the Target Budget. This Target Budget amount is a 2% increase over the FY15 Budget, not including pay and benefits; and,
2. Propose budget reductions equal to 2% of the department's total FY16 Target Budget and identify the impact to services if those budget reductions are implemented.

V. General Fund Overview

The General Fund Budget for FY16 has been divided into two component parts: Current Services and New/SPLOST Initiatives. The Current Services Budget maintains the level of services provided in FY15. This Budget includes a few New Initiatives and SPLOST related operating increases for FY16.

VI. General Fund Budget for Current Services

A. General Fund Revenue - Total General Fund Operating Revenue is projected to be \$111.8 million in FY16, approximately \$4.3 million more than budgeted in FY15.

1. Total General Fund Property Taxes are projected to be \$50.5 million, approximately \$800,000 more than currently projected for FY15. The budget estimate for property taxes is based on the current millage rate of 13.95 mills. Based on current estimates from the Board of Tax Assessors and the Tax Commissioner, the 2015 net Tax Digest is \$3.4 billion, an increase of 2% over the 2014 Tax Digest.
 - a. The property tax revenue estimates included in this Budget are based on a collection rate of 98%, the same rate as previous years.
 - b. Delinquent Tax Collections are estimated to be \$400,000, similar to the FY15 Budget.
 - c. Property tax revenues from motor vehicles will continue to be impacted by the Title Ad Valorem Tax (TAVT) implemented in March of 2013. In FY16, property tax revenues from motor vehicles on the Tax Digest are estimated to decline \$1 million from the FY15 Budget of \$2 million. Revenues from the TAVT are estimated to increase \$300,000 from \$2.7 million budgeted in FY15 to \$3 million in FY16. Based on the current TAVT law, the percentage of TAVT revenues that remain with local governments is scheduled to gradually increase in future years.
2. Local Option Sales Taxes
 - a. An estimate of \$22.4 million is included for FY16, an increase of \$1.9 million, or 9% over the FY15 original budget. Based on revenue received through the first eight months of FY15, actual sales tax revenues are projected to be between \$21.7 and \$21.9 million, or 6-7% greater than the FY15 original budget. The FY16 sales tax estimate of \$22.4 million anticipates a 3% growth on this current projection for FY15.
3. Other Taxes – Other Taxes are projected to be \$20.7 million in FY16, an increase of \$700,000 compared to the FY15 Budget.
 - a. Revenues from the Occupation Tax on the 4,500 businesses located in Athens-Clarke County are projected to be \$1.4 million for FY16, similar to the FY15 level.

FY16 BUDGET SUMMARY

- b. Based on receipts to date, franchise fees are estimated to increase between 6-7% over the FY15 original budget to \$9.0 million in FY16.
 - The largest utility franchise in Athens-Clarke County, Georgia Power, has reported receipts from their franchise fee payment for FY15 of \$5.8 million, 9% more than the FY14 payment. This budget includes an estimate of \$5.9 million from Georgia Power for FY16. Walton and Jackson EMC franchise payments for FY15 were also above budget estimates. The franchise payments from the EMCs are estimated to be \$850,000 in FY16.
 - Franchise fee collections in FY16 from Charter Cable are estimated to be \$1.1 million and for telephone (AT&T) are estimated to be \$500,000, both slightly more than currently budgeted.
 - Georgia Natural Gas receipts are estimated to generate \$640,000, a slight increase over FY15.
 - c. Based on the current year's collections, the Financial Institutions Tax is projected to be \$300,000 in FY16, an increase of \$25,000 over the FY15 estimate.
 - d. The Real Estate Transfer Tax is projected to be \$165,000 in FY16, the same as FY15.
 - e. Intangible Recording Taxes are estimated to generate \$600,000 in FY16, consistent with current years to date collections.
 - f. Excise tax revenues are estimated to increase about 2% to almost \$2.9 million in FY16. Excise taxes on beer, wine, and liquor are estimated to generate \$2.3 million. The excise tax on mixed drinks and rental motor vehicles are anticipated to generate \$460,000 and \$170,000 respectively in FY16.
 - g. Insurance Premium Taxes are anticipated to be \$6.4 million in FY16, an increase of 3% over the FY15 Budget.
4. Licenses and Permits – The FY16 Budget includes an estimate of \$1.5 million from license fees for alcohol beverage establishments, up slightly over the FY15 Budget. This amount is based on the 325 establishments licensed in 2015 and anticipates no change to the license fees.
5. Intergovernmental Revenues - Total Intergovernmental Revenue is projected to be \$948,000 in FY16. Grants from the State that supplement the cost to house inmates at the Corrections Institution will contribute \$760,000 in FY16 based on the current daily reimbursement rate of \$20 per inmate. Payment In Lieu Of Taxes (PILOT) revenues from the Athens Housing Authority are estimated to be \$100,000 in FY16. All other Intergovernmental Revenues are anticipated to remain at the same level in FY16.
6. Charges for Services – This Budget reflects an increase of \$589,000 in Charges for Services revenue to an estimate of \$11.7 million in FY16.
- a. Based on the current cost allocation plan, total overhead charges for services provided by the General Fund to Enterprise Funds will be \$2.2 million.

FY16 BUDGET SUMMARY

- b. Sheriff's Fees in the FY16 Budget reflect the revenue collected by the Sheriff's Office under Georgia law and added revenue collected for housing inmates that have not been transferred to the State Correctional System. The estimate for Sheriff's Fees in FY16 is \$300,000.
 - c. Fees and recording costs in FY16 for Superior Court (\$400,000), Magistrate Court (\$330,000) and Probate Court (\$125,000) are anticipated to be similar to the FY15 levels.
 - d. Parking fee revenue in the downtown district continues to show increases and is projected to be \$2.5 million in FY16 based on estimates provided by the Athens Downtown Development Authority (ADDA), which manages downtown parking. This program includes parking fees and charges from the operations of the Washington Street Building, the College Avenue Parking Deck, metered parking, and parking lots (parking fine revenues in the downtown district, estimated at \$447,000 in FY16, are accounted for in the Fine and Forfeiture section of the Budget).
 - e. The School District will contribute \$315,000 for the Police Department to continue the School Resource Officers Program in FY16.
 - f. Revenue from collection of taxes on behalf of other governmental entities by the Tax Commissioner's Office is estimated to be \$1.7 million in FY16, similar to FY15.
 - g. Based on the current fee rates, Leisure Services programs are estimated to generate revenue of \$994,000 in FY16, reflecting a 3% increase over the FY15 Budget in program and rental volumes.
 - h. This Budget includes revenue of \$100,000 to continue an agreement with UGA Police Department for shared operating expenses of the Police Department's Computer Aided Dispatch/Records Management System.
 - i. Similar to FY15, this Budget includes "host fee" revenue estimated at \$132,000 from the Landfill Fund to compensate ACCUG for the impact of serving as the location of the landfill site. Oglethorpe County receives this fee when landfill operations are located in their jurisdiction.
 - j. The FY16 Budget includes \$650,000 for probation fees based on current collections. This budget also includes an increase of \$142,800 in revenue from the in-house drug testing program. Previously, this program operated under State Court in the Special Programs Fund. At the request of the courts, the FY16 Budget shifts the revenues and expenses for this program to the Probation Office within the General Fund.
 - k. Based on the current resident population at the Diversion Center, the FY16 estimate for resident fees is \$230,000, \$30,000 more than the FY15 budget.
7. Fines & Forfeitures - Total revenues from fines are estimated to be \$3.5 million in FY16, a slight increase from an estimate of \$3.4 million in the FY15 Budget.
- a. Revenue from the Municipal Court is projected to be roughly \$2.5 million in FY16. Revenues from the Superior, State, Magistrate, and Juvenile Courts are anticipated to remain stable in FY16.

FY16 BUDGET SUMMARY

- b. Based on the current level of receipts, parking fines collected by ADDA in the downtown district are projected to be \$447,000 during FY16, a decrease of \$91,000 from the FY15 Budget.
8. Interest Revenues – For FY16, interest revenues are projected to be \$100,000 based on current short-term interest rates.
9. Other Financing Sources – The Budget includes \$35,000 collected by the Sheriff's Department for reporting information to the Social Security Administration during the year and \$31,000 from the Hotel/Motel Tax Special Revenue Fund.
10. Use of Fund Balance for Operations – This Budget includes the appropriation of \$1.5 million from the balance at the end of FY14. This is an increase of \$300,000 over the \$1.2 million budgeted for in FY15. This use of “one time” funding to support the operating budget is not consistent with the Fiscal Policies and is not sustainable for the long term.

B. General Fund Expenditures for Current Services and Proposed Reductions

Total Operating Expenditures to maintain the level of current services will be \$111.7 million in FY16. This includes limited increases to a few departments to maintain the current level of services.

Nineteen of thirty-four departments submitted operating budgets for FY16 that were the same or less than their FY16 target budget. The Budget includes \$100,000 in increases over target budgets to fund current services. Most of this increase (\$50,000) has been added to the Computer Information Services Department to fund current system software maintenance contracts.

There are no reductions to current services or programs planned for in FY16.

VII. General Fund Budget for New Initiatives and SPLOST Impacts

This Budget includes additional funding for a limited number of new initiatives for FY16. The FY16 Budget includes operating expenses for SPLOST projects that will begin operations in FY16 or FY17.

- A. Increase in Operating Expenditures for New Initiatives - General Fund Departments requested \$1.7 million in FY16 for operating expenditures for new initiatives or new programming. This Budget includes \$633,000 for new initiatives. Some of the major new initiatives include:
 1. Transit - Expansion of Services to Sunday – The FY16 Budget includes Transit funding for a pilot program to expand fixed route and demand response service to a level currently offered on Saturdays from approximately 8 a.m. to 10 p.m. This Budget includes \$293,000 in additional General Fund Support, along with \$71,000 of anticipated farebox revenue, to cover the expense (\$364,000) for the pilot program.
 2. Police - On Officer Camera Program – This Budget includes \$50,000 in additional operating expenditures and \$50,000 in added capital funding to support the on-officer camera program launched in FY15. The operating expenses will fund annual data storage and maintenance for the 142 officer-worn cameras. The capital funding will provide a source for future replacements of cameras.

FY16 BUDGET SUMMARY

3. Manager's Office - National Citizen Survey (NCS) – This Budget includes \$15,000 to participate in the NCS program to gather citizen opinions across a wide range of community liveability issues in order to strengthen service delivery, strategic planning and budgeting.
 4. Superior Court - Operating Funding for Additional Superior Court Judge – For FY16, the State has approved an additional Superior Court Judge position for the Western Judicial Circuit (which includes Athens-Clarke and Oconee Counties) to take office April 1, 2016. The Budget includes \$51,300 of funding to cover three months cost for this additional Judgeship.
 5. Human Resources – Employee Tuition Assistance Program – This budget includes \$65,000 to fund an employee tuition assistance program to enhance career training. The program will be developed for implementation in FY16.
 6. Planning – Additional Planner Position (\$60,000) - This position is to support special work programs, as well as ongoing planning projects.
 7. Transportation and Public Works – Neighborhood requests for additional street lighting (\$20,000). Provides funding to address citizen requests for additional street lights in neighborhoods.
- B. Increases in Operating Expenditures Related to SPLOST Projects - General Fund departments requested \$1.3 million in FY16 for SPLOST project operating expenditures. This Budget includes the following additions totaling \$675,000.
1. Sheriff/Central Services - Jail Expansion – The Sheriff's Office requested 11 full-time positions for FY16 to staff and maintain the new Jail expected to be in operation in the Fall of 2015. This Budget includes five additional positions for nine months (\$214,000), in addition to the 15 positions approved in FY14 and FY15. The Central Services Department Budget includes funding for one additional position and additional operating expenses (\$122,000) for nine months to maintain the new Jail facility (increasing from approximately 115,000 sq. feet to 208,000 sq. feet). This is an addition to the three positions approved in FY15. Finally, \$290,000 was added to fund a full year for the eleven positions approved in FY15 but only funded for six months.
 2. Courts/Computer Information System - The FY16 Budget includes \$20,000 for a partial year funding for software maintenance expenses for the improved integration of information exchanges and communications between the Judiciary and Public Safety agencies.
 3. Central Services – The FY16 General Fund Budget includes an increase of \$18,000 to fund facility maintenance or landscape management expenses to support the following SPLOST projects: Greenspace & Conserved Land Management (\$5,000), the Ware-Lyndon House Historic Garden (\$3,000), and Police Evidence Facility (\$5,000) and Animal Shelter Expansion (\$5,000).
 4. Leisure Services – The FY16 Budget includes \$9,000 for the maintenance and support of the following SPLOST projects: Satterfield Park Renovations (\$5,000), North Oconee River Greenway and Park (\$2,000), Pulaski Creek Greenway & Park (\$1,000) and Rails to Trails Network Project (\$1,000).

FY16 BUDGET SUMMARY

VIII. General Fund Expenditures by Classification

- A. General Fund Expenditures by Classification - General Fund operating expenditures including SPLOST Initiatives are projected to be \$113.3 million in FY16.
1. Salaries and Benefits are projected to be \$78.7 million or \$2.1 million more than FY15. Salaries and Benefits expenses are 69.5% of the total General Fund Operating Budget.
 2. Operating Expenditures, including transfers out and debt service, for FY16 will be \$28.5 million. These expenditures represent 25.2% of the total General Fund Operating Budget.
 3. Independent Agencies are allocated \$5.0 million, \$54,000 more than the FY15 budget. In total, the Independent Agency funding level is 4.4% of the total General Fund Operating Budget. Additional information about the funding for Independent Agencies is provided in Section F of this document. Included in this allocation is \$ 1,545,735 for indigent defense services, based on the estimated FY16 contract amount approved by the Mayor and Commission on May 5, 2015.
 4. An Operating Contingency appropriation of \$1,000,000 is included to provide for unanticipated expenditures in FY16, the same level as FY15. The amount is less than 1% of the total General Fund Budget.

IX. Changes to Employee Compensation for FY16

- A. The FY16 Budget includes \$1.9 million across all funds (\$1.5 million in the General Fund and \$400,000 in all other funds) for increases in compensation and related benefits.
- B. The FY16 increase in funding is included to maintain the ability to recruit and retain employees. This 2.25% increase in the actual salary of all employees whose work performance meets or exceeds job requirements is an effort for ACCUG to remain competitive with similar employers in the marketplace.
- C. For the FY16 Budget, no funding is included for the Performance Management Program (PMP) component ACCUG's pay plan.
- D. This budget includes \$120,000 to adjust ACCUG's pay table to maintain competitive starting salaries for newly hired and prospective employees.

FY16 BUDGET SUMMARY

X. Employee and Retiree Benefits for FY16

- A. Employee Health Insurance Benefits Program - This Budget includes funding of \$12.7 million for employee health insurance programs and \$4 million for retiree health insurance programs in FY16, similar to the FY15 Budget levels.

In FY16, funding to the Employee Health Insurance Fund for active employees remains stable, allowing continuation of the two health plans (Conventional POS and Consumer Healthy Solutions/HSA). An additional Consumer Healthy Solutions Plan (a high deductible plan) with a Health Savings Account, for those employees desiring a less comprehensive option, will be available in FY16. The POS Traditional plan will only be offered to those currently enrolled in this plan and will not be available after June 30, 2016. Employee premiums for individual coverage are increasing between 6% - 9% for the two plans; however, the new Consumer Healthy Solutions plan provides premiums 33% lower than current plan options. ACCUG's overall employer contribution will remain the same in FY16 (\$7.6 million) with \$6.1 million (\$4.4 million from the General Fund) coming from current contributions and \$1.5 million utilizing funds from the available balance in the employee health insurance fund.

The FY16 funding for the Retiree Health Insurance Program will remain the same as FY15 - \$3.8 million across all funds (\$2.8 million from the General Fund). The FY16 Budget continues the current funding level (\$170/month/retiree) for the Health Reimbursement Arrangement (HRA) accounts for retirees 65 and older. A total of \$1.0 million is budgeted to cover the \$170/month Post-65 Retiree HRA contributions, \$400,000 for Post-65 "doughnut hole" coverage funding and the remaining balance (\$2.4 million) to pay for Pre-65 claims and administration expenses. Approximately, 210 retirees are pre-65 and 335 are post-65.

- B. Pension Program – Based on current benefits, ACCUG's contribution to the Pension Program for FY16 will be \$9.8 million, with \$8.8 million coming from current contributions and \$1 million from accumulated credits in the Pension program.

XI. Additional Positions and Other Personnel Changes

Departments requested 34 additional full-time positions for FY16. This Budget includes nine additional positions for the upcoming year. Based on this Budget, the number of full-time positions will remain under 14 per thousand of ACC population.

- A. Additional Full-Time Positions – This Budget will add nine full-time positions during FY16.

1. Sheriff – Five (5) additional positions at the Jail for the last nine months of FY16. These positions will provide security and support, along with 15 positions added in FY14 and FY15, at the new expanded jail anticipated to begin operations in Fall of 2015.
2. Central Services – The Budget adds one position for maintenance and support at the new Jail for the last nine months of FY16. Three positions were added in FY15 for maintenance and support at the Jail.
3. Transit – This Budget includes one additional full time position in Transit to support the Sunday bus service pilot program.
4. Planning – This Budget adds one full-time planner position to support special and ongoing work programs within the Planning Department.

FY16 BUDGET SUMMARY

5. Superior Court – This Budget increases a current part-time case manager for the Treatment and Accountability Court to full-time. Half of the cost of this position is anticipated to come from grant funding.

XII. Enterprise Funds

A. Airport

1. Total revenue estimated by the Department for FY16 is \$2.6 million. Sales of fuel will generate revenues of \$2.0 million, down from \$2.4 million in FY15. Rents and other operating revenues are estimated to generate \$500,000 in FY16, up from \$480,000 in FY15. For FY16, the General Fund will provide a subsidy of \$194,400, 2% more than FY15. Operating expenses for the Airport in FY16 will total about \$2.7 million, \$1.3 million for the purchase of fuel and \$1.4 million for operating expenses, including depreciation.
2. No significant changes in Airport services are planned for FY16.

B. Transit

1. Total revenue of \$5.9 million is projected for FY16. Federal funding is estimated to be \$2.0 million in FY16, slightly more than FY15. Fare box revenue (\$646,000) and the contribution from UGA (\$733,000) will provide \$1.4 million, approximately \$100,000 less than FY15 due to an estimated decline in ridership of 5%-6%. The General Fund contribution to the Transit Enterprise Fund for current services will be \$2.0 million in FY16, an increase over the FY15 level of \$1.9 million.
2. The FY16 Budget includes a pilot program to expand Transit services to Sundays. This service is anticipated to cost \$364,000 and generate \$71,000 in additional farebox revenues, with the balance (\$293,000) coming from General Fund support. Total General Fund support for FY16 will increase to \$2.3 million with the implementation of the pilot program.

C. Landfill

1. Revenue for the Landfill Enterprise Fund is projected to be \$3.3 million, an increase of \$100,000 from the FY15 Budget. The current \$42/ton fee adopted in FY09 will continue in FY16. Based on current waste flow, the FY16 estimate is 65,000 tons, a slight increase over the FY15 level. The FY16 Budget includes \$250,000 in revenues from the Recovered Materials Processing Facility and \$190,000 from the Waste Minimization Fee, similar to FY15. Expenses for the Landfill Fund in FY16 are projected to be \$4.1 million, a slight increase over the FY15 Budget. Tonnage at the Landfill has declined over the past several years from 85,000 tons in FY08.
2. The FY16 Budget includes a full year of operating support for the new Center for Hard to Recycle Materials (CHaRM) opening in FY16. All other landfill services are anticipated to remain at current levels.

FY16 BUDGET SUMMARY

D. Solid Waste

1. During FY15, the Solid Waste Department converted to an automated collection process. As a result of this change, eight vacant positions were eliminated and the Operating Budget was reduced from \$3.6 million to \$3.2 million in FY16.
2. In FY16, Solid Waste fees for residential and commercial services will remain at the current rates and are expected to generate revenue of \$3.6 million, similar to FY15. This level of revenue is sufficient to cover estimated operating expenses of \$3.2 million and partially fund annual capital replacement expenses.

E. Water and Sewer

1. Based on estimates from the department, Water and Sewer operating revenues for FY16 will total \$48.7 million based on water and sewer rates adopted with the FY16 Budget. On May 4, 2010, the Mayor and Commission accepted the six-year Rate Adjustment Component of the 2010 Update to the Financial Element of the Public Utilities Department Service Delivery Plan. This Update included proposed rate adjustments through FY16.
2. FY16 Revenues for the Public Utilities Department reflect rate increases as accepted by the Mayor and Commission through the Service Delivery Plan in May 2010. The FY16 rates include planned increases to the water base rate and sewer unit charge, however, they do not increase the monthly service fee for the second consecutive year. The FY16 Budgeted revenues will continue to fund operations, fully fund all annual debt service expenses and meets all bond debt service coverage ratio requirements. The monthly impact on a water and sewer bill for an ACCUG residential customer equates to an increase of approximately \$4.07 per month. This rate is based on a winter average of 3,500 gallons per month (median winter average for a single family residential customer) and an actual monthly water usage of 5,000 gallons, utilizing the proposed base rate of \$ 5.09/1000 gallons for water and \$5.56/1,000 gallons for sewer. If the typical residential customer uses water only, the proposed increase equates to an increase of approximately \$1.57 per month.
3. The adjusted fees for water and sewer services will become effective on July 1, 2015.
4. The FY16 Operating Budget is estimated to be \$43.9 million, a slight increase over the FY15 Budget, and fully funds all operating and debt service expenses.

F. Storm Water Utility

1. For FY16 total revenue for this utility will be approximately \$3.6 million, similar to FY15. The average homeowner in ACC will continue to pay about \$10 per quarter for this service. The proceeds from this fee will fund operating expenses of \$3.5 million and future capital improvements to the storm water system. No significant changes in this service are planned for FY16.

XIII. Special Revenue Funds

A. Hotel-Motel Special Revenue Fund

1. Receipts from this \$0.07 tax are estimated to be \$2.5 million in FY16, an increase over the current year projection of \$2.3 million.

FY16 BUDGET SUMMARY

The FY16 Budget appropriates \$0.06 of the \$0.07 tax collected to fund the Classic Center (\$1,357,250) and the Convention & Visitors Bureau (\$785,500).

The remaining \$0.01 of the tax collected in FY16 (\$357,250) will be used as follows:

Community Events Programs with ADDA	\$60,000
Mayor's Community Improvement Program	20,000
Tourism Improvement Activities	25,000
Athens Heritage Foundation Request for Insurance of Lyndon House Exhibits	1,200
Economic Development Department-Operating	112,200
Community Events Programs-Capital	30,000
College Avenue Parking Deck-Capital	40,000
Transfer to General Fund Operating Budget	31,000
Contingency	<u>37,850</u>
Total	<u>\$357,250</u>

2. Available fund balance from prior years of \$145,000 will be transferred from the Hotel/Motel fund to the General Capital Projects Fund in FY16 to support traffic calming and pedestrian safety capital projects.

B. Community Development Block Grant (CDBG) Special Revenue Fund

1. The U.S. Department of Housing and Urban Development (HUD) appropriation for the CDBG program for FY16 is \$1,208,687, down 5% from the FY15 award of \$1,269,701.
2. Based on the 2015 Action Plan (as approved by the Mayor and Commission on April 7, 2015) CDBG funds will be expended as follows:

Public Services	\$181,303
Neighborhood Revitalization and Economic Development	76,286
Affordable Housing	709,361
Administration & Planning	<u>241,737</u>
Total	<u>\$1,208,687</u>

C. HOME Special Revenue Fund

1. The HUD appropriation for the HOME program for FY16 is \$362,341, up from \$244,250 awarded in FY15.
2. Based on the Action Plan, approved by the Mayor and Commission on April 7, 2015, FY16 HOME funds will be used for the following activities:

Affordable Housing Construction	\$326,107
Administration	<u>36,234</u>
Total	<u>\$362,341</u>

D. Building Inspection Special Revenue Fund

1. Over the last couple of years, building activity and related revenues have shown steady improvement from the lowest point in 2010. The FY16 Budget estimates \$800,000 in revenues based on anticipated building activity, a little less than the FY15 original budget. The FY16 Budget anticipates no General Fund support, but plans the use of \$49,000 in

FY16 BUDGET SUMMARY

accumulated fund balance from the Building Inspection Special Revenue Fund to cover operating expenses of \$849,000 in FY16.

E. Grants Special Revenue Fund

1. Total ongoing operating grants are projected to be approximately \$1.1 million in FY16.
2. The Drug Task Force Grant is a Georgia Criminal Justice Coordinating Council grant that funds \$140,000 of the operating expenses for the Police Department's Drug Task Force Unit. In addition, the Police Department's General Fund budget includes \$305,000 for Drug Task Force operations in FY16.
3. This fund also includes two transportation/transit planning grants totaling \$862,000 that are managed by the Planning Department. The Federal government provides 80% and the remaining 20% is locally funded for the larger grant. This grant provides funding for the regional transportation planning group (MACORTS). For FY16, the General Fund match portion is estimated to be \$76,700. The other governments participating in MACORTS will also provide a local match. A second grant that provides transit planning will require a 10% local grant match of \$9,500 for FY16, similar to FY15.
4. The FY16 Budget includes an ongoing grant from the State Department of Transportation to use inmate labor to pick up litter on state owned roadways in ACC. This grant funds one Corrections Officer position, a local cash match is not required. In FY16, this grant will provide \$63,000.

F. Corrections and Sheriff's Inmate Special Revenue Funds

The revenues from these funds are primarily generated from commissary concessions at the Correctional Institution and Jail. This revenue is then used for the support of the inmates. During FY16, the Corrections Fund will generate about \$15,000 and the Sheriff's Inmate Fund about \$70,000.

G. Special Programs Special Revenue Fund

The Special Programs Fund tracks revenues and expenditures of programs and activities that are accounted for separately due to legal restrictions or management direction. The FY16 Budget includes the following programs:

1. Victim Assistance Program – State law allows a 5% addition to certain fines to provide resources used to support victim assistance services. For FY16, this revenue source will generate approximately \$200,000, similar to FY15. Consistent with State law, these monies will be used to fund: 1) three full-time positions, two in the District Attorney's Office and one in the Solicitor-General's office; 2) a salary supplement for a state paid position in the District Attorney's Office; 3) translation services for victims requesting temporary protective orders in Superior Court; and 4) \$26,000 for Project Safe.
2. Law Library – The Superior Court authorizes the fee of \$5.00/case collected as part of certain fines. For FY16, total revenue is estimated to be \$130,000, sufficient to cover estimated expense of the Law Library of \$112,300 in FY16.
3. Police Training Initiative – Similar to past years, \$40,300 has been set aside from the General Fund to improve and enhance Police Department training programs.

FY16 BUDGET SUMMARY

4. Superior Court Felony Drug Court – This program is projected to cost \$149,400 in FY16. Funding for the program will come from participant fees and the Drug, Alcohol Treatment, and Education (DATE) funds.
5. State Court DUI/Drug Court – This program was initiated with grant funding in FY05. This program is projected to cost \$382,300 in FY16, down from \$461,000. This reduction is after the transfer of the Drug Testing program to the Probation office in the General Fund, at the request of the courts.
6. Police – Red Light Camera Program and School Bus Stop Arm Violation Program – This budget estimates revenue of \$320,000 from fines at the two red light camera locations in Athens-Clarke County. The annual cost of this program, \$398,300, includes one position, the operating and maintenance costs for the two current red light camera locations, and operating cost for support of Police mobile laptops. The FY16 Budget includes revenues and expenditures of \$90,000 for the School Bus Stop Arm Violation program which began in the spring of 2014 in collaboration with the Clarke County School District.
7. District Attorney – The FY16 Budget reflects Mayor and Commission action in February 2015 to accept transfer of six positions from the State Paid County Reimbursement (SPCR) program and funded through state grants and Oconee County funding. The total for these positions in FY16 is \$369,000. These positions are conditional on funding from Oconee County and Athens-Clarke County is not required to cover any of these costs.

H. Supportive Housing Grant Fund

This fund was established to account for a U.S. Department of Housing and Urban Development grant program to provide services to the homeless population. The supportive housing grant has been awarded to Athens-Clarke County annually since FY96. The FY16 Supportive Housing Grant allocation is \$400,000.

I. Public Facilities Authority Fund

In FY16, the General Fund will contribute \$510,700 for the repayment of debt issued in FY11 for the Jail Advance Housing Facility.

J. Emergency Telephone System (E911) Special Revenue Fund

In compliance with State law, this fund was created to account for revenues and expenditures from the Emergency Telephone Fee (E911) and emergency communications operations. The FY16 Budget will require a transfer of \$766,800 (an increase of \$15,000 over FY15) from the General Fund to the E911 Special Revenue Fund to provide sufficient funding for the operating expenditures of the Central Communications Division of the Police Department. Revenue from 911 fees in FY16 is estimated to be \$1.7 million, similar to FY15. Expenditures for the Central Communications Division are included in the Budget at \$2.5 million. The difference between the revenues and transfer from the General Fund and the projected expenditures, \$45,000, will be funded with the balance in the E911 fund available from prior years' operations.

XIV. Internal Service Funds

Internal Service Funds support operating departments. These services are: copier, postage, printing, fleet maintenance, fleet replacement, and self-funded insurance programs. Revenues for Internal Service Funds are generated by allocating costs to operating departments for such services. The funding for these allocated costs is included in the departments' operating budget as indirect

FY16 BUDGET SUMMARY

expenses. Revenues generated for each Internal Service Fund are designed to offset annual operating expenses rather than to accrue income.

- A. The total operating and capital expense budget for the Internal Service Funds in FY16 will be approximately \$21.5 million. This amount is 2% higher than the FY15 Budget and there are no significant changes to internal services.

XV. Use of FY14 Fund Balance and the Operating Reserve in the FY16 Budget

- A. At the end of FY14, \$6.5 million was available for appropriations in the General Fund or for capital projects funded by the General Fund. Based on the FY16 Budget this balance will be used for the following:

Maintain Operating Reserve at one month (from \$9.1 to \$9.5 million)	\$ 400,000
General Fund FY16 Operating Budget	\$1,500,000
Contribution to General Capital Projects Fund	<u>\$4,600,000</u>
Total Appropriations	<u>\$6,500,000</u>

XVI. Summary of FY16 Capital Budget and CIP

In the General Capital Projects Fund, a total of \$5.1 million is included for capital projects in FY16. Current Services (CS) projects for FY16 total \$4.13 million. FY16 Additions & Improvement (A&I) projects total \$973,800. Over the 5 year CIP period, a total of \$18.2 million has been included. Government-wide, a total of \$14.6 million has been included for capital projects in FY16.

More detailed information on the Capital Budget and CIP can be found in Section D of this document.

- A. Major FY16 Capital Projects:

General Fund Projects:

1. Central Services - Facilities Life Cycle Maintenance Program (D-42) The FY16 funding amount is \$950,000. This project provides resources to maintain the components of the buildings used for governmental services.
2. Transportation and Public Works – \$650,000 is included to provide resources for the maintenance and repair of approximately 1,200 lane miles of arterial, collector and local roads in Athens-Clarke County. See project D-57 for more information.
3. Computer Information Services - \$600,000 is appropriated to replace equipment and software throughout the government based on the Strategic Automation Plan. See project D-23 for more information.
4. Leisure Services - \$275,000 is included in FY16 to maintain facilities and equipment throughout the Leisure Services Department in a safe and operational condition. See D-46 for more information.
5. Fire Department – Replace Ladder Truck estimated to cost \$1,000,000 with funding spread over a five year period. The FY16 Budget includes \$200,000 for the final (fifth)

FY16 BUDGET SUMMARY

year of funding for the purchase of this equipment. See project D-25 for more information.

6. Transportation and Public Works - \$180,000 is included in FY16 to fund pedestrian and bicycle safety projects, as well as traffic calming improvements throughout Athens-Clarke County. See D-96 for more information.

Projects in Other Funds:

7. Solid Waste – The FY16 Budget includes capital funding of \$290,000 in the Solid Waste Enterprise Fund to cover remaining costs from the implementation of an automated collection fleet implemented in FY15 (D-123). This is the second of three years planned to fund the remaining costs of \$870,000.
8. Public Utilities – The Water and Sewer Fund Capital Budget for FY16 includes \$1,867,300 for ongoing equipment and facilities replacement program (D-124); \$632,700 to rehabilitate and replace sewer lines (D-126). The Capital Program for FY16 also includes three projects (D-125, D-127, and D-130) totaling \$1.5 million to fund infrastructure additions and improvements projects completed by employees of the Public Utilities Department.
9. Transportation and Public Works –The FY16 Budget includes \$1.2 million in the Storm Water Utility Enterprise Fund to continue implementation of storm water improvement projects identified in the current Areawide Stormwater Master Plan (D-40).

FY16 BUDGET SUMMARY

XVII. ACC Property Taxes and Homestead Exemption Compared to Local Area Counties and Similar Size Georgia Communities

- A. An annual study reports that in 2014 Athens-Clarke County continues to compare favorably with other Northeast Georgia governments and other similar size counties in Georgia when comparing property taxes for a home with a \$150,000 market value. The \$10,000 Athens-Clarke County homestead exemption is higher than the other surrounding counties in Northeast Georgia and only one of the other comparable counties in the State is higher.
- B. The current tax rate for a \$150,000 home shows that Athens-Clarke County property taxes for government services and schools in 2014 is the second lowest compared to local area cities and counties.

FY16 BUDGET SUMMARY

XVIII. Budget History and Trends

The FY16 General Fund Operating Budget is \$113.3 million, 4.2% higher than the FY15 Budget. Over the last five budget years, the General Fund Operating Budget has grown at a rate lower than the combined annual change of the Consumer Price Index (CPI) and population, as shown in the graph below.

**GENERAL FUND BUDGETS COMPARED TO POPULATION
AND CPI INCREASES (FY07-16)**

- A. In FY16, Property Tax Revenue is projected to be 45% of the Total General Fund Budget. The graph below shows that property taxes as a percentage of General Fund Revenues have ranged from 43% to 47% since FY07. The FY16 Budget continues the careful balance of General Fund Revenues from Property Taxes (45%), Sales Taxes (20%), and other General Fund sources (35%).

AIRPORT

MISSION

To provide safe and efficient air transportation services for commercial and general aviation users by combining principles of safety, service, and appearance with effective management to generate progressive development. The airport will strive for self-sufficiency through the development and implementation of competitive rates and fees.

GOALS

- To maintain modern and technologically up-to-date airport facilities and infrastructure.
- To strive for airport financial self-sufficiency.
- To foster a work environment that leads to high employee morale.
- To secure a new commercial airline.

OBJECTIVES

- Meet with the Airport Authority monthly to coordinate airport operations.
- Meet with airport engineers monthly to manage airport projects.
- Coordinate airport projects with the GDOT and FAA on a monthly basis.
- Meet monthly with the Operations Supervisor and Business Coordinator to review the airport financial and operational status.
- Meet monthly with the operations staff to review airport issues.
- Work to involve employees in airport projects and operations.
- Work with the Airport Authority, consultants, and ACC to secure a new airline.

BUDGET HIGHLIGHTS

The Airport Enterprise Fund earns revenues primarily through fuel sales and leasing space. In FY16, fuels sales are projected to generate a gross margin of \$613,400 while leases are projected to generate \$410,000 of revenue. Other miscellaneous revenues for FY16 are estimated to total \$93,400. In total, net revenues projected for FY16 are \$1.3 million – about \$60,000 more than the FY15 Budget.

Net expenses in the FY16 Budget are \$1.56 million (\$72,000 more than the FY15 Budget).

In order to fully cover the operating expenses for the Airport, the FY16 Budget includes General Fund support of \$194,400 which represents a slight increase from the FY15 level of \$190,600.

The Airport continues to work towards securing a new commercial airline service. In addition to benefitting the community, a commercial airline service could generate additional revenue for the Airport through increased fuel sales and lease income.

The runway extension project, expected to be completed in August 2015, will enhance the safety and accessibility of Ben Epps Airport by enabling planes to take off and land at heavier weights (additional cargo, passengers, and/or fuel). This improvement is expected to have a positive impact on Airport revenues.

ATTORNEY

MISSION & GOALS

The Athens-Clarke County Attorney's Office provides legal services to Unified Government of Athens-Clarke County through its representation, including the Mayor and Commission, the Manager, Constitutional Officers, and all other Departments and Divisions of the Athens-Clarke County Government. The Attorney's Office handles legal matters, including prosecuting and defending lawsuits except for lawsuits covered by liability insurance. The Office communicates with the Justice Department and other Federal and State agencies to keep the Athens-Clarke County government in compliance with Federal and State laws and regulations. The Attorney's Office researches and drafts proposed local legislation concerning Athens-Clarke County. In addition, the Office researches and drafts ordinances and resolutions to be considered for adoption by the Mayor and Commission. The office drafts or reviews all contracts and deeds to be executed or accepted by the government. A representative of the Attorney's Office attends all meetings of the Mayor and Commission, Planning Commission, Historic Preservation Commission, Hearings Board, and Board of Tax Assessors, as well as Commission work sessions and committee meetings.

Our primary goal is to continue to provide the legal services needed to serve the Unified Government. We will also expand the services we provide to ensure that acts of the Government are reviewed and are modified, if necessary, to accord with appropriate law.

OBJECTIVES

- Work with the Mayor and Commission as they identify new priority projects that require assistance from the Attorney's Office.
- Continue to proceed as necessary against properties that have been identified for demolition as a result of changes to the Unified Government's secured structure ordinance.
- Continue to work with the Legislative Review Committee and the Government Operations Committee to provide legal assistance as needed.
- Continue to assist departments and offices in responding to an increasing number of Open Records Act requests, under the Open Records Act.
- Continue to work with the Economic Development Department.
- Continue "quality of life" ordinance enforcement and regulatory and administrative support for alcoholic beverages, taxicabs and red light camera and school bus stop arm camera programs.
- Continue to supply support for enterprise fund activities, such as Public Utilities, Airport, Transit and Stormwater Utility.
- Assist the Human Resources Department with ongoing personnel issues, policy development and claims management.

BUILDING PERMITS & INSPECTION

MISSION

The Athens-Clarke County Building Permits and Inspection Department exists for the purpose of protecting the public's health, safety, and general welfare. We accomplish this by ensuring compliance with adopted codes that regulate structural strength, stability, sanitation, lighting, ventilation, fire safety, and other hazards associated with construction, alteration, removal, demolition, use, or occupancy of buildings, structures, or property.

GOALS

- Maximize the number of properties and structures that comply with adopted standards.
- Provide quality inspections, customer service, and development services that are efficient, cost effective, accurate, and responsive to the citizens of Athens-Clarke County.
- Improve the safety and appearance of properties and buildings within Athens-Clarke County by enforcing local ordinances, property maintenance codes, and construction codes.

OBJECTIVES

- To perform 98% of all inspections of footing, slabs, excavations, electrical service changes and emergency repairs within four business hours of the time the work is ready for inspection.
- To perform at least 95% of all requested rough-in and final inspections within two workdays.
- To respond to at least 95% of all single-family soil erosion complaints and to initiate compliance and/or enforcement processes within eight business hours.
- To process 95% of all single-family and secondary permit applications within one workday.
- To investigate 99% of all complaints received by our office within three business days.
- To investigate 100% of the housing and nuisance complaints received and initiate compliance and/or enforcement action.
- To respond to 100% of ordinance violation complaints and initiate compliance and/or enforcement action.
- To provide proactive enforcement of illegal signs erected without permits or in the public right-of-way.
- To provide proactive code compliance and enforcement services that educates and provides an understanding of the compliance process to citizens.
- To recover through permit fees 100% of the operating expenses for the Construction Division.

BUILDING PERMITS & INSPECTION

BUDGET HIGHLIGHTS

The Building Inspection Department operates within two separate funds. The Community Protection Division is fully funded by the General Fund, while the Construction Inspection and Administration divisions are funded through the Building Inspection Special Revenue Fund.

The FY16 Budget includes \$757,400 for the Community Protection Division – a 2% increase from the FY15 Budget.

The Building Inspection Fund's primary source of revenue is construction permit and plan review fees. These fees are projected to generate \$800,000 in FY16 which is \$50,000 less than the FY15 Budget. With anticipated operating expenses of \$849,300 and capital expenses at \$71,000, the use of \$120,300 of fund balance from prior years' savings is planned in the FY16 Budget. General Fund support of the Building Inspection Fund is not planned for FY16.

BUDGET HIGHLIGHTS

The Central Services Department is funded by both the General Fund and an internal service fund. The General Fund portion of the Central Services Budget (\$9,440,800) includes the cost of Animal Control, Landscape Management, Facilities Management and a portion of Administration.

For FY16, two existing full-time Jail maintenance positions (\$122,000) will move from the Sheriff's Office to Central Services to consolidate building maintenance services for all ACCUG facilities.

The FY16 General Fund Budget includes \$3,400 for landscape services to the new Boulevard Woods Park which was approved by the Mayor and Commission in FY15.

The Budget also includes \$122,000 for one new full-time Operations Coordinator position and additional operating expenses for nine months of FY16 at the new Jail. In addition, the Budget includes \$115,000 to provide full funding of the three full-time facilities maintenance positions and operating expenses at the new Jail which were funded for the last six months of FY15. The new Jail is scheduled to be completed by Fall 2015.

The FY16 Budget includes an increase of \$10,000 to fund facility maintenance expenses for the Animal Shelter Expansion (\$5,000) and new Police Evidence Facility (\$5,000). Landscape service funding of \$3,000 is also included for the Ware Lyndon House Historic Garden. These three projects were completed with funding from the SPLOST Program. In addition, the Budget includes \$5,000 to provide site management of the property acquired under the Greenspace Acquisition Programs funded by SPLOST.

The General Fund portion of Central Services' budget includes the annual contract for downtown parking services with the Athens Downtown Development Authority (ADDA). Parking operating expenses reimbursed to ADDA for FY16 are to be \$1,219,700, \$169,000 or 16% above the FY15 Budget. On April 7, 2015, the Mayor and Commission approved a new contract that pays a management fee equal to 20% of net proceeds from the downtown parking operations, up from the current 15%. The management fee for FY16 is estimated to be \$226,300, an increase of \$76,300 over the FY15 Budget estimate. Revenues from the downtown parking system are estimated to increase \$280,800 or 10% in FY16 to \$2,962,400, compared to original budget of \$2,681,600 in FY15.

The Internal Support Internal Service Fund provides services, including copy services, phone services, postage, paper, printing, and 800 MHz radio support to other government departments. Departments fund these services with their operating budget. The FY16 Budget for the Internal Service Fund is \$1.6 million, similar to the FY15 level. This Budget includes \$56,000 to fund operating expenses for the new public safety radio system which will be operational in FY16 and was funded by SPLOST.

CORRECTIONS

MISSION & GOALS

The mission of the Athens-Clarke County Department of Corrections is to provide a humane and safe environment for staff, inmates, and the community at large through the use of modern correctional management techniques and supervision.

- Comply fully with all Georgia Department of Corrections audit standards.
- To clearly define (classification process) how inmate labor is to be used and supervised.
- To provide ongoing mandated training for all Corrections' staff and Athens-Clarke County personnel that are supervising inmates.
- To comply with all Athens-Clarke County policies and procedures.
- To maintain order and control of the inmates in our custody.
- To reduce inmate drug usage through random drug testing.
- To maintain sanitation standards and proper safety practices.
- To provide security and safety inspections of all inmate work sites.
- To provide meals at a reasonable cost to the Athens-Clarke County Jail, County Correctional Institution and Diversion Center/Work Release Center.
- To prevent inmate escapes and injuries to staff or inmates.
- To fully meet health and sanitation standards for Food Service.

Diversion Center:

The mission of the Athens-Clarke County Diversion/Work Release Center is to provide quality and cost-effective management of non-violent Athens-Clarke county offenders, whose confinement in traditional incarceration would limit them from more quickly integrating into society, while at the same time building their skill sets that will encourage successfully re-entering back into our community.

- Create a secured, drug and alcohol free residential environment for offenders who would otherwise be incarcerated or subject to incarceration.
- Encourage and assist offenders in developing strong work habits.
- Provide offenders access to treatment, counseling, educational opportunities and related services.
- Ensure offenders are held accountable for their crimes by requiring them to pay court ordered fines, fees and restitution.
- Provide vocational and life skills training.
- Ensure that parents failing to pay child support are able and obligated to work while providing them opportunities to reconnect with their children.
- Ensure offenders have a job within 30 days of entry into the program and maintain consistent employment during their sentence.
- Reduce participating offender recidivism.
- Provide opportunities for community service, in addition to the required employment, as ordered by the court and as an alternative to some fines.

CORRECTIONS

OBJECTIVES

- Score 100% on all Georgia Department of Corrections audits.
- Score 100% on all health inspections.
- Receive and classify inmates from the State of Georgia and the ACC Jail for work details.
- Reduce incidences of inmate work detail injuries to zero.
- Maintain incidences of assaults with weapons at zero.
- Maintain inmate escapes at zero.
- Reduce the number of positive drug screen results from inmates to zero.
- Provide mandated training for Corrections' personnel and all Athens-Clarke County personnel in other departments who supervise inmate work crews.
- Conduct daily safety and security inspections of inmate work sites.

Diversion Center:

- Achieve 90% resident occupancy rate.
- 80% of residents will successfully complete available programs or skill development.
- 80% of residents entering the Diversion/Work Release Center will find jobs or be placed in a job relevant to their skills.
- 100% of employed residents will make payment of fines, fees and per diem costs.
- 100% of residents owing child support payments will maintain those payments.
- 100% of residents will receive a monthly drug/alcohol screen. Additional screening will be made according to the resident's record and/or personal behavior.
- Case workers and staff will visit resident job sites and resident employers weekly or as necessary.

BUDGET HIGHLIGHTS

The Correctional Institution houses convicted state inmates, whereas the Clarke County Jail houses persons awaiting trial or serving short sentences. The Correctional Institution currently has space for 112 inmates. The State reimburses \$20/day per inmate to ACCUG, which provides revenue of \$760,000/year.

The FY16 Budget includes funding for the Diversion Center which provides an alternative to traditional incarceration for Athens-Clarke County non-violent offenders. Based on an average resident population of 47, the FY16 estimate for resident fees is \$232,000, \$30,000 more than the FY15 estimate. The total budget for expenses for the Diversion Center is \$910,200.

BUDGET HIGHLIGHTS

Debt Service expenses include:

- 1) General Fund – This budget includes funding for annual debt service for the bonds issued in 2011 to finance a portion of the Washington Street Building (\$535,442), \$248,900 for interest on the debt service for the bonds issued in 2012 for the site improvements for the Caterpillar Project and \$350,000 for anticipated economic development program project debt.
- 2) Public Facilities Authority Fund – This budget includes \$546,135 for the annual debt service for the note issued in 2010 for the Jail Advance Housing Facility. This debt was issued through the Public Facilities Authority with annual debt service funded by the General Fund.
- 3) Airport Fund – This Budget includes \$31,000 for the interest payments for the notes issued to finance two projects at the Airport. The first project financed the construction of T-Hangars in 2003; the second project financed Executive Hangars in 2009. The Airport Enterprise Fund is responsible for the repayment of these notes. Including principal and interest, the total debt payments for FY16 will be \$116,000.
- 4) Water & Sewer Fund – The budget for the Water and Sewer Enterprise Fund includes \$11,526,966 for the interest component of debt service to repay the bonds issued in 2008 to upgrade and expand the three water reclamation facilities and two notes issued through the State of Georgia Environmental Finance Authority (GEFA) in 2007 and 2009. Total FY16 debt service (principal and interest) for the Water and Sewer Enterprise Fund will be \$16,973,838.
- 5) Storm Water Fund – The budget for the Storm Water Enterprise Fund includes \$691 for the interest component of the GEFA note issued in 2010 for various storm water projects. The total debt service for this note in FY16 will be \$29,528.

Additional information regarding Debt Service can be found in Section G - Other Information.

DISTRICT ATTORNEY

MISSION & GOALS

The Office of the District Attorney serves primarily as the prosecuting attorney in the Superior Court of Athens-Clarke and Oconee Counties. In Athens-Clarke County, the District Attorney is responsible for the prosecution of all criminal cases involving at least one felony charge. Additionally, there is a responsibility to pursue, when appropriate, certain civil actions such as RICO, drug, gambling, and bond forfeitures. A corollary to the actual prosecution of cases in our Superior Courts is the practical responsibility of the office to organize, manage, and present the criminal cases before the three Superior Court Judges. Further, the District Attorney serves as the prosecuting attorney in the Juvenile Court in those instances when a child (less than 17 years of age) is accused of a delinquent and/or unruly act. Moreover, the District Attorney represents the State of Georgia in the Georgia Supreme Court and Georgia Court of Appeals in those cases arising out of this jurisdiction, which includes researching and drafting briefs and presenting oral arguments; serves as the official legal adviser to the Grand Jury; and provides legal advice on an informal basis to local law enforcement agencies. Lastly, the District Attorney's Office handles preliminary hearings and special bond hearings in Magistrate Court, operates a Pretrial Diversion Program, and staffs two alternative courts – Judge Jones' Drug Court Program and Judge Sweat's Treatment and Accountability Court.

As used above, the term "prosecute" involves, first and foremost, that exercise of discretion in determining whether to prosecute at all and, if so, whom and how to prosecute. The overriding goal of this office is to ensure that those persons who are not responsible are not held responsible and that those persons who are responsible are held responsible and held responsible in an appropriate way. To this end, our attendant goal is to give individual attention to each case in spite of the vast number of cases received for prosecution, and the expected demands and urgencies of the caseload. At the forefront of every case is to identify those which involve victims and to provide assistance as needed; which assistance may include notification of prosecutorial and court action, counseling, referral to social service agencies, court accompaniment and the otherwise. This service to victims is done not only because it is required by the Crime Victims' Bill of Rights, but also because it is the "right" thing to do.

OBJECTIVES

- Continue to prioritize the prosecution of Serious Violent Felonies.
- Implement a paperless file system to reduce costs and improve efficiency including a system for discovery service via the web for defense attorneys.
- Continue with efforts to reduce the time between arrest and the prosecutorial charging decision, thereby reducing the time between arrest and disposition.
- Implement and utilize closed circuit television for child witness testimony as contemplated by recent legislation.

BUDGET HIGHLIGHTS

The FY16 Budget for the District Attorney's Office includes an increase of \$5,000 for witness fee expenses. There are no other significant changes in the FY16 Budget.

The District Attorney has requested four additional positions associated with the creation of a fourth Superior Court Judge position. The requested positions include two Assistant District Attorneys, one Investigator, and one Victim Advocate for a total cost of approximately \$236,500. The District Attorney has also requested an additional Assistant District Attorney and Investigator for additional responsibilities in Juvenile Court due to changes in State law. These positions were not recommended nor approved for FY16.

The District Attorney has also requested an increase of \$19,000 (from \$8,000 to \$27,000) to the local supplement paid to the District Attorney. This request is not recommended nor approved.

The FY16 Budget reflects Mayor and Commission action from February 2015 to accept the transfer of six fulltime positions from the State Paid County Reimbursed (SPCR) program and funded through state grants and

DISTRICT ATTORNEY

Oconee County funding. These positions are funded in the Special Programs Special Revenue Fund, are conditional on funding from Oconee County, and Athens-Clarke County is not required to cover any of their costs.

FINANCE

MISSION

The Finance Department is a support function responsible for directing financial operations and internal management activities of Athens-Clarke County Government within applicable laws and professional standards. The Finance Department collects, processes, advises, informs, monitors, analyzes, coordinates and reports financial information and management data to ensure effective and economical use of public resources.

We strive to perform our responsibilities in an effective manner that:

- Is service-oriented
- Is accurate and timely
- Is honest and meets professional standards
- Is responsive to the needs of user departments and citizens
- Supports the Mission and Goals of Athens-Clarke County
- Uses modern technology

GOALS

- To maintain systems of accounting for the government so as to present fairly the results of its operations in an accurate and timely manner and in accordance with Generally Accepted Accounting Principles. Manage the government's financial operations in adherence with federal, state and local laws and in a manner that meets management goals and objectives and other required needs.
- To coordinate the budget preparation process in a manner that supports the timely adoption of the government's budget.
- To reduce the cost to procure goods and services.
- To process 98% of vendor payments within 30 days of invoice date or receipt of goods and services.
- To comply with the State requirements for reporting of public benefits and related compliance activities (E-verify and SAVE).

OBJECTIVES

1. Process all accounting transactions during the month in which the transactions occurred.
2. Record and deposit all cash receipts daily.
3. Continue the implementation and training of users on the financial system.
4. Reconcile expenditures listed on grant reimbursement requests to the general ledger.
5. Record capital asset transactions daily.
6. Reduce cost to procure goods and services through the use of a purchasing card (P-card) program, statewide contracts, cooperative purchasing agreements and General Services Administration (GSA) contracts.
7. Implement an accounts payable procedure to reduce by 5% the number of days an invoice remains outstanding.
8. To perform an E-verify review of 4,500 businesses, 350 alcohol beverage applications, and all purchasing contracts in excess of \$2,499.99 for compliance with State laws.

HOUSING AND COMMUNITY DEVELOPMENT

MISSION

The Department of Housing & Community Development (HCD) collaborates with groups and organizations to secure resources and provide technical assistance and support to plan and implement projects and actions to involve residents and businesses in building a stronger and more resilient community.

GOALS

- Provide accurate information, comprehensive research, and timely advice to the public and management in support of housing, micro-enterprise development, supportive services, and community development programs to foster positive community outcomes.
- Partner with housing developers to increase the supply and availability of affordable housing.
- Partner with ACC departments and housing program providers to reduce slum and blight in neighborhoods through the demolition of dilapidated structures.
- Partner with community-based organizations to help low-to moderate-income residents and the chronically unemployed overcome barriers to full-time, regular employment.
- Partner with organizations and businesses to finance the growth and establishment of local businesses to create jobs and employment opportunities.
- Partner with social service and shelter providers to reduce homelessness in Athens-Clarke County.
- Encourage citizen participation in decision-making processes with particular emphasis on participation by persons of low and moderate incomes.

OBJECTIVES

- Secure CDBG, HOME, Supportive Housing Services, Supportive Housing, and Shelter + Care Grant funds to assist community partners in the provision of housing, shelter, and community development projects and programs.
- Allocate entitlement and competitive grant funds to community partners through Mayor and Commission approval processes in a timely manner.
- Partner with community organizations to develop accurate scopes of services and contracts for all grant funds in a timely manner.
- Provide technical assistance, guidance, and monitor all contracted agency expenditures and performance monthly.
- Process reimbursements to sub-recipient agencies in a timely manner.
- Reimburse ACC expenditures for sub-recipient activities from grant sources efficiently.
- Administer all grant programs efficiently and accurately and document regulatory compliance to minimize financial risk to ACC.
- Ensure all expenditures for program administration are at or below statutory caps.
- Submit accurate reports to HUD and other primary funding agencies on time.

BUDGET HIGHLIGHTS

The Housing & Community Development Department is responsible for administering the Housing & Urban Development (HUD) funded Community Development Block Grant (CDBG), the HOME Investment Partnership (HOME) program and the Supportive Housing Program (SHP). Funds from all three grants are accounted for in separate special revenue funds. In FY16, the General Fund will contribute \$318,000 for administrative support for these programs.

The CDBG program works to ensure decent affordable housing, to provide services to the most vulnerable in Athens-Clarke County, and to create jobs through the expansion and retention of businesses. The FY16 Budget for the CDBG program is based on funding of \$1,208,687, down 4.8% from the FY15 allocation of \$1,269,701. The FY16 Budget includes total program funding of \$1,459,687 based on the anticipated CDBG allocation of \$1,208,687, and \$251,000 of reprogrammed CDBG allocations from prior years. Based on the 2016 Action Plan approved by the Mayor and Commission on April 7, 2015, CDBG funds will be expended as follows:

Public Services	\$181,303
Neighborhood Revitalization and Economic Development	76,286
Affordable Housing	709,361
Administration	241,737
FY16 CDBG Grant Allotment	<u>\$1,208,687</u>
Reprogrammed CDBG allocations from prior years	<u>\$251,000</u>
FY16 CDBG Total	<u>\$1,459,687</u>

HOUSING AND COMMUNITY DEVELOPMENT

The HOME program is designed to increase homeownership and affordable housing opportunities for low-income families in the community. The FY16 appropriation for the HOME program is \$362,341. Based on the FY15 action plan, HOME funds will be used for the following activities:

Affordable Housing Construction	\$326,107
Administration	<u>36,234</u>
Total	<u>\$362,341</u>

The Supportive Housing Program is designed to promote the development of supportive housing and services to assist homeless persons in transition from homelessness and enable them to live as independently as possible. The FY16 Supportive Housing allocation of \$400,000 is the same amount awarded for FY15.

HUMAN RESOURCES

MISSION & GOALS

The Human Resources Department works as a team to provide effective service and vital information to employees, retirees, and the public with compassion, dignity and respect in a fair and equitable manner. Serving as a central source, our goal is to foster an environment for employees to succeed, develop, and enhance their careers with equal opportunity for all.

OBJECTIVES

- Maintain and administer the recruitment and selection process to meet human capital needs as an Equal-Opportunity Employer.
- Recommend and maintain a comprehensive and competitive compensation and benefits package through the use of internal reviews, wage studies and outside sources, in order to recruit and retain highly qualified and diverse employees.
- Maintain and administer the performance management program; continue training employees and management to improve the quality of performance evaluations.
- Reduce time to hire and improve customer service through the use of web-based applicant tracking and online application tools.
- Contain health care costs through review, analysis and management of claims and promotion of the Wellness Program to employees and retirees through increased participation in wellness screenings, fitness programs, healthy hours, and nutrition and wellness classes.
- Administer the defined benefit pension program including the 401(a) segment of the pension program.
- Develop and present educational opportunities for the ACCUG workforce to help employees understand how their healthcare coverage works so they can take responsibility for their healthcare needs.
- Develop and administer assessment centers and various testing for positions and promotions throughout the government to ensure merit-based selection and promotion.
- Continue to develop Risk Liability Assessments for every department, and to evaluate environmental risk assessments that correspond with our legal pollution liability insurance policy.
- Reduce the employee on-the job injuries and vehicle accidents Government wide.
- Assist management in various human resources issues, with resolving concerns among employees, supervisors and/or the general public.

Indigent Defense Services in FY16: Since FY05, ACCUG has contracted with the Georgia Public Defender Standards Council for indigent defense services. Funding for indigent defense in FY16 is estimated to be \$1,545,735, an increase of \$23,300 (1.5%) more than the FY15 contract amount (\$1,522,435). The additional funding requested reflects an increase in GPDSC employer's contribution for employee retirement (\$19,700 or 12%), less than one percent increase in the salary budget (\$1,700), and an increase in office rent (\$1,900 or 2%).

Athens Downtown Development Authority (ADDA): ACCUG contracts with ADDA to manage parking services in the Downtown District. This contract is overseen by the Central Services Department so funding information is listed under that department.

Additional information on the Government's funding of Independent Agencies from the General Fund and Hotel/Motel Tax Special Revenue Fund is provided in Section "F" of this document.

JUVENILE COURT

MISSION

The purpose of Georgia's Juvenile Courts is to secure for each child who comes within the jurisdiction of the court such care and guidance, preferably in his own home, as will secure his or her moral, emotional, mental, and physical welfare as well the safety of both the child and the community. The intention of the General Assembly of Georgia in creating the juvenile code is to strengthen and preserve family relationships, countenancing the removal of a child from his or her home only when state intervention is essential to protect such child and enable him or her to live in security and stability. (O.C.G.A. 15-11-1, Effective January 1, 2014.)

The mission of the Athens-Clarke County Juvenile Court is to protect the well-being of the child under the Court's jurisdiction, providing guidance and control as necessary, while balancing the needs and best interest of the community, while fulfilling the intent of the newly rewritten Juvenile Code.

GOAL

The goal of the Athens-Clarke County Juvenile Court is to serve the community and the children whose cases are before the court by balancing the requirements of law, the best interest of the child and the community, and to fulfill the mandated requirements of the newly rewritten juvenile code within the bounds of the resources provided by the Athens-Clarke County Government.

OBJECTIVES

- Protect the community
- Promote accountability for violations of law
- Provide treatment and rehabilitation and equip juvenile offenders with the ability to live responsibly and productively
- In every proceeding to guarantee due process of law, as required by the Constitutions of the United States and the State of Georgia, through which every child and his or her parent and all other interested parties are assured fair hearings at which legal rights are recognized and enforced.

LEISURE SERVICES

MISSION

The mission of the Athens-Clarke County Leisure Services Department is to build a healthier and more livable community by creating opportunities to learn, to create and to play in quality parks, programs and facilities that are valued by our citizens.

GOALS

- Ensure financial sustainability through improved fiscal policies, procedures and practices
- Develop a comprehensive plan for existing and future parks and facilities
- Enhance internal communication, operations and staff development
- Improve programs and services with a concentration on the Department mission and expressed public values

OBJECTIVES

- Review revenue and pricing policy and recommend changes where needed
- Develop components of a park planning comprehensive plan, and a work plan for completing it
- Continue to develop Department operations policies and procedures
- Develop and implement a comprehensive program planning worksheet to be used department-wide that includes quality assurances such as program purpose, goals, necessary resources, cost and evaluation.

**FY15 and FY16 forecasts reflect anticipated results due to the application of reporting methodology improvements. Smaller growth has been projected due to the implementation of a background screening program.

LEISURE SERVICES

BUDGET HIGHLIGHTS

The FY16 Budget includes \$9,000 for the maintenance and support of the following SPLOST projects: Satterfield Park Renovations (\$5,000), North Oconee River Greenway and Park (\$2,000), Pulaski Creek Greenway & Park (\$1,000) and Rails to Trails Network Project (\$1,000).

Based on the current level of fees, Leisure Services programs are estimated to generate revenues of \$994,000 in FY16. This projected revenue reflects an increase of 3% over FY15 Budget in anticipated program and rental volumes.

The FY16 Budget will include the same level of services and programs as FY15.

MANAGER'S OFFICE

MISSION & GOALS

The Office of the Manager is responsible for the implementation of all policies, programs, contracts, ordinances, and resolutions as approved and directed by the Mayor and Commission. This office performs the administrative functions of the government which support the activities of the Mayor and Commission. The ACCUG Charter dictates the authority and the responsibility of the Manager.

GOALS/OBJECTIVES

During FY16, the Manager's Office will focus on the following goals and objectives:

1. Guide the organization to produce a positive year-end fund balance while minimizing operational and service delivery interruptions.
2. Continue to monitor and evaluate both short-term and long-term financial projections to develop recommendations to meet potential operational challenges and/or opportunities.
3. Work with the Transit Department to complete the countywide transit study and evaluate budgetary resources associated with its recommendations. Determine the possibility of bringing the plan components forward as part of the FY17 budget cycle.
4. Continue the management of the SPLOST 2011 Program and monitor the closeout phase of the 2000 and 2005 Programs.
5. Support the Public Utilities Department in the implementation of the Advanced Metering Infrastructure (AMI) Project, evaluating potential future water source alternatives, and developing its five-year service delivery plan.
6. Continue to support the Solid Waste Department's efforts to refine and enhance solid waste reduction efforts (opening of the CHaRM facility) in an effort to meet defined Mayor and Commission goals.
7. Continuing monitoring the blight elimination program in conjunction with the Housing and Community Development Department (HCD) and the Community Protection Division (CPD) of the Building Inspections and Permit Department.
8. Continue monitoring the Building Inspections and Permit Department cost center to determine appropriate staffing and operating costs that reflect building activities within the community.
9. Work with the affected departments to implement the recommendations for Building and Site Plans Review improvements, as well as to begin conversion to a fully digital plans review process.
10. Work with the Youth Development Task Force to identify opportunities for at-risk youth using a funding source such as CDBG program funds.
11. Continue to evaluate space needs for all ACCUG operations and update the Courthouse assessment study to develop a specific plan for Courthouse space needs for Mayor and Commission approval.
12. Monitor ACCUG's ability to maintain competitive market wage adjustments and benefits to retain employees.
13. Support Central Services research of alternative and renewable energy sources for high consumption facilities and the creation of an implementation plan for energy conservation measures.
14. Coordinate with the Sheriff the appropriate level of jail and courthouse staffing and impact of the 4th judgeship on court operations.
15. Support the completion of the Greenway Master Plan and Level 1 and Level 2 maps.
16. Study the implementation of a performance analytics initiative in partnership with the ICMA Insights program.
17. Participate in the National Citizen Survey.
18. Explore different models for program delivery for Leisure Services activities and programs.
19. Identify funding and partnership opportunities to implement various Corridor study recommendations.
20. Continue to staff and advise the Government Operations Committee and Legislative Review Committee.

MANAGER'S OFFICE

BUDGET HIGHLIGHTS

The FY16 Budget includes \$15,000 in the Manager's Office to participate in the National Citizen Survey (NCS) program, which gathers resident opinion across a range of community livability issues. Communities using the NCS have reported that the tool improved service delivery, strengthened communications with community stakeholders and helped leaders identify clear priorities for use in strategic planning and budget setting.

There are no other significant changes included in the Manager's Office FY16 Budget.

OPERATIONAL ANALYSIS (FORMERLY AUDITOR)

MISSION & GOALS

The Office of Operational Analysis was created by the Charter of the Unified Government of Athens-Clarke County to “conduct a continuing internal audit of the fiscal affairs and operations of every department, office, and agency of the Unified Government.” The Office functions to provide independent, objective information regarding government activities to the policy makers and management of Athens-Clarke County. The Office works in conjunction with the Manager and reports directly to the Mayor and Commission. Services include strategic planning, organizational analysis, feasibility and program evaluations, staffing reviews, and other services upon request, all with the intent of enhancing the efficiency and effectiveness of government operations for the benefit of Athens-Clarke County.

OBJECTIVES

- To complete reviews of departments and agencies of the Unified Government assigned by the Audit Committee, and approved by the Mayor & Commission.
- To work closely with the Manager to gain understanding of his expectations for organizational performance.
- To hire 2 interns during FY16 in order to support the development of a systematic, disciplined approach and to evaluate and improve the effectiveness of the audit process, through use of additional skills and research.
- To continue professional mentoring relationship with the University of Georgia Internal Auditing Department in order to gain highly valuable education/training in the auditing processes, procedures, and policies.
- To complete reviews of departments and agencies of the Unified Government assigned by the Audit Committee, and approved by the Mayor & Commission within 12 months after the work plan is adopted.
- To attain certification for the Internal Auditor and the Management Analyst before the end of FY16, the product of focused professional training and educations. Particularly important for the recently hired staff.

OTHER GENERAL ADMINISTRATION

MISSION

Other General Administration includes responsibilities and expenses not related to any one department, general governmental costs, expenditures budgeted for but not yet allocated to a specific department or project, and the government's operating contingency. The Finance Director develops the Budget for Other General Administration.

BUDGET HIGHLIGHTS

Funding included in the General Fund Other General Administration: Health insurance for retirees (or Other Post-Employment Benefits – OPEB) at \$2.7 million – the same as the FY15 level; \$1.5 million for the Self-Funded General Liability program, up from the FY15 level of \$835,700; \$120,000 for the Government's participation in the Northeast Georgia Regional Commission; and \$100,000 for auditing and accounting fees. Funding for the Holiday Luncheon for employees and retirees (\$18,000) is included for FY16. Other General Administration also includes the Government's dues and memberships to the following organizations:

	FY16 ESTIMATE
Association County Commissioners of Georgia	\$ 9,200
Georgia Municipal Association	21,700
Athens Area Chamber of Commerce	3,600
National Association of Counties	2,500
Oconee River Resource Commission	800
Georgia Forestry Commission	2,500
Other	1,700
Total	<u>\$ 42,000</u>

The Budget includes an operating contingency of \$1.0 million, the same as FY15. The operating contingency of \$1.0 million is approximately 1% of the total General Fund operating budget.

Included in this year's budget for the General Fund is \$100,000 to provide support for emergency medical services through a contract with Athens Regional Medical Center. This is the same amount budgeted for FY15.

The FY16 Budget continues a reduction of \$200,000 for vacancy savings, similar to FY15. The funds for this reduction will come from allowing vacant positions to remain unfilled for a period of not more than 90 days. Public Safety positions will be refilled earlier than other positions to insure that the staffing level requirements are maintained. The Manager's Office will review all vacancies and determine when positions are to be filled.

Other General Administration in the Hotel-Motel Tax Fund includes the appropriation of \$.01 of the \$.07 tax for the following activities:

Community Events Programs (in partnership with ADDA)	\$ 60,000
Mayor's Community Improvement Program	20,000
Athens Heritage Foundation – Insurance for Lyndon House Exhibits	1,200
Tourism Improvement Marketing and Other Activities	25,000
Contingency	<u>37,850</u>
Subtotal Operating Budget	\$ 144,050
Community Events Programs (Capital for current services) (D-105)	\$ 30,000
College Avenue Parking Deck Life-Cycle Program (D-45)	<u>40,000</u>
Total Operating and Capital Budgets	<u>\$ 214,050</u>

OTHER GENERAL ADMINISTRATION

Included within the Other General Administration section of the Enterprise Funds (Airport, Landfill, Transit, Water and Sewer, Solid Waste, and Storm Water) are payments to the General Fund for administrative overhead expenses. This amount in FY16 is \$2,219,000, \$65,000 or 3% more than FY15. The overhead allocation helps recover the actual costs included in the General Fund needed to administratively support the Enterprise Fund Operations.

Also included in the Other General Administration section of the Enterprise Fund Budgets is the depreciation expense for capital assets owned by each Enterprise Fund. To comply with Generally Accepted Accounting Principles, the depreciation of capital assets in Enterprise Funds must be recorded. Depreciation expenses are “non-cash” expenses which help build working capital funds for future capital and equipment replacement. Total depreciation in FY16 is \$15.2 million, the same as FY15.

Almost all expenses (except for administrative costs) for the Self-Funded Insurance and Claims Fund and the Health Benefit Insurance Internal Service Fund are included in the Other General Administration Budget. The Self-Funded Insurance and Claims expense budget for FY16 is estimated to be \$3.4 million, an increase of \$700,000 over FY15 to fully fund current claims for worker’s compensation, general liability and the current cost of insurance. The budgeted expenses for the Self-Funded Health Insurance Program for employees are estimated to be \$12.7 million in FY16, an increase of \$300,000 over the FY15 Budget.

PLANNING AND ZONING

MISSION

To effectively manage community change in both the short and long term with regard to land use, transportation, historic preservation, urban design and overall community development in order to ensure that the natural and built environment of Athens-Clarke County are of the highest quality.

GOALS

- Maintain a high level of accuracy and efficiency in the administration of the Plans Review Process, as well as in the processing of zoning decisions and appeals, and Historic Preservation related issues.
- Promote a long-range view of community planning, and assist the Mayor and Commission and the Planning Commission in focusing on more than zoning decisions.
- Improve coordination with other Athens-Clarke County departments and governmental agencies in identifying and looking at the long-term infrastructure impacts associated with new development and development-related policies.
- Expand and routinely maintain a government-wide GIS system, and promote the integration of GIS technology into appropriate governmental functions.
- Continue to identify, recommend, and support potential solutions and alternatives to regional planning issues.
- Continue to enhance the community planning and development service capabilities of the Unified Government by providing additional equipment and training to Planning Department staff as well as the members of the appointed boards staffed by the Planning Department.

OBJECTIVES

- Afford all customers prompt, courteous, and impartial service.
- Provide the general public with reasonable access to all public information managed and retained by the Planning Department.
- Review all staff-administered (over the counter) applications within 48 hours of a complete submittal.
- Strive for all staff reports to be entirely accurate, concise, and error-free.
- Hold quarterly long-range planning sessions with the Planning Commission.
- Offer Planning staff and newly appointed board members at least one (1) significant training opportunity annually. This is subject to the availability of financial resources.

POLICE SERVICES

MISSION

Our mission, as a nationally accredited law enforcement agency, is to form partnerships with law abiding persons which result in every neighborhood being safer as residents enjoy a higher quality of life.

VISION

Our vision is to eliminate crime, the fear of crime and general disorder in our communities.

VALUES

Our values include respecting the dignity and worth of all people as we establish ethically based problem-solving partnerships with our neighborhood residents and the community at large while adhering to all Peelian Policing Principles.

ACTION PLAN

Therefore, our budget service plan is designed to reduce victimization throughout our venue, to ensure institutionalization of Leadership in Police Organizations (LPO) and Problem Solving Principles, and to adhere to the Rule of Law.

GOALS

Promote the vision, leadership and management required for shared responsibility with the citizenry by institutionalizing Leadership in Police Organizations training and philosophy, Community Oriented Policing, and Problem-Solving in partnership with the citizenry to ensure continuous police systems improvement by:

- Reducing Part I Violent Crime in calendar year 2015 to levels below the rate exhibited in calendar year 2010.
- Reducing total Part I Crime by 3% in calendar year 2015 (FY 15-16) in comparison with 2014.
- Providing for our employees a work environment that is sensitive to their needs, and conducive to the accomplishment of the highest quality of work.
- Assign a staff asset to the “Plan Review” conducted by Athens-Clarke County Planning Department.
- Develop, implement and sustain a WDS-based condition of bond/no bond process.
- Improving the social media communication interfaces with citizenry in a measurable mode.
- Maintaining the sworn staff attrition rate below 8% for FY16.
- Maintaining the civilian staff attrition rate (other than Communications personnel) below 8% for FY16.
- Maintaining the 911 Communications Center attrition rate below 10% for FY16. (National attrition average for similar sized agencies is 20%)
- Attaining a minimum of 9,000 annual hours of work from recruited volunteers (interns, advocates, seniors, etc.) during FY16.
- Improving the quality of life in every neighborhood via police-citizen partnerships based on the principles of LPO, continuous improvement and shared responsibility.
- Continuing the implementation and institutionalization of the LPO principles in the ACCPD.
- Reducing the opportunities for crime and reducing the fear of crime through assigning staff to specific business and residential association meetings to proactively prevent crime through “shared responsibility” endeavors.
- Establish a Juvenile Services Unit in FY16.
- Establish a juvenile investigator during FY16.
- Actively conduct with federal, state and local resources initiatives designed to lower the illegal possession and usage of firearms, gang participation, and impaired driving.

POLICE SERVICES

- Actively conduct with federal, state and local resources anti-drug initiatives designed to lower the illegal sale and possession of controlled substances as well as the abuse of prescription medications.

OBJECTIVES

- Sustain a fully operational and interactive Crime Analysis Unit (CAU) that supports and integrates into the Field Operations Bureau in a measurable mode.
- Develop, implement and sustain a performance management system that produces appropriate performance evaluations.
- Continue the emphasis on developing redundancies to eliminate failure points within the integrated justice mobile field reporting system. This system must properly provide continuous support and enhance crime analysis, the Early Personnel Warning System, Anti-Biased Based Policing Procedures, and other data driven systems required to lead a nationally accredited, medium-sized police department.
- Implement the optimal schedule and geographical placement of all personnel and resources to respond appropriately to all citizen concerns given personnel and operational allocation constraints.
- Ensure that police majors and captains are utilizing varied tools to problem solve “repeat offender” and “repeat location” areas of interest (AOIs) to prevent multiple and serial victimization of one or more individuals by an offender(s).
- Ensure that police majors and captains are actively addressing areas of interest (AOIs) associated with “repeat call” incidents and sites with tools beyond solely the “arrest solution.”
- Ensure the Centralized Criminal Investigation (CCI) continues to maintain and support a “targeting” system aimed at repeat offenders who, as a class, commit five (5) to eight (8) additional crimes after warrants have been issued for their arrest. CCI is to focus its efforts along the lines of the Safe Neighborhood federal initiative in an attempt to arrest annually, at a minimum, the 240 most violent felons and habitual property criminals and/or illegal drug suppliers impacting ACC.
- During FY16 assign a police sergeant to specifically coordinate the ACC Safe Neighborhood Initiative and report directly to the Assistant Chief of Field Operations.
- Expand, in partnership with the Clarke County School District, the School Bus Stop Arm Initiative.
- Expand the Downtown Public Safety Camera System, inclusive of automatic license plate readers.
- Continue and expand the deployment of on-officer cameras to include all officers within Field Operations.

POLICE SERVICES

BUDGET HIGHLIGHTS

The FY16 Budget for the Police Department includes an additional \$50,000 in the General Fund for ongoing operating expenditures associated with the on-officer camera program. The program, which launched in FY15, includes 142 officer-worn cameras which were purchased using forfeited funds. Ongoing operating expenses include data storage and licensing costs. The FY16 Capital Budget includes \$50,000 for camera replacement.

Also included in the FY16 Budget are additional funds for janitorial services at ACCPD satellite facilities (\$10,000) and utilities at the new SPLOST funded evidence storage facility (\$10,000).

The Central Communications Division of the Police Department (E911) operates within the Emergency Telephone System Special Revenue Fund. The primary sources of revenues for this fund are 911 fees which are expected to generate \$1,715,000 in revenue in FY16 (an increase of \$50,000 over FY15). Operating expenditures included in the FY16 Budget total \$2.5 million. To ensure sufficient funding for the operation of E911, the FY16 Budget includes a transfer of \$766,820 (and increase of \$15,000 over FY15) from the General Fund to the E911 Special Revenue Fund as well as a planned use of \$45,300 of fund balance available from prior years' operations.

PROBATE COURT

MISSION

The mission of the Probate Court is to serve the public, protect the incapacitated, and assist the afflicted, safeguarding the due process rights of all.

GOALS

- To make our public records accessible in accordance with the law and to improve the court's information retrieval systems.
- To ensure that reporting and accounting requirements are met by all guardians, conservators and personal representatives of estates, and that monitoring, auditing and enforcement requirements are met by the court.
- To protect incapacitated persons vulnerable to exploitation, neglect or abuse from harm, as well as safeguarding public safety.

OBJECTIVES

- To obtain case management software to streamline case management and information retrieval.
- To monitor and audit annual return and inventory filings promptly, to recover all funds misappropriated by fiduciaries under the court's jurisdiction, and to remove malfeasors from office.
- To continue partnership with Superior Court in the operation of the Treatment and Accountability Court and with other mental health stakeholders to improve access to treatment and services for those with mental illness or addictive disease.

BUDGET HIGHLIGHTS

Water and Sewer Fund revenues for FY16 are projected to be \$48.7 million, an increase of \$2.8 million over the FY15 Budget. This estimate is based on changes to water and sewer rates planned for adoption during the budget process and scheduled to take effect on July 1, 2015. In May, 2010, the Mayor and Commission accepted the six-year Rate Adjustment Component of the 2010 Update to the Financial Element of the Public Utilities Department Service Delivery Plan. This update included proposed rate adjustments for FY16

For FY16, the projected revenue is sufficient to fund operating expenses for \$37.8 million (not including depreciation). There are no significant changes planned in water and sewer services for FY16.

The FY16 Budget includes sufficient funding to cover the annual debt payments (\$15.7 million) for the water and sewer bonds issued in 2008 that funded the new water reclamation facilities. In addition, funding is included to repay loans from the State of Georgia Environmental Finance Authority (GEFA) Clean Water State Revolving Fund. Principal and interest in FY16 for these GEFA loans total \$1.3 million.

SHERIFF

MISSION

Our mission is to work in partnership with our diverse communities to promote and enhance the safety and the quality of life in Athens-Clarke County.

- We respect all members of the community and we value community relations.
- We respect all members of the organization.
- We value initiative.
- We value service orientation.
- We value work ethic.
- We value professional public image.
- We value professional skill.
- We value efficient use of resources.
- We value internal relations.

The Clarke County Sheriff's Office exists to provide services for the protection of life and property and the preservation of the public peace in Athens-Clarke County. The Sheriff is responsible for the physical health and welfare of all inmates in the jail, and the management of their property and money. The Sheriff's Office serves criminal warrants, civil papers, and subpoenas, executes evictions, transports prisoners to court, extradites prisoners from other states to court, provides security for State, Superior, Municipal, Magistrate and Juvenile Courts, Jurors, Clarke County Courthouse, and the Courthouse Parking Deck.

The Sheriff's Office also serves as a source of information, providing lectures and programs to community groups, civic associations and school children through the D.A.R.E. Program.

VISION

To provide a community free of crime, fear and disorder and innovative correctional practices that hold offenders accountable to become productive members of our society.

GOAL

Our goal is to provide an atmosphere of safety and security in an effective and efficient manner to the citizens of Athens-Clarke County, protect life and property, preserve the public peace, operate all of the Sheriff's Office efficiently and to enhance our awareness and educational programs for the public and for inmates and to provide for the safe and efficient transportation of prisoners throughout various locations in the state.

OBJECTIVES

- Reduce the number of warrants on file through innovative special operations and administrative warrant reduction efforts in cooperation with the courts and prosecutors.
 - Review the current warrants for validity and work with the Judiciary, District Attorney, and Solicitor General to review old warrants determined to be un-servable and create a review system to dismiss these warrants.
 - Increase staffing in the Warrant Section to actively work more warrants on the road. This can be accomplished by working with the Manager's Office, Human Resources, Mayor and Commission, and Finance through the budget process to increase the number of Warrant Deputies to clear warrants.
- Provide prompt service of Temporary Protective Orders and Involuntary Committal Orders, provide timely service of civil and landlord and tenant processes, and provide timely presentation of prisoners before the courts.
- Prevent or quickly resolve any incident or breach of security in courtrooms, the courthouse, or the surrounding grounds.
- Pick up or deliver prisoners as needed, without harm, or undue delay as required by court orders or process of law.
- Completed a 2014 staffing analysis of the Field Section's Courthouse Security Unit for the purpose of:

SHERIFF

- Determining the number of deputies needed to adequately secure our courthouse which includes courtroom security, security screening, holding cell supervision, video monitoring, inmate escorts inside the courthouse, and courthouse facility and parking deck security. Determining how many deputies are needed for transporting inmates to and from the courthouse for court related appearances.
- Increase the staffing in the Courts Unit to meet the current and future needs of the Courts by working with the Manager's Office, Human Resources, Mayor and Commission, and Finance through the budget process to increase the number of Deputies in the Courts Unit.
- Evaluating the operational efficiency of our courthouse security unit and make recommendations for cost savings while providing adequate security services.
- Reviewing our courthouse security unit's organizational structure to determine the best supervisor to deputy ratios.
- Evaluating the future use of technology, such as video bond hearing and video arraignment, and determining how this would impact the need for additional staffing.
- To provide all personnel with training opportunities in order to reduce liability.
- Continue procedural operation of the jail reducing errors in judicial processing, incidents of workplace injury, incidents of inmate violence, and public grievances. This goal applies to each year. This goal shall be assessed by tracking performance indicators in the above categories.
- Accomplish completion, opening, and transition to new jail facility. This goal applies to 2015 for Phase 1 of the jail construction and 2016 for Phase 2 of the jail construction. This goal shall be assessed by documentation of progress which shall be presented to Sheriff Edwards on a monthly basis.
- Continue to manage a growing jail population by efficient management of the inmate population and increasing, on an annual basis, the number of rehabilitative programs offered and the number of inmates participating in these programs. This goal applies to each year. Projections of future jail population growth are attached. This goal shall be assessed by analysis of statistical reports of the Inmate Programs Office.
- To continue to hire additional staff as needed for the opening of Phase 1 and Phase 2 of the new jail with staffing levels appropriate to the inmate population, and continue to retain staff by the reduction of the turnover level. This goal applies to each year. This goal shall be assessed by monitoring the number of staff hired additions and subtractions as tracked by the Sheriff Administrative Section. A chart of anticipated future staffing trends is attached.
- To pursue ACA (American Correctional Association) accreditation for the jail. This goal applies to years 2016 and 2017. During 2016, initiate accreditation application process. Seek accreditation during 2017.
- To continue to recruit qualified applicants for the position of Deputy Sheriff by developing diverse community organizational relationships and the continued execution of the recruiting list plan as approved.
 - Review the recruiting list plan on an annual basis to update and improve recruiting ideas.
- To achieve CALEA Advanced Accreditation. We believe through Advanced Accreditation, our agency will continue enhancements in the following areas:
 - Assures agency members that our policies and procedures are in written form and available to all personnel.
 - Assures that our personnel system is in accord with professional standards and is both fair and equitable.
 - Provides neutral guidelines for developing strong budget justifications, especially for personnel and their allocation across functions and activities
 - Reduces the likelihood of vicarious liability suits against the agency.
 - Assures county officials and the general public that the Sheriff's Office is delivering a high level of service.
 - Demonstrates our commitment to providing high quality services with effective and responsive policies and procedures, that are also fair and equitable.
- To continue to enhance the CALEA and State Certification proof compliance process

BUDGET HIGHLIGHTS

The Sheriff's Office requested eleven full-time positions to staff and maintain the new expanded Jail. The FY16 Budget includes \$214,000 for five new full-time positions and additional operating expenses for the last nine months of FY16. The five new positions in FY16 are in addition to the fifteen positions added previously (seven in FY14 and eight in FY15). The Budget also includes \$175,000 to provide full funding of the eight full-time positions at the new Jail which were funded for the last six months of FY15. The new Jail is scheduled to be completed by Fall 2015.

The Budget also includes \$1,430,496 for inmate medical expenses. This represents an increase of \$32,000 over the FY15 Budget and is based on the annual increase in the current contract. The Budget also includes \$752,407 for inmate meals, an increase of \$28,000 over FY15 due to an increase in meal cost.

The FY16 Budget includes the increase of one vehicle to the authorized fleet for the Sheriff's Office. The additional vehicle will be leased for use by the Sheriff's deputy assigned to the Drug Task Force. There is no impact to the FY16 Budget as the first year of lease payments will be paid by Sheriff's forfeited funds. Fuel and vehicle insurance costs will be covered within the Sheriff's operating budget.

The Sheriff's Office also requested an additional \$40,000 to restore a reduction approved by the Mayor and Commission in FY13. This increase was not recommended nor approved.

The FY16 Budget reflects a reduction of \$102,200 for Inmate Boarding expenses which decreases the number of boarded inmates in other facilities from an average of ten per day to three per day.

In addition, two existing full-time Jail maintenance positions (\$122,000) will move from the Sheriff's Office to Central Services to consolidate building maintenance services for all ACCUG facilities.

SOLICITOR GENERAL

MISSION & GOALS

The mission of the Office of the Solicitor-General is to seek justice through the appropriate prosecution of misdemeanor criminal offenses under Georgia state law and criminal violations of local ordinances in the State Court of Clarke County, the Municipal Court of Athens-Clarke County, the Municipal Court of the City of Winterville, and the Magistrate Court of Clarke County. Seeking justice requires us to investigate cases in order to gather the necessary information upon which to base prosecutorial decisions. Through the exercise of prosecutorial discretion, we seek to allocate the resources of the office in the most efficient manner in order to secure justice by maximizing the rate of successful resolution of cases, through trial, plea, or dismissal (where appropriate) while minimizing the length of time required for final disposition.

An important part of seeking justice for society is seeking justice for the individual victims of crimes. Accordingly, it is also the mission of the Office of the Solicitor-General to ensure that victims are given a voice in criminal proceedings by giving them a meaningful opportunity to express themselves through the judicial process. In order to achieve this mission, victims are provided with information about court dates and case status, education about victim compensation and restitution, and referrals to appropriate social service agencies. Additionally, we provide support for victims who face the emotionally difficult task of appearing and testifying in court.

While seeking justice is a key mission, the Office of the Solicitor-General also recognizes the need to educate the public as a way to reduce criminal behavior and increase the safety of our citizens. As a result, the Office of the Solicitor-General also sees as our mission informing the public about issues of domestic violence and alcohol related offenses, including DUI and Underage Possession of Alcohol, through various programs in an effort to prevent criminal cases before the need to prosecute arises.

OBJECTIVES

- Manage the growing office caseload in an efficient and just manner.
- Reduce time between receipt of case and arraignments by continuing to Fast Track high risk multi-offender DUI and domestic violence cases.
- Reduce time between arraignment and final disposition.
- Continue providing services and support to the victims of crimes.
- Continue to devote one prosecuting attorney through a government funded grant to handle family violence cases so that these often complex cases will be prosecuted efficiently and effectively.
- Reduce recidivism among DUI and substance abuse offenders through rehabilitation by strict supervision and mandatory treatment in the DUI/Drug Court Program.
- Continue providing effective domestic violence intervention and DUI enforcement training to new police recruits through the New Officer Basic Course and to experienced police officers through in-service training.
- Review all outstanding bench warrant cases in order to determine whether prosecution of the cases is consistent with the interest of justice.
- Continue providing educational programs designed to reduce criminal behavior and improve citizen safety at no cost to taxpayers.
- Continue to participate as team members of the DUI/Drug Court, Treatment and Accountability Court, and Veterans' Court in an effort to seek alternative sanctions that reduce recidivism and the jail population.

SOLID WASTE

MISSION & GOALS

The Solid Waste Department provides collection and disposal services that meet or exceed state standards and are responsive to the health and sanitary needs of our community. The Department accomplishes this mission while maintaining a competitive cost of service for our customers and the community as a whole.

OBJECTIVES

- Reduce cost per ton of waste processed below \$15.00 to maintain a competitive tipping fee while initiating new waste reduction measures.
- Continue implementation of single stream recycling throughout the community and increase recycling by a minimum of 3% in FY16 as compared to FY15.
- Reduce residential refuse/recycling collection cost per month/customer below \$7.50 for FY16.
- Maintain cost/man-hour for commercial curbside collections below \$16.00.
- Maintain cost/tip for commercial dumpster below \$7.00 for FY16.
- Maintain average cost/hour for litter pickup below \$21.00.
- Complete 98% of all service requests within five business days.
- Maintain scheduled leaf and limb service to all areas with a 98% or better on schedule rate.
- Continue implementation of Mayor and Commission selected waste reduction options in order to achieve waste diversion goals of 40% by 2015, 60% by 2018, and 75% by 2020.

SOLID WASTE

BUDGET HIGHLIGHTS

The Solid Waste Department's budget is supported by three funds: the General Fund, Landfill Fund and the Solid Waste Fund.

General Fund - The FY16 General Fund Budget for litter collection in the Commercial Business District is \$142,100. The Budget for Leaf & Limb services is estimated to be \$768,000. There are no significant changes for either service.

Landfill Enterprise Fund – Revenue for the Landfill Enterprise Fund is projected to be \$3.3 million, an increase of \$145,000 over the FY15 Budget. The current \$42/ton fee adopted in FY09 will continue in FY16. Based on current waste flow, the FY16 estimate is 65,000 tons, a slight increase over the FY15 Budget amount. The FY16 Budget includes \$250,000 in revenues from the Recovered Materials Processing Facility and \$190,000 from the Waste Minimization Fee, similar to FY15. Operating expenses for the Landfill Fund in FY15 are projected to be \$4.1 million, similar to FY15. Tonnage at the Landfill has declined over the past several years from 85,000 tons in FY08.

During FY15, the Solid Waste Department converted to an automated collection process. The transition to the new collection process has resulted in a reduction of eight fulltime positions in the Solid Waste Fund and a savings of approximately \$400,000. Operating expenses for the Solid Waste Fund in FY16 are budgeted at \$3.2 million, a decrease from \$3.6 in FY15. Revenues for FY16 are projected at \$3.6 million, similar to FY15. No rate changes are included for FY16.

STATE COURT

MISSION & GOALS

The Mission of the State Court is to hear civil and criminal cases in manner consistent with the law and interests of justice. The Court seeks to handle all cases in a timely, efficient, and cost-effective manner and to treat all persons who appear in Court with dignity, courtesy and respect. A significant part of the operation of the Court is the DUI/Drug Court program, the goal of which is to provide the opportunity for repeat DUI and substance-abuse offenders to achieve sobriety and become productive members of our community through a unique program of intensive supervision, treatment and accountability.

OBJECTIVES

The State Court seeks to provide diligent, effective, efficient and fair administration of justice in all civil and criminal cases. The Court endeavors to implement case-management and scheduling procedures, such as “fast track” arraignments for repeat DUI offenders and repeat Domestic Violence offenders. With respect to the DUI/Drug Court, the Court’s objective is to continue to reduce recidivism rates for high-risk offenders by holding offenders accountable and increasing public safety. The effective operation of the DUI/Drug Court program also reduces costs associated with incarcerating offenders who, if they were not participating in the program, would be serving longer sentences in jail.

BUDGET HIGHLIGHTS

The FY16 Budget for State Court reflects the transfer of the Drug Testing Laboratory service from State Court’s DUI/Drug Court budget (Special Programs Special Revenue Fund) to Superior Court’s Probation Services budget (General Fund). This includes one fulltime Medical Laboratory Specialist position (\$49,400) and State Court operating costs of \$36,000.

For FY16, State Court also requested increases of \$22,000 for Pro Hac Vice, \$16,500 for Interpreter Services, and \$4,000 for Indigent Defense. Of this \$42,500 requested increase, \$14,500 is included within the FY16 Budget.

SUPERIOR COURTS

MISSION

Superior Courts

The mission of the Superior Courts is to provide for the timely, effective and legally correct resolution of civil disputes, criminal prosecutions, appellate and equity matters in the furtherance of justice and in compliance with the Constitution and the laws of the State of Georgia. The Superior Courts also supports and oversees the operation of programs and functions within the Superior Courts' authority.

Probation Services

The mission of Probation Services is to be a leader in community corrections, working with the judiciary and the community to create a safer society. Probation Services is committed to providing the courts with quality information while offering viable, cost-effective sentencing and pretrial options. Through a balance of compliance enforcement and treatment strategies, offenders are held accountable and afforded opportunities to become productive, law-abiding citizens. Probation Services also provides offender management for Felony Drug Court, Treatment and Accountability Court, Veterans Court, DUI/Drug Court, and the Solicitor's Pretrial Intervention Program. Probation Services also provides enhanced supervision of Domestic Violence cases under a Violence Against Women (VAWA) grant.

Felony Drug Court

The mission of the Western Judicial Circuit Felony Drug Court is to provide an alternative means for addressing substance abuse offenses through a judicially supervised regimen of treatment for chemically dependent offenders with the goal of yielding sober, law-abiding citizenry, thereby reducing the cost and negative effect on the community while resolving public safety issues.

Mental Health Treatment and Accountability Court

The mission of the Treatment and Accountability Court is to increase public safety and make more effective use of resources, in cooperation with local mental health providers, by providing judicial supervision to offenders with mental illness, thereby reducing criminal behavior, reducing arrests and jail time; effectively treating and monitoring individuals with mental illness and improving the quality of life for individuals and their families.

Alternative Dispute Resolution

The mission of the Alternative Dispute Resolution Program for the Tenth Judicial District is to provide an alternative method of resolving disputes in cases filed in Superior, State, Magistrate and Probate Courts of Athens-Clarke, Oconee, Madison, Hart, Elbert, Franklin, Walton, Newton, and Oglethorpe counties. Judges in these counties assign appropriate cases for mediation in conformity with state law and local rules established by the Board of Directors for the ADR program. The ADR Program staff also coordinates the Divorcing Parents Programs in Athens-Clarke and Oconee counties for spouses filing for divorce who have children under 18 years of age.

Law Library

The mission of the Athens-Clarke County Law Library is to provide free use of legal research materials including statutes, digests and case law in an effort to promote equal access to court services. The Law Library's primary purpose is for legal research, but it also has a lawyer's lounge facilities for meetings and conferences. The Self Help Desk, assistance for self-represented litigants, will be implemented in FY16.

OBJECTIVES

- To maintain or increase current disposition rates for Superior Court civil and criminal cases.
- To increase response times, participation, rehabilitative services and compliance through alternative programs such as Alternative Dispute Resolution, Felony Drug Court, Mental Health Treatment and Accountability Court, Veterans Court and Probation Services.

SUPERIOR COURTS

- Reduce recidivism and increase the ability of offenders to become productive members of the community through the Probation Services, Felony Drug Court, Mental Health Treatment and Accountability Court, and Veterans Court.
- Incorporate the use of new and existing court-based technology to maximum extent possible to improve case tracking abilities and increase efficiency and effectiveness in case resolution in Superior Court, Probation Services, Alternative Dispute Resolution, Mental Health Treatment and Accountability Court, and Veterans Court.
- Provide clinically responsible, research-based treatment and counseling to drug and/or alcohol addicted criminal offenders through the Felony Drug Court and Veterans Court as well as those with mental illnesses through the Mental Health Treatment and Accountability Court.
- Increase positive community relations and the professional knowledge of court staff and participants while ensuring equal access to court services.
- Increase speed of case processing time in Superior Court and Alternative Dispute Resolution through case management efforts; in the Felony Drug Court, Mental Health Treatment and Accountability Court, and Veterans Court by clinically assessing potential participants more quickly to determine if they are eligible to resolve their case through participation in the program or if the case should return to traditional case processing; and in Probation Services by implementing various technology enhancements.
- Increase program participation for qualified participants in the Felony Drug Court, Mental Health Treatment and Accountability Court, and veterans Court and increase the direct contact and supervision provided to participants of these programs and Probation Services to ensure program conformity and fidelity.

SUPERIOR COURTS

BUDGET HIGHLIGHTS

For FY16, the State has approved an additional Superior Court Judge position for the Western Judicial District (which includes Athens-Clarke County) to take office April 1, 2016. The FY16 Budget includes \$51,300 of funding to cover costs for this additional Judgeship.

The FY16 Budget for Superior Court also includes \$144,000 for the transfer of the Drug Testing Laboratory service from the State Court DUI/Drug Court budget (Special Programs Special Revenue Fund) to Superior Court's Probation Services budget (General Fund). This new service in Superior Court Probation includes the transfer of one fulltime Medical Laboratory Specialist position (\$49,400), an additional part-time position (\$20,000), ongoing annual operating costs of \$50,000, and \$24,600 for one-time start-up costs. These expenses are offset by \$143,000 of revenue to the General Fund.

The FY16 Budget also includes an additional \$20,000 in the Computer Information Services Department Budget to fund software maintenance costs for the SPLOST 2011 project for improved integration of information exchanges and communications between the Judiciary and Public Safety agencies. FY16 represents the second year of operating costs for this project which is currently being implemented.

The FY16 Budget also includes a \$10,000 increase for rental costs for the Probation Services Office and an additional \$5,000 for additional training for Probation Officers. The Superior Court also requested an additional Case Manager position (\$51,500) for the Treatment and Accountability Court. The Commission approved \$26,000 to fund half of the cost of this position, with the other half being funded from grants.

The Superior Court also operates an Alternative Dispute Resolution (ADR) Program. This program operates in a separate fund and all costs are recovered by revenues from fees charged to participating judicial circuits, which currently include the Alcovy, Northern and Western judicial circuits. The FY16 Budget for the ADR Program is \$191,800.

TAX COMMISSIONER

MISSION

The overall goal of the Office of the Tax Commissioner is to provide effective and accountable tax administration to the citizens of Athens-Clarke County in a fair and courteous manner.

The Property Tax Division is involved in the preparation of the digest, collection of ad valorem tax on real and personal property, disbursements of these collections to the levying authorities, and final audit of these transactions.

The Delinquent Tax Division's mission is to maximize collection of ad valorem tax by working with taxpayers in financial difficulty and maintaining an ongoing levy program. We use all legal measures to collect delinquent tax from those who willfully refuse to pay.

The Motor Vehicle Division -- Services provided by this division are: (1) registration and titling of vehicles and collection and disbursements of related taxes and fees; (2) advise taxpayers of legal means of transferring vehicle ownership and proper registration and titling procedures; and (3) assist law enforcement in identifying vehicle ownership.

OBJECTIVES

- Process property tax payments within 24 hours of receipt
- Disburse payments received within one week in off peak season and within two weeks in the peak season as required by O.C.G.A.
- Collect, process and disburse 91% of property taxes billed within 30 days of due date
- Collect, process and disburse 98.5% of property taxes billed by the end of the fiscal year
- Process and (re)bill errors, releases and Not on Digest (NOD's) within seven working days
- Process motor vehicle dealer mail within 24-48 hours of receipt
- Turn around individual taxpayer mail within 48 hours
- Process walk-in business in 15 minutes or less for DMV and five minutes or less for property tax
- Answer phones by third ring

TRANSIT

MISSION & GOALS

The mission of the Transit Department is to provide safe, courteous, cost effective efficient public transportation services to the citizens of Athens-Clarke County.

GOALS AND OBJECTIVES

- Transit is to provide transportation to employment, educational, medical, shopping, cultural, and other resource centers for community members, with special attention to those who do not have access to other modes of transportation.
 - a) To identify areas with transit dependent block groups that have an above average propensity to use transit by assessing census data.
 - b) Recommend change on a system wide basis to better address the needs of citizens.
 - c) Emphasize regional connections for all ground transportation.
 - d) Position Athens Transit as a strong alternative to automobiles by providing more frequency of service, longer hours of service, multiple transfer options, and more direct routes with shorter travel times.
- Transit provides solutions to help manage transportation corridors within Athens-Clarke County that have a deficient level of service.
 - a) Assess major roadways for deficient levels of service where transit can assist in maintaining or improving level of service.
 - b) Identify neighborhoods that are burdened due to cut through or commuter traffic and develop service plans.
 - c) Attempt to improve air quality by reducing traffic congestion along specific corridors.
- Reduce the need for parking facilities within the CBD and UGA campus therefore allowing maximum utilization of land for more productive purposes.
 - a) Locate parking areas that are remote from the CBD and UGA campus.
 - b) Develop park-n-ride sites with direct service to the CBD and UGA campus.
 - c) Educate employers, the business community and citizens about the economic benefits of Athens Transit.
 - d) Encourage more partnerships with employers and business communities.
- ATS operates in such a manner that is cost effective.
 - a) Continue to pursue dedicated funding sources for transit services. (Examples; local option sales tax, gasoline tax, etc.)
 - b) Develop alternative revenue sources that have the least impact on local community tax payers.
 - c) Create a fare structure with a subsidized rate for people with low incomes.
 - d) Utilize SPLOST funding to supplement capital expenses.
 - e) Thoroughly investigate options using new technology to achieve operating cost savings.
- Continue to foster the ATS and UGA transit services interface in order to achieve community goals.
 - a) Continue to coordinate with Campus Transit to avoid duplication of transit services.
 - b) Develop specific services in conjunction with Campus Transit, tailored to meet the needs of UGA affiliated passengers.

TRANSIT

SERVICE GOALS

Fixed Route Service – “The Bus”

- Provide safe, timely transit services to our community and a safe service environment for customers and employees.
- Ensure that safe, clean, well-maintained vehicles are available to operate all trips as scheduled.
- Achieve a high level of rider satisfaction and an on-time performance rate that exceeds 95%.
- Maximize fare revenue, while providing economical services.
- Limit the cost of providing service by generating more revenue.
- Increase community awareness and encourage use of available transit service.
- Implement innovative route and scheduling methods to reduce cost and promote increased ridership.

Paratransit Demand Response – “The Lift”

- Limit the increasing cost of providing service by ensuring only qualified individuals are permitted to use the service.
- Achieve a high level of rider satisfaction and an on-time performance rate that exceeds 95%.
- Optimize scheduling to effectively utilize resources.
- Implement innovative route and scheduling methods to reduce cost and promote increased ridership.

* This increase is due the reduction of UGA contract revenue and crediting of FY14 STIC funds.

BUDGET HIGHLIGHTS

Total Revenue of \$5.9 million is projected for FY16, an increase of \$551,300 from FY15 Budget. Federal funding is estimated to be \$2 million in FY16, \$139,000 over the FY15 Budget amount. Fare box revenue (\$646,000) and the contribution from UGA (\$733,000) will provide \$1.4 million, which is approximately \$100,000 less than FY15.

The FY16 expenses (less depreciation) for the Transit Enterprise Fund are expected to be approximately \$6 million, approximately \$230,000 more than FY15. The addition of a pilot program to expand fixed route and demand response transit services on Sundays from approximately 8 a.m. to 10 p.m. has been included in the FY16 Budget with a projected cost of approximately \$364,000 and projected revenues of \$71,000. The General Fund contribution to the Transit Enterprise Fund will be \$2.3 million with the implementation of the pilot program.

TRANSPORTATION AND PUBLIC WORKS

MISSION

Transportation & Public Works serves and enhances the community by planning, designing, constructing, and maintaining transportation and stormwater drainage systems that are safe, efficient and sensitive to the environment.

Our motivated team of professionals continuously strives to improve our effectiveness through:

- Use of Innovative Technology
- Citizen Input
- Public/Private Partnerships
- Wise Use of Community Resources

GOALS

We are committed to do our part to ensure a high quality of life for current and future generations and to:

- Provide safe and efficient roadways, bikeways, and walkways
- Provide safe, efficient and effective traffic control and guidance systems
- Provide safe and efficient public stormwater collection and conveyance systems
- Provide proactive maintenance and prompt emergency response of county roadways, bikeways and walkways
- Identify safety and functional deficiencies in existing roadway and drainage systems and design corrective solutions in a timely manner
- Promote high quality, safe, effective and environmentally sensitive development in the community
- Oversee the construction of roadway and stormwater improvements.
- Provide a safe and effective fleet for Athens-Clarke County departments

OBJECTIVES

1. Paint 15% of all roadway striping on an annual basis, approximately 50 miles, to ensure proper road delineation.
2. Complete 95% of street work requests within three (3) days of receiving the request.
3. Upgrade 15% of all road signs on an annual basis, approximately 1,450, to ensure proper reflectivity standards of all signs.
4. Convert 28 traffic signals to the new Flashing Yellow Arrow standard and replace 20% of the first and second generation LED red and green signal indications through a relamping project to ensure dual signal indications.
5. Maintain stormwater utility bill collection to average at least 92% yearly.
6. Provide major roadway maintenance on 60 lane-miles of roadways on an annual basis to ensure the average life of a roadway surface is 15 years.
7. Review all plans for new development within fourteen (14) days of submittal.
8. Inspect 100% of all permitted development sites at least once every 10 days.
9. Oversee the completion of at least one (1) major roadway construction project, two (2) sidewalk improvement projects and two (2) stormwater improvement projects on an annual basis.
10. Replace 10% of the fleet, approximately 60, on an annual basis, ensuring an average replacement age of ten (10) years per vehicle.
11. Ensure that 90% of the fleet receives preventive maintenance prior to reaching the scheduled maintenance mileage.
12. Ensure 50% of available staff hours are spent on recurring work in maintaining the existing roadway and stormwater infrastructure.

BUDGET HIGHLIGHTS

The Transportation and Public Works department budget is supported by three funds. General Fund revenue provides funding for construction, repairs, and maintenance of streets and roadways. The Fleet Management Fund, an internal service fund, is used to allocate the cost of repairs, maintenance and fuel to ACCUG vehicles. Lastly, the Stormwater Enterprise Fund provides for repair and maintenance of stormwater infrastructure.

The FY16 General Fund Budget for Transportation and Public Works Department (\$3.9 million) includes an additional \$20,000 for meeting a limited number of neighborhood requests for additional street lighting. The FY16 Budget does not reflect any further significant changes.

The Fleet Management Division provides centralized support for other government departments. The Division purchases fuel in bulk to distribute to departments and provides vehicle maintenance and repairs. The FY16 Fleet Management Budget is \$2.5 million. There are no major changes to the Fleet Management budget for FY16. The FY16 Budget for fuel is based on a purchase price of \$2.00/gallon for gasoline and \$2.14/gallon for diesel. These prices reflect a one dollar drop per gallon for unleaded and diesel from the prices budgeted last year (\$3.00 and \$3.14, respectively).

TRANSPORTATION AND PUBLIC WORKS

The Stormwater Utility Fund, an enterprise fund, is supported by revenues from the stormwater fee. For each parcel in Athens-Clarke County, the stormwater fee is calculated based on the parcel's impervious surface area as well as the land use of the property. The FY16 Budget is \$3.5 million, and there are no major changes compared to FY15.

FY16 CAPITAL BUDGET and CAPITAL IMPROVEMENT PLAN

The Capital Improvement Plan (CIP) is a multi-year planning instrument used by Athens-Clarke County to identify capital projects and to coordinate the financing of these projects.

Capital projects are undertaken to:

- a) Maintain infrastructure and public facilities,
- b) Promote economic development and enhance the quality of life,
- c) Enhance the delivery of services,
- d) Preserve community and historical assets and
- e) Improve economically depressed areas and / or those areas with low and moderate income households.

For budgeting and accounting, a capital project is defined as an individual asset or project expenditure of at least \$30,000 which has an expected useful life of three years or longer. It includes any vehicle requests that may increase the size of the fleet beyond its current authorized level. The Mayor and Commission must approve all capital projects and additions to the fleet.

The first year of the Capital Improvement Plan is the Capital Budget. When adopted by the Mayor and Commission, the Capital Budget formally authorizes the expenditure of funds for FY16 capital projects. Projects outlined in the remaining four years (FY17 – FY20) are for planning purposes only and are not authorized until included in an adopted Capital Budget.

Furthermore, projects identified in years FY21 – FY25 are listed to show a budget estimate for the next five years of future capital planning.

In accordance with the Government's fiscal policies, once approved, the appropriation balance carries forward until the project is completed or funds have been expended.

Capital requests are classified in either of two project categories:

- a) Capital for Current Services (CS) and
- b) Capital for Additional or Improved Services (A&I).

CS projects are designed to maintain the current capital base or the existing service level. A&I projects are intended to improve service levels or add to the capital base.

Expenditures (uses) included in the FY16 Capital Budget total \$14.6 million (page D-16). General Capital Fund projects (page D-6) total \$5.1 million. The remaining capital projects in the Enterprise, Internal Service and Special Revenue Funds total \$9.5 million.

The FY16 Capital Budget and the Five-Year Capital Improvement Plan are summarized on pages D-3 to D-16. Detailed data sheets for individual projects begin on page D-17.

Department/Division: Board of Elections
Project Name or Title: Replace Electronic Voting Equipment
Category: CS - Equipment

Department Priority: 1 of 1
Eden #: 310-6109-00000-56090
Proj. #: c0413

Project Description and Location:

Purchase and/or replace ES&S voting equipment (touchscreen machines, memory cards, Optical Scan Units, ExpressPolls, Scanners). This project provides life-cycle funding to replace the initial 208 machines allotted to the Athens-Clarke County Government Unified Government in 2002, as well as additional machines required after 2002. Funding also includes maintenance of equipment.

Project Justification:

In FY03 the Georgia Secretary of State provided 208 AccuVote touchscreen voting machines to ACCUG. In FY05, anticipating "Advance Voting" work load increases, six additional touchscreen units were provided by the state and ACCUG purchased ten units. Since then, more machines have been added (16 to accomodate Early Voting at the Classic Center for the 2008 Presidential election). Currently, the board maintains 259 touchscreens, 9 Optical Scan units, 89 ExpressPoll units (48 issued from the state and 41 purchased), and 73 Barcode scanners (48 issued from the state in 2010, 25 purchased). All machines are out of warranty and ACCUG is responsible for repairs and/or replacements. The original TS units (208) are no longer in production. Replacement cost is estimated at \$650,000. This assumes: 10 year useful equipment life.

Project Name or Title: Landscape Equipment Replacement Program
Category: CS - Equipment

Department Priority: 4 of 17
Eden #: 310-6458-57300-56090
Proj. #: c0090

Project Description and Location:

Purchase replacement landscape maintenance equipment (mowers, chainsaws, ball field implements, etc.) used by the Landscape Management Division (LMD). This capital project uses equipment useful life cycles as a basis for projecting annual replacement costs. Equipment is used for landscape services to Athens-Clarke County parks, public buildings, and rights-of-way. Cost estimates are from LMD staff.

Project Justification:

Efficiency of landscape services is dependent upon functioning, reliable equipment. Since the program funding began in FY96, service has become reliable and stable as equipment is replaced on schedule (with exception of recession budget years FY09-FY14). All who travel public roadways (700 miles of streets and roads), use public parks (450 acres and 24 ball fields), or conduct business with departments (45 acres, 29 sites) are affected by Landscape Division Services. Inadequately managed growth of vegetation affects community appearance and public safety. Serviceable equipment is essential to Landscape Division's primary objective to provide a stable level of service under a range of environmental variables.

Category: CS - Equipment

Department Priority: 8 of 17
Eden #: xxx-6458-57200-56006
Proj. #: c0347

Project Description and Location:

Purchase and replace outdated equipment in the Records Center and Print Shop in order to provide better service. This program provides for the programmed replacement of record keeping and printing equipment as it approaches the end of its useful life.

Project Justification:

Approximately 30% of all equipment covered by this replacement program is 12 to 17 years old. As equipment ages, it requires more frequent service calls and replacement parts become more expensive. Equipment downtime creates the need for more expensive outsourcing. This scheduled replacement program will reduce operating costs for maintenance and outsourcing. Funding will be split between the General Capital Projects Fund (310) and the Internal Support Fund (601).

Project Name or Title: Replace Facilities Management Software
Category: CS - Equipment

Department Priority: 13 of 17
Eden #: _____
Proj. #: _____

Project Description and Location:

The Facilities Management Software Project is a project to replace and upgrade the maintenance management software currently being used on CIS' HTE platform. The software will provide several software capabilities such as work order processing, preventive maintenance, building inventory, equipment inventory, life cycle maintenance, cost tracking, contract management, space maintenance, reports and autoCAD integration. Project goals include capabilities for long-term software support and training, adoption of software that incorporates direct user input by service crews, and adoption of software that integrates with CAD operations.

Project Justification:

The existing HTE platform does not integrate CAD operations in its Facilities Maintenance software. It also lacks the capability to incorporate direct user input. Implementing Facilities Management software designed specifically for maintenance operations will provide better records, provide "real time" updates to work orders, and would introduce automation at the work crew level. In short, it will move the Facilities Management operations into the modern era of maintenance management. Additionally, the continued operation and support of the HTE platform by CIS is unclear beyond FY17.

Project Name or Title: 800 MHz Infrastructure Replacement
Category: CS - Equipment

Department Priority: 6 of 17
Eden #: _____
Proj. #: _____

Project Description and Location:

This project will establish a life-cycle replacement program for the 800 MHz radio infrastructure and towers. According to radio vendors, the infrastructure of a radio system has a life expectancy of 10-20 years; this project assumes a 20-year life span. This project sets aside money for the three towers and supporting equipment to be replaced.

Project Justification:

Radio vendors estimate their systems have a life expectancy of 20 years. This project creates an accumulating fund, beginning in FY18, to replace the towers and future infrastructure on a 20-year cycle. Based on the previous radio system, staff feels 20 years is the correct estimate through diligent maintenance, if parts remain available. Current replacement costs total \$7 million (Whitehall \$4M; Vaughn Road \$2M; Police \$1M).

Category: CS - Equipment

Department Priority: 5 of 17
Eden #: 310-6458-57000-56002
Proj. #: c0384

Project Description and Location:

This project accumulates funds for a life-cycle replacement program for the 800 MHz radios purchased with SPLOST funds. 930 radios were purchased in two groups: 195 in FY96 and 735 in FY00. Most of these radios will be replaced as part of a SPLOST 2011 project in FY15. Motorola indicates that these radios have a life expectancy of 5-10 years; this project assumes a 12-year life span. This proposal sets aside funds for each group of radios and continues the funding process for future replacements. The average current replacement cost is approximately \$3,700 / radio. These funds may also be used to replace radios that are damaged or lost during use.

Project Justification:

As these radios approach their 10-year life span, they become both unreliable and expensive to repair. Staff believes that with good maintenance, a 12-year life expectancy is feasible. No inflation figures are applied in the belief that improved technology and competition will offset any inflationary increase. Funding in FY17 and beyond will provide for the replacement of the newer radios that fail due to age, cost of repairs, or other reasons.

Project Name or Title: Food Service Equipment Replacement Program
Category: CS - Equipment

Department Priority: 1 of 1
Eden #: 310-6343-42100-56090
Proj. #: c0180

Project Description and Location:

The Correctional Facility's food service kitchen supplies meals to the Prison (Correctional Institute), Diversion Center and the Jail. This request is to ensure that kitchen equipment is safe, reliable and adequate for the volume of meals that need to be prepared.

Project Justification:

Meals provided by the Corrections Food Service Facility are a necessary component of the Jail, Correctional Institution and Diversion Center. Failure to provide meals in a timely manner can result in inmate unrest and lawsuits. The existing kitchen, installed in 1987, was designed for serving meals only at the prison. Today, Corrections prepares an average of 1,800 meals a day for the prison, diversion center and the jail. In FY05, because of the increase in the jail population, a new SPLOST funded food service facility was opened. However, the existing kitchen is still used as a servicing center; and the existing dishwasher, warming oven, steam table and other serving equipment must be maintained. Also, the prison kitchen is used as a backup kitchen and will be utilized during an upcoming renovation project.

Project Name or Title: Replacement of 1989 Ladder Truck
Category: CS - Equipment

Department Priority: 1 of 4
Eden #: 310-6342-41200-55002
Proj. #: c0641

Project Description and Location:

Timely replacement of 1989 Ladder Truck (Ladder 3) with a fully equipped and National Fire Protection Association Compliant aerial apparatus, to be housed at Fire Station 3, located at 1198 Milledge Ave.

Project Justification:

Ladder trucks in Athens-Clarke County are on a twenty (20) year replacement plan, which maintains an acceptable level of efficiency and dependability. Extending the life will cause a severe depreciation in salvage value, increase the "out-of-service" time, and increase the chance of failure during an emergency response. This is one of three specialty apparatus positioned around the county serving primarily the University; W. and NW Clarke Co. as well as response to the entire county as emergency needs require; therefore all citizens are directly or indirectly affected by our ability to provide service with this piece of equipment. Replacement is necessary in continuing to provide our current level of service. Life expectancy is 20 years front line and 5-7 years reserve status. Price is currently estimated at \$1,000,000.

Category: CS - Equipment

Department Priority: 3 of 4
Eden #: 310-6342-41200-55002
Proj. #: c0690

Project Description and Location:

Timely replacement of a 1985 GMC Tanker Truck (Engine 17) to be housed at Fire Station 6 Located at 580 Athena Dr.

Project Justification:

This apparatus serves any portion of the county without a adequate and reliable water source within 1000' of a structure, as well as supplemental water as needed. It also responds to leaf, grass, and woods fires to serve as the primary water source. Fire protection is a collective service in Athens-Clarke Co., therefore all citizens are affected by our ability to provide service with this piece of apparatus. The life expectancy is 25 -30 years (depending on wear and tear). Estimated costs of replacement is \$400,000.

Project Description and Location:

Timely replacement of 28 MDT's currently installed in Fire Department vehicles and apparatus.

Project Justification:

Computer Information Services recommended a 5 year replacement program for these devices, at which time the useful life expectancy will be reached. Technology changes and maintenance costs will make replacement a more fiscally responsible alternative. Replacement was submitted in each budget since FY 10 Budget however, the request was carried forward, repeatedly, until FY13 because of budget constraints. The recommendation provided is based on a 5 year replacement schedule, which began in FY13 which will extend the life cycle to 7 years. Replacement cost is estimated at \$290,000 (Original cost with a 3% annual increase). The amount shown in FY19 begins the 5 year cycle again, with a 3% projected increase.

Category: CS - Equipment

Department Priority: 2 of 17
Eden #: 310-6681-81201-56006
Proj. #: c0177

Project Description and Location:

This project will allow for the purchase of replacement equipment used for program and service delivery. For FY16, this includes: gymnastics equipment and picnic tables at Bishop Park; benches along Cook's Trail and Sandy Creek Park; trash cans at Holland Youth Sports Complex; a commercial freezer, refrigerator, and warmer at Lyndon House Arts Center kitchen; barbeque grills at Memorial Park and Sandy Creek Park; and bike racks and bollards for several sites.

Project Justification:

This project will continue replacement of program/service equipment that has reached or exceeded its useful life and allow the Department to help achieve its mission of providing quality facilities, parks, and programs. Over one-half million citizens are served by the Department's facilities, parks, and programs. Leisure Services staff has updated its capital asset inventory and assessment to reflect the Department's greatest needs. A table presenting the funding requirements based on the inventory is attached as support.

Project Name or Title: Install Energy Savings Equipment - Lyndon House Arts Center
Category: CS - Equipment

Department Priority: 10 of 17

Proj. #:

Project Description and Location:

This project will provide for the addition/installation of a humidistat system, and the replacement of non-functional and damaged windows/frames. The project scope will be supported by the findings of the Lyndon House Arts Center (LHAC) Survey of Energy Savings audit report dated December 11, 2009.

Project Justification:

Energy savings will be realized as the new humidistat system in the historic house will allow for alternate settings during unoccupied hours. Currently, the house system must be set in occupied mode 24/7 to keep the humidity up to 50% such that the antique furnishings will not crack.

Department/Division: Leisure Services
Project Name or Title: Replace the Showmobile
Category: CS - Equipment

Department Priority: 7 of 17
Eden #: _____
Proj. #: _____

Project Description and Location:

This project will replace the portable stage referred to as the Showmobile which is used to support many community-wide special events and festivals (such as the Holiday Parade, Athfest, etc.). The Showmobile is rented regularly by various Local and Government organizations to serve as a primary support component for most large events held within Athens. The diversity of these events insures a large cross section of ACC citizens are able to enjoy and take advantage of the entertainment values that are provided through utilization of the Showmobile.

Project Justification:

The current Showmobile was purchased in 1996 with an estimated useful life of 20 years (dependent upon the frequency of use and the level of maintenance), is used 35 times/year on average, and generates \$5K in annual revenue. In FY13, Leisure Services coordinated with Fleet Management to use existing replacement funds to complete numerous critical repairs which temporarily brought the asset back to a safe, usable condition. Due to the asset's current age, the high level of annual usage, and the related safety/maintenance issues, it is advisable to replace the Showmobile in the near future. The estimated replacement cost is based on a 2013 vendor quotation of \$130K plus cost inflation of \$5K per year (for 6 years).

Department/Division: Police
Project Name or Title: Cameras and Electronic Data Storage (Video)
Category: CS - Equipment

Department Priority: 5 of 12
Eden #: _____
Proj. #: _____

Project Description and Location:

Deployment and maintenance of visible, on-officer camera systems to record interactions between officers and the public. The system shall automatically and seamlessly download and store digital video for use in court and for supervisory reviews as mandated by national accreditation (CALEA) standards. Inclusive of equipment purchase, maintenance, and data storage costs.

Project Justification:

The Athens-Clarke County Police Department has utilized video recordings for a number of years, to include in-car video recordings and a limited number of on-officer camera systems. In 2014, a limited number of on-officer cameras were issued to patrol operations. The deployment of additional on-officer camera systems would allow for the strategic replacement of aging in-car video systems, as well as allow for issuance of cameras to a greater number of patrol officers. Video would be transferred to a centralized database for use by criminal justice stakeholders.

Project Name or Title: Continue Mobile Computers Replacement Program
Category: CS - Equipment

Department Priority: 3 of 12
Eden #: 310-6341-40400-56006
Proj. #: c0559

Project Description and Location:

To provide annual funding for future replacement of police mobile computers and related mounts, docks and antennae in police vehicles as to provide laptops for all sworn officers. Funds for the replacement of mobile laptops and related equipment have been provided in the past from revenues generated by the Red Light Violation Program. Red Light Camera funds are inadequate to continue to support this project and must be supplemented with general fund resources. The initial purchase of these 120 laptops was approved by the M&C on April 01, 2008.

Project Justification:

Mobile computers provide critical communications capabilities for police officers in the field to access the databases of the Computer Aided Dispatch (CAD) System and the Records Management System (RMS). The absence of such computers would have a chilling effect on operations, much like a person stranded on an island with only a boat to access the mainland after the loss of a bridge; officers would still have access to such databases, yet would need to access such information at one of the precincts/substations lessening departmental efficiencies in the field.

Project Name or Title: Replace Criminal Investigations Vehicles
Category: CS - Equipment

Department Priority: 2 of 12
Eden #: 310-6341-40200-55002
Proj. #: c0085

Project Description and Location:

Replacement funds for four (4) undercover vehicles for use by Criminal Investigations.

Project Justification:

Familiarity with undercover vehicles can influence operational effectiveness and potentially endanger the safety of personnel as once identified, it is unlikely that suspects will engage in activity with the vehicles and may become hostile towards such vehicles and occupants. Vehicles are traded-in each year so that they will be under warranty. This practice limits vehicle repair costs to the county.

Project Name or Title: Replace Drug Task Force (DTF) Vehicles
Category: CS - Equipment

Department Priority: 1 of 12
Eden #: 310-6341-40201-55002
Proj. #: c0008

Project Description and Location:

Replacement funds for four (4) undercover vehicles for the Drug Task Force (DTF).

Project Justification:

Familiarity with undercover vehicles can influence operational effectiveness and potentially endanger the safety of personnel as once identified, it is unlikely that suspects will engage in activity with the vehicles and may become hostile towards such vehicles and occupants. Vehicles are traded-in each year so that they will be under warranty. This practice limits vehicle repair costs to the county.

Department/Division: Police
Project Name or Title: Traffic Motorcycle Replacement Program
Category: CS - Equipment

Department Priority: 4 of 12
Eden #: 310-6341-40000-55002
Proj. #: c0600

Project Description and Location:

Replacement of Traffic Section motorcycles that are used for traffic safety, enforcement of traffic statutes, and accident investigations. The traffic section has ten (10) motorcycles of various model years. These motorcycles are used daily (weather permitting) by the officers assigned to the traffic section. The officers routinely use radar, monitor red-lights, perform speed zone enforcement in school zones and other duties associated with traffic enforcement. This project will provide funds for the maintenance of motorcycle assets and provide necessary funds for the trade in/replacement purchase of two (2) new police motorcycles per year and allow for a five (5) year rotation of the motorcycle fleet.

Project Justification:

The Harley-Davidson Company/Cycle World of Athens had provided law enforcement agencies with new motorcycles on an annual basis for \$1 as part of a specialized lease program; this program was terminated by the company in 2007. The department is in need of a life cycle replacement program and funds for the maintenance of the traffic motorcycles. The current total price for a new Harley-Davidson police motorcycle (fully equipped) is approximately \$15,500. Used models are currently selling for \$7,000 - \$9,000 (trade-in value). It is estimated that it will take approximately \$5,000 to equip each new police motorcycle in FY16.

Project Description and Location:

The Sheriff's Office currently uses the software provided by Kronos for payroll needs. All computers throughout the Sheriff's Office have access to Kronos for personnel to enter work hours for payroll purposes.

Project Justification:

The Sheriff's Office is experiencing issues on some of the computers using the current version of Kronos software. It has been determined that the current version of Kronos will no longer be supported which requires an upgrade from Workforce Central v6.0 to v7.0. The server that Kronos resides on is out of date and will also need to be replaced.

Department/Division: Sheriff
Project Name or Title: Replace Mobile Data Computers
Category: CS - Equipment

Department Priority: 3 of 5
Eden #:
Proj. #:

Project Description and Location:

The Sheriff's Office uses 11 mobile laptop computers and related hardware which includes 19 mounting racks/antennas in its vehicles. This achieves the desired amount of computers and related hardware for current services. This request is a transition from initial purchase to a lifecycle program to maintain current service levels. The mobile laptop computers and related hardware have a 3 year warranty and a lifecycle of approximately 6 to 7 years. Based on the 6 to 7 year lifecycle, the predicted replacement for 11 computers and 19 mounting racks/antennas are in FY16 at a cost of \$60,000 (\$33,000 for 11 computers and \$26,600 for 19 mounting racks/antennas). There is an approximate \$45 monthly service fee per laptop computer which the Sheriff's Office is already paying through its operating budget.

Project Justification:

These computers are utilized in or out of law enforcement vehicles to communicate with other Sheriff's Office personnel and UGA/ACCPD police departments, to write and transmit reports and court service records and access local, state and federal information systems. Demands on data entry personnel and the need for overtime will be reduced. Personnel will be able to directly access the most up to date information on arrest warrants, civil processes, vehicle registration, drivers license and other important information. Officer and citizen/community safety will benefit.

Project Name or Title: Replace Prisoner Transport Bus

Department Priority: 5 of 5
Eden #: _____
Proj. #: _____

Project Description and Location:

The existing prisoner transport bus (44 passenger) was purchased and delivered in February 2000. It was purchased through the Sheriff's Inmate Special Revenue Fund. It is currently not in the vehicle replacement program.

Project Justification:

The existing prisoner transport bus is used to transport inmates from the jail to the courthouse, and back to the jail after court appearances. It's vital and necessary to the Sheriff's Office in that it reduces the number of trips back and forth from the jail to the courthouse because of its passenger capacity.

Project Name or Title: Replacement of Courthouse Security Screening Equipment
Category: CS - Equipment

Department Priority: 4 of 5
Eden #: 310-6226-25200-56090
Proj. #: c0500

Project Description and Location:

This project involves the purchase of two Security Screening X-ray machines (PX6.4 X-Ray Systems at \$30,000 each) and two walk through metal detectors (PD6500i WTMD's at \$4000 each) in FY21-25 to replace existing equipment, which has an approximate ten year life cycle. Total cost is estimated at \$75,000. After the first year of purchase, there will also be operating expenses for a maintenance plan at an annual cost (for both sets of machines) of \$12,000.

Project Justification:

The Security Screening machines and the Walk-Through Metal Detectors are essential to providing the necessary security for the Clarke County Courthouse. The Screening machines are able to scan packages and other belongings that are brought into the Courthouse and display images of such property for the purpose of detecting weapons and/or explosive devices. The advanced features of the Security Screening machine include operator assistance, image archiving, and threat image projection. The Walk-Through Metal Detectors have the capability to detect metal objects in eight different zones within its frame. It will also provide a visual display that pinpoints the area of alarm.

Project Name or Title: Stormwater System Improvement Program
Category: CS - Equipment

Department Priority: 3 of 15
Eden #: 507-6453-52500-52001

Project Description and Location:

This is a continuing program of constructing improvements for publicly-owned stormwater management facilities located throughout Athens-Clarke County. Exact project locations are determined through the Areawide Stormwater Master Plan, the requirements of the NPDES Phase II permit, and the watershed improvement program. Note: The program reflects only the capital improvements associated with stormwater improvements since the operating and general maintenance costs are included in the Stormwater Enterprise Fund annual budget.

Project Justification:

The purpose of this program is to continue the implementation of water quality and quantity projects identified in the Areawide Stormwater Master Plan and Non-Point Source Pollution Program. The program includes the repair and upgrade of existing facilities and construction of new stormwater management facilities. Priority for design and construction is based on a rating system approved by the Mayor and Commission.

Category: CS - Facilities

Department Priority: 2 of 17
Eden #: 310-6458-57400-53003
Proj. #: c0188

Project Description and Location:

The Facility Component Life Cycle Maintenance program is an annual plan to replace key facility components on buildings maintained by the Central Services Department. The goal is to replace the items at or near the end of their normal life expectancy. The major components included in this program are roofs, HVAC equipment, exterior and interior painting, carpets and emergency generators. A 3% inflation factor has been applied.

Project Justification:

This program is required to ensure that adequate funds are available, on an recurring basis, to maintain facilities owned by the Athens-Clarke County Government. Replacements covered under this program are necessary to protect the financial investment that Athens-Clarke County has in their public facilities. Timely replacement of failing components extends the life expectancy of facilities and creates a safer and more productive work environments. Cost estimates were obtained from the Facilities Management staff and through professional services.

NOTE: Funding requested in each year is based on projected needs of the life cycle program.

Impact on Annual Costs:

If this program is not adequately funded, carry-forward reserves will be depleted and needed life cycle replacements will be deferred resulting in deteriorated facilities, higher equipment failures, adverse impacts on building occupants, higher maintenance and repair expenses in the operating budget, and higher future capital replacement needs.

Department/Division: Central Services
Project Name or Title: Landscape Life Cycle Program
Category: CS - Facilities

Department Priority: 7 of 17
Eden #: 310-6458-57300-53003
Proj. #: c0182

Project Description and Location:

The purpose of this project is to provide or restore Athens-Clarke County (ACC) landscape features that: (1) become unserviceable due to natural life-span, (2) are destroyed due to construction activities, (3) serve as enhancements to existing conditions, or (4) provide a standard level of landscape quality to under-funded facility projects, or (5) serve as natural vegetative cover for undeveloped or passive public lands. Projects are located at ACC parks, rights-of-way, and facilities.

Project Justification:

The Landscape Management Division annually responds to events requiring landscape plantings and support systems for ACC properties. The consequence of not responding is deteriorated conditions, a negative public image and limits to programmed activities. This Capital "life cycle" Program stabilizes annual expenditures, preserves infrastructure assets, benefits citizens and staff and improves asset life expectancy. A combination of chemical, mechanical and other methods will be used, with an emphasis on environmentally compatible methods where possible. For FY15 and beyond, the budget supports additional and relocated facilities including the new tennis center, the new jail, and new ROW stormwater bio-retention facilities.

Project Description and Location:

This Life Cycle Program for the College Avenue Deck and the West Washington Building parking deck is an annual plan to replace key facility equipment and components at or near the end of their normal life expectancy.

Project Justification:

This program is needed to ensure that adequate funds are available, on an annual basis, to maintain the College Avenue Parking Deck and the West Washington Building parking deck. The protection gained comes in the form of extended life expectancy and safer and more productive work environments.

Project Description and Location:

This project will allow for needed repairs, maintenance and/or replacement to existing facilities. For FY16, this project will replace: windscreens and a ballfield score stand at Bishop Park; basketball court resurfacing and basketball/tennis court fencing at East Athens Community Center; turf replacement at two Holland Youth Sports Complex soccer fields; fencing at the Zoo Barn/two animal exhibits and exhibit bedding materials at Memorial Park; tennis court resurfacing at Satterfield Park; parking lot resurfacing; annual playground repairs/safety surface materials at several sites; and annual mulch, infield dirt, and trail/path surface materials at several sites.

Project Justification:

This project will provide funding to rehabilitate facilities, address safety and redesign issues, and support the required maintenance needed to uphold the quality standards for our Leisure Services Department buildings/structures, facilities, parks and natural areas. Leisure Services staff has updated its capital asset inventory and assessment to reflect the Department's greatest needs. A table presenting the funding requirements based on the inventory is attached as support.

Project Description and Location:

This project will allow for needed repairs, maintenance and/or replacement to existing aquatic facilities and amenities. For FY16, this project will repair and/or replace: worn lifeguard umbrellas, trash cans, and water pump and filtration system components at four pool sites; worn lifeguard stands at three pool sites; and worn diving boards at the East Athens Community Center and Memorial Park pools.

Project Justification:

Pool improvements will maintain the current level of service and safety that Leisure Services provides to the ACC community each summer. Leisure Services staff has updated its capital asset inventory and assessment to reflect the Department's greatest needs. A table presenting the funding requirements based on the inventory is attached as support.

Department/Division: Leisure Services
Project Name or Title: Renovate East Athens Educational Dance Center
Category: CS - Facilities

Department Priority: 12 of 17
Eden #: _____
Proj. #: _____

Project Description and Location:

This project addresses facility renovations, participant safety, and water conservation improvements at East Athens Educational Dance Center (EAEDC). Included in the project is replacement of the: tap dance floor (studio A); furniture and carpet in the lobby; protective vinyl floor covering in the Presentation Hall; electronic equipment used in each studio; washer/dryer; and retractable wall (studio B). The facility enhancements would include the installation and implementation of a rainwater catchment conservation system. The FY21-FY25 funding reinstates the total project cost back to the original amount requested.

Project Justification:

EAEDC opened in 2005 with significant participation in dance programs, classes, camps and productions. The high volume of participants has resulted in beyond normal wear on the facility. The tap dance floor is damaged and scarred; the lobby furniture and carpet are showing wear; and the vinyl floor covering, studio electronics, retractable studio wall, and washer/dryer machines will reach their life expectancy in 2016. The installation of a rainwater catchment system will result in more efficient landscape irrigation capabilities. The upgrading of these spaces are important to the overall desirability of the facility as a performance venue.

Department/Division: Leisure Services
Project Name or Title: Renovate Sandy Creek Nature Center
Category: CS - Facilities

Department Priority: 13 of 17
Eden #:
Proj. #:

Project Description and Location:

This project will update aging facilities and amenities at the Sandy Creek Nature Center (SCNC) and support the continued safety and long-term upkeep for buildings, roads and trails. Included in the project are repairs and/or renovations to: the Walker Hall Complex (WHC - Walker & Fireside buildings); the Education and Visitor Center building (EVC); the Allen House; the Barber-Bridges Log House; 1/2 mile of paved road; and stairs, steps and decks on the trail system. Recently revised engineers' and contractors' cost estimates for the EVC to WHC paving improvements resulted in an increase in the overall project cost (\$458.6K vs. \$418.6K). This project includes items not addressed in the recently completed SPLOST 2005 addition and expansion to the SCNC. The FY19 project funding will address the initiation of design and engineering services. The FY20 funding reinstates the total project cost back to the original amount requested.

Project Justification:

The WHC was last renovated in 1994 and is need of painting, insulation upgrades and deck repairs. The 20+ year old stairs to the Claypit Pond at both WHC and the trail need replacing. The road from the EVC to the WHC, which is part of the heavily used Greenway, was paved in 1983 and is crumbling on the edges, has collapsing culverts, and is buckling and missing asphalt in many areas. The EVC building was constructed in 1998 and has not had any significant maintenance since that time. Rotted baseboards in the mechanical rooms need replacing. The first Interactive Exhibits require repair/refurbishment every 10 years, and they will be approximately 20 years old at the time of funding. The Allen House is an historic structure (ca. 1917) used by Leisure Services as Administrative Offices and needs interior renovations and stabilization - none has occurred since the 1980's.

Project Name or Title: Energy Management Program
Category: CS - General

Department Priority: 14 of 17
Eden #: 310-6458-57400-53003
Proj. #: c0487

Project Description and Location:

The purpose of the Energy Management Program is to reduce energy consumption & costs at ACC facilities. This project provides funding for the implementation of proven energy savings measures & audits to identify those measures. Funds may be used as a one time life-cycle augmentation where it can be demonstrated that the early replacement or upgrading of equipment will result in energy savings.

Project Justification:

The justification for this project is reduction in energy consumption and proven energy cost savings. Energy audits conducted in 2012 identified projects at Athens-Clarke County facilities which will significantly reduce energy use. Projects completed in subsequent years will increase savings to Athens-Clarke County and reduce our carbon footprint. Further savings could be realized through a broader program application and additional annual funding.

Department/Division: Leisure Services
Project Name or Title: Create a Property Boundary Program
Category: CS - General

Department Priority: 14 of 17
Eden #:
Proj. #:

Project Description and Location:

This project is to address the need to survey, permanently mark, and update/consolidate deeds of property owned by ACCUG and managed by Leisure Services. This supports the establishment of boundary lines for the integration of property restrictions into the GIS planning database and the creation of consolidated deeds. This project will begin addressing boundary needs at: Memorial Park; Sandy Creek Nature Center; Sandy Creek Park; and the Tallassee tract. The FY18 request will address 50% of the properties and the remaining 50% will be addressed in FY21. The FY21-FY25 funding reinstates the total project cost back to the original amount requested.

Project Justification:

Properties comprising the Leisure Services Department encompass more than 50 miles of boundary lines. Within these properties, less than 40% of the boundaries are currently marked. Recent development along park boundaries has created issues ranging from direct property encroachment and sediment/stormwater runoff to the creation of unofficial or illegal access points. Unmarked property boundaries hamper public safety and Leisure Services' ability to address these issues.

Project Description and Location:

Capital Contingency is used to fund unanticipated capital expenses. Funds are transferred to other projects with the Manager and/or Mayor and Commission approval. No expenses are charged directly to this project.

Project Justification:

All requests are reviewed by the Manager and based on funding parameters are then forwarded to the Mayor and Commission for either their information or approval.

Category: CS - General

Department Priority: 4 of 4
Eden #: 310-6456-00000-56003
Proj. #: c0427

Project Description and Location:

Funds to develop a database of digital oblique aerial photos that would be incorporated into the existing GIS and updated every three years, at a cost of approximately \$90,000 per update.

Project Justification:

As part of the ongoing development of a comprehensive GIS for Athens-Clarke County, the Planning Department has incorporated a Pictometry system with the existing data. Pictometry is based on digital oblique aerial photos that, when combined with standard aerial photography and orthorectified, makes it possible to view all sides of vertical features in the landscape and built environment. This data is also scaled so that these vertical features can be analyzed with the same relative accuracy as features viewed only in traditional plan-view photos. In order to maintain the accuracy of the data, it is recommended that the aerial data used for the Pictometry system be updated biannually. Like all data managed using GIS, the Pictometry information will benefit all departments of the Athens-Clarke County government and the general public.

Category: CS - General

Department Priority: 2 of 4

Proj. #: c0350

Project Description and Location:

Acquisition of new aerial photography and planimetric data for Athens-Clarke County's Geographical Information System (GIS) Base Map.

Project Justification:

Past policy has been to have new aerial photography produced every five years with new planimetric data (roads, building footprints, utilities, etc.) and topographic data (two foot contours) created every ten years. Maintenance of this data provides the County's GIS with the most current and accurate information available. New aerial photography was flown in January, 2013. The next scheduled update of photographic, planimetric, and topographic data will be in FY18.

Category: CS - Transportation

Department Priority: 1 of 3
Eden #: 310-6451-50100-53001
Proj. #: c0334

Project Description and Location:

This project provides matching funds for Airport Improvement Projects (AIP) and other grants funded by the FAA and/or Georgia Department of Transportation (GDOT). Scheduled projects for FY16 include the rehabilitation and overlay of runway 9/27 including fillets for the Boeing 737 turn radius and concrete parking apron, and rahabilitate runway 9/27 from medium intensity runway lights to high intensity lights.

Project Justification:

These projects were not funded by the GDOT in FY15 and therefore are being carried over for FY16. These projects are in keeping with the airport's FAA capital improvement program and Airport Master Plan. Total cost for the projects is \$2,595,000 with funding sources as follows: \$300,000 annual FAA entitlements, \$2,165,250 FAA discretionary, ACC's local match \$64,875 and the GDOT match of \$64,875. Note that funding for these projects is contingent upon the FAA approving discretionary funding.

Department/Division: Transit
Project Name or Title: Local Match for Transit Capital Grants
Category: CS - Transportation

Department Priority: 1 of 2
Eden #: 310-6452-51000-55020
Proj. #: c0376

Project Description and Location:

Provides the local match funds for various Federal and State Transit Capital Grants. Typical funding is 80% Federal-20% local match. Some projects may receive a 10% state match, if State funding is appropriated. Federal Capital Grants have previously been submitted to and approved by the M&C and been properly executed. The Projects receiving annual grants and matching dollars are for replacements and expansions of transit vehicles (buses, demand response vans, support vehicles,) capital maintenance items and equipment, transit facilities improvements, bus shelters, benches and other various transit related capital equipment. This project corresponds to the approved 2015-2018 Transportation Improvement Plan (TIP) and the Madison Athens Clarke Oconee Regional Transportation Study (MACORTS) 2019-20 Second Tier projects listing and 2040 Long Range Plan Transportation Plan.

Project Justification:

The Federal Transit Administration and the Georgia Department of Transportation recommend replacement of transit buses when they are 10 or 12 years old and vans when they are 5, 7 or 10 years old, depending on FTA useful life rating by specific vehicle type. The average replacement cost is \$405,000-\$425,000 per bus and \$75,000 to \$100,000 for vans. All grants require a minimum 20% local match, which is reflected in the increased funding levels. It's anticipated that Federal funding will be available in FY16 for various vehicle replacements, capital maintenance items and other capital equipment replacements. SPLOST 2011 funding is available to cover the local match required for all vehicle replacements and Bus Stop Improvements in the upcoming years. Note: Buses ordered in 2014, will not be delivered until fall of calendar 2015.

Impact on Annual Costs:

The SPLOST 2011 Project # 7, Transit Vehicles and Bus Stop Improvements program will provide for the replacement of older transit vehicles or acquisition of new vehicles to expand service and for capital improvements to system bus stops. Capital improvements are to include installation of signage, pad pavement, seating, covered shelters, landscaping, bicycle racks, route information, and related bus stop improvements. This is a continuation of a SPLOST 2005 program.

Department/Division: Transportation & Public Works
Project Name or Title: Pavement Maintenance Program (Life Cycle)
Category: CS - Transportation

Department Priority: 1 of 15
Eden #: 310-6453-52200-52005
Proj. #: c0183

Project Description and Location:

This Life Cycle program provides for the maintenance, repair and reconstruction of pavements on Athens-Clarke County roads. The majority of the maintenance work is performed by a contractor under the direction of the Engineering Division within the Transportation & Public Works Department.

Project Justification:

This program is critical to the effective operation of our transportation system and benefits all the citizens and motorists in Athens-Clarke County. Included in the program are approximately 130 lane miles of arterial roads (10-year maintenance frequency), 290 lane miles of collector roads (12 to 15-year frequency), and 840 lane miles of local roads (15 to 20-year frequency). This is a life cycle item with an identified needed annual cost of between \$2.3 and \$3.0 million. Approximately \$750,000 a year will be utilized from the SPLOST 2011 program and it is expected that the Georgia Department of Transportation will continue its contribution of \$900,000 a year toward these improvements under the LMIG program. Pavement reconstruction projects will continue to be a significant expense to the overall program.

Department/Division: Transportation & Public Works
Project Name or Title: Replace Traffic Signal Systems (Life Cycle)
Category: CS - Transportation

Department Priority: 9 of 15
Eden #: 310-6453-52100-52006
Proj. #: c0094

Project Description and Location:

Athens-Clarke County is responsible for the routine maintenance and efficient operation of 170 traffic signals (87 are owned by ACC; 77 are owned by GDOT; and six (6) are owned by UGA). The life cycle for existing traffic signal equipment, to keep it operating efficiently and have it responsive to traffic flows, is approximately ten (10) years. Beginning in 2014, traffic signals will display a "flashing yellow arrow" to indicate a permissive left turn (instead of the current green ball). Funds will be used to purchase the controller equipment, signal heads, and signal wire to make the modifications over a seven-year period. Finally, this capital project includes the installation of new traffic signals when warranted.

Project Justification:

The costs to maintain traffic signal equipment increase as the equipment ages beyond ten (10) years. As the equipment wears out and malfunctions occur, the traffic signals fail to operate efficiently which creates traffic congestion. Upgrades to traffic signals include new wiring, new controller, new signal heads, new poles (as required), and vehicle detection (both in-pavement loops and video detection). The modification to the flashing yellow arrow operation will include additional wiring in the traffic controller, updated operational software, 4-section signal heads, and in certain circumstances, taller signal poles.

Department/Division: Transportation & Public Works
Project Name or Title: Bridge Maintenance and Improvement Program
Category: CS - Transportation

Department Priority: 6 of 15
Eden #: 310-6453-52200-52004
Proj. #: c0449

Project Description and Location:

This program provides maintenance, rehabilitation, and construction on bridges along local roads throughout Athens-Clarke County. Locations of bridge work and projects are identified by the Georgia Department of Transportation's Bi-annual Bridge Inspection Report and by Athens-Clarke County Transportation & Public Works staff.

Project Justification:

Most bridge structures in Athens-Clarke County can achieve a service life of 50 years or greater with timely maintenance and upkeep. However, several bridges, while structurally safe, do not meet current design standards for travel lanes, pedestrian/bike facilities, and other requirements. Funding for the program will be prioritized for maintenance and rehabilitation work, and to meet current design standards. Additional funding has been included from the SPLOST 2011 program. The FY15-FY20 budget years incorporate the funding from the SPLOST 2011 referendum project Road and Bridge Improvement and Replacement Program.

Impact on Annual Costs:

If the capital project funding is not approved, the operating budget for the roadway maintenance line item would need to be increased by an additional \$100,000. If it is approved, the operating budget would stay the same.

Note: The "other" category covers the salary and benefits expenses associated with the public works inspector position assigned to this capital project.

Department/Division: Transportation & Public Works
Project Name or Title: Roadway Safety Devices (Life Cycle)
Category: CS - Transportation

Department Priority: 5 of 15
Eden #: 310-6453-52100-52006
Proj. #: c0428

Project Description and Location:

Transportation & Public Works installs three (3) primary roadway safety devices: guardrails, raised pavement markers, and pavement markings. Guardrail installation is a part of a continuing program that includes replacement of old and damaged guardrails and installation of new guardrails where applicable. Raised pavement markers include the replacement and installation of pavement markers and fire hydrant location identifiers. Pavement markings include the installation and replacement of thermoplastic markings and painted markings, long-line striping and intersection lines throughout Athens-Clarke County.

Project Justification:

Providing for safe travel on Athens-Clarke County roadways is a key component of the day-to-day functions of the Transportation & Public Works Department. These roadway safety devices enhance safety, reduce crash severity, and increase the visibility of lane markings during bad weather and at night for all citizens and motorists in Athens-Clarke County. Traffic Engineering's work scope for long-line striping has also expanded to include the use of thermoplastic markings instead of paint wherever possible. For the past five years, Athens-Clarke County has been able to utilize state grant funds for installing some pavement markings. However, these funds are not expected to be available for the foreseeable future and the general fund will need to cover the total cost of the installation of these safety devices.

Department/Division: Transportation & Public Works
Project Name or Title: School Area Infrastructure Capital Projects
Category: CS - Transportation

Department Priority: 13 of 15
Eden #: 310-6453-52200-52006
Proj. #: c0545

Project Description and Location:

These are small roadway, drainage and pedestrian improvement projects adjacent to Clarke County school sites where infrastructure projects have been identified to deal exclusively with a need that either currently exists or is created by school expansion or other internal site changes. Funds from previous years, for example, have been used to convert electric school flashers to solar power at various elementary schools sites throughout Athens-Clarke County.

Project Justification:

In the past, these types of improvement projects immediately adjacent to schools have been handled within the current operating budget of Transportation & Public Works, typically at the expense of other infrastructure needs. This capital project has allowed Transportation & Public Works to continue to address these infrastructure needs from a dedicated source of funds without competing against other improvements. The projects will range from small intersection improvements to crosswalk modifications to stormwater conveyance system upgrades. Staff has identified pavement markings and equipment replacement as the first items to be addressed in FY16.

Department/Division: Transportation & Public Works
Project Name or Title: Upgrade Street Name Signs
Category: CS - Transportation

Department Priority: 11 of 15
Eden #: 310-6453-52100-52006
Proj. #: c0544

Project Description and Location:

The program will continue upgrading street name signs overhead (traffic signal) and ground mounted throughout Athens-Clarke County. Many of the ground mounted street name signs on the classified roadway system do not comply with current MUTCD standards for size and reflectivity. There are signs (street name and regulator/warning traffic signs) on residential streets that are non-reflective due to extreme age and do not meet current MUTCD standards. The program will aid with addressing the large number of non-standard/non-reflective signs and become compliant.

Project Justification:

This project will install street name signs at the intersections and improve the reflectivity to "diamond grade" sheeting material which will make the signs significantly more visible at night and comply with the current MUTCD standards. Additionally, the new signs will have block numbers on them to aid emergency services personnel and visitors to Athens-Clarke County. The project will also include the replacement of traffic signs within residential neighborhoods that have outlived their life cycle (some over 30 years old) and will support our long-term plan to have all traffic signs meet the current MUTCD reflectivity standard.

Department/Division: Building Inspection
Project Name or Title: Purchase Mobile Devices for Code Enforcement
Category: AI - Equipment

Department Priority: 2 of 3
Eden #: _____
Proj. #: _____

Project Description and Location:

The purpose of this project is to equip our code enforcement officers with handheld devices for use during regular patrols and during investigations of ordinance violations. The use of these mobile devices will allow us to better leverage our Energov database by allowing real-time access to code case information, GIS data, and ordinances. The use of mobile devices to enter data into Energov in the field will result in a reduction in paperwork generated by staff. Community Protection Division offices are in the Dougherty Street Government Building at 120 W. Dougherty Street.

Project Justification:

This project is in line with the Mayor and Commission goal of reducing paperwork. Department management expects the use of mobile devices will give officers better information in the field which should allow for more informed decisions regarding possible ordinance violations. It is expected that the additional information and real-time access to data and contacts will allow for violations to be identified more quickly and accurately, and therefore corrected sooner in many instances.

Department/Division: District Attorney
Project Name or Title: eDiscovery Portal and Paperless Filing System
Category: AI - Equipment

Department Priority: 1 of 1
Eden #: _____
Proj. #: _____

Project Description and Location:

This request is for an eDiscovery Portal and Paperless File System. The portal is a website that will allow the District Attorney's office to disseminate statutorily required evidence to defendants and their attorneys. The Paperless File System will use an electronic document management system and other technology to eliminate the use of paper, and all items required to build and maintain a paper file. The project would begin January 2015, and be completed in the same calendar year. There are options as to who would complete the project including: a third-party vendor, the District Attorney's Office, or the Computer and Information Systems Department. Five Points Solutions, a third-party vendor is an option, and they are currently working with the County on a SPLOST project.

Project Justification:

The District Attorney's Office is required by law to provide evidence to defendants and their attorneys. To do so now means using thousands of reams of paper, and other office supplies to make and build a paper file. This project will take the office to the cutting edge of technology by eliminating paper, and using digital files. Cases will be resolved quicker, caseloads will be reduced, the community will be better served, and as important, the County will not only save money, but will help save the environment from the waste of using tangible items that get thrown away, shredded, or otherwise discarded. While helping improve efficiency of criminal prosecutions, it will make Athens a better member of the global community.

Department/Division: Finance
Project Name or Title: Grant Management Software
Category: AI - Equipment

Department Priority: 1 of 1
Eden #: _____
Proj. #: _____

Project Description and Location:

Grant management software - managed by Finance Department.

Project Justification:

From FY's 2006 to 2014 Athens-Clarke County received \$91.2 million in grant revenues and averaged forty six (46) federal grants annually. In one year ACC received funding from seventy four (74) federal grants. These numbers demonstrate the need for ACC to adopt a centralized grants management system. At a minimum the software should manager awards, track outcomes and simplify reporting. Some systems also assist in identifying funding opportunities and soliciting grant applications.

Department/Division: Human Resources
Project Name or Title: HR Augmentation Software
Category: AI - Equipment

Department Priority: 1 of 2
Eden #:
Proj. #: c0682

Project Description and Location:

The Eden system, as currently configured, does not provide the functionality required for on-line job applications. In addition, while it does have the ability to support on-line open enrollment, its usefulness is limited, as it does not, under the current configuration, provide dependent verification and error checking for health; dental; vision; LTD; and life insurance, and flexible spending. In order to allow for online job applications and open enrollment, the department wishes to purchase software that provides support for these services, including functions that do not exist in the current Eden configuration.

Project Justification:

At the present, HR is pulling employees from their primary duties and responsibilities to help address these areas. ACC isn't competitive in either of these areas because of the limitations of the Eden Financial Software system. With this additional software, HR could not only increase our service to all its external and internal customers but also allow staff to focus on their primary job responsibilities.

Department/Division: Leisure Services
Project Name or Title: New Vehicle (Truck) Purchase
Category: AI - Equipment

Department Priority: 5 of 17
Eden #:
Proj. #:

Project Description and Location:

This project will provide for the purchase of a 3/4 ton Crew Cab truck to be assigned to the Park Services Division. This vehicle will support the daily operations of the division, the preparation of athletic fields, and the transportation of maintenance staff to departmental locations. Over the past several years, a motor pool truck has been "loaned out" to the Park Division staff to fill this void. Fleet Management has advised the Department to submit a request for an additional truck within the CIP process.

Project Justification:

The truck will be driven by both full and part-time staff and will support the following activities: athletic field preparation; park openings and closings; transportation of maintenance equipment; trash pickup services; and custodial services. This truck will serve the Southeast Clarke Park, Bishop Park, Satterfield Park, East Athens Community Park, and Holland Youth Sports Complex locations on a 7 days per week basis. Utilization of this vehicle directly supports all of the youth sports programs provided by ACCUG as well as the local youth sports leagues.

Department/Division: Municipal Court
Project Name or Title: Purchase Hardware for Case Management System
Category: AI - Equipment

Department Priority: 1 of 1
Eden #: _____
Proj. #: _____

Project Description and Location:

This project seeks to acquire the hardware components required to implement a modern case management system. Required components include one server, nine scanners, and one tablet computer. In total, these components, along with related licensing fees, amount to \$25,000. The requested tablet will allow a Clerk to act as a "floater," which will allow us to double the number of Clerks (from two to four) processing payments in the mornings without the need for making capital improvements to our space. The Municipal Court's new case management system, which was previously approved by the Mayor and Commission, is scheduled to go live in August 2015 (FY16).

Project Justification:

The Municipal Court seeks to implement a new, modern case management system. An upgraded, modernized case management system will allow the Municipal Court to realize improvements in efficiency and customer service. It is expected that the new system will improve the experience for persons attending court by reducing the amount of time spent waiting for cases and payments to be processed. In addition, staff time previously dedicated to supporting a paper-based system will be reallocated to better uses. Finally, a significant reduction in paper expenses is anticipated.

Department/Division: Police
Project Name or Title: Enhance the Electronic Ticket System
Category: AI - Equipment

Department Priority: 6 of 12
Eden #: _____
Proj. #: _____

Project Description and Location:

To meet operational needs and to maximize departmental efficiencies, ACCPD proposes the acquisition of additional Electronic Traffic Citation Devices for select patrol vehicles, motorcycles and bicycle units. Such units were initially deployed by the department on a limited scale via a Highway Safety Grant. Each unit includes a thermal printer, electronic license reader and software for an existing laptop.

Project Justification:

This system will provide legible copies of each citation for the courts, police and citizens. Information is electronically delivered to the Department of Public Safety, Courts and ACCPD Records. The system will increase time available for directed patrol.

The system may require periodic software upgrades which may influence operational/replacement costs. A number of units may also need to be replaced as a result of the environment in which such systems operate. As the system requires paper and ink to generate a citation, the operating budget of the department will be influenced. However, with such a capability, the department will no longer require large numbers of citation booklets to be generated by outside vendors.

Department/Division: Police
Project Name or Title: Expansion of Downtown Safety Camera System
Category: AI - Equipment

Department Priority: 11 of 12
Eden #: _____
Proj. #: c0685

Project Description and Location:

Since 2005, the Athens-Clarke County Police Department has operated a camera system within the Downtown District. Such cameras have added to the department's situational awareness, have allowed for video recordings in investigative actions, and have added to the general level of safety enjoyed by citizens and visitors to the district. To meet current and future operational needs of the department, the area viewable by cameras and the number of cameras will need to increase. Such a program would also seek to examine the existing camera system, allow for repair/maintenance of aging system components, and allow for all components to be integrated within a single criminal justice stakeholder framework.

Project Justification:

While the camera system is an effective tool, the system would greatly benefit from the additional placement of cameras in strategic locations throughout the Downtown District. Camera systems allow for an increased level of situational awareness for ACCPD personnel, contributing to officer safety, and allowing for investigators to review materials for investigative purposes.

Department/Division: Police
Project Name or Title: Information Technology Improvement Program
Category: AI - Equipment

Department Priority: 12 of 12
Eden #: _____
Proj. #: _____

Project Description and Location:

The project seeks to allow for funds to improve internal service delivery of information required for law enforcement activities and the maintenance of data required for the proper operation of a law enforcement agency, including records retention. In short, to allow for expanded capabilities of the department as it seeks to meet changing information technology needs. While the ACCPD will seek to leverage the value of existing systems in its service delivery, operational needs will likely require the acquisition of additional software, equipment, and platforms/systems.

Project Justification:

Modern policing requires the use of varied information technology platforms. As the department seeks to address the ongoing needs of storing data and sharing data among stakeholders, the costs of such systems are expected to appreciate. To such an end, as the department seeks to create efficiencies in data sharing among stakeholders, it will likely incur increased costs - at least in the short term. Such funds are requested to ensure funding is available to meet critical data needs.

Project Name or Title: Renovate Training/Firing Range
Category: AI - Equipment

Department Priority: 7 of 12
Eden #: _____
Proj. #: _____

Project Description and Location:

The Firing Range Renovation Project is intended to improve and modernize the training provided to ACC police officers and detectives. The renovation consists of multiple parts, including but not limited to: 1) Renovate existing range facilities and 2) Construct an on-site training facility .

Project Justification:

Originally designed for a 60-person department, the 20-plus year old firing range is now used by over 400 personnel. General repairs are needed throughout the facility. To maximize the effectiveness of training time, classroom space is required. This project is a must have if the state of Georgia is to approve ACCPD to conduct its own mandate training course for recruits and avoid the expense of training recruits at other academies. In addition to firing range requirements, the department would need to further develop operations to include a vehicle driving range. The department currently conducts basic emergency vehicle operations instruction in Forsyth. The lack of a driving facility restricts our ability to train officers for emergency driving in the front-wheel drive cars they actually operate at work.

Category: AI - Facilities

Department Priority: 3 of 17
Eden #: 310-6458-57400-53003
Proj. #: c0074

Project Description and Location:

The Space Allocation Program sets aside funds to be used for the renovation, acquisition or construction of new facilities in response to ACC space needs. The FY16 request is to fund a small portion of recommendations coming from the 2010 Space Allocation Study and reconfiguration of the Municipal Court to improve safety and traffic flow. A portion of the funding will be used to make modifications to the Municipal Court area of the Courthouse. In addition, improvements to the witness waiting area in the Grand Jury Room, and improvements to the Solicitors Waiting Area are included. Please note that requests for further funding of the implementation phases have been delayed due to revenue challenges. The funding for years FY17-FY19 show partial funding.

Project Justification:

The modifications to the Municipal Court area are intended to reduce the queuing time required to process customers and increase overall space efficiency.

Eden #: _____
Proj. #: _____

Project Description and Location:

The Tag Office Parking Lot Improvement Project includes installing new concrete curb and gutter around existing tree planters, new asphalt surfacing, striping, new exterior poles and lights, and safety bollards.

Project Justification:

The existing parking lot paving is in bad condition and needs to be resurfaced. Also, the existing tree planters which were constructed with railroad ties over 20 years ago, are rotting and in need of replacement. Finally, during the winter months, the parking lot is very dark and pedestrian travel can be dangerous. Improved lighting will benefit the citizens of Athens-Clarke County. This is a facility that directly serves the citizens of Athens-Clarke County and should properly represent the image of the Unified Government.

Project Name or Title: Complete the ADA Interpretive Trail-Sandy Creek Nature Center
Category: AI - Facilities

Department Priority: 15 of 17
Eden #: _____
Proj. #: _____

Project Description and Location:

This project will complete the ADA Interpretive Trail at the Education and Visitor Center building (EVC) at Sandy Creek Nature Center and provide for needed maintenance and lumber replacement. At present, this ADA accessible trail is one-way and does not create a loop. The current trail is 1/4 mile in length and the completion circuit will extend the trail an additional 276 linear feet (at an estimated cost of \$177 per linear foot). This section will also connect and pass through the teaching pavilion northwest of the EVC, completing access at grade level to the building, sidewalk, parking lot, and trail. The FY19 funding reinstates the total project cost back to the original amount requested.

Project Justification:

Constructed with the EVC in 1998, this trail is heavily used by the public including user groups with visitors in wheelchairs and with strollers. At present, the trail dead ends and does not loop back to the EVC. Completion of the trail back to the EVC through the new pavilion will greatly enhance the user's experience, providing an uninterrupted walkway for the patrons with wheelchairs, strollers, and general visitors. This trail is also used for programs at the EVC and a continuous trail will improve the flow of visitors at events. A connector from the parking lot to the new pavilion was completed in FY14. This project will complete the trail path and greatly improve both the visitor experience and utility of this amenity.

Project Name or Title: Develop Ben Burton Park
Category: AI - Facilities

Department Priority: 4 of 17
Eden #:
Proj. #:

Project Description and Location:

This project will begin execution of the Mayor and Commission approved master plan for Ben Burton Park which is located off of Mitchell Bridge Road on the west side of the county. The project will be divided into phases beginning with a reconfiguration of the entrance and parking areas in FY19. These reconfigurations will allow for an increase in safety and visibility. The next phases will include the installation of the following site amenities: restrooms; picnic pavilion; playground; and dog park facilities. The FY19 project funding will address the initiation of design and engineering services. The funding requested reinstates the total project cost back to the original amount requested.

Project Justification:

Ben Burton is one of the few west-side parks in the Leisure Services system. Implementation of the master plan will provide greater services to the citizens and create opportunities for revenue generation through rentals, festivals and special events. It will further provide recreational activities that are presently limited for the citizens within western Clarke County. The project will also address current existing flaws with the park in regards to ADA accessibility, storm water runoff and erosion.

Project Name or Title: Develop Dudley Park
Category: AI - Facilities

Department Priority: 16 of 17
Eden #: _____
Proj. #: _____

Project Description and Location:

This FY19 project will allow for Dudley Park development for this park located near downtown. SPLOST 2011 Project #17, Dudley Park Improvements, has funding for Dudley Park beginning in Tier 7, FY18. That funding will begin with a master plan review and a priority list of recommended park improvements. This CIP funding will then allow for development of the priorities that cannot be funded through SPLOST 2011, and may include: a picnic shelter; river overlooks; restrooms; amphitheater; playground; and additional parking. The FY19 funding reinstates the total project cost back to the original amount requested.

Project Justification:

Dudley Park's proximity to downtown makes it a special draw to the many people who visit this part of the county. It has served as a passive park for many years, and has great potential to serve as a venue for rentals, festivals and special events in addition to a beautiful, general park setting.

Department/Division: Leisure Services
Project Name or Title: Renovate Bear Hollow Zoo Water and Sewer Systems
Category: AI - Facilities

Department Priority: 6 of 17
Eden #:
Proj. #:

Project Description and Location:

This project is to address both failing water lines and non-existent sewer infrastructure within the Zoo, as well as rectify related animal/public health issues. The project includes the installation of sewer pipes to tie into the local sewer lines, thereby extending sewer service into the five acre Zoo. Aging water lines will be replaced to yield increased water pressure and rerouted to better service the needs of the Zoo's animal exhibits and the exhibit hall building. Five recirculation pumps will be installed to improve cost efficiency. Design and engineering services will now be performed by the Transportation & Public Works Department. The original FY18 cost estimate for contractual engineering services (\$37.4K) was applied to FY19 construction costs.

Project Justification:

The installation of new sewer lines will meet health code regulations and support the future installation of restroom facilities for patrons. Current restroom facilities are located outside the Zoo perimeter and more than 200 yards from the main cluster of Zoo exhibits. New sewer lines will allow the Zoo to correct disposal practices that are not environmentally friendly. New water lines will eliminate small leaks in the Zoo's plumbing infrastructure and contribute to the Zoo's water conservation and cost reduction efforts. The recirculation pumps will allow for reduced water consumption and improved water resource management.

Project Name or Title: Improve Bear Hollow Zoo Exhibits & Visitor Amenities
Category: AI - Facilities

Department Priority: 9 of 17
Eden #: _____
Proj. #: _____

Project Description and Location:

This project addresses failing infrastructure and safety issues within the Zoo, as well as non-compliance with standards of the United States Department of Agriculture (USDA), American Zoo Association (AZA) and Americans with Disabilities Act (ADA). The project includes a Zoo site master plan, the installation of taller perimeter security fencing, the installation of restroom facilities for patrons, the installation of security lighting and the repair/replacement of cracked sidewalks and pathways to ensure ADA compliance. The FY18 project funding will address the development of the site master plan. The FY20 funding reinstates the total project cost back to the original amount requested.

Project Justification:

The Zoo is in need of a site master plan that addresses renovations and future growth. Zoo needs include: replacement of the perimeter fence to meet the minimum height standards of the USDA and to improve security for both the animals and the park neighbors; replacement of deteriorating fencing in several animal exhibits; replacement of the existing cracked, steep pathways that do not meet ADA accessibility requirements; the addition of security lighting for after-hours emergencies or programs; and the addition of a pre-fabricated restroom building to serve the Zoo's visitors.

Project Name or Title: Expand the Gymnastics Center
Category: AI - Facilities

Department Priority: 17 of 17
Eden #:
Proj. #:

Project Description and Location:

This project will expand the Bishop Park gymnasium to add 10,000 square feet of gymnastics programming space to include an observation area, class/meeting rooms, and preschool/day care area. This project is currently in the Master Plan for the Holland Youth Sports Complex, but this proposal would move the project to Bishop Park and expand the existing gymnastics facility to reduce both capital and operational costs. This project will double the current programming space, and allow the sharing of existing restrooms, registration area, and office space with the current Bishop Park facility. The FY20 project funding will address the initiation of design and engineering services. The FY20 funding reinstates the total project cost back to the original amount requested.

Project Justification:

The gymnasium at Bishop Park currently houses the gymnastics classes and birthday parties, and the baton programs. Over 1,700 students per year are served through these programs. The current 12,000 square foot facility is over 30 years old. The gymnastics program is currently operating in 5,000 square feet and is not able to safely accommodate more than five classes or 40 students per hour in the afternoons and only one class per hour in the mornings. This has resulted in long waiting lists for most classes. In addition, the current space does not meet specifications to host competitive meets which can generate additional revenue.

Proj. #: _____

Project Description and Location:

This project will replace the 20 year old stage flooring and also address the following dressing room renovations which are still needed after recent CDBG improvements: replacing bathroom floor/shower tiles, installing a new shower, sink, and light fixtures and replacing substandard performer chairs. The total request for this project has been reduced due to recent CDBG funding awarded for restorations to the theatre.

Project Justification:

The current stage floor has exceeded its life expectancy. Due to normal wear and tear, periodic maintenance, and several sandings, the floor needs to be replaced. The performer dressing rooms have not been refurbished or upgraded in over 20 years. After years of wear and tear, the room amenities and furniture are in poor condition and stained. The upgrading of these spaces are important to the overall desirability of the facility as a rental and performance venue.

Eden #:
Proj. #:

Project Description and Location:

This project addresses the removal and replacement of 4,500 linear feet of wooden boardwalks along the Cook's Trail system connecting Sandy Creek Park with the Sandy Creek Nature Center. Recently revised engineers' and contractors' cost estimates for construction within wetland areas of \$644 per linear foot resulted in an increase in the overall project cost (\$2.9M vs. \$1.94M). The FY18 SPLOST funding will address the initiation of design and engineering services. The FY21-FY25 funding reinstates the total project cost back to the original amount requested.

Project Justification:

The Cook's Trail boardwalks were built 20-30 years ago and are not compliant with current safety requirements. They are reaching the end of their lifecycle and need to be upgraded and handrails added so they meet modern safety and ACCUG building code requirements, where needed. This project is located in a wetlands area and will require permitting from several agencies and demolition of existing structures, which is included in the cost projection.

Project Description and Location:

The Athens-Clarke County Police Department seeks the construction or renovation of an existing facility to meet the records storage needs of the department. Such records include personnel files, case files, investigative logs, Chief's correspondence, and a number of other files for which physical storage is required by state statute and/or departmental policy.

Project Justification:

The Athens-Clarke County Police Department was required to vacate a number of its records storage facilities to accommodate the physical needs of the Athens-Clarke County Diversion Center. The department was given use of a secure, existing facility to temporarily house its records, but has been given no assurances that the facility will remain under departmental control in the long term. To meet long term needs, a facility will need to be permanently designated for such a purpose.

As to the exact impact such a facility may have on the department, it is expected to be similar to other ACCPD facilities, specifically the Long Term Storage Facility. Until building specifications are agreed upon by stakeholders, the exact financial impacts pertaining to operational and replacement costs are unknown.

Project Description and Location:

The Athens-Clarke County Police Department requires the use of a physical facility in the western portion of the county to serve as a base of operations for uniformed officers and detectives. Such a facility also allows for a venue to conduct training activities, departmental functions, and citizen interactions.

Project Justification:

Projected development in the western zones of the county will likely drive calls for service in the future. Thus efficiencies will be obtained by placing officers closer to their patrol zones. The current West Precinct, located at Georgia Square Mall, is contracted under terms of a multi-year lease. Upon expiration of the existing lease, and dependent on terms presented by the facility's owner(s), ACCPD may explore the option of relocating from the current West Precinct at Georgia Square Mall to a standalone facility to meet operational needs.

Impact on Annual Costs:

As with any new facility, the operational budget will be influenced by a number of factors: from the systems purchased, to the number of personnel present in the facility. As to the exact impact such a facility may have on the department, it is expected to be similar to other ACCPD facilities, specifically the current West Precinct. However, until building specifications are agreed upon by stakeholders, the exact financial impacts pertaining to operational and replacement costs are unknown.

Department/Division: Police
Project Name or Title: North Substation
Category: AI - Facilities

Department Priority: 8 of 12
Eden #: _____
Proj. #: _____

Project Description and Location:

The Athens-Clarke County Police Department is in need of a physical facility in the northern part of the county for officers to be closer to their zones and provide for greater interaction with citizens. The North Substation will house Police Patrol and Crime Prevention functions. The facility will be located outside the perimeter (Loop 10) on the north side of Athens-Clarke County.

Project Justification:

Projected development in the northern zones of the county will likely drive calls for service in the future. Thus efficiencies will be obtained by placing officers closer to their patrol zones. The proposed facility would also move the ACCPD toward the facility footprint recommended by the International Association of Chiefs of Police (IACP).

Department/Division: Sheriff
Project Name or Title: Courthouse Security Equipment Upgrade (Phase 4)
Category: AI - Facilities

Department Priority: 1 of 5
Eden #: 310-6226-25200-56090
Proj. #: c0527

Project Description and Location:

This is the last tier of phase 4 of this project. The scope of this tier consists of the installation of additional card access readers at certain strategic locations inside the courthouse; the installation of an alarm system at the main entry/exit points of the courthouse; the installation of additional cameras inside the courthouse and in the adjacent parking deck. These additional security systems will be merged with the other security systems installed in Phases 1, 2, and 3 for monitoring purposes. (see quote)

Project Justification:

The additional security systems outlined above will undoubtedly improve security in and around the courthouse and help the Sheriff's Office be more proactive in its efforts to keep the courthouse a safe place to visit and to conduct business.

Impact on Annual Costs:

Annual Operating Costs: \$32,000 is currently allocated for the annual maintenance agreement for the security equipment installed in phases 1-3. Phase 4 equipment will likely add approximately \$2000 to the annual maintenance agreement for a total annual operating cost of \$34,000. Annual Replacement Costs: \$0 for this budget year since the lifecycle of the equipment exceeds 10 years given that the system is maintained through an annual service contract.

Department/Division: Transportation & Public Works
Project Name or Title: Engineering Facility, Renovation & Expansion
Category: AI - Facilities

Department Priority: 12 of 15
Eden #: 310-6453-0000-53003
Proj. #: c0491

Project Description and Location:

This project was established to address the needs of Public Works facilities as changes occur within the department and the amount of responsibility continues to increase. The purchase of an emergency generator to power the Streets and Drainage Facility and the Spring Valley Road Fuel Site during emergency operations is being planned for FY16.

Project Justification:

The costs for an emergency generator for the Streets and Drainage Service Center is included in the FY16 and FY17 budget for use during emergency operation. Funds in FY18-23 will be used for the design and construction of a possible expansion to the current facility for the Engineering Division.

Project Description and Location:

The Downtown Enhancement Program (DEP) has been established to provide funding to the Athens Downtown Development Authority (ADDA) for capital and operating expenses in support of downtown improvement activities. Funding for the DEP comes from downtown parking revenues. The ADDA will submit a plan for approval by the Mayor and Commission prior to expending any funds from the DEP program.

Project Justification:

The Downtown Enhancement Program was established in September 2002 as a part of the parking services contract between Athens-Clarke County and the ADDA.

Project Description and Location:

This project will update the Comprehensive Plan for Athens-Clarke County. The current Comprehensive Plan update was approved in June 2008. Monies associated with this project will fund work by staff to complete the required 10-year major update due in 2018.

Project Justification:

Georgia State Law requires that Comprehensive Plans be updated every five years. The Planning Department completed a major update in June 2008. The FY18 request covers the 5 year, mid-term report update.

Project Name or Title: Corridor Improvement Program
Category: AI - Transportation

Department Priority: 16 of 17
Eden #: 310-XXXX-XXXX-52002
Proj. #: c0201

Project Description and Location:

This project will develop strategies and fund improvements to major corridors of the community, such as Atlanta Highway, Lexington Highway, Price Avenue and Jefferson Road, to improve both function and appearance. Strategies and improvements include corridor studies to identify needs and improve business development, infrastructure improvements to resolve transportation and traffic problems and projects to improve physical appearance of the corridors. The project will result in a distinct, recognizable theme, evident to both visitors and residents, as well as improvements to enhance business development along these corridors.

Project Justification:

This project will promote economic development, enhance the quality of life, and preserve and enhance community assets. Athens-Clarke County roadside vistas are inconsistent, often cluttered, and sometimes even unsightly. While residents tend to become less aware of these undesirable views over time, visitors often comment on how such an otherwise charming southern town can tolerate such clutter and distraction along the major community road corridors. Lack of improvement to these corridors is also detrimental to area business sustainability.

Category: AI - Transportation

Department Priority: 2 of 15
Eden #: 310-6453-52200-52004
Proj. #: c0281

Project Description and Location:

Transportation projects funded under this capital project are first identified through the Athens-Clarke County Commission and the Madison / Athens-Clarke / Oconee Regional Transportation Study - Transportation Improvement Program (MACORTS-TIP). A detailed summary of the projects included in the TIP may be found on the attached spreadsheet. The TIP is financially constrained for the first four years of the planning period (FY15-18). Therefore, FY19 -25 are estimates based on anticipated projects constructed from the Long Range Transportation Plan and the SPLOST 2011 program.

Project Justification:

The General Fund portion of the TIP provides the necessary Athens-Clarke County matching funds (for state and federal grants) for projects identified in the MACORTS-TIP. These funds are also used for projects that are constructed exclusively with local and SPLOST funds. The FY16-FY21 budget years incorporates the transportation improvement projects that has been identified for construction, in part, by using general capital funds including the intersection improvements at Epps Bridge Parkway at Atlanta Highway, Old Hull Road at Athena Drive, the widening of Fowler Drive and and Indian Hills Parkway. The large FY19 budget item other Georgia Department of Transportation (GDOT) funding is earmarked for the Atlanta Highway at SR 10 Loop interchange project.

Department/Division: Transportation & Public Works
Project Name or Title: Pedestrian Crosswalk and Traffic Calming Improvements
Category: AI - Transportation

Department Priority: 10 of 15
Eden #: 310-6453-52100-52006
Proj. #: c0392

Project Description and Location:

This project will fund transportation projects to improve pedestrian and bicycle safety, as well as traffic calming improvements throughout AthensClarke County. This program is aimed at constructing crosswalk improvements at new and existing locations to provide safer pedestrian crossings at unsignalized locations. Additional signage, thermoplastic markings, countdown pedestrian signals, and Rapid Flashing Beacon systems at these locations may be installed based on an engineering study and the documented need of increased safety measures. All improvements shall be consistent with the installation guidelines for marked crosswalks as adopted by the Mayor and Commission.

Project Justification:

Additional signage, markings, and Rapid Flashing Beacon systems, when installed in a systematic and warranted manner, have all been proven to be an effective measure at increasing the motorist awareness of crossing pedestrians and bicyclists. Therefore, prior to the installation of any additional warning devices, an engineering study will be needed to determine if additional warnings are necessary and what is the most appropriate measure or device to be installed.

Department/Division: Transportation & Public Works
Project Name or Title: Fiber Optic Cable communications Expansion
Category: AI - Transportation

Department Priority: 14 of 15
Eden #: _____
Proj. #: _____

Project Description and Location:

Fiber optic cable is the most efficient source to provide the needed communication link between traffic signals to manage traffic signal timing and operations. The project will expand the current fiber optic cable system, and install and maintain Ethernet equipment within the traffic signal network to fill existing open links between intersections and access communications with the remaining signals. The system is also utilized by the Computer Information Services Department to provide server connectivity to all remote facilities.

Project Justification:

Traffic signal operations, coordination and timing is software-based communications with a central computer located in the Traffic Communications Center (TCC). Currently about 40 percent of the traffic signals are interconnected and many do not communicate with the TCC. It is desirable to complete these communication gaps, obtain open links with other intersections because management of daily operations and adjustments to signal systems is critical to reduce travel time delay for drivers on the roadways.

Category: AI - Transportation

Department Priority: 7 of 15
Eden #: 310-6453-52200-52004
Proj. #: c0211

Project Description and Location:

This is a continuing program to construct and provide bicycle lanes and facilities at needed locations throughout Athens-Clarke County as identified in the Bicycle Master Plan for Athens-Clarke County. Currently, the highest priority project is the design and construction of the College Station Road bicycle lane between Research Road and Barnett Shoals Road which is scheduled for construction in FY16. Additional projects include improvements to the Oglethorpe Avenue Corridor and other minor bicycle connectivity projects located throughout Athens-Clarke County.

Project Justification:

The purpose of this program is to continue constructing a comprehensive bicycle network that enhances safety and encourages this mode of transportation. This program includes construction of bicycle lanes and installation of signs along streets identified in the Bicycle Master Plan. Funds are used to leverage state and federal transportation dollars, when possible. The FY15-FY20 budget years incorporate the funding from the SPLOST 2011 referendum project Bicycle Transportation Improvements (approx. \$4,326,000) for the identified bicycle improvements on College Station Road, Oglethorpe Avenue and other facility connectivity projects. Future projects after FY20 will require substantial investment from the General Fund.

Department/Division: Transportation & Public Works
Project Name or Title: Sidewalk Improvement Program
Category: AI - Transportation

Department Priority: 4 of 15
Eden #: 310-6453-52200-52003
Proj. #: c0071

Project Description and Location:

The purpose of this project is to construct a comprehensive pedestrian system which provides enhanced safety and encourages this mode of transportation. Annual project locations have typically focused on Athens-Clarke County owned arterial and collector roadways along bus routes in commercial and multi-family zoned areas that meet pedestrian needs for schools, shopping areas, recreation facilities, and access to public transportation. There will be an additional focus on residential streets around elementary and middle schools where students can walk or bike to school. Priority for construction is based on a rating system approved by the Mayor and Commission.

Project Justification:

The FY15-FY20 budget years incorporates the funding from only the SPLOST 2011 referendum project Pedestrian Safety and Safe Routes to School Program. After FY20, the general fund will need to begin funding the continuation of this capital program. The purpose of SPLOST-funded safe routes to school program is to provide infrastructure improvements immediately around elementary and middle schools that have a significant student population who live close enough (typically one mile) that they can walk or bike to school.

Department/Division: Airport
Project Name or Title: Rehabilitation of Maintenance Hangar
Category: CS - Facilities

Department Priority: 3 of 3
Eden #: _____
Proj. #: _____

Project Description and Location:

This project will rehabilitate an aircraft maintenance hangar that ACC owns and leases as a source of revenue for the airport enterprise fund. The hangar will be 30 years old and is in need of maintenance of items such as interior finishes, interior/exterior painting, roof maintenance, HVAC replacement and hangar door and insulation repairs. The hangar is located on the east side of the airport.

Project Justification:

This hangar provides \$16,500 in rent annually to the airport enterprise fund and provides space for an aircraft maintenance facility which provides service to airport users. This project will ensure that the facility will remain operational and adequate. It will also extend the life of the hangar for an estimated 10-15 years at which time additional preventive maintenance will be required.

Department/Division: Building Inspection
Project Name or Title: Purchase Digital Plan Review Software
Category: AI - Equipment

Department Priority: 1 of 3
Eden #: _____
Proj. #: _____

Project Description and Location:

The purpose of this project is to implement the Energov eReview software in order to facilitate the transition to a digital plans review process. The plans review service is managed jointly by the Planning and Building Inspection Departments in the Dougherty Street Government Building at 120 W. Dougherty Street. Currently, paper plan sets are submitted for staff review. This project will allow our staff to review digital submittals and eliminate the need for paper plan sets.

Project Justification:

A digital plan review process would eliminate paper plans being submitted for review which is in line with a Mayor and Commission goal of reducing the amount of paper work produced by the Unified Government. A digital plans review process seems to be preferred by architects and engineers as a way to expedite the process and to reduce their costs of producing plan sets for submittal. Time spent processing paper plans, stamping plans, and assembling plan sets will be eliminated thereby allowing staff to concentrate efforts on the actual reviews.

Department/Division: Building Inspection
Project Name or Title: Purchase Mobile Devices for Construction Inspectors
Category: AI - Equipment

Department Priority: 3 of 3
Eden #: _____
Proj. #: _____

Project Description and Location:

The purpose of this project is to equip our inspection staff with handheld devices for use during on-site inspections. The use of these mobile devices will allow us to better leverage our Energov database by allowing real-time access to project information, construction plans, GIS data, codes, and ordinances. The use of mobile devices to enter data into Energov in the field will result in a reduction in paperwork generated by staff. Building Inspection Department offices are in the Dougherty Street Government Building at 120 W. Dougherty Street.

Project Justification:

This project is in line with the Mayor and Commission goal of reducing paperwork. Department management expects the use of mobile devices will give inspectors better information in the field which should allow for more informed decisions regarding possible code violations. It is expected that the additional information and real-time access to data and contacts will allow for violations to be identified more quickly and accurately, and therefore corrected sooner in many instances. This project will be funded in FY16 by use of a portion of the Building Inspection Special Revenue Fund balance. No General Fund impact.

Project Name or Title: Upgrade Fuel Sites
Category: CS - Facilities

Department Priority: 15 of 15
Eden #: 603-6453-52400-56006
Proj. #: c0419

Project Description and Location:

The following five (5) fuel sites are managed by the Fleet Management Division: (1) Public Safety Campus (Jail) (2) Fleet Management - Newton Bridge Road, (3) Fire Station #1, (4) Fire Station #2, and (5) East Side Fuel Center - Spring Valley Road. This project provides routine upgrades to fuel sites, responds to EPD requirements for fuel facilities, and updates to the computer operated fuel dispensing system. Additional focus on underground storage tank repair and maintenance is expected to be addressed in future budget years. The Division is also in the process of updating its fuel operating software.

Project Justification:

Regular bi-annual upgrades to the Athens-Clarke County's fueling sites will ensure safe, compliant, and efficient fueling operations on an around-the-clock and around-the-calendar basis. Further, as new technologies emerge, this program allows Fleet Management to upgrade hardware and software to obtain more efficient operations and accountability. Over the past few years, the following activities were accomplished: pump and dispenser repairs, key reader and keypad replacements, and remote site communication equipment replacement. In FY15 specifically, this fund has worked to purchase fuel keys, replace one key reader, one modem, provide an annual leak detection test, and repair the Spring Valley Road fuel site gate.

The Internal Service Fund Fleet Replacement Program is funded from the user departmental charges. These expenditures are for the authorized replacement of vehicles and equipment that have reached the end of their useful life. There are currently 715 vehicles in the Fleet Replacement Program. Specific vehicle replacements are approved each year by the Manager. For example, during FY14 Fleet Management replaced 76 vehicles and 55 additional vehicles have been identified for replacement in FY15. The Department anticipates an additional 60 vehicles will need replacement in FY16.

Project Justification:

Replacement of vehicles and equipment on a planned schedule reduces repair costs, downtime and provides for a constant funding strategy to meet the vehicle needs of the user departments.

Department/Division: Central Services
Project Name or Title: Community Events Program : ACC Support Services
Category: CS - General

Department Priority: 12 of 17
Eden #: 203-6458-57300-56090
Proj. #: c0135

Project Description and Location:

This program provides materials and services in support of the Athens Downtown Development Authority (ADDA) "Community Events Program" (CEP). This funding allows Central Services to partner with Athens Downtown Development Authority (ADDA) to host a seasonal array of community events and utilize the Central Business District as a "stage." Examples of materials requiring capital funding include seasonal lighting, garlands, electrical circuits, banner brackets, and protective fencing and barricades. Cost estimates are from Central Services Department staff.

Project Justification:

The Christmas Season and Athfest are examples of events that characterize Athens-Clarke County (ACC) as a community interested in providing quality outdoor entertainment and enhancements to citizens and visitors while additionally benefiting merchants within the Central Business District. This base level of support to the streetscape infrastructure (the stage) by ACC will encourage seasonal events marketed by ADDA. Overall, funding for this project will promote economic development and enhance the quality of life for merchants, community citizens, and community visitors.

Project Description and Location:

Purchase and replace outdated telephone systems and equipment with newer communications technology as existing hardware reaches the end of its useful life.

Project Justification:

Telephonic communications is critical to the functioning and service delivery of all departments of the Unified Government of Athens-Clarke County.

Department/Division: Central Services
Project Name or Title: New Vehicle for 800 MHz Coordinator
Category: AI - Equipment

Department Priority: 1 of 17
Eden #:
Proj. #:

Project Description and Location:

This project is for the purchase of a vehicle (small pickup or SUV) for use by the 800 MHz Coordinator to provide operations, maintenance, and repairs to the 800 MHz Radio System (5 tower locations) and its customers (ACCUG and UGA).

Project Justification:

The new 800 MHz Radio System being installed as a SPLOST 2011 project (to be operational 6/30/15) adds a new radio transmitter site on UGA campus and adds approximately 450 UGA users to the system. Currently, the 800 MHz Coordinator uses his personal vehicle, with mileage reimbursement. With the additional site and adding UGA users to the system, the Coordinator's workload away from the office will be significantly increased. Additionally, two radio sites are accessed by dirt roads through private property under license or easement and two radios sites are on UGA property. The presence of an unmarked personal vehicle can be disturbing, misinterpreted, or unauthorized. Capital costs can be paid from Internal Service Fund Revenues or from SPLOST 2011 Project #5 contingency.

Department/Division: Solid Waste
Project Name or Title: Single Stream Infeed Conveyor upgrade
Category: CS - Equipment

Department Priority: L3 of 14
Eden #: _____
Proj. #: _____

Project Description and Location:

Replace the existing original 48" single stream infeed conveyor with a 60" conveyor. The existing conveyor was originally for paper infeed only, but now feeds all single stream material to the system.

Project Justification:

The existing conveyor is old and limits the capacity of materials coming into the system. This project would increase the width of the conveyor and allow additional materials to be processed in less time.

Project Name or Title: Replace Rubber Tire Loader
Category: CS - Equipment

Department Priority: L2 of 14
Eden #: 502-6455-54100-56090
Proj. #: c0565

Project Description and Location:

Purchase of a replacement rubber tire loader for processing compost at the ACC Municipal Solid Waste Landfill.

Project Justification:

The compost operation has two rubber tire loaders (A 1987 and 2009). A rubber tire loader is necessary to load and mix bio-solid/yard waste and food waste compost at the landfill composting operation. Compost is processed on a paved pad and tracked equipment cannot be used. The loader processes compost, loads finished product and places materials for mixing with a wind row turner. Revenues from the sale of the compost are designed to help offset the costs of equipment used in this operation and funding is being set aside annually for replacement. The 1987 was destroyed in a fire in 2014 and is in need of replacement.

Department/Division: Solid Waste
Project Name or Title: Replace 25 Yard Articulated Dump Truck
Category: CS - Equipment

Department Priority: L1 of 14
Eden #:
Proj. #: c0601

Project Description and Location:

Purchase a replacement 25 yard Articulating Dump Truck for use at the ACC Municipal Solid Waste Landfill.

Project Justification:

The landfill currently uses two 25 yard articulating dump trucks to haul dirt and other materials. The current vehicles are a 1996 Volvo and a 2002 Caterpillar. The vehicles have a useful operational life of approximately 15 years. Due to changes in operation with the new Phase 3 cell and significant stockpiles of cover dirt the replacement need has been extended. The FY16 purchase would replace the 1996 truck and the out year purchase would replace the 2002. Vehicles are typically purchased using the Georgia Municipal Association loan program thereby spreading the payments out over three years. Funds are set aside annually in the landfill's budget for equipment replacements. This replacement is critical due to the age and condition of the 1996 Volvo truck.

Project Name or Title: Purchase Replacement Road Tractor
Category: CS - Equipment

Department Priority: L4 of 14
Eden #: 502-6455-54100-55090
Proj. #: c0586

Project Description and Location:

Replacement of road tractors used at the landfill to haul semi-trailers with refuse, recycling, fuel and leachate.

Project Justification:

Road Tractors are used daily at the landfill to transport various materials. Semi-trailers are used to collect materials that are later delivered to the landfill working area or recyclable materials to the Recovered Materials Processing Facility. Additionally, the road tractors haul leachate in tankers for disposal and are used to move the fuel tanker as needed. FY17-19 funding would be used to replace a 1987 Ford road tractor through the GMA Loan Pool Program.

Category: CS - Equipment

Department Priority: L9 of 14
Eden #: 502-6455-54002-55090
Proj. #: c0605

Project Description and Location:

Purchase replacement roll-off container trucks which are used daily to service recycling drop-off centers throughout Athens-Clarke County. These trucks are also used at the Landfill and for various ACC cleanup projects.

Project Justification:

The Solid Waste Department has a 2003, 2007 and two 2012 roll-off container trucks. The use of the Georgia Municipal Association Loan program allows payments to be spread out over a three year period. These trucks provide service to ten (10) drop-off centers and service over 40 open top containers. The 2003 is designated as a back-up unit and is used daily at the landfill. These trucks are used six (6) days a week and have an expected nine (9) year life cycle.

Proj. #: c0492

Project Description and Location:

Replace 2006 crawler/loader used to load materials (dirt, mulch, rock, etc.) at the landfill.

Project Justification:

This vehicle is used to maintain and support daily "cover" operations at the landfill. The crawler/loader is used six (6) days per week and is essential to landfill operations. This equipment is on a ten (10) year life cycle, but is currently in good condition and is not expected to need replacement until in FY19 or later. The current machine was purchased in FY06. Use fo the Georgia Municipal Association loan program allows funding to be spread ove a three year period. Funds are set aside annually for the replacement of equipment at the landfill.

Project Name or Title: Purchase Replacement Track Excavator
Category: CS - Equipment

Department Priority: L7 of 14
Eden #: _____
Proj. #: _____

Project Description and Location:

Replace the existing Track Excavator at the landfill.

Project Justification:

The excavator is used daily to load dirt, rock, mulch and for maintenance and construction of drainage/detention areas. The current excavator is a 2001 and has an estimated useful life of 12 years. Funds are set aside annually in the landfill enterprise fund for equipment replacements.

Category: CS - Equipment

Department Priority: L6 of 14
Eden #: 502-6455-54100-55090
Proj. #: c0433

Project Description and Location:

This project is for the routine replacement of the two Dozers used daily at the landfill.

Project Justification:

The two (2) D6 Dozers are the most heavily used pieces of equipment at the landfill. They are used daily for earth-moving, pushing thrash to the working face, covering trash with dirt and rock removal. The current dozers are a 2011 and a 2014 Catapillars . Their useful life is approximately seven years. The replacements can be done using the Georgia Municipal Association loan program spreading the purchase over a three year time frame.

Project Name or Title: Purchase Replacement Trash Compactor
Category: CS - Equipment

Department Priority: L12 of 14
Eden #: 502-6455-54100-55102
Proj. #: c0383

Project Description and Location:

Purchase replacement trash compactor vehicle for use at the Athens-Clarke County Municipal Solid Waste Landfill located on Lexington Road. Equipment purchase is planned to be funded over a three year period through the Georgia Municipal Association's (GMA) loan pool.

Project Justification:

Trash compactor vehicles are essential to the efficient operation of the landfill. Subtitle D landfill requirements necessitate compaction for all refuse to save land and air space. The expected life cycle of a compactor is eight (8) years. The current tonnage at the landfill allows for a slightly longer life cycle. The compactor is used to properly position refuse in the working area of the landfill and then compact the materials by repeatedly driving over the area with spiked wheels. Compactors weigh over 100,000 lbs. Two (2) compactors are required to be at the landfill by state approved Design and Operating Plans for the landfill. The FY13 purchase replaced a 2003 Al-jon compactor. The FY20-22 year funds will replace a 2008 Al-jon.

Project Name or Title: Replace Windrow Turner and Tractor for Compost Operation
Category: CS - Equipment

Department Priority: L11 of 14
Eden #: 502-6455-54100-56090
Proj. #: c0564

Project Description and Location:

Purchase a replacement windrow turner and tractors for the bio-solid/yard and food waste composting program.

Project Justification:

A windrow turner is a critical piece of equipment for the composting program. The turner is pulled by one of two tractors and mixes the windrows of compost approximately once every three days. The tractors are also used for bush-hogging other areas of the landfill, cutting/baling hay, and hauling various trailers. Proper turning of the windrows is critical to accelerate the composting process and reduce odors. The equipment has a 12 year life and funds are set aside in the landfill enterprise fund annually for replacement.

Category: CS - Equipment

Department Priority: L10 of 14
Eden #: 502-6455-54100-56090
Proj. #: c0566

Project Description and Location:

Purchase of a replacement trommel screen to process finished compost at the ACC Municipal Solid Waste Landfill.

Project Justification:

The trommel screen is used to sift finished compost material for final use. Materials that have met the processing and testing conditions are run through the screen to remove the larger materials. Larger materials are returned to the processing area for re-mixing. Finished materials are sold to the public or used in Landfill operations. Funds for the replacement of this and other equipment at the Landfill are set aside annually for their replacement.

Project Name or Title: Closure of Landfill
Category: CS - Facilities

Department Priority: L13 of 14
Eden #: 502-6455-54100-53090
Proj. #: c0432

Project Description and Location:

The existing Athens-Clarke County Sanitary Landfill located at 5700 Lexington Road consist of approximately 460 acres on the Clarke/Oglethorpe County line. It has been owned and operated as a municipal landfill since November 1976. A-CC is currently operating a Sub-title D (lined) landfill which is designed to meet all federal standards, including a closure and post-closure care plan to be implemented when the landfill has reached capacity. Closure of Phase 1 was funded in FY06 at \$3.1 million, but due to operational changes the closure has been delayed.

Project Justification:

The landfill has proposed to expand the landfill adjacent to Phase 1 (Phase 5). With this change the closure of Phase 1 may not be required in the next 10 years. Phase 2 will reach final capacity in calendar year 2012. Funds previously set aside for closure of Phase 1 are proposed to be used for Phase 2 closure. The out year funds are requested for the closure of Phase 3 sometime in FY18. Funds for closure and post closure care are set aside annually in the Landfill Enterprise Fund.

Department/Division: Solid Waste
Project Name or Title: Center for Hard to Recycle Materials (CHaRM)
Category: AI - Facilities

Department Priority: _____ of _____
Eden #: _____
Proj. #: _____

Project Description and Location:

A CHaRM is a one stop drop for items that can't be recycled at the curb or at an ACC recycling drop-off sites because they are deemed "hard to recycle" due to their nature (chemical composition, hazardous components, size, distance to end-market, etc.). The ACC CHaRM was selected as one of the SPLOST 2011 projects to receive funding. The original Solid Waste facility located at 1005 College Avenue is approximately 7 acres with one 11,217 square foot building and smaller building used as the Tool Shed by Keep Athens-Clarke County Beautiful. This site was selected by Mayor and Commission in December 2013 to be the location of the CHaRM. SPLOST 2011 is funding the equipment needs of the CHaRM but site improvements are needed as funding becomes available.

Project Justification:

The CHaRM project was one of the waste reduction strategies recommended by the Solid Waste Task Force (SWTF) in 2009 (SWTF - 17 community members appointed by the Mayor). SW staff presented the CHaRM project to the Mayor and Commission in 2010. The CHaRM project was approved by the Mayor and Commission in 2010 along with a complete project/program timeline of other waste management changes needed to achieve the waste reduction goals. The CHaRM project was projected to help get to the 60% waste reduction goal by 2018. Additionally, because the CHaRM is located on a gateway into the community, the site needs aesthetic and safety improvements completed.

Project Description and Location:

The existing Athens-Clarke County Sanitary Landfill located at 5700 Lexington Road consist of approximately 460 acres on the Clarke/Oglethorpe County line. It has been owned and operated as a municipal landfill since November 1976. A-CC is currently operating a Sub-title D (lined) landfill which is designed to meet all federal standards, such as water & methane monitoring & geo-membrane liners to protect against leachate drainage into the soil and/or groundwater, and a closure & post closure care plan to be implemented when the landfill reaches its capacity.

Project Justification:

Phase V is currently in the site suitability phase and is expected to be accepted for permitting in calendar year 2011. Phase V, Stage 1 will need to be ready for construction in FY18. Funds from FY13 were to complete the permitting process. At current waste disposal rates Phase V will provide over 60 years of waste disposal capacity for Athens-Clarke and Oglethorpe Counties. Out year funding will provide for additional Stages to be constructed.

Project Description and Location:

Purchase replacement 40-cubic yard front-end load truck for Commercial Dumpster Collection. These vehicles provide for commercial waste and recycling throughout the community.

Project Justification:

Systematic replacement of vehicles is necessary to keep the fleet in adequate operating condition and to provide efficient commercial dumpster collection (refuse and recycling) to our customers. The expected useful life of front-end load trucks is ten (10) years. Funds for the replacement of these vehicles is put in the Solid Waste Enterprise fund annually. Department/Division: Solid Waste
Project Name or Title: Residential Refuse/Recycling Automated Collections
Category: AI - Equipment

Department Priority: S2 of 2
Eden #:
Proj. #: c0679

Project Description and Location:

Replacement of existing semi-automated residential refuse/recycling fleet with fully automated vehicles. In June, 2014 the Mayor and Commission approved the appropriation of approximately \$844,000 of available working capital for this project.

Project Justification:

This project will reduce the current Solid Waste Fleet by five vehicles and also reduce personnel by 10-12 employees by converting the current fleet to automated vehicles. Automated vehicles operate with a single person versus the current three man crews. The up front capital cost to replace the fleet is paid back is approximately three years with the reduction in personnel and maintenance costs. Costs are being paid with a combination of current working capital and GMA loan pool. Current authorized capital funds for rearloader replacement were transferred over to this project. The personnel reductions are being accomplished primarily through attrition.

Project Description and Location:

Annual cost to repair and maintain equipment and facilities within the Public Utilities Department. Estimated amounts per year: Water Reclamation Facilities (c0216), Water Treatment Plant (c0217), Water & Sewer Construction & Maintenance (c0218), PU Customer Service Center (c0219), Water Resources Center (c0563). Expenditure estimates are based on projected useful life of equipment. See CIP Detail FY16-FY25.

Project Justification:

To avoid spikes in the water rates by maintaining a consistent level of funding for repairs and maintenance.

Project Name or Title: Evaluate & Rehabilitate Sewer Lines
Category: CS - Equipment

Department Priority: 6 of 17
Eden #: 509-6454-53002-52007
Proj. #: c0644

Project Description and Location:

Evaluation of the sewer lines is the first step in determining specific locations in need of rehabilitation. The evaluation process is conducted utilizing a number of different procedures such as TV inspection, smoke testing, and monitoring existing flow conditions. The specific locations and the rehabilitation methods will be determined on a case-by-case basis.

Project Justification:

Sections of the existing wastewater collection systems are 80-100 years old and much of the system was constructed with vitrified clay pipe. As a result, there are sections of pipe within the wastewater collection system experiencing inflow & infiltration problems. These problems may be minor cracks in pipe or they could represent sections experiencing major structural problems. Locating and correcting these problems will ensure the integrity of the wastewater collection system and help eliminate sewer system overflows.

Department/Division: Public Utilities
Project Name or Title: Re-line Old Water Mains
Category: CS - Equipment

Department Priority: 15 of 17
Eden #: 509-6454-53001-52007
Proj. #:

Project Description and Location:

A number of locations within ACC are currently being served by water mains that are 80-100+ years old. These older water mains are cast iron; however, many are not cement lined. Cement lining not only protects the pipe, it also helps minimize the buildup of turbulence within the pipe. The build-up of turbulence reduces the hydraulic capacity of the water system and is a source of many "dirty water" complaints. Cement lining of the water mains is a process that removes the turbulence within the existing pipe. This process is accomplished with much less disruption to the roadways than conventional water line replacement. Specific locations have not been identified at this time.

Project Justification:

Re-lining of the older water mains within the water distribution system will a) improve the hydraulic capacity of the water distribution system, including needed fire protection, b) reduce dirty water complaints, c) help maintain ACC's current ISO Class 2 fire rating, and d) extend the life of the older water mains within the distribution system.

Project Name or Title: Replace Small Diameter Water Mains
Category: CS - Equipment

Department Priority: 16 of 17
Eden #: 509-6454-53001-52007
Proj. #: _____

Project Description and Location:

This project includes the replacement of small diameter water mains (less than 6-inch in diameter) where required in the water distribution system to improve both domestic water service and fire protection within the affected areas.

Project Justification:

Construction costs estimated at \$500,000 in FY18, \$1,000,000 each in FY19 & FY20, \$ 5,000,000 in FY21 through FY25, then \$500,000 in FY26.

Project Name or Title: Renovate / Expand W&S Construction Facilities
Category: CS - Facilities

Department Priority: 11 of 17
Eden #: 509-6454-53101-53003
Proj. #: c0647

Project Description and Location:

Repairs & building modifications of building & grounds to the existing Water & Sewer Construction Facility located at 1000 Alexander Street. The repairs will be accomplished over a three year period. Year 1: Construct an additional bathroom, locker room, and office. Year 2: Repave grounds. Year 3: Repaint exterior.

Project Justification:

The original facility was constructed in 1983 to house 25 full-time employees; there are currently 54 full-time employees. Year 1: An additional 1000 sq. ft. of office space will allow the conference room to be used as such, it has been used to house a Senior Construction Maintenance Supervisor. The added office space will provide Level I/II Supervisors private space to complete paperwork & counsel employees. An additional 150 sq. ft. will provide a larger bathroom with 3 vs. 2 toilets, & additional lockers suitable for the current number of employees. Year 2: Repaving of the grounds is needed to repair existing cracks & potholes. Year 3: The existing paint is fading & peeling. A new coat of paint will protect the metal structure from rust & deterioration.

Project Name or Title: Dredge Alum Sludge Lagoon
Category: CS - General

Department Priority: 13 of 17
Eden #: 509-6454-53001-53090
Proj. #: c0548

Project Description and Location:

Dredge the alum sludge lagoon and install new alum sludge de-watering equipment at the J.G. Beacham Water Treatment Plant, 800 Waterworks Drive.

Project Justification:

The water treatment process produces a waste by-product that is stored on site. Removal of this material every six years is required to meet plant operating requirements. Beginning in FY13 \$300,000 is proposed annually to maintain a consistent level of funding to avoid spikes in the water rates.

Category: CS - General

Department Priority: 4 of 17
Eden #: 509-6454-53200-59022
Proj. #: c0654

Project Description and Location:

This project provides annual funding to implement a Long-Term Watershed Protection Plan and Monitoring to remain in compliance with the standards set by the Georgia Environmental Protection Division (GAEPD). The Long-Term Watershed Protection Plan was required by the EPD as part of the issuance of the new NPDES permits for the upgrade/expansion of three (3) Water Reclamation Facilities. The Long-Term Water Shed Protection Plan must be update each year.

Project Justification:

These funds will be used to cover expenses incurred in updating ACC PUD's Long-Term Watershed Protection Plan in accordance with the EPD's requirements. The scope of the services provided are to include monitoring water quality, compiling data and development of reports for submittal to the GAEPD.

Budgets By Fund

This section provides summary budget information by Fund for revenues and expenditures. A Fund is an individual accounting entity which segregates expenditures, revenues, and other transactions for a specific group of activities.

In addition, this section includes a listing of Interfund Transfers (E-33).

The **General Fund** budget supports the major portion of basic governmental services such as police, fire, judicial, planning, public works, leisure services, etc. These services are primarily supported from tax revenues such as the property tax and the sales tax.

Special Revenue Funds are established to account for specific revenue sources that are usually legally restricted. These include:

- | | |
|--|---|
| - Hotel/Motel Tax | - Alternative Dispute Resolution (ADR) |
| - Community Development Block Grant (CDBG) | - Supportive Housing Fund |
| - Emergency Telephone (E911) | - Special Programs and Initiatives Fund |
| - Revolving Loan Fund | - Building Inspection |
| - HOME Grant Program | - Sheriff Inmate Fund |
| - Grants (All other grant programs) | - Corrections Inmate Fund |

Capital Projects Funds are used to account for financial resources for the acquisition and construction of major Capital Facilities. This includes the General Capital Projects Fund for capital projects which are not accounted for in the General Fund and the Public Facilities Authority Fund which accounts for the revenues and expenditures for maintenance and debt service for the Department of Family and Children Services Building. Capital Projects Funds also include the Economic Development Fund which accounts for revenues and expenditures for infrastructure improvements needed to recruit new or expansions of existing industries and the Development Authority Capital Projects Fund.

Enterprise Funds are used to account for operations which are similar to a private business enterprise or the governing body has identified a need to account for an operation in this manner. These include:

- | | |
|------------|--------------------------|
| - Airport | - Water & Sewer |
| - Landfill | - Solid Waste Collection |
| - Transit | - Stormwater Utility |

Internal Service Funds are used to account for the operations of departments which provide goods and services to other government departments or agencies on a cost reimbursement basis. These include:

- | | |
|---------------------|----------------------------------|
| - Internal Support | - Self Funded Insurance & Claims |
| - Fleet Management | - Self-Funded Health Insurance |
| - Fleet Replacement | |

Overview

These agencies are shown in the ACCUG Budget within a separate section to emphasize their legal, separate autonomy from Athens-Clarke County Government. The total FY16 request from Independent Agencies is \$5,694,445, a 6.2% increase over FY15. The FY16 Budget includes funding of \$5,606,850, a 4.6% increase over FY15. Similar to ACCUG departments, the Independent Agencies were also requested to recommend reductions of 2% from their FY16 funding level and describe the impact that this reduction would have on their services in FY16.

In previous years, the Mayor and Commission have attempted to maintain the total funding level for the Independent Agencies at the same annual rate of growth or decline as the General Fund revenue; but no more than 3.5% of total estimated General Fund revenues. Based on the 3.5% bench mark, total funding for Independent Agencies in FY16 should not exceed \$3.9 million. Using the growth of General Fund revenue as a measurement basis, the funding level for FY16 should not exceed \$3,545,000.

Two Independent Agencies, the Classic Center, and the Convention & Visitors Bureau (CVB), as well as the Economic Development Department, receive funding from the Hotel/Motel tax which is included in a separate special revenue fund. The FY16 Budget for the Hotel/Motel Tax Fund is based on the current 7 percent tax rate projected to generate revenue of \$2,500,000, an 11% increase over \$2,250,000 originally anticipated for FY15. The FY16 Budget includes the funding amounts requested by the Classic Center and the Convention & Visitors Bureau totaling \$2,142,750 within the Hotel/Motel Fund Budget.

Project Safe is requesting \$26,000 in FY16, the same as FY15, from the Special Programs Special Revenue Fund. The Special Programs funding is provided by a 5% fee added to fines that by state law are designated for Crime Victim Assistance Programs. These fees added to fines authorized by the Crime Victims Assistance program are also used to fund positions in the District Attorney and Solicitor General Offices.

Additional information about each agency's request for FY16 is provided below.

QUASI-GOVERNMENTAL AGENCIES

Clarke County Public Health Department – The Health Department is a state agency that provides services that promote and protect the health of our citizens and enhance quality of life for all residents regardless of income. Their FY16 request is \$871,354, the same level as the last four years.

The agency requested \$167,600 for FY16, the same level as FY15. In FY16, Athens-Clarke County funds will be used to support the Child Protective Services/Foster Care Program (\$28,500); general assistance (\$35,000); \$78,877 for support staff positions not funded by the State; and other administrative expenses (\$25,223).

The Budget for FY16 includes the request of \$167,600 for the Department of Family and Children Services.

Athens-Clarke County Regional Library – The Library provides gateways to resources which address the issues and needs of the community as well as preserve the history and culture of Athens-Clarke County. The County library system includes the main facility on Baxter Street and a number of branches located in all areas of the County. The agency requested \$1,874,416 in FY16, an increase of \$114,997 or 6.5% over the FY15 level. The FY16 request includes \$35,200 for a 3% increase in pay for all locally funded staff; an additional \$26,000 (\$1,200 per employee) for the employer's required contribution to the state's health insurance program; \$5,800 increases in utilities; and the elimination of the use of reserve funds to balance the budget (\$48,000).

The FY16 Budget is \$1,789,419 for the Library, an increase of \$30,000 over the FY15 Budget.

Athens Community Council on Aging – The Athens Community Council on Aging promotes a lifetime of wellness through advocacy and education by providing a continuum of services to meet the needs of older adults, persons with disabilities and their caregivers. This agency's FY16 Budget request totals \$287,298, the same as FY15. The Council on Aging's FY16 request includes \$20,000 to fund half of the cost of a vehicle used to transport clients and as a back-up vehicle for the Meals on Wheels Program. The budget request from the Council on Aging for FY16 also includes \$267,298 for operations, the same amount funded for the last three years.

The Budget for FY16 includes the request of \$267,298 for operations and the request of \$20,000 to fund half of the cost of a vehicle used to transport clients and as a back-up vehicle for the Meals on Wheels Program.

Athens Neighborhood Health Center – The Center offers high quality, affordable, and accessible primary health care to the medically underserved citizens of Athens-Clarke County. This agency requested \$100,000 for FY16, the same level as FY15. In June of 2012, Athens Neighborhood Health Center obtained Federally Qualified Health Center (FQHC) status making the Center eligible to receive added program income and expanded services.

The FY16 Budget includes the requested amount of \$100,000 for the Neighborhood Health Center.

COMMUNITY SERVICE AGENCIES

Oconee Rivers Greenway Commission – The Oconee Rivers Greenway Commission was created by the Mayor and Commission on January 7, 1992. The Greenway Commission advises the Mayor and Commission on the protection of and planning for the Oconee Rivers greenway network system in Athens-Clarke County and other related activities. The Greenway Commission requested \$5,500 for FY16, an increase of \$1,500 over the FY15 funding level for ongoing programs and support activities of the Greenway Commission.

The Budget for FY16 includes \$5,500 for Oconee Rivers Greenway Commission, an increase of \$1,500 from FY15.

Community Connection – The Community Connection of Northeast Georgia seeks to strengthen individuals and organizations in northeast Georgia to ensure no need goes unmet through information and referral services, non-profit development and volunteer coordination. For FY16, Community Connection requested \$30,000, an increase of \$5,598 over the FY15 level. The additional funds would support Community Connections offer to provide an emergency preparedness hotline and hotline support in the event of a community-wide emergency; and provide funding toward an additional full-time staff person to manage information and data gathering related to health and human services in the region.

The Budget for FY16 includes \$24,402 for Community Connection, the same level as FY15.

Athens Cultural Affairs Commission – The Athens Cultural Affairs Commission (ACAC) was created by the Mayor and Commission on March 1, 2011. The ACAC is responsible for advising the Mayor and Commission with respect to all aspects of planning, programming, procurement, installation, operation, inventory and maintenance of public art projects and artworks, including art donations, commissions, and temporary projects. The ACAC requested \$18,000, an increase of \$3,000 over FY15. The increase requested for FY16 will provide funding for staff assistance.

The Budget for FY16 includes \$21,000 for Athens Cultural Affairs Commission, an increase of \$6,000 from FY15 to provide funding for staff assistance, rental of office space and for the development and upkeep of a public art map app.

Athens Tutorial Program– The Athens Tutorial Program provides an afterschool setting for one-on-one assistance with homework, preparation for tests, career exploration, cultural enrichment, and life skills development. Athens Tutorial has been providing academic enrichment services for school age children in the East Athens community since 1981. The Program provides services each weekday from tutorial centers at the East Athens Center on McKinley Street and the First Presbyterian Church. For FY16, Athens Tutorial has requested \$3,500, the same level as FY15.

The Budget for FY16 includes the requested amount of \$3,500 for the Athens Tutorial Program.

HOTEL/MOTEL FUND AGENCIES

During FY16, the seven percent Hotel/Motel Tax is projected to generate about \$2,500,000, an increase of 11% over the estimate for FY15. Based on receipts to date, Hotel/Motel Tax revenue during FY15 is projected to be \$2,400,000.

Classic Center Authority and Convention & Visitors Bureau (CVB) – The Classic Center Authority seeks to enhance the quality of life in Athens-Clarke County by serving as the cultural, civic, and social center for the community. The CVB promotes visitors and tourism to our county to improve the local economy and benefits to citizens. The FY16 Budget includes a request for six of the seven percent Hotel/Motel Tax collections to support the operations of the Classic Center and CVB consistent with previous year’s funding levels. This Budget includes requests of \$1,357,250 for the Classic Center and \$785,500 for the Convention & Visitors Bureau.

The FY16 Budget includes \$1,357,250 for the Classic Center, an increase of \$135,725 from FY15; and \$785,500 for the Convention and Visitors Bureau, an increase of \$78,550 from FY15.

SPECIAL PROGRAMS-SPECIAL REVENUE FUND

Project Safe – The mission of Project Safe is to end domestic violence through crisis intervention, ongoing supportive services, prevention and education, and systems change advocacy. The FY16 Budget request for Project Safe is \$26,000 from the Special Programs Special Revenue Fund (the 5% Crime Victims Assistance revenue), the same level as FY15. This funding supports 40% of the agency’s volunteer program to recruit, train, and place those willing to serve throughout Project Safe.

In addition, Project Safe requested \$5,000 in one time funding from the General Fund in FY16 to help support the expansion of their emergency shelter – a \$360,000 project planned for FY16. Project Safe received \$12,000 in FY15 for one time funding for the Breaking Silence initiative, which is focused on reducing teen dating violence.

The Budget for FY16 includes \$26,000 from the Special Revenue Fund and \$5,000 from the General Fund for Project Safe as requested.

CDBG AND HOME

FY16 HOME Funds Available (July 1, 2015 - June 30, 2016) \$362,341

1. Housing and Community Development \$326,107
Affordable housing construction

To maximize the impact of HOME program funds and leverage public and private resources, HOME funds will be available as “gap financing” for eligible housing activities under the HOME Investment Partnership Program. In order to maintain compliance with HOME regulations and utilizing the maximum allowable subsidy for individual units, HOME funds may also be made available to open projects that are approaching non-compliance with portions of the recently revised HOME Final Rule.

Applications for HOME funds will be accepted on a “first come, funds available” basis on affordable housing developments where:

- the proposed property site has been identified,
- total development costs have been projected (including sales price and/or rental rates), and
- additional financial resources have been secured and committed

This will enable HCD to determine the actual investment of HOME funds required to make the development financially feasible and provide increased housing opportunities for decent, safe, and affordable housing for low to moderate income households in Athens-Clarke County.

2. Administration \$36,324
HCD administration of HOME program (10% cap)
-

TOTAL PROPOSED FY16 HOME EXPENDITURES \$362,341

DEBT SERVICE REQUIREMENTS

Athens-Clarke County is currently well within the debt limits established under Georgia Law. Georgia Law limits a county's indebtedness to 10% of the assessed value of all taxable property located within the county. Only General Obligation Bonds, which are repaid by property tax revenues, fall under the legal debt limit. Revenue Bonds are to be repaid from specific revenue sources and do not fall under the legal debt limit.

**FISCAL POLICIES
OF
ATHENS-CLARKE COUNTY, GEORGIA**

LAST REVISED BY MAYOR AND COMMISSION

ON DECEMBER 1, 1998

Athens-Clarke County Fiscal Policies

OPERATING BUDGET POLICIES

1. The Unified Government will finance all current expenditures with current revenues. The Unified Government will avoid budgetary procedures that balance current expenditures through the obligation of future resources. The Unified Government will not use short-term borrowing to meet operating budget requirements.
2. The operating budget will provide for adequate maintenance of capital equipment and facilities and for their orderly replacement.
3. All Governmental Funds are subject to the annual budget process. Budgets will be prepared for Proprietary Funds (Enterprise and Internal Service) to establish fees and charges and control expenses.
4. The budget must be balanced for all budgeted funds. Total anticipated revenues and other resources available must equal total estimated expenditures for each fund.
5. All budgets will be adopted on a basis of accounting consistent with Generally Accepted Accounting Principles (GAAP). Revenues are budgeted when they become measurable and available and expenditures are charged against the budget when they become measurable, a liability has been incurred, and the liability will be liquidated with current resources.
6. All unencumbered operating budget appropriations will lapse at year-end. Encumbered balances will be re-appropriated in the following fiscal period in accordance with Generally Accepted Accounting Principles.
7. The budget shall be adopted at the legal level of budgetary control which is the fund/department level (i.e., expenditures may not exceed the total for any department within a fund). Transfers of appropriations within a Department shall require only the approval of the Budget Officer. Transfers between departments or funds, an increase of a personal services appropriation, or an increase in the level of authorized positions shall require the approval of the Mayor and Chair and Commission in accordance with Section 7-408 of the Unified Government charter. Department heads and management personnel are directed to operate within budget limitations to prevent "emergency" situations.
8. The Unified Government will strive to include an amount in the General Fund budget approved by the Mayor and Chair and Commission (i.e., a line item for contingencies) for unforeseen (e.g., emergency type) operating expenditures. The amount of the contingency will be no more than 5% of the operating budget.
9. The Unified Government will integrate performance measurement and objectives and productivity indicators within the budget.
10. The Unified Government will maintain a budgetary control system to ensure adherence to the budget and will prepare timely financial reports comparing actual revenues, expenditures and encumbrances with budgeted amounts.

Athens-Clarke County Fiscal Policies

11. The operating budget shall be developed to control both the direct and indirect costs of programs and services whenever practical.
12. The Unified Government shall comply with all state laws applicable to budget hearings, public notices, public inspection, and budget adoption.
13. Enterprise and Internal Service fund budgets shall be self supporting whenever possible. Excess revenues of Enterprise funds shall not be transferred to other funds unless authorized in the Annual Budget.

CAPITAL BUDGET POLICIES

1. Capital projects will be undertaken to:
 - A. Preserve infrastructure and public facilities.
 - B. Promote economic development and enhance the quality of life.
 - C. Improve the delivery of services.
 - D. Preserve community and historical assets.
 - E. Improve economically depressed areas and those with low and moderate income households.
2. The Unified Government will develop a five year Capital Improvement Program (CIP) and update the CIP annually to direct the financing of and appropriations for all capital projects. The Unified Government defines a capital project for inclusion in the CIP as any asset or project in excess of \$20,000 with an estimated useful life of three years.
3. The Unified Government will coordinate the development of the Capital Improvement Program with the development of the operating budget to insure that future operating costs are projected and included in the operating budget where appropriate.
4. The Unified Government will develop a program to replace authorized vehicles and equipment without significant impact to the capital budget.
5. The Unified Government will aggressively seek public and private grants, contracts, and other outside sources of revenue to fund projects included in the Capital Improvement Program.
6. The balances of appropriations for capital projects will be designated by management at yearend and re-appropriated in the following years until the project is completed.
7. Proprietary Funds will depreciate capital assets in accordance with GAAP and all annual depreciation amounts available from earnings will be appropriated for replacement of existing capital plant and equipment.
8. Unreserved, undesignated fund balances for governmental funds should be used only for one time capital non-operating expenditures as appropriated by governing authority.
