December 31, 2015

To the Honorable Mayor, Members of the Commission, and Citizens of Athens-Clarke County:

Georgia state law requires that every general purpose local government publish a complete set of audited financial statements within six months of the close of each fiscal year. Pursuant to that requirement, we hereby issue the Comprehensive Annual Financial Report ("the CAFR") of Athens-Clarke County, Georgia ("the Government") for the fiscal year ended June 30, 2015.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits; the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Mauldin and Jenkins, LLC, Certified Public Accountants, have issued an unmodified ("clean") opinion on the Athens-Clarke County Unified Government's financial statements for the year ended June 30, 2015. The Independent Auditor's Report is located at the front of the financial section of this report.

Management's Discussion and Analysis (MD&A) immediately follows the Independent Auditor's Report and provides a narrative introduction, overview and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

Profile of the government

On August 7, 1990 the citizens of Clarke County and City of Athens voted to consolidate into one government, the **Unified Government of Athens-Clarke County**, Georgia. The first elected officials for the new government took office on January 14, 1991. The City and County operated as separate financial entities for the remainder of fiscal year 1991, and combined operations as one government beginning July 1, 1991.

Located 65 miles east of Atlanta, Athens-Clarke County has a population of 121,000 and is the smallest of Georgia's 159 counties in land area at 125 square miles. It is home to the oldest state-chartered university in the United States, the University of Georgia, which has a student enrollment of approximately 34,500. Athens-Clarke County is the regional center of northeast Georgia with a stable economy based on a broad mix of industry, healthcare facilities, service organizations, and governmental institutions.

The Athens-Clarke County Government provides a full range of urban services for its citizens. These services are overseen by the Manager who is appointed by the Mayor and a 10 member Board of Commissioners. The Mayor and Commissioners hold part-time, four year terms, and are elected in staggered voting cycles. Additional information about current activities of the Government can be obtained at our website, www.athensclarkecounty.com.

In accordance with state law and the Government's charter, Athens-Clarke County adopts an annual operating and capital budget. The budget process provides a professional management approach to establishing priorities and an orderly means of directing the Government's various services. Developed on a line item basis with a focus on the cost of services, the Government's budget is adopted by the Mayor and Commission after a required public hearing and two public notices. The legal level of budgetary control is the department/fund level.

FINANCE DEPARTMENT UNIFIED GOVERNMENT OF ATHENS-CLARKE COUNTY, GEORGIA

Local Economy

Athens-Clarke County remains the industrial and retail center for northeast Georgia and accounts for over 60% of the Metropolitan Statistical Area (MSA) labor force. The total civilian labor force ranged between 93,000 and 96,000 in 2015. The unemployment rate continues to stay below average for the State of Georgia, falling from 6.1% in September of 2014 to 5.6% in August of 2015. Trends in the local economy indicate that the business outlook continues to be positive in the immediate future. Athens-Clarke County's top five industry sectors are education, healthcare, retail, hospitality, and manufacturing; growth was seen in all sectors.

Based on building permit data, construction activity rose to \$167 million in calendar year 2014, driven by several large, mixed-use projects in downtown. Projections based on current trends for 2015 indicate that construction activity for calendar year 2015 will be significantly higher than what was realized in 2014.

The largest employer in Athens-Clarke County is the University of Georgia (UGA) with a workforce of over 10,000 and a fiscal year 2015 budget of \$1.48 billion.

Terry College of Business's new Learning Community, Correll Hall, is currently under construction. UGA dedicated the first phase and broke ground on Phase II in September 2015. Also under construction is The Science Learning Center (ScLC). This approximately 122,500 gross square-foot facility will provide new modern learning space for core undergraduate science courses. The project budget for this facility is \$48 million and is scheduled to open Fall 2016.

The retail sector shows improvement in 2015. Growth of 3% in sales tax collection was seen from January to September over the same period in 2014. Georgia Heights, a 292-bed, mid-rise collegiate community, completed construction in August 2015. This \$50 million mixed-use development includes a 13,000 square foot CVS pharmacy, J. Crew Factory, Dress Up Boutique and D.P. Dough to total 43,000 square feet of street-level retail space. Another considerable student housing development currently under construction, The Mark, is a 920 bed development at the southeast corner of downtown that consists of more than 400,000 square feet, including 31,000 square feet of retail space and 41,000 square feet of office space.

Athens-Clarke County's largest manufacturer, Caterpillar, opened in 2013 and continues to positively affect the local economy with over 900 employees. In June 2015, Caterpillar launched the production build of their small, track-type tractor machines for delivery into lower (emission) regulated countries. Production volumes for both excavators and tractors are expected to grow sharply during the second half of 2015 as the facility follows its projected production ramp up.

Ethicon, a subsidiary for Johnson & Johnson, is the world leader in the manufacture of surgical sutures and broke ground on a \$185 million Athens facility in September of 2012. The building received a Certificate of Occupancy in the summer of 2014. The plant will be fully operational in 2017.

McCann Aerospace is nearing completion on a \$10 million expansion. They expect to be fully operational November 2015.

Another subsidiary of Johnson & Johnson, Noramco, announced a \$25M retrofit of existing space at their current facility in September of 2015. Construction will begin in the first quarter of 2016. The plant will produce a product to supply the sister Ethicon facility.

Long-term financial planning and major initiatives

From inception in 1991, Athens-Clarke County has focused operations with long range plans in mind. The Government's first long-range plan, Athens-Clarke Tomorrow, was completed in October of 1993. This citizen-based process identified the future needs of its citizens, the Government, and the county area. This first plan has been followed by an update of the land use plan and other specific plans. The Government also works with neighboring counties to plan transportation and transit system improvements. This regional transportation program, the Madison, Athens-Clarke, Oconee Regional Transportation Study (MACORTS), is funded primarily by the federal government. The Government's capital programming process uses these plans as a guide for the development of plans for acquisition, construction, and replacement of capital assets.

The long range plans for each business-type activity and the governmental activities are included. Operating costs for capital improvements are also included within the Government's capital programming process to ensure that the impact on operating costs is considered.

The Government continues to use a capital project based 1% sales tax to finance approximately \$21 million of capital assets annually. The implementation of this 1% tax, the Special Purpose Local Option Sales Tax (SPLOST), required a public referendum. On November 2, 2010, Athens-Clarke County citizens voted to extend the current SPLOST for another nine years beginning April 1, 2011. This program will fund an additional \$195.2 million of capital improvements. This newest SPLOST program, SPLOST 2011, will provide funding for thirty-five projects that include: renovation and expansion of the Jail; expansion of the Classic Center; public safety equipment additions; bicycle and pedestrian improvements; expansions and improvements to various parks; greenway expansions; and road/bridge improvements.

On May 7, 2013, the Government issued \$52.3 million of General Obligation Sales Tax Bonds (Series 2013) to fund a portion of the cost to renovate and expand the Jail. This \$74 million project will increase the capacity of the Jail to 786, a level sufficient to meet forecasted needs in 2024. The scheduled completion date for this project is Spring 2016.

On June 4, 2015, the Government refunded the outstanding balance of the Series 2008 Water and Sewer Revenue Bonds in the amount of \$204.2 million with the 2015 Water and Sewer Revenue Bonds that totaled \$210.1 million. Additionally, proceeds of \$15 million from the 2015 Water & Sewer bonds will be used to finance improvements to the water and sewer system.

Relevant financial policies

The Charter of the Unified Government that was adopted on August 7, 1990 (Section 7-404a) requires the Government to "develop a statement of the general fiscal policies of Athens-Clarke County." On January 2, 1991, the Mayor and Commission adopted a comprehensive set of "Fiscal Policies"; last revised on December 1, 1998 and available at www.athensclarkecounty.com. These policies guide the decisions and processes for the operating budget, capital budget and Capital Improvements Program; reserve funds; revenue administration; accounting, auditing and financial reporting; debt; investments; and purchasing.

At the end of fiscal year 2015, the General Fund had \$21.3 million of unassigned fund balance, an increase of \$1 million over the prior year. This represented 19.4% of General Fund expenditures and transfers out. This amount is consistent with the Government's Reserve Fund Policy to "strive to accumulate a General Fund working reserve at least equal to one month (8.3%) of the General Fund budget." This reserve shall be created and maintained to provide the capacity to:

- Offset significant downturns and revision in any general government activity.
- Provide sufficient working capital.
- Provide sufficient cash flow for current financial needs at all times.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Athens-Clarke County for the fiscal year ended June 30, 2014. This award was the twenty-ninth consecutive year the Government has achieved this prestigious award. In order to be awarded a Certificate of Achievement, the Government had to publish an easily readable and efficiently organized CAFR that satisfied both generally accepted accounting principles and applicable program requirements.

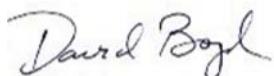

A Certificate of Achievement for Excellence in Financial Reporting is valid for a period of one year only. We believe our current CAFR continues to meet the Certificate of Achievement for Excellence in Financial Reporting requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this report would not have been possible without the skill, effort, and dedication of the entire staff of the Finance Department. We wish to thank all government departments for their assistance in providing the data necessary to prepare this report. Credit is also due to the Mayor and Commission for their unfailing support for maintaining the highest standards of professionalism in the management of the finances of the Athens-Clarke County Unified Government.

Respectfully submitted,

W. Alan Reddish
Manager

INDEPENDENT AUDITORS' REPORT

**To the Mayor and Commission
Athens-Clarke County, Georgia**

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of **Athens-Clarke County, Georgia** (the "Government"), as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the Government's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Clarke County Board of Health, which represents 18%, a reduction of 40%, and 44%, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units, or the Development Authority of Athens-Clarke County, which represents 2%, 1% and 0.1%, respectively, of the assets, net position, and revenues of the governmental activities and represents 0.1%, 0.1%, and 0.1% of the assets, fund equity, and revenues of the aggregate remaining fund information. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the Clarke County Board of Health and the Development Authority of Athens-Clarke County, is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Athens-Clarke County, Georgia, as of June 30, 2015, and the respective changes in financial position and, where applicable, cash flows thereof and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As described in Notes IV.E. and IV.M., the Government implemented Governmental Accounting Standards Board Statement No. 68, *Accounting and Financial Reporting for Pensions—an amendment of GASB Statement No. 27*, as well as Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date—an amendment of GASB Statement No. 68*, as of July 1, 2014. These standards significantly changed the accounting for the Government's net pension liability and the related disclosures. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis (on pages 11 through 17), the Schedule of Changes in the Net Pension Liability and Related Ratios (on page 79), the Schedule of Government Contributions - Pension (on page 80), the Schedule of Pension Investment Returns (on page 80), the Schedule of Funding Progress – OPEB (on page 81) and the Schedule of Employer Contributions – OPEB (on page 81), be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and the other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Government's basic financial statements. The combining and individual non-major fund financial statements and schedules, the Special Purpose Local Option Sales Tax schedules of expenditures, as required by the Official Code of Georgia 48-8-121, and the introductory and statistical sections are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual non-major fund financial statements and schedules and the Special Purpose Local Option Sales Tax schedules of expenditures are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the report of the other auditors, the combining and individual non-major fund financial statements and schedules and the Special Purpose Local Option Sales Tax schedules of expenditures are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 31, 2015 on our consideration of the Government's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Government's internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "Mauldin & Jenkins, LLC". The signature is fluid and cursive, with "Mauldin & Jenkins" on the top line and "LLC" on the bottom line.

Atlanta, Georgia
December 31, 2015

Athens-Clarke County, Georgia
Management's Discussion and Analysis
For the Year Ended June 30, 2015

Management's discussion and analysis provides an objective and easily readable analysis of Athens-Clarke County, Georgia's (the Government) financial activities. The analysis provides summary financial information for Athens-Clarke County and should be read in conjunction with the Government's financial statements.

OVERVIEW OF THE FINANCIAL STATEMENTS

The Government's basic financial statements comprise three components:

1) *Government-wide financial statements*, 2) *fund financial statements*, and 3) *notes to the financial statements*. The *government-wide financial statements* present an overall picture of the Government's financial position and results of operations. The *fund financial statements* present financial information for the Government's major funds. The *notes to the financial statements* provide additional information concerning the Government's finances that are not disclosed in the *government-wide or fund financial statements*.

The *government-wide financial statements* include the Statement of Net Position and the Statement of Activities. These statements use accounting methods similar to those used by private-sector companies. Emphasis is placed on the net position of governmental activities and business-type activities and the change in net position. Governmental activities are primarily supported by property taxes, sales taxes, other taxes, federal and state grants, fines, and charges for services. Business-type activities are supported by charges to the users of those activities, such as water and sewer service charges.

The Statement of Net Position presents information on all assets, deferred outflows of resources, liabilities, and deferred inflows of resources of the Government, with the difference between assets, deferred outflows of resources, liabilities, and deferred inflows of resources reported as net position. Net position is reported in five categories; 1) net investment in capital assets 2) restricted for capital projects, 3) restricted for program activities, 4) restricted for debt service, and 5) unrestricted. Assets, deferred outflows of resources, liabilities, deferred inflows of resources and net position are reported for all governmental activities separate from the assets, deferred outflows of resources, liabilities, deferred inflows of resources and net position of business-type activities. In addition, assets, deferred outflows of resources, liabilities, deferred inflows of resources and net position are reported separately for the Downtown Athens Development Authority, the Airport Authority, the Alternative Dispute Resolution Program, the Clarke County Board of Health, and the Classic Center Authority, which are considered discretely presented component units of the Government.

The Statement of Activities presents information on all revenues and expenses of the Government and the change in net position. Expenses and program revenues are reported by major function, providing the net cost of all functions provided by the Government. To assist in understanding the Government's operations, expenses and program revenues have been reported as governmental activities or business-type activities. Governmental activities financed by the Government include: general government, judicial, public safety, public works, culture/recreation, and housing and development.

Business-type activities financed by user charges include: water and sewer services, stormwater, landfill, transit operations, and solid waste collections. Expenses and revenues of the discretely presented component units are reported separately from the Government's financial information.

Fund financial statements present financial information for governmental funds, proprietary funds, and fiduciary funds. These statements provide financial information for the major funds of Athens-Clarke County. Governmental fund financial statements provide information on the current assets and liabilities of the funds, changes in current financial resources (revenues and expenditures), and current available resources. The proprietary fund financial statements provide information on all assets, deferred outflows of resources, liabilities and deferred inflows of resources of the funds, changes in the economic resources (revenues and expenses), and total economic resources. The fiduciary fund statements provide information concerning assets held in trust by the Government on behalf of others.

Fund financial statements include a balance sheet and a statement of revenues, expenditures, and changes in fund balances for all governmental funds. A Statement of Revenues, Expenditures, and Changes in Fund Balances - Budget and Actual, is provided for the Government's General Fund and other governmental funds. For the proprietary funds, which include internal service funds in addition to business-type activities, a Statement of Net Position; a Statement of Revenues, Expenses, and Changes in Fund Net Position; and a Statement of Cash Flows are presented. A Statement of Fiduciary Net Position is presented for the Government's pension and Other Post-Employment Benefits (OPEB) funds, and agency funds. A Statement of Changes in Fiduciary Net Position is presented for the Government's pension and OPEB funds. *Fund financial statements* provide more detailed information about the Government's activities. Individual funds are established to track revenues that are restricted to certain uses, comply with legal requirements, or account for the use of state and federal grants. *Fund financial statements* also disclose the current inflows and outflows of spendable resources and the balances of spendable resources at fiscal year-end.

The *government-wide financial statements* and the *fund financial statements* provide different views of the Government. The government-wide financial statements provide an overall picture of the Government's financial standing, split between governmental activities and business-type activities. These statements are comparable to private sector companies. These statements provide a good understanding of the Government's overall financial health and how the Government paid for the various activities, or functions, provided by the Government. All assets including land, buildings, infrastructure, and machinery and equipment are reported in the statement of net position. All liabilities, including principal outstanding on bonds, principal outstanding on notes payable, and future employee benefits obligated but not paid and held by the Government are reported in the statement of net position. Transactions between the different functions of the Government have been eliminated in order to avoid "doubling up" the revenues and expenses. The *fund financial statements* provide a picture of the major funds and a column for all non-major funds. In the case of governmental activities, outlays for long lived assets are reported as expenditures and long-term liabilities, such as general obligation bonds, are not included in the *fund financial statements*. A reconciliation is provided as a link to show the changes from the *fund financial statements* to the *government-wide financial statements*.

The notes to the financial statements provide additional detail concerning the financial activities and financial balances of the Government. Additional information about the accounting practices for investments of the Government, long-term debt, and the pension plan are some of the items included in the *notes to the financial statements*.

FINANCIAL HIGHLIGHTS

- Athens-Clarke County's assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$732.2 million (net position).
- Total net position for governmental activities was \$380.6 million.
- Total net position for business-type activities was \$351.6 million.
- During fiscal year 2015, the Government refunded the outstanding balance of the 2008 Water and Sewer Revenue Bonds with the 2015 Water and Sewer Revenue Bonds.
- General Fund fund balance increased by \$2.1 million to \$27.8 million, of which \$21.3 million (unassigned fund balance), is available for emergencies, maintenance of facilities and infrastructure, and other governmental activities, at the discretion of the Mayor and Commission.

GOVERNMENT-WIDE ANALYSIS

Schedule 1 and 2 summarize the Government's overall financial position and results of operations for the past two years based on information included in the government-wide financial statements.

Schedule 1
Athens-Clarke County's Net Position
For Fiscal Year 2015 and 2014

	Governmental Activities		Business-type Activities		Total Primary Government	
	2015	2014 (as restated)	2015	2014	2015	2014 (as restated)

The comparison of net position to liabilities may serve, over time, as a useful indicator of the Government's financial strength. At the end of the 2015 fiscal year, the Government's net position totaled \$732.2 million.

The largest portion of the Government's net position (92.5%) reflects its net investment in capital assets land, buildings, equipment and infrastructure less any related debt used to acquire those assets. The Government uses these capital assets to provide services to citizens; consequently, they are not available for future spending. Further, the Government cannot sell the capital assets to repay the related debt because it needs the assets for its operations; so it must find other resources to repay the debt.

The restricted portion of the County's net position (6.4%) represents resources that are subject to external restrictions on how they may be used. The Government's unrestricted net position (1.1%) may be used to meet the government's ongoing obligations to citizens and creditors. Unrestricted net position decreased in fiscal year 2015 due to the addition of a \$24.6 million net pension liability, which is required to be recognized by the newly-established GASB 68 (see Note IV-M on page 78).

At the end of the fiscal year, the Government is able to report positive balances of net position, both for the government as a whole, as well as for its separate governmental and business-type activities.

Schedule 2

GASB 68 Restatement	-	(21,145,262)	-	-	-	(21,145,262)
Net position - ending	\$ 380,567,227	\$ 375,258,930	\$ 351,610,113	\$ 338,963,092	\$ 732,177,340	\$ 714,222,022

Governmental activities increased the Government's net position by \$5.3 million. This increase was mainly due to increases in sales taxes and property taxes. Sales taxes increased \$2.5 million (6.3%) from fiscal year 2014 from growth in the local economy. Property taxes increased \$2.4 million (5.3%) from fiscal year 2014 and has shown continued growth since fiscal year 2013 due to a rebounding housing market and recent commercial development in Athens-Clarke County.

Housing and development expenses increased \$7.0 million due to a change in classification of the following departments are being reclassified to the housing and development function from general government and public works functions: Housing and Community Development, Economic Development, Planning and Zoning, Building Inspection, and Cooperative Extension Service.

Business-type activities increased the government's net position by \$12.6 million. Transfers of capital projects financed through grants and special purpose local option sales tax contributed to the 3.7% increase in total net position for the Government's business-type activities. Charges for services in the business-type activities increased \$3.6 million (6.3%) from fiscal year 2014 due to an increase in consumption and water and sewer rates. Total business-type expenses decreased \$1.2 million (2.0%) from fiscal year 2014 primarily due to a decrease in personnel costs of \$1.6 million across the enterprise funds.

FUND FINANCIAL INFORMATION

Major Governmental Funds

General Fund

The main operating fund for Athens-Clarke County, the General Fund, is used to account for all governmental financial resources not restricted by state or federal laws, local ordinances, or other externally imposed requirements. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$21.3 million. As a measure of the General Fund's liquidity, it may be useful to compare unassigned fund balance to total fund expenditures. Unassigned fund balance represents 20.8% of General Fund expenditures. Total fund balance increased \$2.1 million, as compared to a decrease of \$4.4 million in fiscal year 2014. This increase in operating results is mainly attributable to an increase in revenues of \$2.7 million primarily due to higher property, sales, and franchise taxes.

The fund balance for the General Fund at the end of fiscal year 2015 is \$27.8 million. In the fiscal year 2016 budget, \$1.5 million is assigned to supplement the operating budget and \$5.0 million is assigned to supplement the capital budget. The remaining balance, \$21.3 million, is available for emergencies, maintenance of facilities and infrastructure, and other governmental activities, at the discretion of the Mayor and Commission.

General Fund Budget Highlights

Total General Fund revenue for the year, \$110.4 million, was 2.7% more than the final budget. Sales tax revenue was \$1.4 million (6.7%) higher than budgeted. Also, franchise taxes were \$447,000 (5.3%) greater than budgeted.

Total General Fund expenditures for fiscal year 2015 were \$102.6 million, 95.8% of the final budget. Personal services were \$2.8 million (3.6%) less than budgeted due to position vacancies.

Other Major Governmental Funds

The fund balance for the SPLOST 2011 Capital Projects Fund decreased from \$53.9 million to \$29.5 million, mainly due to expenditures for the Jail Expansion Project. During fiscal year 2015, the Government's SPLOST 2011 Capital Projects Fund received \$22.1 million of sales tax revenues and expended \$36.1 million for authorized projects and contributed \$11.0 million to the repayment of the general obligation debt issued for the Jail Expansion project.

Major Proprietary Funds

Water and Sewer Enterprise Fund

This fund is used to account for water and sewer services provided to customers in the Athens-Clarke County area. Rates are established to pay the costs of current operations and debt service and to provide for capital maintenance and infrastructure replacement. Total assets at the end of fiscal year 2015 were \$519.9 million, deferred outflows of resources were \$32.6 million, total liabilities were \$253.0 million, and net position was \$299.4 million. Operating revenues were \$48.3 million, operating expenses were \$29.1 million, and interest expense was \$11.7 million. Operating income was \$19.2 million and the change in net position was \$9.1 million.

The total operating revenues for fiscal year 2015 were \$4.1 million, or 9.3%, greater than fiscal year 2014. Water charges increased \$2.1 million (8.6%) and sewer charges increased \$1.6 million (9.8%). These increases were due to increased usage and a rate increase of approximately 5% in fiscal year 2015.

Operating expenses for fiscal year 2015 were \$281,500 (1%) less than the total for fiscal year 2014. The decrease in expenses was due to personnel turnover that resulted in personal services decreasing by \$746,000, or 8.2%, offset set by an increase in repair and maintenance costs of \$300,000, or 1.0%.

Landfill Enterprise Fund

This fund is used to account for the operations of the sanitary landfill and the collection of and recycling of certain commercially valuable materials to customers in the Athens-Clarke County area. Total assets at the end of fiscal year 2015 were \$24.4 million, total liabilities were \$5.1 million, and net position was \$19.3 million. Operating revenues were \$3.5 million and operating expenses were \$3.6 million. Operating loss was \$0.1 million and the change in net position was \$(0.3) million.

Total operating revenues for fiscal year 2015 represented a \$96,000 (2.9%) increase over fiscal year 2014 operating revenues. The largest growth area was in customer billings, with an increase of \$219,000 (8.6%) over fiscal year 2014. However, sales of recycled materials decreased \$164,000, or 60.7%.

Operating expenses were \$627,000 below fiscal year 2014 (14.9%), primarily due to a change in estimated closure/post closure care costs.

Fiduciary Funds

Pension Trust and OPEB Trust Funds

The investments held by the Government's defined benefit pension program experienced an increase in market value of \$4.6 million during fiscal year 2015. Contributions of \$8.5 million from the Government were added during the year. The net position of the Pension Trust Fund increased from \$198.7 million to \$201.2 million at the end of fiscal year 2015. The net position of the Other Post Employment Benefit Trust Fund increased from \$6.3 million to \$7.3 million at the end of fiscal year 2015.

Capital Assets Activity

In fiscal year 2015, investment in capital assets for both governmental and business-type activities by the Government increased by \$33.5 million, net of accumulated depreciation. Governmental activities added capital investment of \$32.8 million, net of accumulated depreciation, while business-type activities increased capital assets by \$0.7 million, net of accumulated depreciation. The Government's \$922.7 million investment in capital assets to date includes: land, buildings, roads, bridges, machinery and equipment, and utility systems. Capital assets added during fiscal year 2015 for governmental activities included infrastructure improvements of \$5.5 million and the Classic Center expansion project of \$23.7 million. In addition, construction on a number of capital assets funded by the Special Purpose Local Option Sales Tax Program continued during fiscal year 2015.

Additional information about capital assets is included on pages 50-51 of this report.

Schedule 3 summarizes the Government's capital asset activity.

The Government's Debt

In June 2015, the Government refunded the outstanding balance of the 2008 Water and Sewer Revenue Bonds with the 2015 Water and Sewer Revenue Bonds. Additional information about the Government and its component units' long-term debt is included on pages 53-61 of this report.

Schedule 4 summarizes the Government's long-term debt activity.

Schedule 4
Athens-Clarke County's Outstanding Debt
For Fiscal Year 2015 and 2014

Total	\$ 56,925,701	\$ 68,145,803	\$ 248,479,839	\$ 222,211,957	\$ 305,405,540	\$ 290,357,760

Next Year's Budgets and Rates

The fiscal year 2016 budget includes a total General Fund budget of \$118.2 million, \$113.3 million for operating and \$4.9 million for capital, which is \$5.4 million or 4.8% above the fiscal year 2015 budget. The budget for all funds is \$202.1 million, \$187.4 million for operating and \$14.7 million for capital, which is \$3.0 million or 1.5% more than the fiscal year 2015.

The millage rate for fiscal year 2016 - property tax year 2015 - will be 13.95 mills, the same level as fiscal year 2015. The fiscal year 2016 budget includes a total of 1,619 authorized positions across all funds, an increase of nine full-time positions over the previous year. The government's ratio of full-time positions remains below 14 per 1,000 citizens for fiscal year 2016.

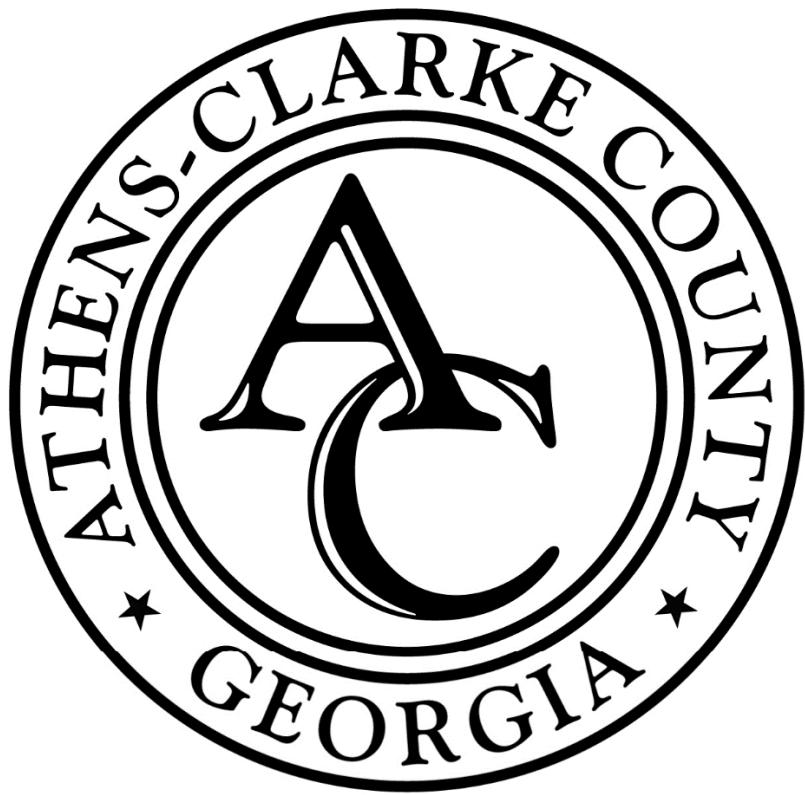

The fiscal year 2016 budget includes \$675,000 for the costs of operating expenditures related to operating and maintenance of SPLOST funded facilities, including support for the expanded Jail, and \$633,000 for new or expanded services. Included in the cost of new and expanded services is \$293,000 in General Fund support for Transit to provide services on Sundays on a pilot basis.

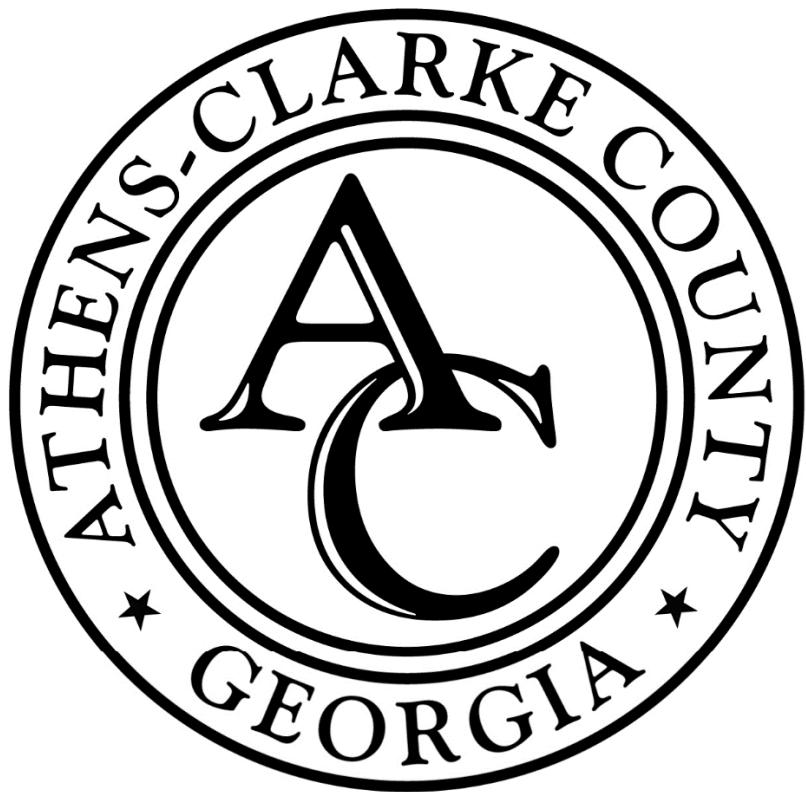

The fiscal year 2016 budget reflects a planned increase to water and sewer rates which equate to an increase of approximately \$4.07 per month for the average customer. The added revenue continues to provide sufficient funding for operating expenses, debt service, and capital projects needed to maintain the water and sewer system in fiscal year 2016.

Athens-Clarke County, Georgia
 Reconciliation of the Balance Sheet of Governmental Funds
 to the Statement of Net Position
 June 30, 2015

Total governmental fund balances \$ 101,872,532

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental activities are not current financial resources and, therefore, are not reported in the funds.	657,153,594
Less: Accumulated depreciation	(221,818,086)
Other long-term assets are not available to pay for current-period expenditures and, therefore, are deferred in the funds.	474,155
Internal service funds are used by management to charge the costs of fleet management and management information systems to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position.	17,159,158
Net OPEB obligations are not due and payable in the current period and, therefore, are not reported in the funds.	(99,344,894)
The net pension liability is not due and payable in the current period and, therefore, it and the related deferred outflows of resources and deferred inflows of resources are not reported in the funds	(16,048,301)
Long-term liabilities, including bonds payable, notes payable, and compensated absences, are not due and payable in the current period and therefore are not reported in the funds.	
Accrued interest payable	(199,348)
Bonds premium, net of amortization	(2,735,101)
Long-term liabilities, due within one year	(13,804,700)
Long-term liabilities, due in more than one year	<u>(42,141,782)</u>
Net position of governmental activities	<u>\$ 380,567,227</u>

The accompanying notes are an integral part of these financial statements.

Athens-Clarke County, Georgia
 Reconciliation of the Statement of Revenues, Expenditures,
 and Changes in Fund Balances of Governmental Funds to the Statement of Activities
 For the fiscal year ended June 30, 2015

Net change in fund balances - total governmental funds \$ (23,631,886)

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense:

Capital outlay	49,339,839
Depreciation expense	(10,182,935)

The net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins, and donations) is to decrease net position.

Capital assets transferred to enterprise funds	(6,755,949)
Capital assets donated by others	101,020
Net effect of disposed assets	(349,835)

Changes in the net pension liability do not require the use of current financial resources and, therefore, were not reported as expenditures in governmental funds. 271,048

Revenues in the statement of activities that do not provide current financial resources are not reported as revenue in the funds.

Fiscal Year 2015 ending balance	474,155
Fiscal Year 2014 ending balance	(605,369)

Expenses for compensated absences are reported for governmental activities but not require the use of current financial resources and, therefore, are not reported as expenditures for governmental funds. 205,178

OPEB obligations do not require the use of current financial resources and, therefore, were not reported as expenditures in governmental funds. (9,953,253)

The issuance of long-term debt, (e.g. bonds, notes, leases), provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items:

Amortization of bond premium	1,293,602
Principal retirement	9,926,500
Fiscal Year 2014 accrued interest paid in Fiscal Year 2015	230,081
Fiscal Year 2015 accrued interest paid in Fiscal Year 2016	(199,348)

The net revenue of internal service funds is reported with governmental activities. (4,854,551)

Change in net position of governmental activities \$ 5,308,297

The accompanying notes are an integral part of these financial statements.

Notes to the Financial Statements
June 30, 2015

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Athens-Clarke County have been prepared in conformity with Generally Accepted Accounting Principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of Athens-Clarke County's accounting policies are described below.

A. Reporting Entity

Athens-Clarke County, Georgia (the Government) was created by legislative act in the State of Georgia in 1990 from the unification of two governments, the City of Athens and Clarke County. On August 7, 1990, the citizens of Clarke County and the City of Athens voted to consolidate into one government to be named the Unified Government of Athens-Clarke County, Georgia. The officials for the new government were elected and, based on the charter, took office on January 14, 1991. Both the City and County operated as separate financial entities until the end of the fiscal year June 30, 1991. The Unified Government combined all functions and began financial operations on July 1, 1991.

Athens-Clarke County is governed by a Mayor and a ten member Commission who serves on a part-time basis and is elected to staggered four-year terms. The Mayor and Commission appoint a Manager who is responsible for the daily operations of the Government. Athens-Clarke County provides services in the following functions: General Government, Judicial, Public Safety, Public Works, Culture/Recreation, and Economic Development.

As required by GAAP, the financial statements of the reporting entity include those of the primary government and its component units. The component units discussed below are included in the Government's reporting entity because of the significance of their operation and financial relationships with the Government. In conformity with GAAP, as set forth in the Statement of Governmental Accounting Standards No. 14 "The Financial Reporting Entity," as amended by GASB Statements No. 39 and 61, the component units' financial statements have been included as blended or discretely presented component units. Blended component units, although legally separate entities, are in substance part of the Government's operations, so financial data from these units are combined with the financial data of the primary government. Each discretely presented component unit is reported separately in the government-wide financial statements to emphasize that it is legally separate from the Government. The component units' financial information disclosed within the government-wide financial statements reflects the most recently audited financial statements.

Included with the reporting entity as Blended Component Units:

Solid Waste Management Authority - On July 13, 1993, Athens-Clarke County created the Solid Waste Management Authority of Athens-Clarke County, Georgia, under the provisions of the Official Code of Georgia Annotated (O.C.G.A.) Section 12-8-50. The Authority consists of twelve directors who are the Mayor, the Commissioners and the Finance Director of Athens-Clarke County. The Authority serves as a financial conduit for debt issued to maintain and expand the landfill. The Authority is blended with the Landfill Enterprise Fund which is reported as a major fund.

Athens Public Facilities Authority - The Athens-Clarke County Public Facilities Authority originally created in 1960, was reestablished in 1996. The Athens-Clarke County Public Facilities Authority consists of five directors appointed by the Mayor and Commission. The Authority serves as a financial conduit for debt issued to construct/maintain public buildings and related projects. This Authority is reported as a nonmajor capital projects fund.

Athens-Clarke County, Georgia
Notes to the Financial Statements
June 30, 2015

Development Authority of Athens-Clarke County (Development Authority) - Created in 1999, the financial operations of the Development Authority of Athens-Clarke County are presented as a nonmajor capital project fund. The Mayor and Commission appoint the seven members of the Authority. The Authority is a political body corporate and politic created pursuant to the Georgia Development Authorities Law (O.C.G.A. 36-62-1 through O.C.G.A. 36-62-13). The issuance of debt of the Authority requires the approval of the Mayor and Commission. On March 1, 2012, the Authority issued bonds in the amount of \$5,475,000 to finance the cost of acquisition, development, and improvement of the site to be occupied by a manufacturing facility owned by Caterpillar, Inc. As a part of this issuance of debt, the Mayor and Commission of Athens-Clarke County entered into an intergovernmental contract with the Authority to guarantee the debt service payments for the bonds to maturity in 2032. The Government's commitment to make the payments is secured by a pledge of full faith and credit and taxing powers. The guarantee included in the intergovernmental contract meets the criteria for inclusion as a financial burden for the Government, and the Government expects to repay all of the Development Authority's currently outstanding debt, so the financial statements of the Authority have been included as a blended component unit since fiscal year 2013 whereas it previously was considered a discretely presented component unit of the Government.

Land Bank Authority - On May 5, 2009, the Mayor and Commission established the Land Bank Authority under the provisions of the O.C.G.A. 48-4-60. The Authority serves to transition real property from nonrevenue generating, nontax-producing status to a utilization status useful for housing, new industry, and jobs for the citizens of Athens-Clarke County on behalf of, serving only, the Government. The Authority consists of five members appointed by the Mayor and Commission for four year terms. The current members of the Authority include three Commissioners, the Tax Commissioner, and a citizen. Prior to fiscal year 2013, the Authority had not taken any formal action to commit resources or to acquire real property. During fiscal year 2013, real property was donated to the Authority by a local financial institution. The financial operations of the Authority are presented as a nonmajor enterprise fund.

Included with the reporting entity as Discretely Presented Component Units:

Downtown Athens Development Authority - The financial operations of the Downtown Athens Development Authority are presented as a governmental type unit. The seven members of the Authority include the Mayor and a Commissioner from Athens-Clarke County, the Chairman of the Board of the Athens Area Chamber of Commerce, and four appointed members, two of whom are real estate owners in the district who are members of the Athens Downtown Council and two of whom operate businesses in the district. It was determined that the Government can impose its will on the Authority. The Authority can recommend a tax levy of up to one mill on all taxable real property in the district for the operations of the Authority subject to the approval of the Mayor and Commission. The issuance of debt by the Authority requires the approval of Athens-Clarke County.

Athens-Clarke County Downtown Development Authority - The financial operations of the Athens-Clarke County Downtown Development Authority are also presented as a governmental type unit. The seven directors of the Authority are appointed by the Mayor and Commission. It was determined that the Government can impose its will on the Authority. The issuance of debt by the Authority requires approval by Athens-Clarke County. The Authority is responsible for the revitalization and re-development of the central business district and the promotion of the public good and the general welfare, trade, commerce, industry and employment opportunities. During fiscal year 2015, the Authority reported no assets and did not collect revenue or incur expenses.

Athens-Clarke County, Georgia
Notes to the Financial Statements
June 30, 2015

Clarke County Airport Authority - Created in 1988, the Clarke County Airport Authority serves as an advisory board for the operations of the Athens Ben-Epps Airport. The six members of the Authority are appointed by the Athens-Clarke County Commission for four-year staggered terms. The Manager serves as a nonvoting ex-officio member of the Authority. It was determined that the Government can impose its will on the Authority. The issuance of debt by the Authority requires approval by Athens-Clarke County. The Authority is responsible for the management of the airport and the development of airport operations for "maximum public benefit." The Airport Authority is presented as a proprietary type unit.

Classic Center Authority - The financial operations of the Classic Center Authority of Clarke County, created in 1988, are presented as a proprietary type unit. Athens-Clarke County is responsible for appointing the five members of the Authority's Board of Directors. It was determined that the Government can impose its will on the Authority. The Classic Center facility, financed by a previous Special Purpose Local Option Sales Tax, was completed in March 1996. The issuance of debt by the Authority requires approval by Athens-Clarke County. The State law enacting the Authority requires the Government's Independent Auditor to audit the financial records of the Authority.

Alternative Dispute Resolution Program - The Alternative Dispute Resolution Program was created under the provisions of O.C.G.A. Section 15-23-1. The Alternative Dispute Resolution Program was established for the resolution of disputes with any method other than litigation. Under the provisions of this code, each participating county must create a board consisting of the Chief Judge of the Superior Court of the circuit in which the county is located, the Senior Judge of the State Court, the Judge of the Probate Court, the Chief Magistrate, the Clerk of the Superior Court, and one practicing attorney appointed by other members of the board. The board has the power to provide for the collection of a charge in each civil action or case filed in the superior, state, probate, and magistrate courts; to manage, control, and direct funding for the program and its expenditures to distribute the funding coming into the program in such a manner and subject to such terms and limitations as the board, in its discretion, shall determine the actions that will best meet the purpose of this code; to contract for the investment, pooling, and expenditure of funds; to adopt such rules and regulations as may be necessary to manage the program; to exercise all other powers necessary for proper administration of the funding mechanism provided for in the code. It was determined that the Government can impose its will on the Authority. The Mayor and Commission approve the budget of the program. This program is reported as a discretely presented governmental type unit.

Clarke County Board of Health - The Board of Health was created under the provisions of O.C.G.A. Section 31-3. The Board of Health is composed of seven members, all but one are appointed by the Mayor and Commission. The members of the Board of Health are: the Mayor; a Commissioner; the County Superintendent of Schools; a physician actively practicing medicine; a citizen advocate representing the consumers of mental health, mental retardation, and substance abuse services; a citizen interested in promoting public health or a nurse; and a citizen who will represent the needy, underprivileged, or elderly community. The physician and the citizens serve six year staggered terms. The Mayor, Commissioner, and Superintendent of Schools serve unlimited terms based on their position. It was determined that the Government can impose its will on the Authority. The Board of Health is responsible for all public health matters including the enforcement of health laws and regulations. Funds to meet the expenses of the Board of Health come from local, state, and federal sources. The budget of the Board of Health must be submitted to the Mayor and Commission. The Board of Health is reported as a discretely presented governmental type unit.

Athens-Clarke County, Georgia
Notes to the Financial Statements
June 30, 2015

Complete financial statements for the individual component units may be obtained at the following address:

Unified Government of Athens-Clarke County
Office of the Finance Director
P. O. Box 1868
Athens, GA 30603

B. Measurement Focus, Basis of Accounting and Basis of Presentation

The basic financial statements of the Government are composed of the following:

- Government-wide financial statements
- Fund financial statements
- Notes to the financial statements

Government-wide Financial Statements

Government-wide financial statements display information about the reporting government as a whole, except for its fiduciary activities. These statements include separate columns for the governmental and business-type activities of the primary government (including its blended component units), as well as its discretely presented component units. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely, to a significant extent, on fees and charges for support.

Likewise, the primary government is reported separately from the legally separate discretely presented component units for which the primary government is financially accountable.

Government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary and fiduciary fund financial statements. Under the accrual basis of accounting, revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Revenues, expenses, gains, losses, assets, and liabilities resulting from nonexchange transactions are recognized in accordance with the requirements of GASB Statement 33 - Accounting and Financial Reporting for Nonexchange Transactions. Program revenues include charges for services, fines and forfeitures, and payments or donations made by parties outside of the reporting government's citizenry if that money is restricted to a particular program. Program revenues are netted with program expenses in the Statement of Activities to present the net cost of each program. Interest expenses have been included as a part of direct program costs on the Statement of Activities. Under business-type activities interest expense of \$11,714,521 is included as water and sewer expenses and \$1,472 as stormwater expenses. Amounts paid to acquire capital assets are capitalized as assets in the government-wide financial statements, rather than reported as an expense. Proceeds of long-term debt are recorded as liabilities in the government-wide financial statements, rather than as another financing source. Amounts paid to reduce long-term indebtedness of the reporting government are reported as a reduction of the related liability, rather than as an expense.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements, exceptions are interfund services and the allocation of administrative services.

Athens-Clarke County, Georgia
Notes to the Financial Statements
June 30, 2015

Fund Financial Statements

The underlying accounting system of the Government is organized and operated on the basis of separate funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Operating revenues are the revenues generated from the sale of goods and/or services produced as a result of the operating activities of the fund. The operating revenue reflected in the financial statements is gross revenue without consideration of cost of goods sold or other related expenses. Non-operating revenue includes interest revenue, intergovernmental revenue and gain on the disposition of capital assets. Proprietary funds expenses result from producing and delivering goods and services. Operating expenses typically include the cost of sales and services, administrative expenses, and depreciation on capital assets. Non-operating expenses include interest on debt and other items not considered operating.

Fund financial statements for the primary government's governmental, proprietary, and fiduciary funds are presented after the government-wide financial statements. These statements display information about major funds individually and nonmajor funds in the aggregate for governmental and proprietary funds. The fiduciary fund statements include financial information for the trust and agency funds. These funds represent assets held by the Government in a custodial capacity for individuals or other governments.

When both restricted and unrestricted resources are combined in a fund, expenses are considered to be paid first from restricted resources, and then from unrestricted resources.

Governmental Funds

Governmental funds are used to account for the Government's general government activities. Governmental fund types use the flow of current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting revenues are recognized when susceptible to accrual (i.e., when they are "measurable and available"). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period. The Government considers all revenues available if they are collected within 60 days after year end. Expenditures are recorded when the related fund liability is incurred, except for un-matured principal and interest on general long-term debt and other long-term obligations which is recognized when due.

Property tax revenues are considered measurable and available if they are collected during the current period or within sixty days after the end of the period. Property taxes not collected within sixty days are recorded as receivable; however, the related revenue is deferred and recognized when subsequently collected. Sales tax revenue is considered measurable and available when collected from the customer at the time that a taxable transaction occurs, if collected within sixty days of year end. Expenditure-driven grants are recognized when the qualifying expenditures have been incurred and all other grant requirements have been met.

Interest revenue and charges for service revenues are considered measurable and available if collected during the current period or within twelve months of the end of the period. The Government has determined that fines and forfeitures, in compliance with GASB 33, *Accounting and Financial Report for Nonexchange Transactions*, are not deemed to be susceptible to accrual as they are not measurable until received in cash.

Athens-Clarke County, Georgia
Notes to the Financial Statements
June 30, 2015

Governmental fund types include: the General Fund, Special Revenue Funds, Capital Projects Funds, Debt Service Funds, and Permanent Funds.

Proprietary and Fiduciary Funds

Proprietary funds and two of the fiduciary funds, the Employee Retirement Pension Trust Fund and the Other Post-Employment Benefits (OPEB) Trust Fund are accounted for using a flow of economic resources measurement focus and accrual basis of accounting. This means that all assets and all liabilities (whether current or non-current) associated with their activity are included on their statements of net position. Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies, taxes, and investment earnings, result from non-exchange transactions or ancillary activities. The other fiduciary funds, agency funds, have no measurement focus; they report only assets and liabilities. The agency funds use the accrual basis of accounting to recognize receivables and payables.

Amounts paid to acquire capital assets in the fund financial statements are reported as an increase in assets. Proceeds of long-term debt are recorded as a liability in the fund financial statements, rather than as another financing source. Amounts paid to reduce long-term indebtedness are reported as a reduction of the related liabilities, rather than as an expense. This measurement focus utilizes the accrual basis of accounting which recognizes revenues when earned and expenses when incurred without regard to the timing of receipt or payment.

Proprietary fund types include Enterprise Funds and Internal Service Funds. Enterprise Funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs private business enterprises - where the intent of the governing body is that the costs (expenses), including depreciation, of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes. The Government accounts for the operations of the Landfill, Transit System, Water and Sewer System, Solid Waste, and Stormwater as Enterprise Funds.

Basis of Presentation

GASB Statement 34 sets forth minimum criteria (percentage of the assets and deferred outflows of resources, liabilities and deferred inflows of resources, revenues, or expenditures/expenses, of either fund category, and the governmental and enterprise combined) for the determination of major funds. The Government has used GASB 34 minimum criteria for major fund determination. The nonmajor funds are combined in a column in the fund financial statements and detailed in the combining section of this report.

Major Governmental Funds

The **General Fund** is the general operating fund of Athens-Clarke County. It is used to account for all financial resources except those required to be accounted for in another fund.

The **Special Purpose Local Option Sales Tax (SPLOST) 2011 Fund** accounts for the proceeds of a \$.01 sales tax levied beginning April 2011.

Athens-Clarke County, Georgia
Notes to the Financial Statements
June 30, 2015

Major projects include: renovation and expansion of the jail; expansion of the Classic Center; public safety equipment additions; bicycle and pedestrian improvements; expansions and improvements to various parks; greenway expansions; and road/bridge improvements. The estimated completion date for the program is 2020.

Major Proprietary Funds

The **Water and Sewer Enterprise Fund** accounts for the operations of the water distribution and sewer collection system and related construction projects.

The **Landfill Enterprise Fund** accounts for the operations of the sanitary landfill and the collection and recycling of certain commercially valuable materials.

Other Fund Types

Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The term "proceeds of specific revenue sources" establishes that one or more specific restricted or committed revenues should be the foundation for a special revenue fund. Restricted or committed specific revenue sources should comprise a substantial portion of fund's resources. If revenues are initially received in another fund, they should not be reported as revenues in the fund receiving them; instead, they should be recognized in the special revenue fund where they will be spent. The proceeds from these special revenue sources should be expected to continue to comprise a substantial portion of inflows.

Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities other than those financed by proprietary and fiduciary funds.

Debt Service Funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

Internal Service Funds are used to account for the financing of goods or services provided by one department or division to other departments or agencies of the Government on a cost-reimbursement basis. Such functions as office support, fleet management and replacement, and self-funded insurance are accounted for as Internal Service Funds.

The Permanent Fund accounts for resources restricted such that only the earnings, not the principal, may be used to support its operations.

Fiduciary Funds account for assets held by the Government in accordance with GASB in a trustee capacity or as an agent on behalf of others. The Employee Retirement Pension Trust Fund accounts for resources accumulated from pension benefits within a defined benefit plan. The OPEB Trust Fund accounts for retiree health care and life insurance expenses and for resources accumulated for the future payment of these OPEB expenses. Agency funds account for resources held by the Government or its officials in a custodial capacity. The following are the agency funds: Tax Commissioner, Clerk of Courts, Probation, Corrections, Sheriff, Magistrate Court, Municipal Court, Probate Court, and Juvenile Court.

Policy for eliminating internal activity from the Statement of Activities

Interfund services and the allocation of administrative overhead have not been eliminated in the development of the government-wide Statement of Activities as it would distort the measurement of the cost of individual functional activities.

Athens-Clarke County, Georgia
Notes to the Financial Statements
June 30, 2015

Non-current Governmental Assets/Liabilities - GASB Statement 34 requires non-current governmental assets such as land and buildings, and non-current governmental liabilities such as general obligation bonds and capital leases be reported in the governmental activities column in the government-wide statement of net position.

C. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

Deposits and Investments

Governmental, Proprietary, and Trust and Agency Fund balances in excess of amounts required for the Government's daily operating activities were invested in the Georgia Fund 1 state investment pool, the Georgia Extended Asset Statement Investment Pool (GEAP), and repurchase agreements during this fiscal year. The Georgia Fund 1 and the GEAP state investment pools, and other Government investments are valued at fair market value. Georgia law requires cash balances held in agency funds to be transferred to the governmental funds and other agencies on a weekly or monthly basis.

Georgia law authorizes local governments to invest in the following types of obligations:

1. Obligations of the State of Georgia or of any other states;
2. Obligations issued by the United States;
3. Obligations fully insured or guaranteed by the United States government or governmental agency;
4. Obligations of any corporation of the United States government;
5. Prime bankers' acceptances;
6. Georgia Fund 1 state investment pool;
7. Georgia Extended Asset Pool (GEAP);
8. Repurchase agreements; and
9. Obligations of other political subdivisions of the State of Georgia.

Any bank deposit in excess of the total FDIC insured amount must be secured by an equivalent amount of State or U.S. obligations.

For the purposes of the statement of cash flows, cash and cash equivalents include all short-term highly liquid investments with original maturities of three months or less. Instruments considered cash equivalents include: Treasury bills, certificates of deposit, money market funds, and cash management pools.

Receivables and Payables

Outstanding balances resulting in transactions between funds are reported as "due to/from other funds". Any residual balances between the governmental activities and the business type activities are reported on the government-wide financial statements as "internal balances". Receivables are stated net of an allowance for uncollectible accounts. Accounts receivable in excess of sixty days are provided for by an allowance for uncollectibles.

Athens-Clarke County, Georgia
Notes to the Financial Statements
June 30, 2015

Delinquent taxes receivable are offset by the deferral of the related revenues until payment is received except amounts received within sixty days of the balance sheet date (Note III.B.).

Property taxes are administered on a calendar year basis subject to the following dates:

Lien date	January 1
Levy date	August 20
Collection period	August 20 - October 20
Due date	October 20
Delinquent date	October 21

Inventory and Prepaid Items

Inventory for the General Fund consists of road maintenance materials which are recorded at cost using the first-in, first-out method and the fuel inventory which is recorded at the lower of cost, on a first-in, first-out basis, or market. The cost of inventories is recorded as expenditures when the materials are sold or consumed (consumption method).

Inventory for the Landfill Enterprise Fund is composed of motor fuel for consumption. Inventory for the Transit Enterprise Fund consists of fuel, vehicle repair parts and supplies to be used in the Transit System. Inventory for the Water and Sewer Enterprise Fund consists of repair parts and materials to be used in the Water and Sewer System. Fuel inventory and repair parts are recorded at the lower of cost, on a first- in, first-out basis, or market. Inventory for Stormwater Enterprise Fund consists of street and drainage materials, which are recorded at the lower of cost, on a first-in, first-out basis, or market.

Inventory for the Internal Support Internal Service Fund consists of postage used for mail system. Inventory for the Fleet Management Internal Service Fund includes repair parts, motor fuel, and tires valued at lower of cost, on a first-in, first-out basis, or market.

Inventory for the Airport includes fuel for sale and pilot supplies, valued at lower of cost on the basis of first-in, first-out method, or market.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items and reported as expenditures in the period for which the service is provided (consumption method).

Restricted Assets

Certain proceeds of proprietary fund debt, as well as certain resources set aside for their repayment, are classified as restricted assets on the statement of net position because their use is limited by applicable bond covenants.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, right of ways, water and sewer distribution systems and similar items), are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Capital assets are defined by the Government as assets with an initial, individual cost of \$20,000 or more and an estimated useful life in excess of one year. Capital assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

Athens-Clarke County, Georgia
Notes to the Financial Statements
June 30, 2015

In the case of initial capitalization of infrastructure assets, those that were acquired prior to fiscal year 2002 were recorded at their current replacement cost adjusted by the implicit price deflator index for governments to the base year of 1996. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. Infrastructure assets acquired prior to June 30, 1980 are included in the amounts reported.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend its useful life are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Depreciation for capital assets is computed using the straight line method over the assets estimated useful lives. The estimated useful lives are as follows:

Assets	Years
Buildings	40 - 50
Equipment	5 - 10
Water and Sewer Distribution System	25 - 50
Roads: Arterial and Collector, Local	25
Bridges	50-80
Traffic Signals	25
Stormwater Systems	25

Deferred Outflows/Inflows of Resources

Deferred outflows of resources represent a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. Deferred inflows of resources represent an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

Compensated Absences

It is the Government's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. A liability is not reported for unpaid accumulated sick leave which does not vest and is not paid upon termination. Vacation pay is accrued when incurred in the government-wide and proprietary financial statements. No liability is recorded in the governmental fund statements unless the amount is due and payable at year end. In accordance with GASB Statement 16, Accounting for Compensated Absences, an additional amount has been accrued for the Government's share of the social security program contribution and other employee benefits relating to vacation pay.

Long-Term Debt, Bond Costs, and Bond Premiums/Discounts

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are accrued and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed upon issuance.

Athens-Clarke County, Georgia
Notes to the Financial Statements
June 30, 2015

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as issuance costs, during the current period. The face amount of debt issued is reported as other financial sources. Premiums received on debt issuance are reported as other financing sources while discounts on debt issuance are reported as other financing uses. Bond issuance costs are debt service expenditures upon issuance.

Fund Balance Determination and Classifications

Restrictions on the government-wide statement of net position represent amounts segregated to meet debt covenants and state laws.

During fiscal year 2011, the Government implemented GASB Statement No. 54; Fund Balance Reporting and Governmental Fund Type Definitions. This statement establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which the Government is bound to honor constraints imposed upon the use of the resources reported in governmental funds. Under GASB 54, fund balance classifications are: Nonspendable, Restricted, Committed, Assigned, and Unassigned.

The Government uses the following classifications of fund balance:

- **Nonspendable** - Fund balances are reported as nonspendable when amounts cannot be spent because they are either (a) not in a spendable form (prepaid items, inventories of supplies, or loans receivable) or (b) legally or contractually required to be maintained intact.
- **Restricted** - Fund balances are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Government or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.
- **Committed** - Fund balances are reported as committed when they can only be used for specific purposes pursuant to constraints imposed by formal action of the Mayor and Commission, the government's highest level of decision-making authority. The Mayor and Commission, through adoption of an ordinance, are required to establish, modify, or rescind a commitment of fund balance.
- **Assigned** - Fund balances are reported as assigned when amounts are constrained by the Government's intent to be used for specific purposes, but that are neither restricted nor committed.

Through policy, the Mayor and Commission have granted the Manager with the ability to assign fund balance in accordance with the intent and actions of the Mayor and Commission.

- **Unassigned** - Fund balances are reported as unassigned when amounts do not fall into one of the above four categories. The General Fund is the only fund that reports a positive unassigned balance.

The Government uses restricted amounts to be spent first when both restricted and unrestricted fund balances are available, unless there are legal documents/contracts that prohibit the use of restricted fund balance, such as grant agreements that require the expenditure of the local match at the same time as grant funds. Additionally, the Government would then use committed, assigned and lastly unassigned amounts from the unrestricted fund balance when expending funds.

Athens-Clarke County, Georgia
Notes to the Financial Statements
June 30, 2015

The Government's adopted fiscal policies have a minimum fund balance policy equal to one month of the total General Fund operating expenditures.

The composition of the Fund Balance Classification is as follows:

							Component Units		
					Other Governmental Funds	Downtown Athens Development Authority	Alternative Dispute Resolution	Clarke County Board of Health

Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments are recorded in order to reserve that portion of the applicable appropriation, is employed in the General Fund, Special Revenue Funds and Capital Projects Funds. Outstanding encumbrances at year end are lapsed and not reported in the financial statements; then automatically re-encumbered against the subsequent year's budget.

Management Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and deferred inflows of resources and the reported amount of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

Athens-Clarke County, Georgia
Notes to the Financial Statements
June 30, 2015

II. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgets and Budgetary Accounting

The annual budget is the financial plan for the operation of Athens-Clarke County for the ensuing year. The budget process provides for a professional management approach to the establishment of priorities and the implementation of work programs while providing an orderly means for control and evaluation of the financial posture of the Government. Article VII, Chapter 4 of Athens-Clarke County's Charter specifies the budgetary process. The Government is required to adopt an annual budget consisting of two parts, an operating budget and a capital improvements budget. No later than sixty days prior to the beginning of each fiscal year, the Mayor, with the assistance of the Manager, is required to prepare and submit a budget to the Commission for review and adoption. The budget shall be accompanied by a message from the Mayor containing a statement of general fiscal policies of Athens-Clarke County, Georgia, the important features of the budgets, explanations of the major changes recommended for the next fiscal year, a general summary of the budgets, and such other comments and information as may be deemed pertinent. The Commission may approve, reject, or modify the proposed budget and shall adopt the final budget by ordinance no later than June 30. Upon recommendation of the Manager and approval of the Mayor and Commission, the Government may make interfund or interdepartmental transfers in the current operating or capital improvements budgets at any regular or special meeting called for such purpose, provided funds are available. The budget is prepared and adopted on a basis consistent with generally accepted accounting principles.

Annual budgets are legally adopted for the General Fund and Special Revenue Funds. Capital Projects Funds budgets are adopted on a total project or project-length basis rather than an annual basis with the exception of the Development Authority. The Development Authority does not adopt a budget. Georgia Law requires that local governments include a schedule in their annual financial report that compares the budget and expenditures for each project funded by Special Purpose Local Option Sales Taxes. These schedules are included on pages 110 to 117. Annual operating budgets are prepared for each Enterprise and Internal Service Fund for planning, control, cost allocation, and evaluation purposes. Budgetary amounts are not formally integrated into proprietary fund general ledgers.

The legal level of budgetary control is the department level within individual funds. Increases in the total appropriations of a department, whether accomplished through an increase in estimated revenues or through a transfer of appropriations among departments, require the recommendation of the Manager and approval of the Mayor and Commission. The Manager may authorize transfers of appropriations between line items within any departmental budget without Commission approval. Appropriations lapse at year-end except those for capital projects. Funds held for capital projects are accounted for as restricted, committed, or assigned until the appropriation is expended or the project completed. Final budget amounts included on all budget comparisons in this report are amended as of June 30, 2015 by the Mayor and Commission. Supplemental appropriations, which result primarily from receipts for unanticipated revenues such as donations and grant programs, are included in budget amounts. Total supplemental appropriations for the General Fund were \$1,711,209 or 1.6% of the General Fund.

Excess of Expenditures over Appropriations

During the fiscal year end June 30, 2015, the Government incurred expenditures in the following funds that were materially in excess of the amounts appropriated.

General Fund - Operating expenditures exceeded budget for State Court (\$33,885), Juvenile Court (\$49,099), and Coroner (\$5,887).

Athens-Clarke County, Georgia
Notes to the Financial Statements

III. DETAILED NOTES ON ALL FUNDS

A. Deposits and Investments

As of June 30, 2015, the Government had operating funds and a portion of pension assets invested in an internal investment pool and other investments.

Investment	Fair Value	Interest Rate Risk
State of Georgia-Georgia Fund 1	\$ 69,715,651	Weighted Average Maturity 56 days
State of Georgia-Extended Asset Pool (GEAP)	94,239,793	Weighted Average Maturity 113 days
Certificate of Deposit	16,053,188	Maturity Date December 13, 2018
Guaranteed Investment Contract	1,414,901	Maturity Date June 1, 2028
U.S. Treasury Obligations	5,878,374	3-9 days
Total	<u>\$ 187,301,907</u>	

Interest Rate Risk - The Government's Investment Policy limits maturities to less than two years except when authorized by the Mayor and Commission.

Credit Risk - Georgia law and the Government's Investment Policy allow investments in obligations of the State of Georgia or other states; obligations issued by the U.S. Government; obligations fully insured or guaranteed by the U.S. Government or by a government agency of the United States; obligations of any corporation of the U.S. Government; prime banker's acceptances; the local government investment pool established by state law; repurchase agreements; and obligations of other political subdivisions of the State of Georgia. The local government investment pool for Georgia includes Georgia Fund 1 and Georgia Extended Asset Pool (GEAP). Georgia Fund 1 is a stable net asset value pool that follows Standard & Poor's criteria for AAAf rated money market funds. GEAP is a variable net asset value pool. Standard and Poor's current rating for GEAP is AA+. Both Georgia Fund 1 and GEAP are regulated by the State of Georgia Office of the State Treasurer.

Custodial Credit Risk: Deposits - Custodial credit risk for deposits is the risk that in the event of a bank failure, the Government may not be able to recover its deposits. At fiscal year-end, the Government had deposits of \$64,403,739; the carrying amount for these deposits was \$61,795,949.

The deposits and carrying amounts include a Certificate of Deposit of \$16,053,188. Consistent with State law at June 30, 2015, 100% of the Government's deposits were insured or collateralized with securities held by the Government, an agent in the name of the Government, or securities pledged by the financial institution in the name of the Government.

Custodial Credit Risk: Investments - As external investment pools, both Georgia Fund 1 and GEAP are not required to disclose custodial credit risk.

Foreign Currency Risk - Both Georgia Fund 1 and GEAP have no exposure to foreign currency risk. State law does not allow Georgia Fund 1 or GEAP to invest in securities that may have foreign currency risk.

Pension Fund

As of June 30, 2015, the Government had \$201,451,497 invested on behalf of a defined benefit pension fund which included cash of \$1,260,571. The balance of pension investments, \$200,190,926, is invested based on a separate policy for pension assets adopted by the Government's Pension Board in compliance with state law. The Government's pension fund assets

Athens-Clarke County, Georgia
 Notes to the Financial Statements
 June 30, 2015

are invested in domestic common stocks, international stocks, and domestic bonds based on the asset allocation policy (50% domestic equities, 15% international equities, and 35% domestic fixed income) and performance benchmarks.

Investment	Fair Value	Duration (Years)	Credit Quality	Amount
Cash	\$ 4,945,066	---	---	---

		0.34	AA	51,209
		0.08	A+	6,270
Corporate Equities	129,875,449	---	---	---
	<u>\$ 200,190,926</u>			

Interest Rate Risk - The Pension Program Investment Policy limits the duration of fixed income investments to a range of +/- one year of the Barclays Capital US Aggregate Bond Index. The Barclays Capital US Aggregate Bond Index duration at June 30, 2015 was 5.63 years. U.S. Government/Agencies are not classified by credit quality. Corporate equities are not impacted by changes in interest rates.

Credit Risk - It is the Government's policy to limit its pension investments to firms with three years of earnings history and profitability of at least three of the last seven years. Domestic bonds are limited to bonds with ratings that meet or exceed Standard and Poor's BBB or Moody's Baa.

Foreign Currency Risk - At June 30, 2015, \$24,433,631, 12.21% of total Pension Fund investments had exposure to foreign currency risk through a U.S. mutual fund invested in equities of foreign companies.

Less: Allowance for uncollectibles	-	-	-	(25,749)	-	(25,749)
Net total receivables	<u>\$ 183,706</u>	<u>\$ 1,462,875</u>	<u>\$ 41,547</u>	<u>\$ 26,967</u>	<u>\$ 296,145</u>	<u>\$ 2,011,240</u>

Property Taxes Receivable

Athens-Clarke County Tax Commissioner Office collects taxes for the State of Georgia, the Clarke County School District, and the Downtown Athens Development Authority District. The Tax

Athens-Clarke County, Georgia
 Notes to the Financial Statements
 June 30, 2015

Commissioner also bills and collects property taxes. Tax billings and collections are accounted for in the Tax Commissioner Agency Fund. Property taxes are recognized as revenue when levied to the extent they result in current receivables (i.e., amounts received within sixty days of fiscal year-end). Net property taxes receivable for governmental type funds totaled \$589,531 as of June 30, 2015. Of these amounts, \$474,155 was not received within sixty days of fiscal year-end. Accordingly, it did not meet the availability criteria for governmental-type fund revenue recognition and was shown as a deferred inflow of resources for unavailable revenue.

Athens-Clarke County is permitted to levy taxes in unlimited amounts for general governmental services. The combined tax rates to finance general governmental services, and the payment of principal and interest on long-term debt for the calendar year ended December 31, 2014 were as follows:

Gross tax rate per \$1,000 of assessed value	\$ 19.94
Sales tax rollback per \$1,000 of assessed value	<u>(5.99)</u>
Net general property tax rate for Athens-Clarke County	<u>\$ 13.95</u>
 Total taxable property (unaudited)	 <u>\$ 3,400,585,696</u>

C. Capital Assets

D. Other Liabilities

Landfill Closure and Post Closure Care Costs

Athens-Clarke County owns and operates a landfill site located on the Athens-Clarke County/Oglethorpe County line. The landfill has been operated at the present site since November 1976. State and federal laws and regulations will require the Government to close the landfill once its capacity is reached and to monitor and maintain the site for thirty years in compliance with Federal Subtitle D requirements. The Government recognizes a portion of the closure and post-closure care costs in each operating period even though actual payouts will not occur until the landfill is closed. The closure and post closure care costs are recorded as a liability in the Landfill Enterprise Fund. The amount recognized each year is based on the estimated landfill capacity used as of June 30.

The current landfill site is approximately 444 acres and is divided up into five areas, or phases, in addition to the original landfill site (approximately 311 acres). The original landfill site reached capacity in 1995 and on January 15, 2001, the State of Georgia issued a closure certificate for the area. The Government will continue post closure care on the original landfill site in compliance with state and federal requirements. The remaining portions of the landfill, Phases 1-5, as well as the Recovered Materials Processing Facility (MRF), are all permitted by the State for waste disposal. Phases 1 and 2 have reached estimated capacity for waste disposal. Phase 3 is currently used for waste disposal. Phase 4, the smallest area of the permitted phases, is currently not planned for construction or use. The last phase, Phase 5, was permitted on February 1, 2013 and is estimated to provide 5.0 million cubic yards of waste disposal capacity. As of June 30, 2015, approximately 29% of the permitted capacity for Phases 1-5 has been used, leaving over 60 years of permitted capacity remaining at the Landfill. The current estimated closure and post-closure care liability and remaining balance is:

Estimated Remaining Liability:

Total Liability Estimates:	Amount
Closure	\$ 8,796,454
Post-Closure Care	4,785,692
Total Liability	13,582,146
Less: Closure and Post-Closure Care Liability Accrued to Date	(4,916,506)
Balance of Future Liability	\$ 8,665,640

The remaining balance of the estimated future liability of \$8.7 million will be recognized as the remaining capacity of the landfill is used. The estimated costs of closure and post closure care are subject to changes such as the effects of inflation, revision of laws and other variables.

Encumbrances Outstanding

The Government's policy is to lapse the balance of outstanding encumbrances at year end for the General Fund, Special Revenue Funds, and Capital Projects Funds. The outstanding encumbrances are then automatically re-encumbered against the subsequent year's budget. The outstanding encumbrances balance at year end for the General Fund was \$300,195; for the SPLOST 2011 Fund \$16,803,987; for the Special Revenue Funds \$1,531,002; and for nonmajor Capital Projects Funds \$2,951,279.

Notes Payable

Athens Public Facilities Authority

On July 1, 2010, the Mayor and Commission entered into an agreement to issue debt with the Athens Public Facilities Authority to finance the construction of two permanent facilities at the Jail to house inmates. These facilities, known as the Jail Advance Housing Project, cost \$4,500,000 and houses approximately 114 inmates. These facilities will reduce off-site inmate boarding costs. The debt was issued in the amount of \$4,500,000 for a 10-year period at a rate of 3.82%. Under the agreement, the obligation of Athens-Clarke County to make the payments is a general obligation to which its full faith and credit and taxing power are pledged. The financing structure, Build America Bonds (BABs), are taxable municipal debt that carry tax credits authorized by the U.S. Government's American Recovery and Reinvestment Act of 2009. The interest rate for this debt is 2.483% net of the 35% rebate from the Build America Bonds Program.

Athens-Clarke County, Georgia
 Notes to the Financial Statements
 June 30, 2015

The debt service requirements to maturity are listed below:

Fiscal Year Ending June 30	Principal	Interest	Total
2016	445,000	101,135	546,135
2017	455,000	83,945	538,945
2018	470,000	66,277	536,277
2019	485,000	48,036	533,036
2020	500,000	29,223	529,223
2021	515,000	9,837	524,837
	<u>\$ 2,870,000</u>	<u>\$ 338,453</u>	<u>\$ 3,208,453</u>

General Obligation Bonds

Jail Expansion Bonds

On May 7, 2013, the Mayor and Commission authorized the issuance of \$52,380,000 of General Obligation Sales Tax Bonds (Series 2013) to fund a portion of the cost to expand the Jail. The issuance of these bonds was approved by a Special Purpose Local Option Sales Tax (SPLOST) referendum on November 2, 2010. Pursuant to Georgia law, these bonds will be repaid with the proceeds of a one percent sales tax. Collections of the sales tax began on April 1, 2011. The obligation of Athens-Clarke County to make the payments for this debt is a general obligation to which its full faith and credit and taxing power are pledged. These bonds were issued at a premium of \$4,995,089 with interest rates ranging from 2% to 4%.

The debt service requirements to maturity are listed below:

Fiscal Year Ending June 30	Principal	Interest	Total
2016	9,395,000	1,276,563	10,671,563
2017	9,685,000	899,963	10,584,963
2018	10,025,000	525,731	10,550,731
2019	9,630,000	172,600	9,802,600
	<u>\$ 38,735,000</u>	<u>\$ 2,874,857</u>	<u>\$ 41,609,857</u>

Revenue Bonds

Athens Downtown Development Authority

On February 22, 2011, the Mayor and Commission entered into an agreement with the Athens Downtown Development Authority to issue debt to finance the construction of a mixed-use parking facility that consists of 575 parking spaces and nearly 8,000 square feet of commercial space. The debt was issued in the amount of \$6,131,700 for a 15-year period at a rate of 3.51%. The project was funded partially by SPLOST 2005 revenues of \$6,745,865 and through the issuance of debt in the amount of \$6,131,700. The revenues generated from the parking deck will be used to pay the operating and debt service expenses for the project. Under the agreement, the obligation of Athens-Clarke County to make the payments is a general obligation to which its full faith and credit and taxing power are pledged.

Athens-Clarke County, Georgia
 Notes to the Financial Statements
 June 30, 2015

The debt service requirements to maturity are listed below:

Fiscal Year Ending June 30	Principal	Interest	Total
2016	364,800	170,642	535,442
2017	378,600	157,838	536,438
2018	392,800	144,549	537,349
2019	407,600	130,761	538,361
2020	423,000	116,455	539,455
2021-2025	2,366,600	348,051	2,714,651
2026	528,200	18,540	546,740
	<u><u>\$ 4,861,600</u></u>	<u><u>\$ 1,086,836</u></u>	<u><u>\$ 5,948,436</u></u>

Water and Sewer Enterprise Fund

Revenue bonds payable recorded in the Water and Sewer Enterprise Fund at June 30, 2015 are as follows:

\$210,140,000 of 2015 serial and term bonds, the remaining bonds are due in annual installments of \$3,305,000 to \$14,365,000 through January 1, 2038; interest of 1.0% to 5.0%.

Balance as of June 30, 2015	\$ 210,140,000
Add: unamortized premium	22,348,769
Total	<u><u>\$ 232,488,769</u></u>
Current	\$ 3,305,000
Long-term	\$ 229,183,769

The bond indenture contains significant limitations and restrictions on annual debt service requirements, maintenance of and flow of funds through various restricted accounts, minimum amounts to be maintained in various sinking funds, and minimum revenue bond coverage. The Government believes that it is in compliance with all such significant financial limitations and restrictions as of June 30, 2015.

Issuance of Water and Sewer Bonds Series 2015 - On June 4, 2015, the Government refunded the outstanding balance of the Series 2008 Water and Sewer Revenue Bonds in the amount of \$204,270,000. The new bonds, issued at a premium, totaled \$210,140,000 with interest rates ranging from 1.0% to 5.0% and maturity dates from 2016 to 2038. Net proceeds of \$231,105,377 (\$210,140,000 plus \$22,348,769 issuance premium, less \$1,371,961 in underwriting fees and other costs of issuance) plus an additional \$7,276,794 of existing county resources were applied to the \$238,382,171 deposited into an irrevocable trust with an escrow agent.

Athens-Clarke County, Georgia
 Notes to the Financial Statements
 June 30, 2015

The refunding resulted in a difference between the reacquisition price and the net carrying amount of the old debt of \$32,582,968. This difference, reported in the financial statements as a deferred outflow of resources, is being charged to operations through the year 2038 using the effective interest method. The Government completed the current refunding to reduce its total debt service payments over the next 22 years by \$24,186,175 and to obtain an economic gain (the difference between the present value of the old debt and the new debt service payments) of \$17,097,542.

The debt service requirements to maturity are listed below:

Fiscal Year Ending June 30	Principal	Interest	Total
2016	3,305,000	5,420,899	8,725,899
2017	5,390,000	9,394,600	14,784,600
2018	5,670,000	9,125,100	14,795,100
2019	5,965,000	8,841,600	14,806,600
2020	6,270,000	8,543,350	14,813,350
2021-2025	36,495,000	37,682,250	74,177,250
2026-2030	46,775,000	27,628,000	74,403,000
2031-2035	58,845,000	15,646,850	74,491,850
2036-2038	41,425,000	3,358,200	44,783,200
	<u>\$ 210,140,000</u>	<u>\$ 125,640,849</u>	<u>\$ 335,780,849</u>

Refunded Debt

The Government has refunded several Water and Sewer Revenue bond issues. In 1978, all outstanding Water and Sewer System debt consisting of Revenue Bond Series 1955, 1956, 1959, 1960, 1961, 1962, 1963, 1965, 1966, 1968, 1970, 1972, 1973, 1976 were refunded by the 1978 Water and Sewer Refunding Bonds totaling \$16,875,000. In 1984, the 1978 Water and Sewer Refunding Bonds and 1981 Water and Sewer Revenue Bonds were refunded by the 1984 Series Water and Sewer Revenue Bonds totaling \$18,941,755. In 1988, the 1984 Water and Sewer Bonds were partially refunded by the 1988 Water and Sewer Revenue Bonds. In 1992, the principal portion of the 1984, 1986, and a portion of the 1988 Series Water and Sewer Bonds were refunded by the 1992 Water and Sewer Refunding Bonds totaling \$24,355,000. In 1997, the 1989 bonds were refunded. In 2001, a portion of the 1992 bonds was refunded by the 2001 Series. The 2001 Revenue bond series was paid off during fiscal year 2008. In fiscal year 2009, the remaining balance of the 1997 bonds totaling \$23,810,000 was refunded by the 2008 Water and Sewer Revenue Bonds. In fiscal year 2015, the remaining balance of the 2008 bonds totaling \$204,270,000 was refunded by the 2015 Water and Sewer Revenue Bonds. The balance of outstanding bonds remaining from refunded debt at June 30, 2015, totaled \$204,270,000.

Loans from the Georgia Environmental Finance Authority

On November 26, 2007, the Government received a loan from the State of Georgia Environmental Finance Authority (GEFA) Clean Water State Revolving Fund in the amount of \$15,000,000 with interest rate of 3%. The proceeds of the loan are being used for construction of interceptor sewer line projects. The loan was closed on August 8, 2010 in the amount of \$14,772,863 principal and \$4,890,323 interest to be repaid in equal monthly amounts of \$81,930 from 2011 to 2031. Revenue from the Water and Sewer Enterprise Fund will be used to repay this debt. The obligation of the Government to make the payments is a general obligation to which full faith and credit and taxing power are pledged.

Athens-Clarke County, Georgia
 Notes to the Financial Statements
 June 30, 2015

The debt service requirements to maturity are listed below:

Fiscal Year Ending June 30	Principal	Interest	Total
2016	632,771	350,388	983,159
2017	652,018	331,141	983,159
2018	671,849	311,310	983,159
2019	692,284	290,875	983,159
2020	713,341	269,818	983,159
2021-2025	3,905,662	1,010,133	4,915,795
2026-2030	4,536,881	378,914	4,915,795

	<u>\$ 11,968,052</u>	<u>\$ 2,943,191</u>	<u>\$ 14,911,243</u>

On October 9, 2009, the Government received a loan from the Georgia Environmental Finance Authority Clean Water State Revolving Fund in the amount of \$8,000,000 with an interest rate of 3%. The proceeds of the loan will be used for the construction of interceptor sewer line projects. The loan will be repaid in equal monthly amounts from 2013 to 2033. The loan agreement provides that 40% of the loan amount, \$3,200,000, will be funded by the American Recovery and Reinvestment Act of 2009 (ARRA). Revenue from the Water and Sewer Enterprise Fund will be used to repay this debt. The obligation of the Government to make the payments is a general obligation to which full faith and credit and taxing power are pledged. On August 1, 2012, the projects were completed and the loan was closed. The total balance of the loan, net of the forgiveness, was \$4,469,301 with interest of \$1,479,491 to be repaid in equal monthly amounts of \$24,786 from 2013 to 2033.

The debt service requirements to maturity are listed below:

Fiscal Year Ending June 30	Principal	Interest	Total
2016	180,300	117,140	297,440
2017	185,785	111,655	297,440
2018	191,435	106,005	297,440
2019	197,258	100,182	297,440
2020	203,258	94,182	297,440
2021-2025	1,112,870	374,330	1,487,200
2026-2030	1,292,728	194,472	1,487,200
2031-2033	623,202	21,249	644,451
	<u>\$ 3,986,836</u>	<u>\$ 1,119,215</u>	<u>\$ 5,106,051</u>

On January 5, 2010, the Government received a loan from the State of Georgia Environmental Finance Authority (GEFA) Clean Water State Revolving Fund in the amount of \$342,350 to construct quality elements on various storm water projects. As part of the American Recovery and Reinvestment Act (ARRA), the Government is required to repay 40% of the principal and interest of the loan in addition to the loan closing fees. These costs will be paid through the Stormwater Enterprise Fund. The loan agreement provides that 60% of the loan amount, \$205,410, will be funded by the American Recovery and Reinvestment Act of 2009 (ARRA).

Athens-Clarke County, Georgia
Notes to the Financial Statements
June 30, 2015

The loan was closed on September 1, 2011 in the amount of \$136,940 principal and \$10,698 interest to be repaid in equal monthly amounts of \$2,461 from 2012 to 2017.

The debt service requirements to maturity are listed below:

Fiscal Year			
Ending	Principal	Interest	Total
June 30			
2016	28,836	691	29,527
2017	7,346	37	7,383
	\$ 36,182	\$ 728	\$ 36,910

Certificates of Participation

In June 1998, the Government entered into a lease pool agreement with the Georgia Municipal Association (the "Association"). The funding of the lease pool was provided by the issuance of \$150,126,000 Certificates of Participation by the Association. The Association passed the net proceeds through to the participating municipalities with the Government's participation totaling \$3,333,000. The lease pool agreement with the Association provides that the Government owns their portion of the assets invested by the pool and is responsible for the payment of their portion of the principal and interest of the Certificates of Participation. In fiscal year 2009, the principal amount owed was reduced from \$3,333,000 to \$2,679,000. In fiscal year 2012, the principal amount was reduced from \$2,679,000 to \$2,249,000. The principal is due in a lump sum payment on June 1, 2028. Interest is payable at a rate of 4.75% each year. The Government draws from the investment to lease equipment from the Association. The lease pool agreement requires the Government to make lease payments back into its investment account to fund the principal and interest requirements of the 1998 GMA Certificates of Participation.

As part of the issuance of the certificates of participation, the Government entered into an interest rate Swap Agreement. Under the Swap Agreement, the Government is required to pay (1) a semiannual (and beginning July 1, 2003, a monthly) floating rate of interest based on the Securities Industry and Financial Markets Association (SIFMA) Municipal Swap Index (plus a 31 basis points spread) to, or on behalf of, the Swap Counterparty (the "Swap Payment"); and the Swap Counterparty will pay to, or on behalf of, the Government a semi-annual payment based on a rate equal to the fixed rate on the certificates of participation (4.75%) times a notional amount specified in the Swap Agreement, but generally equal to the outstanding unpaid principal portion of such Contract, less the amount originally deposited in the Reserve Fund relating to the Contract, and (ii) a one-time Swap Premium to be paid on the effective date of the Swap Agreement. The semi-annual payments from the Swap Counterparty with respect to the Government are structured, and expected, to be sufficient to make all interest payments due under the Contract, and related distributions of interest on the Certificates. Monthly interest payments between the Government, the holders of the Certificates of Participation, and the Swap Counterparty can be made in net settlement form as part of this agreement. Under the Swap Agreement, the Government's obligation to pay floating payments to the Swap Counterparty in any calendar year may not exceed an amount equal to the SIFMA Municipal Swap Index plus 5% to be determined on the first business day of December in the preceding year. This agreement matures on June 1, 2028, at the same time of the certificates of participation. This derivative qualifies as a fair market hedge.

In the unlikely event that the Swap Counterparty becomes insolvent, or fails to make payments as specified in the Swap Agreement, the Government would be exposed to credit risk in the amount of the Swap's fair value. To minimize this risk, the Government executed this agreement with counterparties of appropriate credit strength, with the counterparty being rated Aa1 by Moody's. At June 30, 2015, the floating rate being paid by the Government is 0.38% and the market value of

Athens-Clarke County, Georgia
 Notes to the Financial Statements
 June 30, 2015

this agreement is \$621,985, an increase of \$93,966 from the market value at the end of the previous fiscal year. The market value of the hedge was determined using settlement prices at the end of the day on June 30, 2015, based on the derivative contract. This market value is reported as an other asset in the statement of net position.

As this derivative is an effective hedge qualifying for hedge accounting, the inflow from the hedge (any change in fair value from inception until fiscal year end) is deferred and reported as a deferred inflow of resources in the statement of net position.

Development Authority of Athens-Clarke County Long-Term Debt

On March 1, 2012, the Development Authority, a blended component unit of the Government, issued bonds in the amount of \$5,475,000 to finance the cost of acquisition, development, and improvement of the site to be occupied by a manufacturing facility owned by Caterpillar, Inc. As a part of this issuance of debt, the Mayor and Commission of Athens-Clarke County entered into an intergovernmental contract with the Authority to guarantee the debt service payments for the bonds to maturity in 2032. The Government's commitment to make the payments is secured by a pledge of full faith and credit and taxing powers.

The debt service requirements to maturity are listed below:

Other Long-Term Liabilities

The compensated absence liability is normally liquidated by the fund from which the earning employee is paid. Compensated absences and the net OPEB obligation are paid from the fund responsible for the employee's compensation with significant liabilities paid from the General Fund.

Discretely Presented Component Unit Long-Term Debt

Classic Center Authority Long-Term Debt

On August 7, 2001, the Mayor and Commission authorized the Classic Center Authority to borrow \$300,000 for renovations to their ballroom. On May 13, 2003, the Mayor and Commission authorized the Classic Center Authority to borrow \$3,552,520 for Foundry Street warehouse improvements, and to pay off the \$300,000 debt previously issued and for other improvements. The debt was issued on May 22, 2003 and is payable over fifteen years at an interest rate of 3.77%. The obligation of Athens-Clarke County to make the payments for this debt is a general obligation to which its full faith and credit and taxing power are pledged. The Government has agreed to pay the Authority amount sufficient to pay the debt service to the extent that revenues of the Authority are insufficient.

The debt service requirements to maturity are listed below:

Fiscal Year Ending June 30	Principal	Interest	Total
2016	283,019	27,421	310,440
2017	293,875	16,564	310,439
2018	279,340	4,870	284,210
	\$ 856,234	\$ 48,855	\$ 905,089

On October 1, 2013, the Mayor and Commission authorized the Classic Center Authority to borrow \$5,400,000 to expand parking and purchase equipment for events in the Exhibit Hall. The debt is payable over a fifteen year period at an interest rate of 2.37%. The obligation of Athens-Clarke County to guarantee payments for this debt is a general obligation to which the full faith and credit and taxing power are pledged. The Government has agreed to pay the Authority amounts sufficient to pay the debt service to the extent that revenues of the Authority are insufficient.

The debt service requirements to maturity are listed below:

Fiscal Year Ending June 30	Principal	Interest	Total
2016	118,712	127,629	246,341

Airport Authority Long-Term Debt

On November 6, 2002, the Mayor and Commission authorized the Airport Authority to borrow \$1,000,000 for the construction of T-hangars. The debt was issued on November 11, 2002 and is payable over twenty years at an interest rate of 3.72%. On February 5, 2013, the interest rate was reduced from 3.72% to 2.74% based on a reset provision with the lender. The obligation of Athens-Clarke County to make the payments for this debt is a general obligation to which its full faith and credit and taxing power are pledged. The Government has agreed to pay the Authority amounts sufficient to pay the debt service to the extent that revenues of the Authority are insufficient.

The debt service requirements to maturity are listed below:

Fiscal Year Ending June 30	Principal	Interest	Total
2016	55,005	13,279	68,284
2017	56,512	11,772	68,284
2018	58,060	10,223	68,283

F. Interfund Receivables and Payables

Due to/from other funds:

Receivable Fund	Payable Fund	Amount
General Fund	Nonmajor Governmental Funds	\$ 192,327
Nonmajor Governmental Fund	Nonmajor Governmental Funds	75,753
Internal Service Fund	Nonmajor Enterprise Fund	843,900
		<u><u>\$ 1,111,980</u></u>

The purpose of interfund balances is to provide operating funds with sufficient resources for ongoing operations. All interfund balances are anticipated to be repaid within one year. The \$843,900 is reported in the Fleet Replacement Internal Service Fund as advances to other funds and as advances from other funds in the Solid Waste Enterprise Fund; this balance is not expected to be repaid within one year.

Due to/from Primary Government and Discretely Presented Component Unit:

Receivable Fund	Payable Fund	Amount
General Fund	Nonmajor Component Units	<u><u>\$ 66,331</u></u>

G. Interfund Transfers

Transfers are used to move revenue from the fund with collection authorization in accordance with expenditures and state law; reflect shared administrative cost between Enterprise Funds; move unrestricted General Fund revenue to capital projects and other various programs that the Government must account for in other funds in accordance with budgetary authorization; move residual balances from funds being closed; and move capital assets between the Governmental and Business-type Activities.

IV. OTHER INFORMATION

A. Risk Management

Employee Health Insurance

The Government accounts for the financial operations of a self-insured employee group health program in the Self-Funded Health Insurance and Claims Internal Service Fund. The Government maintains specific stop loss coverage in the amount of \$175,000 per covered individual to reduce the exposure from catastrophic claims. A third party administrator is employed to process claims for the group health program and reimburses the fund for eligible claims exceeding the \$175,000. During fiscal year 2015, the Government experienced 6 claims that exceeded the stop loss coverage amount of \$175,000.

All funds and the Airport Authority Component Unit participate in the program and make payments to the Self-Funded Health Insurance and Claims Internal Service Fund based on estimates provided through analysis of historical cost information of the amounts needed to pay prior and current year claims, excess coverage, and to maintain a reserve for anticipated future losses. The claims liability of \$1,312,968 as of June 30, 2015, is based on the requirements of GASB Statement No. 10, which require that a liability for claims be reported if information prior to the issuance of the financial statements indicated that it is probable that a liability has been incurred at the date of the statements and the amount of the loss can be reasonably estimated.

Changes in the balances of claims liabilities for the Self-Funded Health Insurance and Claims Internal Service fund during fiscal years 2014 and 2015 were as follows:

Fiscal Year		Current			
Ending June 30	Beginning of Year Liability	Year Claims Expenses	Change in Estimate	Claim Payments	End of Year Liability
2015	\$ 1,658,234	\$ 10,275,315	\$ -	\$ (10,620,581)	\$ 1,312,968
2014	1,669,164	9,704,845	-	(9,715,775)	1,658,234

The entire liabilities are due within one year. At June 30, 2015, the Self-Funded Health Insurance and Claims Fund held \$4,334,805 in cash and investments available for payment of these claims.

Workers Compensation, Short Term Disability, and Uninsured Losses

Athens-Clarke County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Government established the Self-Funded Insurance and Claims Internal Service Fund to account for and finance its self-insured risks of loss.

Athens-Clarke County is self-insured for worker's compensation and employee short-term disability, which is accounted for in an Internal Service Fund. The Government maintains excess insurance coverage for workers' compensation for specific stop loss coverage for a claim exceeding \$500,000.

On May 1, 1991, the Government established a liability program that has both insured liability coverage and self-insurance with a \$50,000 deductible for each occurrence. Within the same Internal Service Fund, the Government also operates a program for the appropriation of funds for claims as to which no governmental immunity exists and other claims which the Government deems appropriate for payment.

Athens-Clarke County, Georgia
Notes to the Financial Statements
June 30, 2015

Settled claims have not exceeded commercial coverage in any of the past three fiscal years.

All funds and the Airport Authority Component Unit participate in the program. The Self-Funded Insurance and Claims Internal Service Fund allocates the cost of providing claims administrator and claims payments by charging a "premium" to each fund. These charges consider recent trends in actual claims experience of the Government as a whole.

Liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. Liabilities include an actuarially determined amount for claims that have been incurred, but not reported. Because actual claims liabilities depend on such complex factors as inflation, changes in legal doctrines, and damage awards, the process used in computing claims liability does not necessarily result in an exact amount. Claims liabilities are reevaluated periodically to take into consideration recently settled claims, frequency of claims, and other economic and social factors.

Changes in the balances of claims liabilities for the Self-Funded Insurance and Claims Internal Service Fund during fiscal years 2014 and 2015 were as follows:

Fiscal Year		Current			
Ending June 30	Beginning of Year Liability	Year Claims Expenses	Change in Estimate	Claim Payments	End of Year Liability
2015	\$ 1,827,822	\$ 2,219,713	\$ -	\$ (1,828,722)	\$ 2,218,813
2014	1,230,007	2,261,622	-	(1,663,807)	1,827,822

The entire liabilities are due within one year. At June 30, 2015, the Self-Funded Insurance and Claims Internal Service Fund held \$1,954,892 in cash and investments available for payment of these claims.

The Government participates in the Georgia Municipal Association (GMA) Georgia Interlocal Risk Management Agency public entity risk pool which operates as a common risk management and insurance programs. GMA establishes and administers this public entity risk pool to prevent or lessen the incidence and severity of casualty and property losses incurred by the Government.

The GMA pool is obligated to provide for the cost of claims and related interest incurred by the Government along with the cost of investigating, negotiating and defending such claims. The Government pays an insurance premium to GMA for coverage against these risks of loss.

B. Commitments & Contingent Liabilities

Construction Commitments

For the fiscal year ended June 30, 2015, construction commitments on uncompleted contracts were \$6,687,515.

Litigation

Athens-Clarke County is a defendant in several lawsuits which arose in the ordinary course of its activities. The Government follows the practice of recording liabilities resulting from claims and legal actions only when they become probable and measurable.

The Government has accrued a liability in the Self-Funded Insurance and Claims Internal Service Fund for all claims for which a loss is probable.

Athens-Clarke County, Georgia
Notes to the Financial Statements
June 30, 2015

Grants

Athens-Clarke County participates in a number of federal and state assisted grant programs, which are subject to program compliance audits under the Single Audit Act. An audit of these programs has been performed for the year ended June 30, 2015, in compliance with the Single Audit Act and OMB Circular A-133. However, the audit is pending final acceptance by the Government's cognizant agency. The amount, if any, of expenditures which may be disallowed by the granting agencies is expected to be immaterial.

C. Post-Employment Benefits (Other than Pension)

Plan Description

The Unified Government of Athens-Clarke County Other Post-Employment Benefit Plan (the "OPEB Plan") is a single-employer defined benefit postretirement plan. The OPEB Plan was established by the Government to provide medical, prescription drug benefits and life insurance for retirees and other former employees (and their eligible dependents) who are eligible for such benefits under the existing policies of the government. Benefit provisions and contribution requirements are established and may be amended by the Mayor and Commission. The relevant information about the OPEB Plan is provided below. No other financial reports are issued by this sole employer plan.

The assets held in the OPEB Trust Fund are used exclusively for OPEB expenses based on a trust agreement adopted by the Mayor and Commission on December 2, 2008. Under the terms of the trust agreement, oversight of the financial assets are delegated to a six member board composed of the Manager, the Human Resources Director, the Finance director and three citizens appointed by the Mayor serving staggered three year terms.

Benefits

The Government provides access to health and prescription drug benefits to pre-65 eligible retirees and eligible spouses/dependents. Upon retirement, retirees are offered access to coverage as designated by the Government.

Based on employment and retirement date, in accordance with the Government's Code of Ordinances, health and prescription drug coverage cost to the retiree varies. The below premiums are for those retirees who pay for health insurance:

Plan Type	Employee	Spouse	Total
POS	\$ 2,330	\$ 2,330	\$ 4,660
POSC	1,290	1,290	2,580
PPO	1,943	1,943	3,886

Eligible retirees receive a life insurance benefit of \$10,000 in which the premium is paid by the Government. Retirees, who paid for dependent life insurance coverage for at least twelve months prior to their separation from service, are eligible for dependent life insurance coverage. These dependents receive life insurance benefits of \$2,000. The Government pays the full cost of the premiums for life insurance for retirees and for retirees' dependents.

Athens-Clarke County, Georgia
Notes to the Financial Statements
June 30, 2015

Eligibility

Eligible participants for Other Post-Employment Benefits include:

1. Eligible employees, who maintained health insurance coverage for at least 12 months prior to separation from service, who retire from the Government and who elected to enroll in the retiree health benefit plan at the time of retirement.
2. Surviving spouses/dependents receiving health benefits, at the time of retiree death may participate in the health benefit plan under COBRA provisions. The dependent life insurance benefit terminates upon the death of the retiree.
3. Former elected officials, who were benefit eligible during employment, retiring from the Government receiving their pension from another source, may elect to enroll in the retiree health benefit plan, as long as they had coverage for 12 months prior to retirement.
4. Effective September 2013, all post-65 year old retirees eligible for health insurance coverage have plans available in the marketplace and access to an ACC-funded Health Reimbursement Account (HRA).

Membership

The following schedule (derived from the most recent actuarial valuation report) reflects membership for the OPEB Plan as of July 1, 2014.

Active participants	1,484
Retirees participants and beneficiaries	<u>503</u>
Total	<u><u>1,987</u></u>

Contributions

The Government contributed \$3,935,900 to the OPEB Plan's fund in fiscal year 2015. The annual required contribution amount is determined using actuarial methods and assumptions approved by the Mayor and Commission. The Mayor and Commission establish and may amend the funding policy for the OPEB Plan. Employees are not required to contribute to the plan.

FY 2015 Schedule of Employer Cost and Contributions:

Annual Required Contribution	\$ 13,506,100
Interest on Net OPEB Obligation	3,575,666
Adjustment to Annual Required Contribution	<u>(3,192,613)</u>
Annual OPEB Cost	13,889,153
Actual Contribution	<u>(3,935,900)</u>
Increase in Net OPEB Liability	9,953,253
Net OPEB Liability, beginning of year	<u>89,391,641</u>
Net OPEB Liability, end of year	<u><u>\$ 99,344,894</u></u>

Athens-Clarke County, Georgia
 Notes to the Financial Statements
 June 30, 2015

OPEB Plan

As of the most recent valuation date, July 1, 2014, the funded status of the OPEB Plan was as follows:

Actuarial Value of Assets	\$ 6,303,079
Actuarial Accrued Liability (AAL)	\$ 161,281,311
Unfunded Actuarial Accrued Liability (UAAL)	\$ 154,978,232
Funded Ratio	3.91%
Covered Payroll	\$ 73,187,961
Unfunded Actuarial Accrued Liability as a Percentage of Covered Payroll	211.8%

Three Year Trend Information:

Annual Year Ending	Annual OPEB Cost (AOPEBC)	Percentage OPEB Cost (AOPEBC)	Net OPEB Liability
6/30/15	\$ 13,889,153	28.34%	\$ 99,344,894
6/30/14	21,345,304	18.44%	89,391,641
6/30/13	20,261,387	26.05%	71,982,237

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continued revision as results are compared to past expectations and new estimates are made about the future. Actuarial calculations reflect a long-term perspective. Calculations are based on the types of benefits provided under the terms of the substantive plan at the time of each valuation and on the pattern of sharing of costs between the employer and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations on the pattern of cost sharing between the employer and plan members in the future.

The assumptions used in the July 1, 2014 actuarial valuation are as follows:

Cost Method	Projected Unit Credit
Actuarial Asset Valuation Method	Fair Value
Assumed Rate of Return on Investments	4.0%
Healthcare Cost Trend Rate	5.7%
Ultimate Healthcare Trend Rate	4.24%
Year of Ultimate Trend Rate	2084
Inflation Rate	2.50%
Amortization Method	Level Percent of Payroll
Remaining Amortization Period	30 years-open

Athens-Clarke County, Georgia
Notes to the Financial Statements
June 30, 2015

The required schedule of funding progress immediately following the notes to the financial statements presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

D. Qualified Retirement Plan

In April 2000, the Athens-Clarke County Commission established the Athens-Clarke County 401(a) Program, a qualified defined contribution retirement plan administered by Valic, whereby all employees meeting eligibility requirements based on number of hours worked and length of service may elect to make tax-deferred contributions under Internal Revenue Code Section 401(a). The Government's contribution is set by ordinance and may be amended by the Mayor and Commission. Currently, the Government will match 25% of the employee's contribution to a 457(b) plan up to a maximum of 1% of the employee's pay. The amount contributed by the Government during the fiscal year ended June 30, 2015 was \$399,872 on behalf of 1,063 participants. The market value of this program as of June 30, 2015 was \$5,010,805. In addition, the Government provides a second 401(a) for personnel as an alternative to the pension plan. The Government contributes up to 10% of salary into an employee's account. For fiscal year 2015, \$304,727 was contributed on behalf of 55 participants. The market value of this program as of June 30, 2015 is \$2,572,585. Also, the Government provides several 457(b) plans for employees. For fiscal year 2015, 1,020 employees contributed \$2,517,723. As of June 30, 2015, the market value of these programs totaled \$30,707,364.

E. Pension Plan

On July 1, 1992, the Athens-Clarke County Commission adopted a pension plan for its employees. Prior to the creation of the Plan, the employees from the County government remained on the Clarke County Pension Plan and employees from the City of Athens maintained membership in the City of Athens Pension Plan. Both plans had similar benefits and were administered by the same private insurance carrier and reported in a single pension trust fund. Employees who became eligible for pension plan benefits during fiscal year 1992 joined the Clarke County Plan. All employees were transferred to the newly created plan, Athens-Clarke County Employees' Pension Plan, during fiscal year 1993. The relevant information about the new pension plan is provided in this note. No other financial reports are issued by this sole employer pension plan.

The Pension Board, composed of seven voting members and three nonvoting ex officio members, who serve without compensation by the Plan, is the Trustee of the Plan. The voting members of the Pension Board are the Manager (by position), the Human Resources Director (by position), the Finance Director (by position), a Commissioner (selected by the Mayor and Commission), two employees, one representing public safety and one representing general employees (selected by a majority vote of employees who are included in the plan), and one retired employee who is drawing retirement benefits (elected by the Athens-Clarke County Retirees Association or its successor organization). The nonvoting ex officio members of the Pension Board are the Attorney (by position), the Benefits and Wellness Administrator (by position), and the Assistant Human Resources Director (by position), who shall serve as secretary to the Board.

Plan Description

Athens-Clarke County through the Pension Board, administers a defined benefit, single employer pension plan which covers substantially all of its employees. Employees are eligible for participation after one year of continuous service. The Government is required by O.C.G.A. 47-20-10 statute to contribute the normal cost plus the minimum amortization payments as computed by statute to finance the coverage of its employees, without any requirement for employee contributions. Covered employees are not required to contribute to the plan. Employees become vested after ten years of continuous service.

Athens-Clarke County, Georgia
Notes to the Financial Statements
June 30, 2015

Amendments to plan provisions are authorized by the Athens-Clarke County Commission.

At June 30, 2015, Athens-Clarke County Employees' Pension Plan membership consisted of:

Disabled employees, retirees, and beneficiaries currently receiving benefits	674
Terminated employees entitled to benefits not yet receiving them	213
Current Employees:	
Vested:	
General	386
Law Enforcement, Firefighters	<u>290</u>
Total	676
Non-Vested:	
General	384
Law Enforcement, Firefighters	<u>255</u>
Total	639
Total Participants	<u><u>2,202</u></u>

Plan Accounting Policies

Basis of Accounting - The government accounts for the Pension Trust Fund on an accrual basis. Contributions from the Government are recognized when due, pursuant to formal commitments, as well as statutory or contractual requirements. Investment income is recognized by the plan when earned.

Method Used to Value Investments - All pension plan investments are recorded at fair value based on quoted market prices. Short-term investments are reported at cost, which approximates fair value. Securities traded on exchanges are valued at last reported sales price. No investments represented more than 5% of plan assets at June 30, 2015.

Benefit Payments - Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms.

Contributions – Contributions are recognized when paid or legally due to the pension plan.

Benefits

Athens-Clarke County provides retirement benefits as well as death and disability benefits. All benefits vest after ten years of credited service. Employees who retire at or after age 62 (60 for police officers, firefighters, peace officers in the Sheriff's Office, and correctional officers) with a minimum of ten years' service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1.85% of their final average earnings for each of the first thirty-two years of credited service, plus .25% of final average earnings for the remaining years of credited service. Final average earning is the employee's average salary over the highest three years of the last ten years of credited service. Employees with ten years of credited service may retire at or after age 55 and receive a reduced retirement benefit. Pre-retirement death benefits are now available from the time the employee becomes vested in plan benefits. Employees eligible for disability benefits continue to accrue service for purposes of determining retirement benefits. Average monthly earnings are determined using all compensation, including deferred compensation and pre-tax health premiums.

Athens-Clarke County, Georgia
Notes to the Financial Statements
June 30, 2015

Contributions

The Government is required to contribute at a rate of 15.55% of covered payroll for the year ended June 30, 2015. County contributions to the plan were \$8,476,672 for the year ended June 30, 2015.

Net Pension Liability of the Government

The components of the net pension liability of the Government at June 30, 2015, were as follows:

Total pension liability	\$ 225,899,360
Plan fiduciary net position	<u>(201,249,398)</u>
Government's net pension liability	<u><u>\$ 24,649,962</u></u>
Plan fiduciary net position as a percentage of the total pension liability	89.1%

The Government's net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

The required schedule of changes in the Government's net pension liability and related ratios immediately following the notes to the financial statements presents multiyear trend information about whether the value of plan assets is increasing or decreasing over time relative to the total pension liability.

Actuarial assumptions. The total pension liability was determined as part of an actuarial valuation at June 30, 2015. Significant actuarial assumptions used include (a) a rate of return on the investment of present and future assets of 8 percent per year compounded annually, net of investment expenses, including inflation (b) projected salary increases of 4 percent per year compounded annually, attributable to inflation, (c) additional projected salary increases ranging from .25 to 1.25 percent per year, attributable to seniority/merit, and (d) no post-retirement benefit increases. The inflation rate assumption was 4%. Mortality rates were based on the RP-2000 Healthy Life Mortality Table projected to 2020 with adjustments for mortality improvements based on Scale AA. The actuarial assumptions used in the June 30, 2015, valuation were based on the results of an actuarial experience study during the 1994-1997 plan years with the exception of salary progression which was based on an actuarial experience study during the 2007-2012 plan years. Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continued revision as results are compared to past expectations and new estimates are made about the future. Actuarial calculations reflect a long-term perspective. Calculations are based on the substantive plan as of June 30, 2015 and on the pattern of sharing of costs between the employer and plan members to that point. The administrative costs for the fund, primarily actuarial estimates and investment expenses, are paid from the earnings of the fund.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation percentage is: Domestic Equities - 50%, International Equities - 15%, and Domestic Fixed Income - 35%. Best estimates of arithmetic real

Athens-Clarke County, Georgia
Notes to the Financial Statements
June 30, 2015

rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2015 are: Domestic Equities – 7.97%, International Equities – 8.10%, and Domestic Fixed Income – 4.08%.

Rate of Return. For the plan year ended June 30, 2015, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 2.66%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Discount rate. The discount rate used to measure the total pension liability was 8.00 percent. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that Government contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members and thus the discount rate used to determine the total pension liability was the same as the plan's long-term rate of return on investments.

Sensitivity of the net pension liability to changes in the discount rate. The following presents the net pension liability of the Government, calculated using the discount rate of 8.00 percent, as well as what the Government's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (7.00 percent) or 1-percentage-point higher (9.00 percent) than the current rate:

	1% Decrease (7.00%)	Current (8.00%)	1% Increase (9.00%)
Government Net Pension Liability	\$ 51,465,188	\$ 24,649,962	\$ 757,081

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revision as results are compared to past expectations and new estimates are made about the future. Actuarial calculations reflect a long-term perspective. Calculations are based on the substantive plan in effect as of June 30, 2015 and the current sharing pattern of costs between employer and employee.

Employer Disclosures

Effective July 1, 2014, the Government implemented the provisions of GASB Statement No. 68, *Financial Reporting for Pensions – an amendment of GASB Statement No. 27*, which significantly changed the accounting for the Government's net pension liability and the disclosures required related to the plan. The information disclosed on the following page is presented in accordance with this new standard.

Athens-Clarke County, Georgia
Notes to the Financial Statements
June 30, 2015

Changes in the Net Pension Liability

	Increase (Decrease)		
	Total Pension Liability	Plan Fiduciary Net Position	Net Pension Liability

**Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources
Related to Pensions**

For the fiscal year ended June 30, 2015, the Government recognized pension expense of \$8,205,623. At June 30, 2015, the Government reported deferred outflows of resources and deferred inflows of resources related to pensions from the follow sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	-	\$ 337,971
Differences between projected and actual earnings on pension plan investments	\$ 8,939,632	-
Total	<u>\$ 8,939,632</u>	<u>\$ 337,971</u>

Athens-Clarke County, Georgia
 Notes to the Financial Statements
 June 30, 2015

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be amortized in pension expense as follows:

Fiscal year ending June 30:	
2016	\$ 2,182,913
2017	2,182,913
2018	2,182,913
2019	2,182,913
2020	(51,995)
Thereafter	(77,996)

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revision as results are compared to past expectations and new estimates are made about the future. Actuarial calculations reflect a long-term perspective. Calculations above are based on the substantive plan in effect as of June 30, 2015, and the current sharing pattern of costs between employer and employee.

F. Hotel/Motel Tax

The Government imposes a 7% hotel/motel tax for the purpose of promoting tourism as authorized in Georgia Law (O.C.G.A. 48-13-51(a)(4.2)). A summary of transactions for the fiscal year ended June 30, 2015 is as follows:

Balance as of June 30, 2014	\$ 387,882
Tax Collections during fiscal year 2015	2,588,311
Interest received during fiscal year 2015	449
Disbursements during fiscal year 2015 for Tourism and Public Affairs	<u>(2,307,130)</u>
Balance as of June 30, 2015	<u>\$ 669,512</u>

G. Jointly Governed Organization

Clarke County Library Board

Together with four other counties (Franklin, Madison, Oconee, and Oglethorpe), the Government established the Athens Regional Library Board of Trustees to operate a jointly governed library system. The State of Georgia Department of Audits has audit responsibility for this agency based on the receipt of operating funds from the Board of Regents of the University System of Georgia. The Athens Regional Library Board of Trustees is a sixteen (16) member board composed of four (4) members from Athens-Clarke County and three (3) members from each of the other four counties and, as a result, the Government does not exercise any direct control over the operations or the financial management of the library system. Athens-Clarke County owns and provides a facility, originally constructed in 1992, for library operations in Clarke County. Athens-Clarke County provided approximately 51% or \$1,759,419 from the General Fund in fiscal year 2015 of the library system's operating budget.

Athens-Clarke County, Georgia
Notes to the Financial Statements
June 30, 2015

Under Georgia law, the Athens Regional Library Board of Trustees has the authority to designate the management of the library, to access unassigned fund balances, to control library fiscal matters and budgets, and the ability to significantly influence operations. These duties and responsibilities along with other management functions are expressly reserved to the Board of Trustees of the library system. Based on the criteria noted, the Athens Regional Library is an independent reporting entity.

Complete financial statements for the Athens Regional Library may be obtained at the following address:

Athens Regional Library
2025 Baxter Street
Athens, GA 30606

H. Related Organizations

The Athens Housing Authority (AHA) was created in 1937 under the provisions of the United States Housing Act to provide decent, safe, and sanitary housing and related services for low and moderate income families. The Authority operates in accordance with the U.S. Department of Housing and Urban Development regulations. The AHA is governed by a six member Board of Commissioners. Five members of the Board are appointed by the Mayor for five year rotating terms. In addition, the Mayor appoints a resident of public housing to serve as a Commissioner for a one-year term.

The Government has no financial interest or ongoing responsibility in the operations of the AHA. The Government received \$112,719 as payments-in-lieu-of-taxes during fiscal year 2015.

Complete financial statements for the Housing Authority may be obtained at the following address:

Athens Housing Authority
P. O. Box 1469
Athens, GA 30603-1469

I. Joint Venture

Under Georgia law, the Government, in conjunction with other cities and counties in the twelve county Georgia area, is a member of the Northeast Georgia Regional Commission (NEGRC) and is required to pay annual dues thereto. During its year ended June 30, 2015, the Government paid \$116,353 in such dues. Membership in Regional Commission is required by the Official Code of Georgia Annotated (OCGA) Section 50-8-34 which provides for the organizational structure of the Regional Commissions in Georgia. The Regional Commission Board membership includes the chief elected official of each county and municipality of the area. OCGA 50-8-39.1 provides that the member governments are liable for any debts or obligations of a Regional Commission. Separate financial statements may be obtained from:

Northeast Georgia Regional Commission
305 Research Drive
Athens, GA 30605-2795

J. Agreement with the Hospital Authority

Clarke County established a separate Hospital Authority, the operations of which are accounted for independently from those of the Government. The Hospital Authority constructed and currently operates the Athens Regional Medical Center. In 1993 and 1996 the Hospital Authority issued

Athens-Clarke County, Georgia
Notes to the Financial Statements
June 30, 2015

revenue certificates of \$28,000,000 and \$61,532,088 respectively to make capital improvements. During fiscal year 1999, the Hospital Authority issued additional revenue certificates in the amount of \$54,920,000 to decrease all of the outstanding Series 1993 certificates (\$22,490,000) and to make capital improvements. On January 1, 2002, the Hospital Authority issued \$51,900,000 to make additional capital improvements.

On January 25, 2007, the Hospital Authority issued revenue certificates totaling \$155,490,000 to refund a portion of the 1996 and 1999 bonds and to construct an addition to the South Tower of the Athens Regional Medical Center. The interest rates on the debt range from 4% to 5% with maturity dates from 2008 to 2035.

At the time these certificates were issued, Athens-Clarke County agreed to guarantee the Hospital Authority's obligation by levying and collecting an ad valorem tax, not to exceed seven mills, and pledging that revenues derived therefrom would be remitted to the Authority to retire the debt. Consequently, the guarantee creates a potential lien on the revenues of Athens-Clarke County. The Series 1996, 1999, 2002, and 2007 Certificates have various maturity dates ranging from 2003 through 2035. The maximum amount of principal and interest maturities in any one year does not exceed \$16,347,993; however, Athens-Clarke County is obligated to make additional payments as necessary to assure the continuous operation of the Hospital Authority. In exchange for the Government's guarantee, the Hospital Authority has agreed to provide medical care to Athens-Clarke County's indigent citizens.

Complete financial statements of the Hospital Authority can be obtained from:

Athens Regional Medical Center
1199 Prince Avenue
Athens, Georgia 30606

K. Conduit Debt

On May 2, 2006, the Athens Public Facilities Authority issued \$5,750,000 of conduit debt to construct an educational facility on behalf of the Northeast Georgia Regional Education Service Agency (RESA), a joint venture of thirteen northeast Georgia school districts. Under the intergovernmental agreement signed with RESA, the Authority and Athens-Clarke County will have no recourse, financial obligation, or responsibility for debt service payments on the bonds. At June 30, 2015, conduit debt of \$2,855,000 was outstanding.

On August 23, 2006, the Athens Public Facilities Authority issued \$961,400 of conduit debt to construct a 4,500 square foot addition to the Northeast Georgia Regional Commission facility and to renovate the existing 10,000 square foot building. Under the intergovernmental agreement signed with the Northeast Georgia Regional Commission, the Authority and Athens-Clarke County will have no recourse, financial obligation, or responsibility for debt service payments on the loan. At June 30, 2015, conduit debt of \$628,393 was outstanding.

L. Deficit Fund Equity

At June 30, 2015, the Self-funded Insurance and Claims Internal Service Fund had negative net position of \$335,646. The Government plans to liquidate this deficit fund equity through future revenue recognition.

Athens-Clarke County, Georgia
 Notes to the Financial Statements
 June 30, 2015

M. Net Position Restatement

During fiscal year 2015, the Government implemented GASB Statement No. 68 which establishes accounting and financial reporting standards that revised the recognition, measurement, and disclosure requirements pertaining to pension benefits. Employers now reported the difference between the actuarially determined total pension liability and the pension plan's fiduciary net position; this difference is reported as the net pension liability. The Government was required to calculate the net pension liability as of June 30, 2014, which totaled \$16,319,350, and restate the beginning balance of net position to record the liability. Previously, a net pension asset or obligation was recognized if the Government's contributions to the Athens-Clarke County Employees' Pension Plan Trust Fund differed from the actuarially determined recommended contribution. At June 30, 2014, the Government reported a net pension asset of \$4,825,912; the beginning balance of net position was restated to remove the net pension asset. The effects of the restatement to the Government's financial statements are listed below.

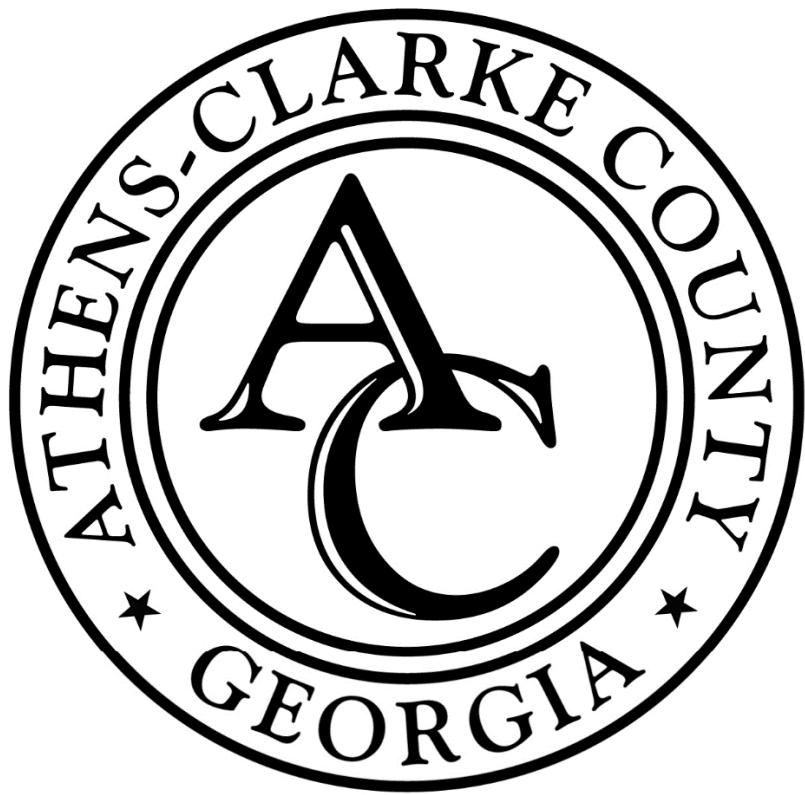

Governmental Activities	
Net Position 6/30/2014:	
As previously reported	\$ 396,404,192
Restatement	<u>(21,145,262)</u>
As restated	<u>\$ 375,258,930</u>

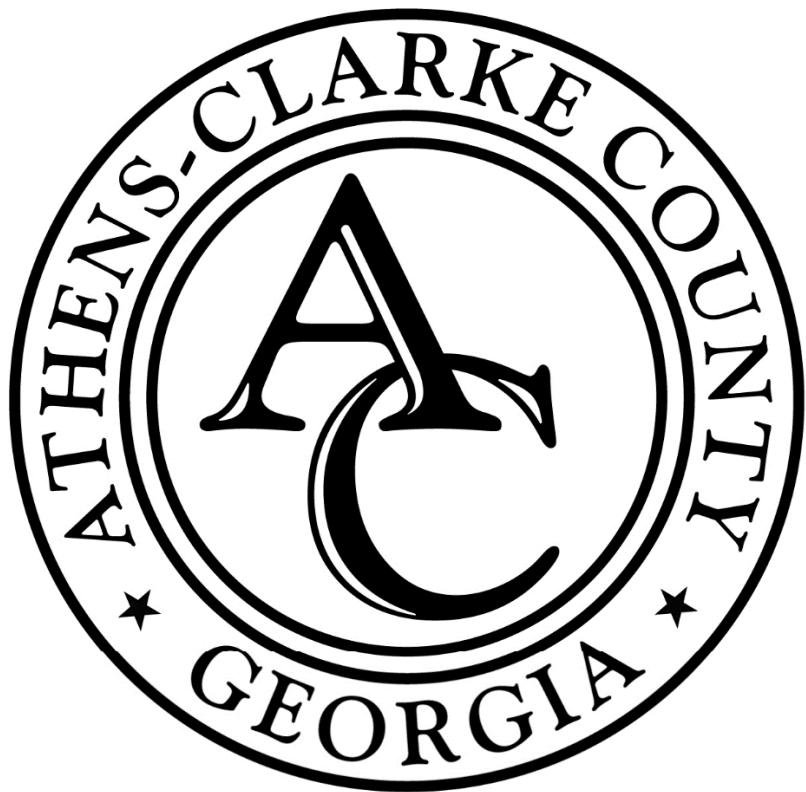

The Board of Health implemented GASB Statement No. 68 during fiscal year 2015. The statement requires employers participating in cost-sharing retirement plans to report their proportionate share of the plan's net pension liability in the statement on net position. The Board of Health was required to calculate the net pension liability as of June 30, 2014 and restate the beginning balance of net position to record the liability. The effects of the restatement to the financial statements are listed below.

	Clarke County Board of Health	Nonmajor Governmental Component Units
Net Position 6/30/2014:		
As previously reported	\$ 2,186,617	\$ 2,484,326
Restatement	<u>(6,296,259)</u>	<u>(6,296,259)</u>
As restated	<u>\$ (4,109,642)</u>	<u>\$ (3,811,933)</u>

In fiscal year 2014, the Classic Center Authority expensed certain purchases which should have been capitalized in the amount of \$159,912. The Authority also expensed interest on debt issued for a construction project which should have been capitalized as part of the project in the amount of \$78,565. The effects of the restatements to the financial statements are listed below.

	Classic Center	Nonmajor Proprietary Component Units
Net Position 6/30/2014:		
As previously reported	\$ 1,646,089	\$ 8,763,595
Restatement	<u>238,477</u>	<u>238,477</u>
As restated	<u>\$ 1,884,566</u>	<u>\$ 9,002,072</u>

Supplementary Information

Combining and Individual Fund
Statements and Schedules

Nonmajor Governmental Funds

Special Revenue Funds

Hotel/Motel Tax - Established to account for the collection of a 7% excise tax on charges for hotel/motel accommodations in Athens-Clarke County. Four percent of this levy is required by State law to promote tourism, conventions, trade shows, and other related purposes.

Community Development Block Grant - Established to account for the operations of the Government's Community Development Block Grant Entitlement Program.

Revolving Loan - Established to account for the proceeds of a \$200,000 Employment Incentive Program Grant from the State Department of Community Affairs. The grant, net of administrative expenditures, was loaned to local businesses at favorable interest rates with a 10 year maturity, with the understanding that an agreed-upon number of jobs for low to moderate income households will be created as a result of the loan. The amount returned from the original loan is used to fund loans for small businesses.

Emergency Telephone System - Established in compliance with state law to account for the receipt of the "911" Emergency Telephone System charges collected by communication firms. This revenue is used to offset the costs of operating the "911" system.

HOME Program Grant - Established to account for a grant from the Department of Housing and Urban Development. The purposes of this program are to expand the supply of decent, affordable housing for low and very low income families with emphasis on rental housing, build State and local capacity to carry out affordable housing programs, and provide for coordinated assistance to participants in the development of affordable low-income housing.

Grants - Established to account for various grant programs. Financing is provided by various state and federal agencies in accordance with grant contracts and agreements.

Supportive Housing - Established to account for a grant from the Department of Housing and Urban Development. The purpose of this program is to provide services to the homeless population.

Special Programs - Established to separately account for programs with committed revenues and expenditures operated on a self-supporting basis. This fund was initiated during fiscal year 1998.

Building Inspection - Established to separately account for Building Inspection committed revenues and expenditures in an effort to operate this service on a more self-supporting basis.

Sheriff's Inmate - Established to account for the operations of the jail commissary and related activities on behalf of the inmates through the use of committed revenue from personal donations.

Corrections Inmate - Established to account for the operations of the correctional institution commissary and related activities on behalf of the inmates through the use of committed revenue from personal donations.

ARRA Grant - Established to account for various grants received under the American Recovery and Reinvestment Act of 2009.

Capital Projects Funds

Special Purpose Local Option Sales Tax (SPLOST) IV Capital Projects - Established to account for the proceeds of a \$.01 sales tax that was levied from April 1995 to March 2000. In accordance with Georgia Law, the proceeds of this levy are designated for the following capital projects: county jail addition, various administrative facilities, expansion of county library, historic and cultural facilities, recreational facilities, local solid waste handling facilities, and for road, street and bridge purposes.

Athens Public Facilities Authority - Reestablished in fiscal year 1995 from a 1963 legislative act to account for capital projects initiated by the Athens Public Facilities Authority. The first project undertaken by the Authority is the construction of a Department of Family and Children Services facility. In 2010, the Authority financed two permanent facilities to house inmates.

Economic Development - Established to provide a long-term funding source for infrastructure improvements needed to recruit new or expansions of existing industries in Athens-Clarke County.

General Capital Projects - Established to separately account for capital projects primarily funded with general revenue sources. Project managers believe that the government can more effectively account for these projects through a separate capital projects fund.

Special Purpose Local Option Sales Tax (SPLOST) 2000 Capital Projects - Established to account for the proceeds of a \$.01 sales tax levied from April 2000 to March 2005. The proceeds of this levy will be used for construction of fire stations, storm drainage improvements, road improvements, government facilities, and other capital projects. Forty projects are included in this program.

Special Purpose Local Option Sales Tax (SPLOST) 2005 - Established to account for the proceeds of a \$.01 sales tax levied from April 2005 to March 2011. The thirty-four capital projects included in this program are: storm drainage improvements, road improvements, construction of parks; water line additions; additions to the Classic Center; and other capital projects. This levy was initiated in April 2005. Under Georgia law, collection of this tax ended in 2011.

Development Authority of Athens-Clarke County (Development Authority) - Created in 1999, the financial operations of the Development Authority of Athens-Clarke County are considered a blended component unit. The Mayor and Commission appoint the seven members of the Authority. The Authority is political body corporate and politic created pursuant to the Georgia Development Authorities Law (O.C.G.A. 36-62-1 through O.C.G.A. 36-62-13). The issuance of debt by the Authority requires the approval of the Mayor and Commission and the Government is paying all of the currently existing Development Authority debt.

Debt Service Fund

SPLOST 2011 Jail Expansion Debt Service - Established to account for the debt service expenditures related to the General Obligation Sales Tax Bonds Series 2012.

Permanent Fund

Faith in the Future - Established to account for donations from citizens to be used for an appropriate public project in 2076.

Enterprise Funds

Transit - Established to account for the Government's bus system which is operated with federal financial assistance under the Urban Mass Transit Act. The system provides public transportation services to Athens-Clarke County residents and the University of Georgia staff and students.

Solid Waste - Established to account for the collection and disposal of commercial and residential solid waste from the Urban Service and Special Service Districts.

Stormwater Fund - Established to collect revenues to pay for the cost of stormwater management as mandated by the U.S. Environmental Protection Agency in compliance with the requirements for a NPDES Stormwater Phase II Permit.

Land Bank Authority - Established under the provisions of the O.C.G.A. 48-4-60, to transition real property from nonrevenue-generating, nontax-producing status to a utilization status useful for housing, new industry, and jobs for the citizens of Athens-Clarke County.

Internal Service Funds

Internal Support - Established to account for the general support services to user departments, such as telephone, postage, copier and printing.

Fleet Management - Established to account for maintenance and repairs to vehicles and equipment, and a central fuel supply.

Fleet Replacement - Established to account for the funding, purchase, control, and disposition of all Government vehicles except for specialized equipment used by enterprise funds.

Self-Funded Insurance and Claims - Established to provide self insurance for worker's compensation and coverage for employee short-term disability. The Government operates its insured general liability program in this fund. The Government also operates a program for the reservation of funds for claims as to which no governmental immunity exists and other claims which the Government deems appropriate for payment. The liabilities in this fund are based on known claims, probable and reasonably determinable.

Self-Funded Health Insurance and Claims - Established to account for employer and employee contributions for self-funded health insurance coverage.

Nonmajor Component Units

Governmental Component Units

Downtown Athens Development Authority (DADA) - The financial operations of the Downtown Athens Development Authority are presented as a governmental type unit. The six members of the Authority include the Mayor of Athens-Clarke County, the President of the Athens Area Chamber of Commerce, and four appointed members, two of whom are real estate owners in the district who are members of the Athens Downtown Council and two of whom operate businesses in the District. The Authority can recommend a tax levy of up to one mill on all taxable property in the District for the operations of the Authority subject to the approval of the Mayor and Commission. The issuance of debt by the Authority requires the approval of Athens-Clarke County.

Clarke County Board of Health - The Board of Health was created under the provisions of O.C.G.A. Section 31-3. The Board of Health is composed of seven members all but one are appointed by the Mayor and Commission. The Board of Health is responsible for all public health matters including the enforcement of health laws and regulations. Funds to meet the expenses of the Board of Health come from local, state, and federal sources. The Board of Health meets the criteria for inclusion as a discretely presented governmental type unit.

Alternative Dispute Resolution - The Alternative Dispute Resolution Program was created under the provisions of O.C.G.A. Section 15-23-1. The Alternative Dispute Resolution Program was established for the resolution of disputes with any method other than litigation. This program is presented as a governmental type unit.

Proprietary Component Units

Airport - The financial operations of the Clarke County Airport Authority are presented as a proprietary type unit. Created in 1988, the Clarke County Airport Authority is responsible for the operations of the Athens Ben Epps Airport. The six members of the Authority are appointed by the Athens-Clarke County Commission for four-year staggered terms. The Manager serves as a nonvoting ex-officio member of the Authority. The issuance of debt by the Authority requires approval by Athens-Clarke County. The Authority is responsible for the management of the airport and the development of airport operations for "maximum public benefit."

Classic Center - The financial operations of the Classic Center Authority of Clarke County, created in 1988, are presented as a proprietary type unit. Athens-Clarke County is responsible for appointing the five members of the Authority's Board of Directors. The Classic Center facility, financed by a previous Special Purpose Local Option Sales Tax, was completed in March 1996. The issuance of debt by the Authority requires approval by Athens-Clarke County. The State law enacting the Authority requires the Government's Independent Auditor to audit the financial records of the Authority.

Total adjustments	<u>344,559</u>	<u>475,010</u>	<u>819,569</u>
Net cash provided (used) by operating activities	<u>\$ 87,994</u>	<u>\$ (1,642,257)</u>	<u>\$ (1,554,263)</u>
Noncash transactions affecting financial position:			
Acquisition of capital assets through accounts payable	-	130,113	130,113

Statistical Section

Statistical Section
(Unaudited)

This part of the Government's Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the Government's overall financial health.

Contents	Page
Financial Trends (Schedules 1-4)	136
These schedules contain trend information to help the reader understand how the Government's financial performance and well-being have changed over time.	
Revenue Capacity (Schedules 5-10)	141
These schedules contain information to help the reader assess the Government's most significant local revenue sources: the property tax and sales tax.	
Debt Capacity (Schedules 11-15)	147
These schedules present information to help the reader assess the affordability of the Government's current levels of outstanding debt and the Government's ability to issue additional debt in the future.	
Demographic and Economic Information (Schedules 16-17)	152
These schedules offer demographic and economic indicators to help the reader understand the environment within which the Government's financial activities take place.	
Operating Information (Schedules 18-20)	154
These schedules contain service and infrastructure data to help the reader understand how the information in the Government's financial report relates to the services the Government provides and the activities it performs.	
For some schedules included in this section, a full ten years of data is not available.	

Sources: Unless otherwise noted, the information in these schedules is derived from the Comprehensive Annual Financial Reports for the relevant year.

Sources: Athens-Clarke County Finance Department and Clarke County School District.

(1) Overlapping governments are those that coincide, at least in part, with the geographic boundaries of Athens-Clarke County. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of Athens-Clarke County. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.
