

18A - Live Stream Pipe Replacement Program

Original Project Total Cost: \$ 22,259,000

Total Operating Cost: None

Alternate Project Total Cost: \$ 11,129,000

Alternate Total Operating Cost: No change

Project Description: This project needs to be funded in its entirety due to the critical nature of failing stormwater infrastructure. However, funding may be available via the stormwater utility. The intended projects would be the same with the alternate however the alternative splits funding between half SPLOST and half Stormwater Enterprise funding.
