WASTE SORT
CHART

- Look through your waste containers throughout your business. Using the **Waste Sort Chart**, write down each item you find and mark an "X" in the left column for the location it was FOUND in.
- Now, using the Athens-Clarke County **Recyclable Items** and the **CHaRM Flyer**, go through each item and mark a "✓" in the right column for the location it SHOULD/COULD be in. If you are unsure of an item feel free to contact our department. There is also a itemized list by industry type in your **Industry Recycling Guide** that could help you.

Item	Trash		Recycling		Compost		CHaRM		Thrift		Eliminate?
Napkin	X										
Plastic Cup #6	X			✓							
Hamburger	X					✓					
Plastic Bag			X					✓			
Straws	X	✓									*wait staff could ask guests if they would like a straw instead of automatically handing them out

Item	Trash		Recycling		Compost		CHaRM		Thrift		Eliminate?

Notes:
