

COVID-19 Update and Department Service Changes

The Transportation & Public Works Department will be open with limited operations the week of April 6-10. Buildings will not be open to the public; however, staff is available by phone or email from 8:00 a.m. to 5:00 p.m. Specific Division updates are included below.

Engineering: Permit applications can be submitted by emailing engineering@accgov.com. Staff will contact applicants when permits are approved and to make arrangements for payment. Please contact Erica Thomas with questions at erica.thomas@accgov.com or 706-613-3440. The ACCGov Planning Department will continue with development submittals on an as-needed basis or by appointment in a modified lobby area in order to provide as much physical separation as possible. A staff person for Public Works will be available if any questions arise during submission. Please contact staff with submission questions prior to drop-off.

Land Development: Active construction site inspections will be conducted each day. There may be some delays due to reduced staff levels.

Traffic Engineering: For lane closures, please contact Mike Dunbar at mike.dunbar@accgov.com or call 762-400-7837.

Streets and Drainage: To report potholes, drainage issues, or a dead animal in the roadway, please call 706-613-3465.

Stormwater: Stormwater Utility Fee payments will not be accepted in-person until further notice. To make a credit card payment, please use the online service at www.accgov.com/stormwater [<http://www.accgov.com/stormwater>]. To pay by check or money order, please use the drop box locations at the ACCGov Water Business Office (located at 124 E Hancock Avenue). Please contact Billing Staff with questions at stormwater@accgov.com.
