

Fire Hydrant Flow Test Request Form

Note: The fee for all flow test is \$50.00, an additional \$50.00 is required for a 24 hour chart. Leaving any information blank on this form may result in a delay of your fire flow test results. Although all efforts will be made to perform the fire flow test on the hydrants closest to your request, we make no guarantee that the nearest hydrants will be available for testing. Please enclose a check made payable to the Public Utilities Department.
