July 1, 2021

Dear Citizens and Commissioners of Athens-Clarke County:

As Mayor of the Unified Government of Athens-Clarke County, I am pleased to present to you the 2022 Fiscal Year Annual Operating and Capital Budget. In accordance with Georgia Law and the Charter of the Unified Government, the Mayor and Commission on June 15, 2021 adopted this budget.

This budget is balanced without reductions to current services and includes funding to support new initiatives and support voter approved SPLOST facilities while maintaining the current millage rate of 13.70 mills.

Key Points in the FY2022 Budget

With attention to the goal, *Informed and Engaged Residents*, we are beginning to build the capacity for broad and deep public engagement pursued with:

- A new Community Engagement Coordinator position in the Public Information Office. This position would focus on citizen interaction and engagement initiatives, including assisting with public meetings and outreach, collecting community data and enhancing outreach practices. (\$90,000 salary, benefits and operating).
- An External Relations position in the District Attorney's Office to bring in resources for innovative prosecution strategies, maintaining an open dialogue with community members through public information and education, and ensuring that the community is a true partner for public safety via outreach initiatives (\$33,000 for sixth months).
- Continuance of Clearpoint Performance Management and Open Data initiatives in order to provide data on programs and services and to bolster public trust and confidence. (\$32,000).
- Walk of Remembrance: this budget includes \$50,000 in capital funding based on the work coming out of the Athens Justice and Memory Committee.

There are a number of initiatives that continue to emphasize our commitment to a *Healthy, Livable and Sustainable* Athens-Clarke County:

- Athens Transit will remain fare-free and expand to the pre-pandemic complement of routes with the support of American Rescue Plan, Federal Transit Administration funds. This entirely relieves the General Fund of this operational need, and is intended to continue in FY23 and serve as a bridge to sustained maintenance and operations funding through the next TSPLOST referendum. (approximately \$3.4 million annually).
- The budget includes funding for a full-time Energy Program and Conservation Coordinator in the Sustainability Office to better enhance the commitments that we have made to renewable energy and energy efficiency. This position will accelerate the energy program that has already resulted in \$400,000 in annual energy savings for ACCGov. This position becomes effective mid-year in FY22.

MAYOR KELLY GIRTZ

THE UNIFIED GOVERNMENT OF ATHENS-CLARKE COUNTY, GEORGIA

301 College Avenue, Suite 300 • Athens, Georgia 30601

(706) 613-3010

www.accgov.com

- Sustainability outcomes can also be found in new purchase of leaf vacuums and shifting county operations to battery operated leaf blowers (\$75,000 in capital).
- \$36,000 of funding has been added for camera systems to deter illegal dumping that has become a problem in several areas of the county.
- Gateway and Corridor Maintenance: this budget includes two additional landscape maintenance positions to improve gateway and corridor appearances, beginning the 2nd quarter of FY22 (\$100,000).

Youth activities and family supports are also a key element of a ***Healthy, Livable and Sustainable Community***. The FY22 budget prioritizes this focus area, including continuation of the Neighborhood Leaders program, the Youth Commission, the Grand Slam summer youth program and a host of other activities including:

- The three-year pilot of Young Urban Builders is extended, given the great success of the program and opportunity to both provide trade skills to high school youth and support home repair needs of those in Athens without the means to provide for their homes' ideal physical upkeep (\$100,000).
- "Counselors In Training", providing summer employment for up to 23 teens ages 15-18 which will develop self-esteem, peer relations, interpersonal skills, and leadership qualities while working in our summer camp programs (\$60,000).
- Continued renovations to both Lay Park and East Athens Park centers to include art rooms and programming equipment software to include video production/editing, graphic design, and robotics (\$190,000).
- \$100,000 has been budgeted for additional youth development programming that will be more clearly defined and implemented during FY22.
- Juneteenth educational events to include community education culminating in Athens' first community-wide celebration event for Juneteenth, with local youth involved in both visual and performing arts (\$20,000).
- \$50,000 of capital funding has been budgeted for an environmental study of the Dunlap and Pittard Road areas.

Public Safety initiatives, focused on becoming a ***Safe and Prepared Community***, provide dignity to the public and improve safety continue as a key considerations:

- As the Department of Corrections continues to enhance employment skills and life skills supports for those incarcerated individuals, including with the transition of 10 more beds for the Transition Center program in which inmates work for pay in the community, there is the addition of a part-time social worker to support personal development, rehabilitative needs and recidivism reduction. Success measures in these areas will be tracked (\$30,000).
- The Jerry Nesmith Co-Responder Unit will be bolstered with four additional Licensed Clinical Social Workers who will be paired with re-deployed ACCPD officers – creating a total of seven units. This also presages development of a more thorough front-line behavioral health emergency response program through collaboration between the Safety and Justice Committee and other partner entities, and using emerging funding streams (\$336,000).
- An initiative to partner with an external agency to create an Alternative Crisis Response Team beginning the second quarter of FY22 (\$277,000).

In addition to activities through the SPLOST program and partnerships, we are developing ***Shared Prosperity*** through housing and homeless supports:

- ACCGov is moving forward to establish a minimum wage of \$15 per hour for all county employees and become a leader in the community by providing a living wage to all employees (\$750,000).
- A Disparity Study to determine if inequities exist (or have existed) regarding contracting and procurement activities and to identify opportunities to encourage the participation of underrepresented businesses in government contracting (\$400,000).
- An initiative to partner with an external agency for programing in support of homeless residence throughout the community (\$220,000).
- A new position in Housing and Community Development funded with “CARES-CV CDBG” funds to consolidate tasks previously fractured throughout the organization, such as coordinating ACCGov work with homeless encampments, facilitating the “Coordinated Entry System” that matches households with appropriate programs, and other tasks. FY22 will also allow for a homeless support “gap analysis” through rigorous engagement with homeless service providers and observation of community dynamics to identify the under-supported needs in this area for enhanced long-term commitment. The recently released Rescue Act HOME funds can be directed toward this area moving forward from this discovery period.
- As the Inclusionary Zoning Working Group completes their current work, an Inclusionary Zoning monitoring program is included in the Affordable Housing Special Revenue Fund as we more broadly support the development of affordable and workforce housing (\$120,000) and funding (\$30,000) for a study to analyze building and zoning codes.

Broad-based support for a high quality *Accountable and Responsive* Athens-Clarke County Unified Government workforce that is representative of the community continues:

- Employee compensation is targeted for a 2% increase for non-public safety employees. (\$627,000) In addition, the continued implementation of the structured Public Safety Pay Plan is funded (\$1.9 million).
- A feasibility study for an employee health clinic or similar partnership opportunity to offer the greatest possible access to care (\$40,000).
- Diversity, Equity and Inclusion training which began for subsets of ACCGov employees in FY21 will be expanded to the entire ACCGov workforce in FY22 (\$135,000).
- A Human Resources Generalist focused on Minority Recruitment to work with the Office of Inclusion, Economic Development, and other ACCGov Departments on pathways for diversity in employment (\$80,000)
- Workforce Development for high-demand ACCGov careers will continue through the work of the Athens Community Corps program once initial funding from the Athens Resiliency Package is exhausted in FY22 (\$250,000 for a partial year).

Other broad budgetary issues and opportunities include:

- The FY22 General Fund Budget plans the use of \$5.6 million in available fund balance, an increase use of \$4.3 million compared to the FY21 Adopted Budget. Even with this planned use of fund balance, the General Fund Balance should retain an amount sufficient to operate for two months, in compliance with current fiscal policy (\$24.8 million which represents 16.7% of the budget).
- Use of these funds also allows targeted capital expenditures totaling approximately \$5.7M, and increase after the reductions of FY20 and FY21, and intended to extend the life of existing assets

and program areas. This is particularly focused on lifecycle maintenance for our existing parks and facilities.

- To avoid drawing down additional fund balance or raising the millage rate, this budget includes funding of approximately \$2.2 million from the American Rescue Plan, State and Local Fiscal Recovery Funds grant. The Mayor & Commission have designated \$400,000 for development of additional youth programming and \$150,000 for development of a municipal garden program, leaving the balance of the \$2.2 million in ARP funds to offset existing budgetary items.

This budget was a collaborative effort of many as we step into a hopeful future. Budget priorities agreed to by the Mayor and Commission at our most recent retreats helped to guide the development of the FY22 Budget. I also give a special thanks for the assistance of the Manager's Office, staff from our Finance and Human Resources Departments and many others for information needed to adopt this budget.

Also, my thanks go to each member of the Commission for their thoroughness and thoughtful contributions during the development, review and adoption of the FY22 Budget. In addition, I want to recognize and express my gratitude to Mayor Pro Tempore and District 7 Commissioner, Russell Edwards, for his hard work and leadership during the Commission review of this budget.

As Mayor, I have had the opportunity to work with and meet people throughout the community, region, and state, where I routinely receive compliments for our community and our staff. This has become the norm not the exception. This positive perception is something for which we all should be proud, and is directly attributed to the commitment regularly exhibited by both citizens and staff as we work together for the Athena ideal: to leave our community better than we found it. If you have any questions, please do not hesitate to contact me.

Sincerely,

Kelly Girtz, Mayor

Executive Summary

Overall Budget

This Budget includes a General Fund Budget of \$148.5 million for FY22, \$8.0 million more than the FY21 Budget. The Operating Budget for All Funds totals \$228.8 million. The Capital Budget for all funds is \$45.8 million. In total, the Operating and Capital Budget for FY22, \$274.2 million, is \$7.6 million more than the FY21 Original Budget.

Millage Rate

The millage rate for FY22 (property tax year 2021) is 13.7 mills, the same rate as FY21. Property Tax information for FY22 is included on page B-5 of this section.

Use of Fund Balance

The FY22 Budget for the General Fund includes the use of \$5.6 million of Fund Balance- \$2.443 million for operations and \$3.139 million for capital.

Department Requests

ACCGov Departments requested \$9.3 million in FY22 (\$9.0 million in the General Fund) for operating expenditures for new initiatives, new programming, additional positions and SPLOST/TSPLOST operating budget impacts. This budget includes roughly \$4.6 million for these additional expenses (\$2.1 in the General Fund). See pages B-12 to 14 for information on these increases to departmental budgets.

Additional Positions

The FY22 Budget includes 15 new fulltime authorized positions across all funds (6 in the General Fund), bringing the authorized level of positions to 1,744. See page B-14 in this section for a list of additional positions.

Pay Adjustment

- The Budget includes \$1.9 million for the FY22 portion of a revised pay plan for public safety employees, which was implemented in FY21.
- The Budget also includes \$750,000 to increase the minimum hourly pay rate for both fulltime and part-time/seasonal positions to \$15 per hour.
- Across all funds, the Budget includes approximately \$1.1 million (\$627,000 in the General Fund) for the Performance Management Program (PMP) to encourage retention and reward active general employees who meet the highest levels of performance. The \$1.1 million total is equivalent to 2% of pay and related benefits and will be added to departmental budgets based on their proportional share of total salaries. Individual pay increases for general employees will depend on performance.

New for FY22 - Strategic Plan:

The Management Team will work with employees and the Mayor and Commission to define priorities and strategies through a two year organization-wide strategic plan spanning fiscal years 2022 and 2023. Staff will look at existing public input and bring to light known organizational strengths, weaknesses, opportunities and threats.

This work will help to better identify and maintain what is working well, and focus effort on areas in need of improvement. This plan will fit in with the long term strategies identified and set out in other documents, including the Comprehensive Plan.

A yearlong dialog among more than 700 ACCGov employees has yielded a set of Core Values, and a third-party polling organization will soon have the results of an impartial, statistically robust community survey that will be helpful in examining alignment with resident needs over time.

These tools, along with renewed examination of mission and vision statements, will serve as guides for developing the projects and doing the work necessary to reach stated goals. In tandem with departmental strategic plans, the organizational plan will build on successes while mitigating threats. Periodic communication about progress toward measures of performance will be delivered to the community, and used in deciding how to efficiently allocate resources.

Total Expenditures & Designations	\$228,757,031	\$45,834,000	\$274,591,031

General Fund Revenues

Total General Fund Operating Revenue is projected to be \$142.9 million in FY22, approximately \$3.7 million or 2.7% more than the FY21 Budget.

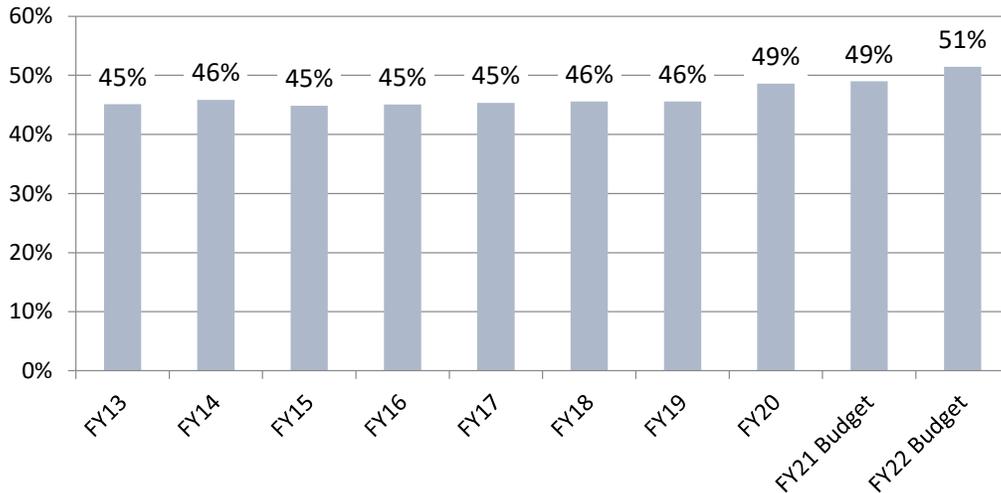

Property Taxes

Total General Fund Property Taxes are projected to be \$73.5 million, approximately \$5.3 million more than originally estimated for FY21. The budget estimate for property taxes is based on the current millage rate of 13.70 mills, which continues the 0.25 reduction approved in FY21. Based on current estimates from the Board of Tax Assessors and the Tax Commissioner, the 2021 net Tax Digest is \$5.1 billion, a net increase approximately 8.1% over the 2020 Tax Digest. Property tax revenues include real and personal property, motor vehicle taxes (prior to March 2013), Title Ad Valorem Taxes or TAVT (motor vehicle after March 2013), real estate transfer and intangible recording taxes.

- Based on current local share percentages, ACCGov’s TAVT and Motor Vehicle Taxes are estimated to be \$5.0 million in FY22, an increase of \$700,000 from the FY21 Budget. The TAVT estimate for FY22 is based on the current 6.6% tax rate and state set allocation percentages.
- Real estate Transfer and Intangible Recording Taxes are estimated to generate \$1.0 million, the same as FY21 Budget.

In FY22, Property Tax Revenue is projected to be 51% of the General Fund Operating Revenue. The following graph shows that property taxes as a percentage of General Fund Revenues have ranged from 45% to 51% since FY13. The FY22 Budget continues the careful balance of General Fund Revenues from Property Taxes (51%), Sales Taxes (18%), and other General Fund sources (31%). However, as other revenues such as Fines & Forfeitures and Charges for Services decline, the dependence on Property Tax Revenue grows.

Note: In 1978, the City and County implemented a rollback of property taxes based on the receipt of local option sales tax revenues as required by Georgia Law.

FY22 Revenues

Local Option Sales Taxes (LOST)

An estimate of \$25.9 million is included for FY22, a \$1,250,000 (5%) increase over the FY21 Original Budget. LOST revenues have averaged a 2.8% annual increase over the five fiscal years ending June 30, 2020.

Other Taxes

Other Taxes are projected to be \$23.0 million in FY22, \$994,500 higher compared to the FY21 Budget. This estimate reflects current trends in revenues for franchise fees, business taxes, and alcohol and rental car excise taxes.

- Franchise Fees on electricity, gas, telephone and cable services are estimated to be \$8.0 million in FY22 based on current trends and rates, an increase of \$366,000 from the current budget.
- The Insurance Premium Tax is the largest Other Tax and is estimated to generate \$9.5 million based on current trends, a \$756,000 increase over the FY21 Budget. This tax is based on the value of insurance sold in the county, and is collected by the state and remitted annually to ACCGov each October.
- Excise tax revenues are estimated at \$2.9 million in FY22, \$102,500 lower than last year. Excise taxes on beer, wine, and liquor are estimated to generate \$2.2 million, the same as FY21. The excise tax on mixed drinks and rental motor vehicles are anticipated to generate \$575,000 and \$175,000 respectively in FY22.
- Based on current trends, revenues from annual Occupation Tax Certificates or Business Licenses are estimated to be \$1.7 million in FY22, about the same as what was budgeted for in FY21.
- Delinquent Tax Collections are estimated to be \$345,000, the same level as FY21.

Licenses and Permits

Revenue from alcohol license fees are anticipated to decline slightly in FY22 by approximately \$95,000 to a total of 845,900 compared to the FY21 Budget.

FY22 Revenues

Charges for Services

This budget includes an estimate of \$12.0 million in FY22 for Charges for Services, \$1.8 million less than FY21.

- Downtown parking fee revenues, as managed by the Athens Downtown Development Authority (ADDA), are anticipated to generate \$2.8 million in FY22 (this amount does not include an estimated \$500,000 from parking fine revenue in the downtown area) a decrease of \$750,000 compared to the pre-pandemic revenue estimate. The ADDA managed parking program includes the revenue from the operations of the Washington Street Building, the College Avenue Parking Deck, on-street metered parking spaces, and parking lots (note: 20% of the net revenue goes back to ADDA per contract).
- Based on the current cost allocation plan, total administrative overhead charges for services provided by the General Fund to other funds will be \$3.0 million, approximately \$300,000 more than FY21. The cost allocation study was updated in FY21 resulting in additional charges to the enterprise funds and for the Building Inspection Fund.
- Revenue from collection of taxes on behalf of other governmental entities by the Tax Commissioner's Office is estimated to be \$2.4 million in FY22.
- Leisure Services is estimated to generate \$750,000 million in FY22 and includes fees in accordance with the Pricing Policy approved by the Mayor and Commission in December 2018. This represents a decrease of \$433,000 from the FY21 Budget due to reduced activity caused by the pandemic.
- The FY22 Budget for Probation fees is \$150,000. In addition, the Budget includes \$100,000 in revenue from the in-house drug-testing program and \$60,000 in supervision fees for the pre-trial programs in State and Municipal Courts, the same as FY21. These fees total \$310,000 for FY22, a decrease of \$431,500 (58%) from the FY21 Budget, and based on current trends.
- Fees and recording costs in FY22 for Superior Court (\$530,000) and Probate Court (\$150,000) are similar to FY21 based on current revenue trends, while fees for Magistrate Court (\$250,000) are projected to decline \$60,000 from FY21.

Fines & Forfeitures

Based on revenue trends over the last twelve months, total revenues from fines are estimated to be \$1.9 million in FY22, a decrease of \$1.7 million from the FY21 Budget.

- Revenue from the Municipal Court fines is projected to generate roughly \$800,000 in FY22, a decrease of \$1.0 million from the FY21 Budget. Fine revenues from the Superior, State, Magistrate, and Juvenile Courts are anticipated to generate \$303,000 in total, down almost \$50,000 from the FY21 Budget.
- Based on current trends, ADDA collected parking fines in the downtown area are estimated to be \$500,000 in FY22, \$450,000 less than originally budgeted for in FY21.
- In FY21, the Red Light Camera Program moved from the Special Programs Fund to the General Fund. Fine revenues from this program are projected at \$175,000, a decrease of \$155,000 from the FY21 Budget.

FY22 Revenues

Other Financing Sources

The budget includes \$20,000 collected by the Sheriff's Department for reporting information to the Social Security Administration during the year. The FY22 Budget also includes an operating transfer of \$90,340 from the Hotel/Motel Tax Fund, \$70,200 less than FY21.

Also, the FY22 Budget reflects transfers of \$3.7 million (similar to FY21) from Enterprise and Internal Service Funds to fund the annual cost for pension and other post-retirement benefits (OPEB) expenses for employees in those funds. This transfer in does not increase the net cost or benefit to the General Fund, it only shifts where these expense and liabilities are recorded.

Use of Fund Balance

The FY22 Budget plans the use of \$5.6M in Fund Balance, \$4.3M more than the \$1.3M in the FY21 Budget. Based on the current financial and economic conditions, the General Fund Balance is not expected to drop below the two month operating reserve amount (16.7% or \$24.7M) by the end of FY22.

Enterprise Funds Major Revenue Changes

Transit Fund

Total revenue of \$4.0 million is projected for FY22. Currently, Federal funding is estimated to be almost \$3.9 million in FY22, based on the current grant contract and funding from the CARES Act.

Similar to FY21, there will be no General Fund contribution to the Transit Fund. Additional funding to support Transit remaining fare-free for FY22 with services expanding to the pre-pandemic complement of routes is expected to come with funds from the American Rescue Plan.

Water and Sewer Fund

Water and Sewer Fund revenues for FY22 are projected to be \$57.0 million, an increase of \$3.4 million from the FY21 Budget. For FY22, Water and Sewer rates will remain unchanged, with only a few minimal fee changes for industrial and construction fees.

Special Revenue Funds Major Revenue Changes

Hotel-Motel Special Revenue Fund

Receipts from this \$0.07 tax are estimated to be \$2.6 million in FY22, a \$773,000 or 22.9% decrease from the FY21 Original Budget based on recent trends and due to a decreased hotel motel activity caused by the pandemic.

Building Inspection Special Revenue Fund

The FY22 Budget estimates \$1.5 million of revenue, a \$226,800 increase over FY21. The FY22 budget proposes fee increases to cover software and technology costs. These fee increases to customers should be offset by savings in printing costs and other efficiencies resulting from the new software implementation. The FY22 budget also includes an increase of 5% to the building valuation table.

FY22 Revenues

Tax Allocation Districts

New in the FY22 Budget are individual special revenue funds to account for revenues and expenditures for the six Tax Allocation Districts (TADs) approved by the Mayor and Commission on November 10, 2020. Across all six funds, a total of approximately \$500,000 in property tax revenue growth will now be available to fund approved redevelopment activities.

American Rescue Plan Special Revenue Fund

The FY22 Budget includes an initial expenditure budget of \$2.2 million to account for the American Rescue Plan Act, State and Local Fiscal Recovery Funds proceeds. This includes anticipated expenditures of the ARP “revenue replacement” funds, as well as any designated projects/programs anticipated to fall into one of the other ARP eligible expenditure categories. Actual expenditures in the ARP special revenue fund are pending release of final Treasury guidance and confirmation of grant eligibility.

The balance of the \$57.6M in ARP funds awarded ACCGov will be budgeted for specific purposes in the coming months following Mayor and Commission review and approval of eligible grant program expenditures.

Internal Service Funds Major Revenue Changes

Internal Service Funds support operating departments. These services are copier, postage, printing, fleet maintenance, fleet replacement, and self-funded insurance programs. Revenues for Internal Service Funds are generated by allocating costs to operating departments for such services. The funding for these allocated costs is included in the departments’ operating budget as indirect expenses. Revenues generated for each Internal Service Fund are designed to offset annual operating expenses rather than to accrue income.

FY22 Expenses

Maintaining Current Services

Each year, Departments and Offices are asked to develop budgets to deliver current services within a budget limit. For FY22, they were limited to a budget equal to the FY21 Budget (not including salary and benefits). Twenty departments submitted budget requests over their limits totaling roughly \$3.5 million with the remaining departments submitting requests at or below the limit. This Budget includes the following increases in the General Fund totaling \$470,400:

Department	Budget Item	Amount
Information Technology	Microsoft Licensing Increases	60,000
	ERP Replacement Maintenance Increase	93,500
	Subtotal	\$153,500
Police	Fully Fund FY21 Mental Health Co-Responders	\$67,700
Animal Services	Kennel Technicians – Contract Labor	25,000
	Additional Medical Services	17,600
	Subtotal	\$42,600
Attorney	Additional Legal Expenses	\$40,000
Manager’s Office	Performance Management Software Fees - GIO	\$32,100
Juvenile Court	Increased Days for Part-Time Judge	\$30,000
Superior Court	Electronic Monitoring – Probation	\$26,000
Fire	SCBA Annual Testing	\$23,000
Leisure Services	Full Funding for PT Outreach Position	10,000
	UGA Veterinarian Contract Costs	4,000
	Subtotal	\$14,000
Solid Waste	Additional Neighborhood Cleanup Funds	7,000
	CBD Leaf Blower Alternatives	4,000
	Subtotal	\$11,000
Central Services	E. Athens N’hood Health Center Bldg. Maint.	\$9,800
Other Departments and Offices		\$20,700

Fleet Replacement

\$1.4 million has been added to the General Fund to fund the vehicle replacement program. This includes \$643,000 to restore funding for non-public safety vehicle replacement, which was eliminated in FY21. It also includes \$770,000 to begin funding a portion of the vehicle replacement contributions for public safety vehicles. This funding was eliminated in FY20 and FY21, shifting replacement costs entirely to the SPLOST 2020 program.

All other funds have been increased by a total of \$98,500 to implement the fifth year of a five year plan to increase annual contribution to the Fleet Replacement Fund to gradually bring the annual amount to full funding. In FY05 and again in FY11, approved budgets included reductions or discounts in contributions to the Fleet Replacement Program totaling 35%. These past discounted contributions, as well as elimination of funding in FY20 and FY21, resulted in a shortfall in funding and a backlog of replacements.

FY22 Expenses

New Initiatives, Additional Positions, SPLOST Impacts and Other Major Changes

Increases for New Initiatives and Additional Positions

ACCGov departments requested a total of \$5.3 million in FY22 for new initiatives and additional positions (\$5.0 million in the General Fund). The FY22 Budget includes \$1.7 million in the General Fund and \$2.1 million across all funds (listed below) of the total request. For more information on individual new initiatives, see the appropriate department page in Section C.

Department	New Initiative/Additional Position	Amount
General Fund		
Board of Elections	Warranty Costs for New Equipment	\$64,100
	Election Assistant	\$60,000
	Poll Worker Pay Increase	\$13,000
	Subtotal	\$137,100
Coroner's Office	Increase Coroner Pay	\$16,100
Corrections	Part-Time Social Worker	\$30,000
District Attorney	Additional ADA/External Relations Position (6 months)	\$33,000
	Additional Administrative Assistant Position	\$30,000
	Subtotal	\$63,000
Economic Development	Joint Development Authority (split funded w/ARP)	\$11,900
Fire	Career Pathway Program	\$80,000
Housing & Community Dev.	Young Urban Builders	\$100,000
Human Resources	Health Clinic Feasibility Study	40,000
	Compensation & Payroll Consulting Services	33,000
	Pension Ordinance and Offerings Review	30,000
	Additional Position: HR Senior Generalist (net cost)	(3,000)
	Subtotal	\$100,000
Leisure Services	Youth Commission Costs	\$6,000
Manager's Office	Public Engagement Coordinator – PIO	90,300
	Energy Program Coordinator – Sustainability (6 mos.)	53,500
	DEI Training Program – Inclusion	134,900
	GARE Membership - Inclusion	5,000
	Subtotal	\$283,700
Other Gen Admin/Transfer	Disparity Study	\$400,000
Police	Additional Mental Health Co-Responder Teams (four)	335,600
State Court	General Fund Support for DUI/Drug Court	\$50,000
	Subtotal – General Fund	\$1,613,400
Affordable Housing Fund		
Housing & Community Dev.	Inclusionary Zoning Monitor	\$120,000
Other General Admin	Study to Analyze Building & Zoning Codes	\$30,000
	Subtotal – Affordable Housing Fund	\$150,000
E-911 Fund		
Police	Central Communications (E911) Training	\$25,000
Hotel/Motel Fund		
Central Services	Gateway & Corridors Grounds Workers	\$100,000

FY22 Expenses

Water & Sewer Fund		
Public Utilities	Additional Maintenance Mechanic Position	49,400
	Additional Facilities Locator Position	35,500
	Water Treatment Plant Interns	29,000
	Water Resources Lab Tech Intern	14,500
Subtotal – Water & Sewer Fund		\$128,400
Landfill Fund		
Solid Waste	Commercial Compost Operator	\$49,300
Tax Allocation District Funds		
Economic Development	TAD Specialist	65,000
	Facilitate TAD District Advisory Committees	25,000
	Update Redevelopment Plans	15,000
Subtotal – Tax Allocation Funds		\$105,000
Transit Fund		
Transit	Additional Administrative Asst. (convert 2PT to 1FT)	(2,700)
	Additional Route Supervisor (convert 2PT to 1FT)	(7,000)
Subtotal – Transit Fund		(\$9,700)

In addition, the Commission has identified the initiatives listed below to be funded from the ARP Fund. Since final Treasury guidance had not yet been issued at the time of budget adoption, the Mayor and Commission authorized the Manager to identify and reduce General Fund budgets equal to the approved revenue replacement amount and transfer eligible General Fund expenditures to the ARP Special Revenue Fund in FY22.

Department	New Initiative	Amount
American Rescue Act Fund		
Revenue Replacement		
Economic Development	Continuation of Athens Community Corps (partial yr)	\$250,000
	Joint Development Authority (split w/General Fund)	\$38,100
	Subtotal	\$288,100
HCD	Neighborhood Leaders Program	\$750,000
Leisure Services	Youth Development Programming	\$100,000
Other General Admin	Alternative Crisis Response Team (9 months)	\$276,800
	Homeless Resident Support	\$220,000
	Subtotal	\$496,800
Solid Waste	Illegal Dumping Camera System	\$36,000
Subtotal – Revenue Replacement		\$1,670,900
Designated Programs		
Leisure Services	Additional Youth Development Programming	\$400,000
	Municipal Garden Program	\$150,000
Subtotal – Designated Programs		\$550,000
Total American Rescue Act Fund		\$2,220,900

FY22 Expenses

SPLOST Impacts

The FY22 Budget includes funding of \$37,750 in Central Services for additional operating support for SPLOST projects. This includes \$33,000 for building maintenance for the Downtown public restroom building and additional building maintenance for Ben Burton and Dudley Parks.

FY22 Expenses

For FY22, the number of fulltime employees compared to the Athens-Clarke County population (per thousand) will remain below 14 as shown in the graph below. This is based on 1,744 fulltime authorized positions, an increase of twelve positions compared to the current level.

**ACCGov Fulltime Employees Per 1,000 Residents
(FY13-FY22)**

Compensation and Benefits for FY22

Changes to Employee Compensation

Across all funds, the Budget includes approximately \$1.1 million (\$627,000 in the General Fund) for the Performance Management Program (PMP) to encourage retention and reward active employees who meet the highest levels of performance. The \$1.1 million total is equivalent to 2% of pay and related benefits and will be added to departmental budgets based on their proportional share of total salaries. Individual pay increases for employees will depend on performance.

The FY22 General Fund budget includes \$1.9 million for the FY22 portion of a revised pay plan for public safety employees, which was implemented in FY21. The General Fund also includes \$750,000 to increase the minimum hourly pay rate for both fulltime and part-time/seasonal positions to \$15 per hour.

Beginning in FY20, departmental budgets for full-time positions in the General Fund have factored in estimated vacancy savings. For FY22, this vacancy savings reduces compensation budgets in the General Fund by \$3.0 million.

Employee Health

In FY22, funding to the Employee Health Insurance Fund for active employees allows continuation of the three existing health plans (Conventional POS, Consumer Healthy Solutions (CHS) Select with HSA and CHS Value with HSA). The FY22 Budget for the Employee Health Insurance Fund is estimated to be \$17.7 million, up from the FY21 budget of \$16.4 million, based on current trends for claims expenses. Across all funds, the Employer contribution is estimated at \$12.6 million (\$8.9 million in the General Fund) and the Employee contribution estimated at \$5.1 million.

FY22 Expenses

Retiree Health

In order to maintain current benefits, funding for Retiree Health Insurance and life insurance (Other Post-Employment Benefits – OPEB), will remain at the FY21 total of \$6.6 million per year. This estimate is based on the number of retirees compared to previous years, current trends in claims expenses, and the monthly HRA contribution for some retirees 65 and older. For FY22, retirees hired prior to 7/1/2002 will receive \$2,961.12/year and retirees hired 7/1/2002 or later will receive \$2,376.00/year. The FY22 funding level will pay for Pre-65 retiree health claims, administration expenses, HRA contributions, and special protection payments for eligible prescription costs.

Pension Program

Based on actuarial estimates and current benefits, ACCGov's total annual required contribution to the Pension Trust Fund for FY22 is estimated to be \$11.5 million. This contribution will come from \$10.8 million (\$7.9 million net from the General Fund) in current contributions, the same as FY21, and \$700,000 from accumulated credits in the Pension program.

FY22 Budget Ordinance

AN ORDINANCE TO PROVIDE FOR THE RAISING OF REVENUES AND THE APPROPRIATION OF FUNDS FOR ATHENS-CLARKE COUNTY, GEORGIA, FOR THE FISCAL YEAR 2022 BEGINNING JULY 1, 2021 AND ENDING JUNE 30, 2022 TO PROVIDE FOR THE OPERATIONS OF GOVERNMENT DEPARTMENTS, BOARDS, AGENCIES, ELECTED OFFICES, AND OTHER GOVERNMENTAL ACTIVITIES; TO PROVIDE FOR THE LEVEL OF PERSONNEL AUTHORIZED FOR THE VARIOUS DEPARTMENTS AND AGENCIES; TO PROVIDE FOR A CAPITAL BUDGET; TO ESTABLISH 2021 PROPERTY TAX RATES; TO ESTABLISH COMPENSATION FOR THE CHARTER OFFICERS; TO ESTABLISH RATES AND STRUCTURE OF FISCAL YEAR 2022 HEALTH INSURANCE PROGRAMS; TO ESTABLISH FEES AND CHARGES; TO REPEAL CONFLICTING ORDINANCES; TO PROVIDE EFFECTIVE DATES; AND FOR OTHER PURPOSES.

THE COMMISSION OF ATHENS-CLARKE COUNTY, GEORGIA, HEREBY ORDAINS AS FOLLOWS:

SECTION 1. Pursuant to Section 7-405 of the Charter, the sums of money as summarized in Exhibit A attached hereto and made a part of this Ordinance, shall be and are hereby adopted as the Operating Budget and the Capital Budget for Athens-Clarke County for Fiscal Year 2022 (FY22), beginning July 1, 2021 and ending June 30, 2022.

SECTION 2. The appropriation of funds for all departments and agencies shall be as provided for in Exhibit A and supporting schedules.

SECTION 3. Each of the Enterprise and Internal Service Funds shall be operated in accordance with Proprietary Fund accounting standards and procedures and shall not be governed by the Governmental Fund budgetary accounting principles; however, the budgetary estimates upon which such budgets are adopted shall be retained in memorandum form for budget control purposes and utilized in the preparation of comparative operating statements.

SECTION 4. The personnel levels provided for in the Personnel Authorization Schedule for all departments and agencies, as provided in the budget document entitled "FY2022 Annual Operating and Capital Budget: The Unified Government of Athens-Clarke County July 1, 2021–June 30, 2022" are hereby adopted as the maximum employment levels for such departments and agencies and shall not be increased without the approval of the Mayor and Commission.

SECTION 5. All financial operations shall be accounted for in accordance with Generally Accepted Accounting Principles and Standards.

SECTION 6. In accordance with the Official Code of Georgia Annotated Sections 33-8-8.1 and 33-8-8.2, the proceeds from the tax on insurance premiums, estimated to be \$9,545,000 for FY22, shall be used for the provision of services to all residents of Athens-Clarke County.

SECTION 7. In accordance with the Official Code of Georgia Annotated Section 46-5-133, 46-5-134, and 46-5-134.2; the monthly "9-1-1 charge" of \$1.50 per exchange access facility, the \$1.50 per month "wireless enhanced 9-1-1 charge", and the \$1.50 per retail transaction for the "pre-paid wireless charge" are reaffirmed for the period July 1, 2021 – June 30, 2022.

SECTION 8. The Manager is further authorized to transfer sums up to \$15,000 from the General Fund Contingency to meet unbudgeted obligations of the Government. The Manager is required to notify the Mayor and Commission of each of these transfers from Contingency at the next scheduled regular meeting under the provisions of Section 7-408 of the Charter of the Unified Government of Athens-Clarke County, Georgia.

FY22 Budget Ordinance

SECTION 9. The Manager is further authorized to transfer sums within each fund's capital budget among projects and accounts up to \$100,000 to meet project obligations of the government. The Manager is required to notify the Mayor and Commission of each of these transfers at the next scheduled regular meeting under the provisions of Section 7-408 of the Charter of the Unified Government of Athens-Clarke County, Georgia.

SECTION 10. The Manager is further authorized to approve the application for grants and accept grants on behalf of the government up to \$50,000 and to amend the Operating or Capital Budget for the grants as needed. This authority is permitted if the grant meets all of the following conditions: (1) matching funds are appropriated or the grant does not require matching funds; (2) the government will not be required to otherwise commit resources or maintain any services after the end of the grant period; (3) no positions will be added with the grant; and (4) no vehicles will be added to the government's Fleet Replacement Program as a result of acceptance of the grant.

The Manager is required to notify the Mayor and Commission of approval or acceptance of each grant at the next scheduled regular meeting under the provisions of Section 7-400 of the Charter of the Unified Government of Athens-Clarke County, Georgia. The Manager and appropriate staff are authorized to execute all required documents associated with grants accepted under this provision.

SECTION 11. The budget document, entitled "FY2022 Annual Operating and Capital Budget: The Unified Government of Athens-Clarke County July 1, 2021–June 30, 2022" shall be maintained on file in the Office of the Clerk of Commission.

SECTION 12. The ad valorem tax rate for Athens-Clarke County is hereby levied for the year 2021 upon all real and personal property within the government not exempt from taxation under law as follows:

Maintenance and Operations (General Fund)	13.70 mills
---	-------------

SECTION 13. Under authority of the Act creating the Downtown Athens Development Authority, 1977 Ga. Laws 3533-3538, there is hereby levied and assessed for the year 2021 on the real property in the downtown Athens area (said downtown area most recently defined in House Bill No. 590, 2017 Ga. Laws 3900-3903), a tax of one (1) mill upon the value of said real estate as fixed by the Tax Digest of Athens-Clarke County.

SECTION 14. Pursuant to Sections 4-101, 4-103, and 4-104 of the Charter of the Unified Government of Athens-Clarke County, the annual compensation of the charter officers, as provided for by ordinance and contract for FY22, shall be \$187,887 plus a \$6,000 car allowance for the Manager, shall be \$155,257 plus a \$4,800 car allowance for the Attorney and shall be \$89,307 plus a \$4,800 car allowance for the Internal Auditor.

SECTION 15. Pursuant to Official Code of Georgia Annotated Section 48-13-93(a)-(2), the proceeds of the excise tax on the rental charge for motor vehicles, projected to be \$175,000 during FY22, shall be used for promoting industry, trade, commerce, and tourism. The proceeds from this tax in FY22 shall be used to support the Athens-Clarke County Economic Development Department, with an estimated budget of \$1,127,000.

SECTION 16. Pursuant to Section 1-9-19 of the Code of Ordinances of the Unified Government of Athens-Clarke County, the Benefits Summary of the Health Insurance and Health Benefits Program and the premiums or contributions for employees and retirees, as applicable, shall be as follows:

(a) Pursuant to Athens-Clarke County Code Section 1-9-19(a), the government shall provide as an

option to employees the plans of health insurance coverage as described in the Summary Plan Document entitled “Consumer Healthy Solutions (CHS) Plan with a Health Savings Account (HSA) Medical Benefit Booklet for the Unified Government of Athens-Clarke County,” effective January 1, 2021, and prepared by Anthem for the Unified Government of Athens-Clarke County. This booklet is on file and available for public inspection in the office of the Clerk of Commission, Room 204, City Hall, 301 College Avenue, Athens, Georgia and on file and available for public inspection in the office of the Human Resources Department, 375 Satula Ave., Athens, Georgia. Any plan changes effective January 1, 2022 may result in new summary plan documents, which will be available for public inspection in the office of the Clerk of Commission in or around January, 2022. This Section 16 shall be subject to amendment by the Commission to incorporate any such plan changes prior to the effective date of such changes.

(b) During the first open enrollment period, employees have the option to select from among the following health insurance coverage: the option described in the preceding paragraph or the plans of health insurance coverage as described in the Summary Plan Document entitled “BlueChoice Option Point of Service Open Access dated January 1, 2021 –Conventional Plan Benefit Booklet for the Unified Government of Athens-Clarke County,” Administered by Anthem, incorporated herein by reference. This booklet is on file and available for public inspection in the office of the Clerk of Commission, Room 204, City Hall, 301 College Avenue, Athens, Georgia and on file and available for public inspection in the office of the Human Resources Department, 375 Satula Ave., Athens, Georgia. Any plan changes effective January 1, 2022 may result in new summary plan documents, which will be available for public inspection in the office of the Clerk of Commission in or around January, 2022. This Section 16 shall be subject to amendment by the Commission to incorporate any such plan changes prior to the effective date of such changes.

(c) Pursuant to Athens-Clarke County Code Section 1-9-19(b), the Designated Plan for retirees not yet 65 years of age and the Designated Dependent Plan for spouses of retirees not yet 65 years of age, and eligible dependent children, shall be that plan described as the BlueChoice Point of Service (POS) Open Access Plan of health insurance coverage as further described in the Summary Plan Document entitled “BlueChoice Option Point of Service Open Access dated January 1, 2021– Traditional Plan Benefit Booklet for the Unified Government of Athens-Clarke County,” administered by Anthem, incorporated herein by reference. This booklet is on file and available for public inspection in the office of the Clerk of Commission, Room 204, City Hall, 301 College Avenue, Athens, Georgia and on file and available for public inspection in the office of the Human Resources Department, 375 Satula Ave., Athens, Georgia. The plan options for retirees and for retiree dependent coverage shall be any other health insurance coverage plans offered to employees in (a) and (b) above. Any plan changes effective January 1, 2022 may result in new summary plan documents, which will be available for public inspection in the office of the Clerk of Commission in or around January, 2022. This Section 16 shall be subject to amendment by the Commission to incorporate any such plan changes prior to the effective date of such changes.

(d) Those retirees not yet 65 years of age who are eligible for PPO shall be provided the plan of health insurance coverage as described in the Summary Plan Document entitled “Blue Choice PPO Benefit Booklet for the Unified Government of Athens-Clarke County,” administered by BlueCross Blue Shield of Georgia, dated January 1, 2021 incorporated herein by reference. This booklet is on file and available for public inspection in the office of the Clerk of Commission, Room 204, City Hall, 301 College Avenue, Athens, Georgia and on file and available for public inspection in the office of the Human Resources Department, 375 Satula Ave., Athens, Georgia. Any plan changes effective January 1, 2022 may result in new summary plan documents, which will be available for public inspection in the office of the Clerk of Commission in or around January, 2022. This Section 16 shall be subject to amendment by the Commission to incorporate any such plan changes prior to the effective date of such changes.

(e) The premiums to be paid for the programs of health insurance for employees are set forth in

FY22 Budget Ordinance

the document entitled "The Unified Government of Athens-Clarke County 2021 Benefits Enrollment Guide: Enhancing Your Total Reward as a Valuable Resource for Our Community," incorporated herein by reference and on file and available for public inspection in the office of the Clerk of Commission, Room 204, City Hall, 301 College Avenue, Athens, Georgia and on file and available for public inspection in the office of the Human Resources Department, 375 Satula Ave., Athens, Georgia. The premiums to be paid for plans effective January 1, 2022 will be set forth in the document entitled "The Unified Government of Athens-Clarke County 2022 Benefits Enrollment Guide," which will be made available for public inspection in the office of the Clerk of Commission in or around October, 2021. This Section 16 shall be subject to amendment by the Commission to incorporate any such changes in premiums.

(f) The premiums to be paid for the programs of health insurance for those retirees, under age 65, subject to such insurance as described in paragraphs (c) and (d) hereof are set forth in the document entitled "The Unified Government of Athens-Clarke County Pre-65 Retiree Rate Sheet – Effective January 1, 2021 – December 31, 2021," incorporated herein by reference and on file and available for public inspection in the office of the Clerk of Commission, Room 204, City Hall, 301 College Avenue, Athens, Georgia and on file and available for public inspection in the office of the Human Resources Department, 375 Satula Ave., Athens, Georgia. The premiums to be paid for plans effective January 1, 2022 will be set forth in the document entitled "The Unified Government of Athens-Clarke County 2022 Retiree Benefits Enrollment Guide," which will be made available for public inspection in the office of the Clerk of Commission in or around October, 2021. This Section 16 shall be subject to amendment by the Commission to incorporate any such changes in premiums.

(g) Pursuant to Athens-Clarke County Code Section 1-9-19(c) the government shall provide to retirees who are age 65 or older those health benefits as described in the "2021 Enrollment Guide: Enroll in Additional Medicare Coverage" and "Via Benefits Reimbursement Guide: The Unified Government of Athens-Clarke County Health Reimbursement Arrangement HRA," and incorporated herein by reference. Such documents are on file and available for public inspection in the office of the Clerk of Commission, Room 204, City Hall, 301 College Avenue, Athens, Georgia and on file and available for public inspection in the office of the Human Resources Department, 375 Satula Ave., Athens, Georgia.

SECTION 17. Pursuant to the Code of Athens-Clarke County, Georgia, Section 2-6-2 "Schedule of Fees to be adopted annually", the Schedule of Fees and Charges as provided for in the budget document entitled "FY2022 Annual Operating and Capital Budget: The Unified Government of Athens-Clarke County July 1, 2021– June 30, 2022" are hereby adopted.

SECTION 18. The effective date of this ordinance shall be July 1, 2021.

SECTION 19. All Ordinances or parts of ordinances in conflict with this Ordinance are hereby repealed.

Adopted June 15, 2021 by Commission

Approved June 22, 2021 by Mayor

Legal and Charter Requirements for the Annual Budget

There are a number of requirements under Georgia Law and the Unified Government's Charter that must be met as a part of preparing and adopting the Annual Budget. These requirements include:

- Budgets must be balanced so that projected expenditures do not exceed projected revenues and available fund balances.
- Budgets must be provided at least at the department level and be separated by fund.
- A separate Operating and Capital Budget must be submitted and adopted.
- The Mayor's Recommended Budget must be submitted to the Commission at least 60 days prior to beginning of the fiscal year.
- At the time the Recommended Budget is provided to the Commission, it shall be made available for public review.
- Public Hearings must be held to receive public input on the proposed budget at least one week prior to the budget being adopted.
- Public Hearings must be held to receive public input if the proposed budget includes an increase in the property tax as defined by the Taxpayer Bill of Rights (O.C.G.A. 48-5-32.1).

During the fiscal year, the Mayor and Commission may change the Budget as needed through the adoption of a budget ordinance identifying the change. Also, departments can transfer budget funds between line items within their department's budget to cover unanticipated expenses with approval of the Finance Director. However, the department's total budget or number of full-time authorized positions cannot increase without Mayor and Commission approval.

Annual Budget Development Process

The Annual Operating and Capital Budget is the financial plan for raising revenues and expending funds for all Athens-Clarke County departments, offices and constitutional officials.

The process to develop the Annual Operating and Capital Budget begins about nine months prior to the beginning of the fiscal year. Departments and Constitutional Officials submit Operating and Capital Budget requests for review by the Manager and the Mayor. Prior to May 1 each year, the Mayor must submit a Recommended Budget to the Commission for review. The Commission will review the Mayor's Recommended Budget and make any adjustments they feel are necessary and adopt the budget in June. Major steps in the Annual Budget development process include:

- | | |
|-----------------------|---|
| October –
November | Mayor & Commission provide Budget goals and directions and
Operating Budget directions sent to Departments & Offices |
| November | Departments Submit Capital Project requests and
updates to the 5 year Capital Improvement Plan (CIP). |

FY22 Budget Development

January	Departments Submit Operating Budget Requests.
January - February	Manager and Mayor meet with Department and Constitutional Officials to review Budget requests.
February	Mayor and Commission review Independent Agencies Budget Requests.
April	Mayor sends a Recommended Budget to Commission.
May - June	Commission reviews Mayor Recommended Budget.
June	Commission adopts budget for next fiscal year and establishes the property tax millage rate.
July	Budget for next fiscal year begins on July 1.

Airport

Mission

To promote a safe, consistent, and efficient aviation environment; provide quality aviation products and services; and serve as a catalyst in the creation and development of aviation related industry in Athens – Clarke County. The airport will strive for self-sufficiency through the development and implementation of competitive rates and fees.

Goals

- Build on and maintain modern and technologically up-to-date airport facilities and infrastructure.
- Achieve and maintain financial self-sufficiency.
- Foster a work environment that leads to high employee morale.
- Establish scheduled and increase non-scheduled passenger service.
- Expand the general aviation experience.
- Inform and connect community, businesses, and customers.

Objectives

- Meet with the Airport Authority monthly to coordinate airport operations.
- Work with the Airport Authority, consultants, and ACC to secure a new airline.
- Meet with airport engineers monthly to manage airport projects.
- Coordinate airport projects with the GDOT and FAA on a monthly basis.
- Meet monthly with the Operations Supervisor and Business Coordinator to review the airport financials and operational status.
- Meet monthly with the operations staff to review airport issues.
- Work to involve employees in airport projects and operations.

Airport

Budget Highlights

The Airport's operations are funded through the Airport Enterprise Fund. The Airport Enterprise Fund earns revenue primarily through fuel sales and leasing space.

- The Approved Budget for the Airport includes no significant changes.
- Fuel sales are projected to generate a gross margin of \$887,000 while leases are projected to generate \$550,000 of revenue.
- Salary and benefit changes are due to performance management pay, personnel turnover and/or reallocation of benefits applied by Human Resources.

For more information on the Airport Enterprise Fund see page E-32. For information on individual fees, see the Schedule of Fees and Charges beginning on page G-15.

Animal Services

Mission

We are Athens-Clarke County Animal Services, an open admission shelter and compassionate team of animal welfare professionals. Through our Adoption Center, we provide quality care and seek positive outcomes for all animals that come through our doors. Through our Field Services, we aim to protect community members and neglected animals by enforcing laws and educating the public. We are a resource for our community and work to keep people and their pets together where possible.

Goals

- Create a caring environment where animals are evaluated upon arrival and receive the medical and behavioral support they need, in order to produce the most positive outcomes possible for each animal.
- Consistently provide standardized care to all animals upon arrival and evaluations that lead to improved and individualized care.
- Ensure sufficient staffing, training, and resources to maintain a healthy and humane shelter that provides for the welfare, enrichment, and socialization of the animals for the duration of each animal's tenure at the shelter
- Ensure appropriate, timely, and individualized medical care to resolve illnesses and injuries early, reduce disease spread, and prevent the exacerbation of existing problems.
- Protect the safety of both animals and residents by reducing the number of needy and homeless animals in the community and improving legal compliance.
- Improve community access to needed resources through private and public partnerships.
- Maximize positive and safe outcomes for all animals.
- Increase successful adoptions through an approach that encourages and educates all community members on becoming adopters.
- Evaluate and adjust adoption process to support great matches and provide post-adoption support.
- Maximize efforts to reunite lost pets with owners.

Objectives

- Afford all customers prompt, courteous, and impartial service.
- Accomplish immediate medical assessments to encourage disease control and more clearly identify the individual animal's outcome path
- Continue to develop protocols and SOPs, fully train staff, spot-check for compliance, and update as necessary.
- Improve access to, and utilization of, low or no cost spay/neuter services, vaccine and microchip clinics, dog training and pet food pantry programs, both at the shelter and in targeted, high-needs communities.
- Improve ACCAS's online presence to market available pets and engage potential adopters.
- Evaluate and pursue potential options for obtaining veterinary support.
- Evaluate current staffing, equipment, and supplies and make changes needed to achieve appropriate standard of care.

Animal Services

Performance Measures

Animal Services								
Outcomes and Performance Measures	Current Goal	FY16	FY17	FY18	FY19	FY20	Trend	Comments or Analysis
Protect and promote the public health,								
Number of Sick Animal Calls	Data only	115	67	120	36	33	↔	Very Similar to last year
Number of Animal Bite Calls	Data only	155	125	148	154	118	↓	Down slightly
Number of Rabies Vouchers Purchased When Reclaiming an Impounded Animal	Data only	143	157	140	154	147	↔	Very Similar to last year
safety,								
Number of Dog Running-at-large Calls	Data only	1,449	1,192	1,221	1,040	760	↓	Some Service call types will be down due to the last part of the year we were emergency only due to COVID
Number of Vicious Animal Calls	Data only	32	21	94	44	58	↑	Up slightly
quality of life,								
Number of Barking Dog Complaints	Data only	90	93	72	73	50	↓	Some Service call types will be down due to the last part of the year we were emergency only due to COVID
Number of Trapped Cat Transport Requests	Data only	125	43	40	36	19	↓	More people are bringing them to us.
and protect animals from inhumane treatment.								
Number of Animal Neglect Calls	Data only	270	266	409	310	229	↓	Public education programs and better coordination with courts may impact recurring issues.
Number of Injured Animal Calls	Data only	192	120	187	188	123	↓	Down from last year may have to do with COVID since the public was grounded for part of the year.
Encourage compliance with animal control ordinances.								
Number of Warnings Issued	Data only	911	829	1,022	980	482	↓	Some Service call types will be down due to the last part of the year we were emergency only due to COVID
Number of Citations Issued	Data only	71	75	154	194	115	↓	Some Service call types will be down due to the last part of the year we were emergency only due to COVID
Ratio of Warnings to Citations	>20	13	11	7	5	4	↓	We are still achieving compliance through education over punishment
Manage a shelter for impounded animals.								
Number of Animals Impounded	Data only	1,969	1,690	2,363	2,055	1,772	↓	Down from last year may have to do with COVID since the public was grounded for part of the year.
Number of Animals Adopted	Data only	550	444	571	444	459	↑	This has increased despite the pandemic
Number of Owner Reclaimed Animals	Data only	287	340	330	314	206	↓	This has decreased the last year
Number of Animals Transferred to Rescue Groups	Data only	733	614	1,004	949	826	↓	Down from last year but we have added several long distance rescue partners.
Number of Visitors and Volunteers	Data only	11,292	9,580	11,250	7,380	5,428	↓	Down from last year which is directly related to COVID since the public was grounded for part of the year.
Euthanasia Rate (Total Animals Euthanized / Total Animal Dispositions)	<2.0%	0.7%	1.8%	0.4%	13.2%	9.8%	↓	This calculation has changed to include more transparent data of ALL dogs and cat dispositions and euthanasias- not only 'adoptable/available' animals. This is the total number of cats and dogs euthanized no matter their status, divided by the cats and dogs with outcomes (which includes adopted, DAK, Euthanized, Reclaimed, RTO, Turned Over to Rescue). $174/1772 = .09812 = 9.8\%$

Animal Services

Budget Highlights

The FY22 Budget of \$1.2 million for Animal Services includes the following funding from the General Fund:

- \$25,000 increase in Contract Labor for Kennel Technicians to provide assistance with cleaning and caring for the animals to maintain industry standards
- \$17,625 increase in Medical Services for rising costs to care for sick and injured animals
- Full funding for the fulltime Animal Control Officer position, which was added for the last six months of FY21.
- \$10,481 is included for vehicle replacement charges. General Fund vehicle replacement charges were removed from the FY21 Budget by the Mayor and Commission and have been reinstated for FY22.

Salary and benefit changes are due to personnel turnover and/or reallocation of benefits applied by Human Resources.

For information on individual fees, see the Schedule of Fees and Charges beginning on page G-15.

Attorney

Mission and Goals

The Athens-Clarke County Attorney's Office provides legal services to Unified Government of Athens-Clarke County through its representation, including the Mayor and Commission, the Manager, Constitutional Officers, and all other Departments and Divisions of the Athens-Clarke County Government. The Attorney's Office handles legal matters, including instituting and defending lawsuits except for lawsuits covered by liability insurance. The Office communicates with the Justice Department and other Federal and State agencies to keep the Athens-Clarke County government in compliance with Federal and State laws and regulations. The Attorney's Office researches and drafts proposed local legislation concerning Athens-Clarke County. In addition, the Office researches and drafts ordinances and resolutions to be considered for adoption by the Mayor and Commission. The office drafts or reviews all contracts and deeds to be executed or accepted by the government. A representative of the Attorney's Office attends all meetings of the Mayor and Commission, Planning Commission, Historic Preservation Commission, Hearings Board, and Board of Tax Assessors, as well as Commission work sessions and committee meetings.

Our primary goal is to continue to provide the legal services needed to serve the Unified Government. We will also expand the services we provide to ensure that acts of the Government are reviewed and are modified, if necessary, to accord with applicable law.

Objectives

- Work with the Mayor and Commission as they identify new priority projects that require assistance from the Attorney's Office.
- Continue to proceed as necessary against properties that have been identified for demolition as a result of changes to the Unified Government's secured structure ordinance.
- Continue to work with the Legislative Review Committee and the Government Operations Committee to provide legal assistance as needed.
- Continue to assist departments and offices in responding to an increasing number of public records requests, under the Open Records Act.
- Continue to work with the Economic Development Department regarding specific economic development projects.
- Continue "quality of life" ordinance enforcement and regulatory and administrative support for alcoholic beverages, taxicabs and red light camera and school bus stop arm camera programs.
- Continue to supply support for enterprise fund activities, such as Public Utilities, Airport, Transit and Stormwater Utility.
- Assist the Human Resources Department with ongoing personnel issues, policy development and claims management.
- Provide litigation support for claims counsel on pending claims cases.
- Assist the Department of Transportation and Public Works with compliance with state and federal environmental laws and regulations.
- Work with the Police, Fire, and Solid Waste Departments to protect public health safety regarding activities in the Downtown District, particularly enforcement of fire safety, alcoholic beverages and solid waste ordinances.
- Review and advise departments throughout the government regarding contracts.

Performance Measures

	Actual			Forecast	
	FY18	FY19	FY20	FY21	FY22
Ordinances / Resolutions / Policies/ Legislation Drawn	67	52	71	75	64
Municipal Court Cases	337	385	374	395	183
Red Light Camera/School Bus Arm Cases	9,021	9,500	1,122 ⁽¹⁾	11,450 ⁽²⁾	17,500
Cases in Superior/State/Federal/Appellate Courts	4	4	4	7	5
Contracts / Deeds / Drawn / Approved as to Form	231	259	268	280	279
Nuisance Abatement Cases	12	8	7	10	10

⁽¹⁾ GDOT did not approve the Red Light Camera on U.S. Highway 29 and Georgia Highway 72 as anticipated because of lack of vehicular accident data. Also, there were permitting issues with the current Red Light Cameras that required the cameras to be disabled from February, 2019 – December, 2019. The Barnett Shoals camera should be operational by the end of January, 2020, and the Alps Road camera by March, 2020.

⁽²⁾ A new system, “School Zone Cameras” was initially to go online in the Spring of 2020, but was delayed. They are now anticipated to go live the Spring of 2021. These cameras are moveable and will rotate weekly between different school zones. This new system along with the Barnett Shoals and Alps Road cameras should increase the number of citations greatly.

Attorney

Budget Highlights

- \$40,000 is included for Professional Legal Expenses (of a requested \$80,000). This covers costs associated with requiring an outside counsel, cost not covered by insurance, or for professional expenses for matters outside the expertise of the Department.
- \$1,300 is included for vehicle replacement charges. General Fund vehicle replacement charges were removed from the FY21 Budget by the Mayor and Commission and have been reinstated for FY22.
- Salary and benefit changes are due to personnel turnover and/or reallocation of benefits applied by Human Resources.

Board of Elections

Mission

The mission of the Athens-Clarke County Board of Elections is to provide excellent election services, ensuring accessibility, protecting the integrity of votes, and maintaining a transparent, accurate and fair process. Our vision is to provide the best possible election services for the voters and candidates of Athens-Clarke County.

Goals

- Enhance voter registration, voting opportunities and voter education for the citizens of ACC.
- Provide quality information and excellent customer service to candidates, public officers, poll workers and elected officials.
- Maintain knowledge of federal and state election laws.
- Provide a team of well-prepared and responsive poll workers for all elections held in FY22 Budget.
- Properly conduct successful elections during the FY22 Budget to include a General Municipal Election for the City of Winterville and a General Primary Election.
- Properly assign and appropriate the necessary amount of equipment to our 24 polling locations and five or more Early/Advance Voting Locations.
- Accurately assign voters to political districts in Athens-Clarke County with minimal errors.
- Provide additional Early/Advance Voting opportunities by surveying the county for potential satellite sites and surveying the current Election Day polling locations to determine the need for relocation.
- Reorganize office staff duties to ensure efficiency and productivity of providing excellent services as it relates to absentee balloting and advance voting.
- Create a call center to handle calls related to voter registration and elections during the election cycle leading up to the 2022 General Primary Election.
- Successfully complete a redistricting project from the 2020 Census and reapportionment process.
- Seek possibilities for a location that will house a combined facility for elections staff and equipment to ensure wisely distributed workload.
- Successfully maintain and update statewide voter registration system daily.
- Properly maintain Easy File and timely receive campaign filings from all Elected Officials and Candidates for the 2022 Election Season.

Objectives

- Conduct two major elections: the General Municipal Election for the City of Winterville and a General Primary Election, during FY22 Budget with no legal challenges or irregularities.
- Distribute printed election material to the citizens of Athens-Clarke County at public meetings and gatherings throughout the year.
- Efficiently hire and properly train over 200 poll workers, election officials and other staff on proper handling, assembling, troubleshooting and testing of voting equipment.
- Properly organize, store and transport all voting equipment located at the facility warehouse on Lexington Road.
- Provide assistance and input on committees for state election organizations and the Secretary of State Elections Division.
- Evaluate and implement improvements to existing 24 polling sites and identify locations that are more conducive to our election needs.
- Maintain training and education required of Superintendents and Supervisors of Elections.
- Conduct Advance Voting and adding additional sites to allow the Athens-Clarke County voters with other options for voting; adding Sunday voting and additional Saturday voting when necessary.

Board of Elections

Performance Measures

Athens-Clarke County Board of Elections							
Outcomes and Performance Measures	Current Goal	FY16	FY17	FY18	FY19	FY20	Comments or Analysis
We provide election and voter registration services for the citizens of Athens-Clarke County							
Registered Active Voters	65,000	51,199	60,411	56,316	56,977	78,170	This # has varied from fiscal to fiscal. Will impact voter turnout percentages.
Average Total Active Voters per Polling Location	3,000	2,438	2,877	2,816	2,849	3,257	This # has increased as total active voters has increased.
Election Day Voters (EDV)	36%	6,455 (12.61%)	19,431 (32.16%)	12,380 (18.62%)	20,367 (28.85%)	9,111 (11.91%)	This # has increased dramatically. However, AIP and ABM numbers remains equally favorable options for voting.
Advance Voters (AIP)	45%	1,375 (2.69%)	23,423 (38.77%)	5,935 (8.92%)	20,014 (28.35%)	23,811 (31.12%)	This has increased dramatically. Will impact # of voting locations and precincts in the future.
Absentee Voters (ABM)	6%	197 (.38%)	2,718 (4.50%)	511 (.77%)	3,047 (4.32%)	18,674 (24.41%)	This has increased dramatically. Will impact # of voting locations and precincts in the future.
# Voting Precincts	24	24	24	24	24	24	This remains steady and may impact precinct consolidating in the future.
# Voting Locations	15	21	21	20	20	24	This # has decreased. Voters taking advantage of early processes of voting may impact # of less locations in the future.
# Early Voting Locations	3	1	4	3	4	6	This # has increased as the favor of Early/Advance Voting.
# Poll Officers	175	165	224	175	189	197	This # has varied from fiscal to fiscal. Consideration of decreasing # polling places will also decrease # of poll workers.
# Laborers*	200	178	250	185	200	238	Laborers include the total # poll workers and part-time seasonal office staff.
Voting Equipment Inventory (DRE Touch Screens)	245	245	245	245	245	871	2019 General Assembly approved new voting system. As of 2020, Athens-Clarke County is now custodian of 332 Printers, 331 Ballot Marking Devices, 41 Election Day Scanners, 164 Poll Pads, 2 Central Scanners & 1 Server
Total # Machines actually used	200	125	205	181	191	700	This # varies based on ballot content and # active voters per polling location.
Ballot Printing Cost	\$12,000	\$43,066	\$7,458	\$4,533	\$5,967	\$320	Varies from FY to FY.
# Training hours (average of 3hrs/worker)	600	495	672	525	540	1200	O.C.G.A. § 21-2-99 requires adequate training of poll workers prior to each election cycle. New equipment required additional hours of training.
# Voter IDs Created	Data Only	526	711	723	804	497	SEB Rule 183-1-20 requires issuance of Voter ID Cards to any voter who does not possess any of the 6 acceptable forms of ID required for voting.

Outcomes and Performance Measures	Current Goal	FY16	FY17	FY18	FY19	FY20	Comments or Analysis
and protect the integrity of the vote.							
% Voter Turnout	76%	27.43%	75.59%	28.34%	61.57%	67.52%	This # varies. An FY that includes a General Election normally results in a higher voter turnout.
% of polling places handicap accessible	100%	100%	100%	100%	100%	100%	Federal Law § 508 requires ADA compliance of all polling locations. An annual survey is completed to ensure 100% compliant.
% of polling places in compliance (equipment)	100%	100%	100%	100%	100%	100%	SEB Rule 183-1-12-.02 requires WVD devices for all polling locations. Locations are equipped to take care of the needs of all voters.
% of polling places in compliance (size)	100%	100%	100%	100%	100%	100%	Federal Law § 508 requires ADA compliance of all polling locations. An annual survey is completed to ensure 100% space compliance.
Registration Data Error Rate	100%	0%	0%	0%	0%	0%	Office staff conducts a daily audit process to ensure 100% error in data entry.

Budget Highlights

The FY22 Budget of \$1M for Board of Elections includes the following funding from the General Fund:

- \$60,000 increase to add one fulltime Election Assistant position
- \$13,000 to provide a pay increase to poll workers
- \$64,148 increase for Elections Equipment Warranty to provide maintenance and repair of all voting equipment
- Two elections are scheduled in FY22:
 - General Municipal Election – City of Winterville November 2021
 - General Primary Election May 2022
- Part-time Seasonal was reduced by \$13,490 per the department’s request in accordance with the number of elections.

Salary and benefit changes not included in the items above are due to personnel turnover and/or reallocation of benefits applied by Human Resources.

Building Permits & Inspection

Mission

The Athens-Clarke County Building Permits and Inspection Department exists for the purpose of protecting the public's health, safety, and general welfare. We accomplish this by ensuring compliance with adopted codes that regulate structural strength, stability, sanitation, lighting, ventilation, fire safety, and other hazards associated with construction, alteration, removal, demolition, use, or occupancy of buildings, structures, or property.

Goals

- Maximize the number of properties and structures that comply with adopted standards.
- Provide quality inspections, customer service, and development services that are efficient, cost effective, accurate, and responsive to the citizens of Athens-Clarke County.
- Improve the safety and appearance of properties and buildings within Athens-Clarke County by enforcing local ordinances, property maintenance codes, and construction codes.

Objectives

- To perform 98% of all inspections of footing, slabs, excavations, electrical service changes and emergency repairs within four business hours of the time the work is ready for inspection.
- To perform at least 95% of all requested rough-in and final inspections within two workdays.
- To respond to at least 95% of all single-family soil erosion complaints and to initiate compliance and/or enforcement processes within eight business hours.
- To process 95% of all single-family and secondary permit applications within one workday.
- To investigate 99% of all complaints received by our office within three business days.
- To investigate 100% of the housing and nuisance complaints received and initiate compliance and/or enforcement action.
- To respond to 100% of ordinance violation complaints and initiate compliance and/or enforcement action.
- To provide proactive enforcement of illegal signs erected without permits or in the public right-of-way.
- To provide proactive code compliance and enforcement services that educates and provides an understanding of the compliance process to citizens.
- To recover through permit fees 100% of the operating expenses for the Construction Division.

Budget Highlights

The Building Inspection Department primarily operates within two separate funds. The Code Enforcement Division is fully funded by the General Fund, while the Construction Inspection and Administration divisions are funded through the Building Inspection Special Revenue Fund.

The Approved Budget for Building Permits & Inspection includes budgeted funding from the General fund for;

- \$13,696 for vehicle replacement charges. General Fund vehicle replacement charges were removed from the FY21 Budget by the Mayor and Commission and have been reinstated for FY22.

Building Permits & Inspection

The Approved Budget for Building Permits & Inspection includes increased budgeted revenue for the Building Inspection fund and increased expenses of;

- \$110,410 for Updated Fees & Charges to cover technology costs, an increase to the plan review submittal fee for software that will be offset by savings to the user from printing and transportation, and a building valuation table increase of 5%.
- Salary and benefit changes are due to performance management pay, personnel turnover and/or reallocation of benefits applied by Human Resources.

For more information on the Building Inspection Fund (which also includes some expenses for Planning and Zoning), see page E-18. For information on individual fees, see the Schedule of Fees and Charges beginning on page G-15.

Central Services

Mission & Goals

To provide our customers, both public and internal, with efficient and cost effective high quality services which meet or exceed their expectations and which promote the image of the Unified Government and the Athens-Clarke County community.

General Fund

- Provide a high level of customer service that exceeds our customers' expectations.
- Provide superior quality of life services that enhance the Athens-Clarke County community.
- Protect the health and safety of the public and internal customers.
- Provide a quality work environment for ACC employees.
- Encourage, promote and support staff performance and development.
- Provide professional stewardship to protect, enhance, and maximize the life of government facilities.
- Provide high quality support services at the lowest possible cost.
- Use environmentally friendly processes and materials in all services and activities.

Internal Services Fund

- To be responsive to customer needs.
- To provide timely and accurate financial reports.
- To maintain records in accordance with approved policy and procedures.
- Minimize service disruptions to our customers.

Fleet Management Fund

- Provide a safe and effective fleet for Athens-Clarke County departments

Objectives

- Complete at least 90% of the Facilities Management work orders within 30 days.
- Adhere to Landscape Management maintenance schedules at least 90% of the time.
- Ensure that 90% of all copier/telephone repair requests are completed within 24 hours.
- Submit indirect billing, finance reports within 30 days of the receipt of charges from vendors.
- Assure FCC compliance of the 800 MHz system 100% of the time.
- Ensure that 90% of the fleet receives preventive maintenance prior to reaching the scheduled maintenance mileage.

Central Services

Budget Highlights

The Central Services Department is supported by the General Fund, Internal Support Fund, Fleet Management Fund and the Hotel/Motel Fund. The FY22 Budget for Central Services includes:

General Fund

- FY22 includes funding of \$10.3 million (not including debt service of \$542,000) for the cost of Administration, Landscape Management & Facilities Management.
- \$9,800 increase in Facilities Management for service contracts and building maintenance cost associated with the East Athens Neighborhood Health Center expansion on McKinley Drive.
- \$33,000 increase in Facilities Management for building and equipment maintenance cost associated with the new SPLOST funded Downtown Public Restroom facility.
- \$4,750 increase in Facilities Management for building and equipment maintenance cost associated with new SPLOST funded Pavilions and Restrooms at Ben Burton and Dudley Parks.
- Annual funding for the fulltime Fleet Training position, which is split funded between the General Fund and Workforce Development, and was added for the last six months of FY21 to enhance career development while working with incarcerated individuals on marketable skills for re-entry into the workforce.
- Full funding for the fulltime Landscape Grounds Worker position, which was added for the last six months of FY21 to support service continuation to SPLOST funded greenways and rail-trails.
- Annual contract for downtown parking services with Athens Downtown Development Authority (ADDA) is projected to generate \$3.3 million in fees and fines.
- ADDA's FY22 parking expenditures are estimated at \$2.2 million, the same level as the FY21 Budget.
- Assuming above noted level of parking revenue in FY22, the Parking Management Agreement service fee to ADDA will be \$203,000 (\$240,000 less than FY21 Budget) and ACCGov's portion of net parking revenues will be \$812,000 (\$960,000 less than FY21 Budget).
- \$191,317 is included for vehicle replacement charges. General Fund vehicle replacement charges were removed from the FY21 Budget by the Mayor and Commission and have been reinstated for FY22.

Internal Support Fund

Internal Support Fund provides services to other government departments for copier, phone, postage, paper, printing, and 800 MHz radio.

- The FY22 Budget for the Internal Support Fund of \$1.6 million reflects no significant changes to services or programs.

Fleet Management Fund

- The FY22 Budget is \$2.6 million to allocate ACCGov vehicle costs for repair, maintenance and bulk fuel.
- Fuel costs are based on a purchase price of \$2.00/gallon for gasoline & \$2.14/gallon for diesel (same prices used for FY21 budgeting).

Hotel/Motel Fund

- \$100,000 is budgeted to add two fulltime Grounds Worker positions, beginning in the second quarter of FY22, to maintain beautification installations along corridors.

Central Services

Salary and benefit changes for Central Services not included in the items above are due to personnel turnover, changes in the vacancy factor, and/or reallocation of benefits applied by Human Resources.

For more information on the Internal Support, Fleet Management and Hotel/Motel Funds, see Section E. For information on individual fees, see the Schedule of Fees and Charges beginning on page G-15.

Cooperative Extension

Mission & Goals

The mission of UGA Cooperative Extension is to extend lifelong learning to the people of Georgia through unbiased, research-based education in agriculture, the environment, communities, youth and families. Cooperative Extension provides education and information for all citizens of Athens-Clarke County in the areas of Families, Food & Nutrition, Agriculture, Horticulture, & the Environment, and Youth Development.

Objectives

Family and Consumer Sciences & Supplemental Nutrition Assistance Program Education

- To respond to clientele calls regarding food safety, home food preservation, healthy lifestyles, weight management, chronic disease prevention and management.
- To provide consumer information regarding financial management and budgeting.
- To provide nutrition and food management training to low-income families, empowering them to get the best nutrition within a limited budget.
- To help professional food handlers and consumers learn safe food handling practices to prevent food borne illness.
- To provide consumer information to create greater radon awareness and promote testing.
- Adapt programming to virtual format when feasible and continue reaching clients

Agriculture & Natural Resources

- To respond to clientele calls regarding soil samples, water samples, insect, disease and plant identification, tree care and other issues.
- To provide a series of comprehensive training courses through the Master Gardener, Master Composter and Master Naturalist Programs which train volunteers in subject specific areas who can then extend this knowledge throughout the community.
- To provide educational opportunities through informational and activity booths staffed by Master Gardener and Master Composter volunteers at events throughout the region as well as weekly booths at two area Farmers Markets during the market season.
- To provide information and offer programs that will encourage environmental stewardship and promote water quality through the Master Naturalist program.
- Adapt programming to virtual format when feasible and continue reaching clients

4-H and Youth Development

- To provide a variety of leadership opportunities for elementary, middle and high school students.
- To provide community involvement and service activities for young people to develop citizenship skills in their community.
- To provide monthly educational programs in all elementary schools and middle schools in Athens-Clarke County. Educational programs are also offered to home school students, as well as evening programs for high school students.
- To offer a series of judging event activities in order to help young people develop decision-making skills.
- To assist with coordinating Youth Leadership Athens for high school juniors.
- Adapt programming to virtual format when feasible and continue reaching clients

Coroner

Mission

Our mission is to fulfill the statutory requirements of the Coroner's Office of Athens-Clarke County in a manner that is professional, efficient and compassionate to the citizens of Athens-Clarke County.

Goals

Our goal is to manage the resources allocated to this office in a responsible manner that enables the Coroner's Office to provide caring and compassionate services in a time of crisis for the citizens of Athens-Clarke County.

Budget Highlights

The Approved Budget for the Coroner's Office includes budgeted funding from the General fund for;

- \$16,068 for a pay increase for the Coroner Position to bring it in line with peer positions.
- \$5,850 for morgue operational expenses to fully fund the projected morgue operations costs from the new facility.
- \$2,104 for vehicle operations to fully fund the projected vehicle operations costs.
- \$1,633 for vehicle replacement charges to begin funding a portion of the vehicle replacement contributions for public safety vehicles. This funding was shifted entirely to the SPLOST 2020 program for FY20 and FY21.

Salary and benefit changes not included in the items above are due to reallocation of benefits applied by Human Resources.

Corrections

Mission & Goals

The mission of the Athens-Clarke County Department of Corrections is to provide a humane and safe environment for staff, offenders, returning citizens, and the community at large through the use of modern correctional management techniques and supervision.

- Comply fully with all Georgia Department of Corrections audit standards.
- To clearly define (classification process) how offender skills development programs are to be used and supervised.
- To provide ongoing mandated training for all Corrections' staff and Athens-Clarke County personnel that are supervising offenders and returning citizens.
- To comply with all Athens-Clarke County policies and procedures.
- To maintain order and control of the offenders and returning citizens in our custody
- To reduce offender drug usage through random drug testing.
- To maintain sanitation standards and proper safety practices.
- To provide security and safety inspections of all offender skills development program sites.
- To provide meals at a reasonable cost to the Athens-Clarke County Jail, County Correctional Institution and Diversion/Transition Center.
- To prevent offender escapes and injuries to staff or offenders.
- To fully meet health and sanitation standards for Food Service.

Diversion Center:

The mission of the Athens-Clarke County Diversion/Transition Center is to provide quality cost-effective management of non-violent Athens-Clarke county returning citizens, whose confinement in traditional incarceration would limit them from more quickly integrating into society, while at the same time building their skill sets that will encourage successfully re-entering back into our community.

- Create a secured, drug and alcohol free residential environment for returning citizens who would otherwise be incarcerated or subject to incarceration.
- Encourage and assist returning citizens in developing strong work habits.
- Provide returning citizens access to treatment, counseling, educational opportunities and related services.
- Ensure returning citizens are held accountable for their crimes by requiring them to pay court ordered fines, fees and restitution.
- Provide vocational and life skills training.
- Ensure that parents failing to pay child support are able and obligated to work while providing them opportunities reconnect with their children.
- Ensure returning citizens have a job within 30 days of entry into the program and maintain consistent employment during their sentence.
- Provide opportunities for community service, in addition to the required employment, as ordered by the court and as an alternative to some fines.
- Reduce participating returning citizen recidivism.

Objectives

- Score 100% on all Georgia Department of Corrections audits.
- Score 100% on all health inspections.
- Receive and classify offenders from the State of Georgia and the ACC Jail for skills development programs.
- Reduce incidences of offender skills development program injuries to zero.
- Maintain incidences of assaults with weapons at zero.

Corrections

- Maintain offender escapes at zero.
- Reduce the number of positive drug screen results from offenders and returning citizens to zero.
- Provide mandated training for Corrections' personnel and all Athens-Clarke County personnel in other departments who supervise offender skills development programs.
- Conduct daily safety and security inspections of offender skills development program sites.

Diversion Center:

- Achieve 90% returning citizen occupancy rate.
- 80% of returning citizens will successfully complete available programs or skill development.
- 100% of returning citizens entering the Diversion/Transition Center will find jobs or be placed in a job relevant to their skills.
- 100% of employed returning citizens will make payment of fines, fees and per diem costs.
- 100% of returning citizens owing child support payments will maintain those payments.
- 100% of returning citizens will receive a monthly drug/alcohol screen. Additional screening will be made according to the returning citizen's record and/or personal behavior.
- Case workers and staff will visit returning citizens' job sites and employers weekly or as necessary.
- 100% of returning citizens in need of education or skills development (GED, certification, technical certification, etc.) will be placed in an available program(s).
- Zero walk-aways from the Diversion/Transition Center.
- Provide 40 hours of program relevant training to all staff.
- Case workers to meet with returning citizens on their caseload a minimum of once a week.
- Caseworkers to complete returning citizen assessments the same day of arrival.

Corrections

Budget Highlights

The Correctional Institution houses convicted State inmates and the current contract includes a house maximum of 160 convicted State inmates: (120 at the Correctional Institution and 40 at the Transition/Diversion Center). The FY22 Budget for Corrections includes:

- \$1.1 million in revenue projected from the State to ACCGov in FY22 (\$22/day per housed inmate)
- \$225,000 in revenue projected to be generated from Diversion Center residents, a decrease of \$49,800 from FY21
- \$30,000 increase for a Part-time Corrections Social Worker position to enhance current rehabilitative efforts
- Full funding is included for three fulltime Corrections Officer positions: two which were added in last six months of FY21 and one which was added in the last three months of FY21
- \$8,758 is included for vehicle replacement charges to begin funding a portion of the vehicle replacement contributions for public safety vehicles. This funding was shifted entirely to the SPLOST 2020 program for FY20 and FY21
- \$150,000, same as FY20 and FY21, for continuation of an offender incentive program to support state inmates as they perform labor on behalf of ACCGov
- Salary and benefit changes not included in the items above are due to personnel turnover, changes in the vacancy factor, and/or reallocation of benefits applied by Human Resources

For information on individual fees, see the Schedule of Fees and Charges beginning on page G-15.

Debt Service

Mission

Debt Service includes the Government's payments for Guaranteed Revenue Debt, Revenue Bonds, and other long-term liabilities.

Budget Highlights

- **General Fund** – This budget includes \$541,700 of funding for annual debt service for the bonds issued in 2011 to finance a portion of the Washington Street Building and \$501,900 for principal and interest on the debt service for the bonds issued in 2012 for the site improvements for the Caterpillar Project. The budgeted payments include \$13,000 in bond fees. A GMA Lease was incurred for Munis Software in 2020. The budget includes \$258,539 for principal and interest on the debt service.
- **SPLOST Debt Service Fund** – The \$3.1 million budget for debt service and fees represents the debt incurred after the approval of SPLOST 2020.
- **TSPLOST Fund** – The \$2.1 million budget for debt service and fees represents the debt incurred after the approval of TSPLOST 2018.
- **Airport Fund** – This Budget includes \$13,553 for the interest payments for the notes issued to finance two projects at the Airport. The first project financed the construction of T-Hangars in 2003; the second project financed Executive Hangars in 2009. The Airport Enterprise Fund is responsible for the repayment of these notes. Including principal and interest, the total debt payments for FY22 will be \$108,243.
- **Landfill Fund** – \$104,300 is included in the budget for the Landfill Fund for debt interest and bond fees related to the construction of Phase V Cell 1A-1B. Total FY22 debt payments for principal and interest are estimated to total \$692,559.
- **Water & Sewer Fund** – The budget for the Water and Sewer Enterprise Fund includes \$9,075,556 for the interest component of debt service to repay the bonds refunded in 2015 to upgrade and expand the three water reclamation facilities and two notes issued through the State of Georgia Environmental Finance Authority (GEFA) in 2007 and 2009. There was a decrease in the Budget for FY17 as the result of the refinancing of the 2008 bonds in May, 2015. Total FY22 debt service and fees for the Water and Sewer Enterprise Fund will be \$16.6 million.
- **Internal Support Fund** – The \$269,500 budget represents the fourth year of a five year capital lease for the new voice over IP (VOIP) phone system that was installed in FY19.

District Attorney

Mission

The Western Judicial Circuit District Attorney Office keeps the community safe by holding those accountable for committing crimes and causing harm; by providing services that protect and preserve the rights of victims and defendants; and by building and maintaining partnerships with other law enforcement agencies, community organizations and government entities. After careful consideration of the facts, the evidence, the circumstances, the law, and the desired outcome for a just resolution, we follow the principles of fair and just prosecution, balancing the community's needs for offender accountability and restorative justice.

Vision

A community in which crime, suffering, and inequity are reduced and just resolutions for both victims and defendants are guided by the belief that every decision and action we make has long-lasting consequences.

Function

The Office of the District Attorney serves primarily as the prosecuting attorney in the Superior Court of Athens-Clarke and Oconee Counties. In Athens-Clarke County, the District Attorney is responsible for the prosecution of all criminal cases involving at least one felony charge. Additionally, there is a responsibility to pursue, when appropriate, certain civil actions such as RICO, drug, gambling, and bond forfeitures. The District Attorney also serves as the prosecuting attorney in the Juvenile Court in those instances when a child (less than 17 years of age) is accused of a delinquent and/or unruly act. In addition, the District Attorney represents the State of Georgia in the Georgia Supreme Court and Georgia Court of Appeals in those cases arising out of this jurisdiction. Lastly, the District Attorney's Office handles preliminary hearings and special bond hearings in Magistrate Court, operates a Pretrial Diversion Program, and staffs three alternative courts – a Drug Court Program, Treatment and Accountability Court, and a Veteran's Court.

Objectives

- Prioritize the prosecution of Serious Violent Felonies and those involving Special Victims (Sexual Assault & Trafficking, Child Abuse/Molestation, Domestic Violence and Elder Abuse)
- Prioritize juvenile justice through collaboration with community stakeholders and youth development organizations, supporting a Youth Accountability Court, and implementing restorative practice initiatives.
- Research, design and implement a data transparency project including the development of a website with a publicly-accessible data dashboard.
- Continuous evaluation and review of office policies and protocols.
- Restructure the office to better meet the needs of the community we serve and ensure fiscal responsiveness, and effective use of resources.
- Ensure training opportunities for prosecutors, investigators and victim advocates on issues such as restorative sentencing, trauma-informed prosecution, trauma-informed advocacy, combating human trafficking and gang violence; and other related matters.
- Implement a process to better screen and triage cases during intake to ensure a focus on serious crimes including a more streamlined process transfer of cases process between the Solicitor General and District Attorney offices.

District Attorney

- Create and implement a plan to collaborate with other law enforcement agencies and community organizations to combat gun violence and drug distribution in our community.
- Ensure the review and update completion of the Western Judicial Circuit Child Abuse Protocol and the Sexual Assault Response Protocol.
- Complete a physical space utilization assessment and implement a plan for more effective productivity.
- Continue with Phase II of an Audit of the DA's office.

Budget Highlights

The FY22 Budget for the District Attorney's Office includes:

- \$33,000 for an additional fulltime ADA/External Relations position (6 months).
- \$30,000 for an additional Administrative Assistant position.
- The District Attorney requested \$28,300 to restore reductions that were taken by the Mayor and Commission in FY10 and FY12. The District Attorney also requested \$7,900 for uniforms and equipment

District Attorney

and \$22,600 for increases to various operating accounts. These requested increases for current services were not recommended nor approved.

- The District Attorney also requested \$10,000 for a public transparency project/website and \$8,000 for a pay increase for the Chief Investigator position. These requests were not recommended nor approved.
- Salary and benefit changes are due to personnel turnover, changes in the vacancy factor, and/or reallocation of benefits applied by Human Resources.
- The District Attorney's Office includes 11 fulltime positions in the Special Programs Fund that are paid for by reimbursements from Oconee County.
- There are also two fulltime victim assistance positions in the Special Programs Fund that are funded from 5% fine add-on revenues.

Economic Development

Mission

Athens-Clarke County, an open and responsive government, will facilitate a positive environment for individuals to obtain a high quality of life and local organizations to achieve success by providing innovative, high-quality services and responsible stewardship of the community's resources, to benefit current and future generations.

Fundamental to Athens-Clarke County's high quality of life for individuals and success of local organizations is an environment conducive to economic prosperity and opportunity.

Therefore, the mission of the Economic Development Department is to facilitate economic growth through support, outreach, and partnerships. We respect Athens' unique character and endeavor to build a stronger community than that which was entrusted to us.

Goals

Identify and recruit economic development opportunities that support and enhance Athens-Clarke County's quality of life, increase the tax base and provide opportunities for sustained, livable wages for workers;

Provide site location assistance to domestic and international companies planning new or expanded facilities; assistance shall include but not limited to identifying financial and human resources available to support such developments;

Utilize marketing media and outreach efforts to promote the competitive advantages to businesses and industries of choosing to locate in Athens-Clarke County;

Support businesses and industries currently operating within Athens-Clarke County by strengthening relationships and encouraging re-investment and job creation utilizing various economic development tools and resources;

Coordinate where appropriate with local entities with an economic development interest that may include the Athens Area Chamber of Commerce, the University of Georgia, the Classic Center, the Convention and Visitors Bureau, the SBDC and others to promote entrepreneurship, tourism and community development; also for the purpose of receiving assistance with economic development recruitment efforts managed by the Department;

Maintain a current inventory of facilities and properties available for industrial/business development; develop recommendations for strategies to meet emerging infrastructure and natural resource needs to support future industrial and business development;

Support development through the coordination of various departments and by offering innovative results oriented solutions to the development process in Athens-Clarke County;

Utilize all available economic development tools to put Athens-Clarke County in a position to be developed responsibly and to the highest and best use.

Objectives

Support

- Attend all meetings of the Atlanta Highway, Lexington Highway, and Prince Avenue Corridor Committees and provide information regarding any available economic development tools and feedback/suggestions for redevelopment.
- Lead 100% of visioning meetings and garner feedback about their experience with process.
- Actively market and share information regarding the state Opportunity Zone tax credit with businesses located within the state OZs.
- Partner with the private sector to deliver an inclusive and accessible space for the entrepreneurial community to utilize for innovation and growth.

Outreach

- Target 30 new projects in FY21 by maintaining contact with appropriate stakeholders and seeking out any potential for the area.
- Host one state project manager event.
- Participate in 6 speaking engagements to various civic, social, neighborhood, social, and business groups in FY22 to update the community on various economic development initiatives and news.
- Engage in 24 outreach visits to real estate developers, site selection consultants, and project managers.
- Engage in 12 client meetings with key brokers, site selection consultants, and project managers.
- Attend 3 conferences to seek out opportunity and to remain knowledgeable of any new or changing economic development programs or tools.
- Make 24 existing industry visits to employers in Athens-Clarke County.

Partnerships

- Continue to partner and support the University of Georgia where appropriate to bolster the entrepreneurship and creative community in Athens by engaging in 3 student projects and participating in mentorship & internship programs.
- Participate in the Manufacturer's Roundtable meetings and workforce subcommittee meetings to harmonize with local educational system, industry, and community partners in the ongoing work to align the curriculum relevant to industry's current and future workforce needs.
- Assist with launching new Manufacturer's Human Resources Committee and support the group in working on projects they identify.
- Participate in 6 events in partnership with groups in the entrepreneurial community.

Budget Highlights

Economic Development operates with funding from the General Fund and the Hotel/Motel Fund.

The Approved Budget for Economic Development includes budgeted funding for;

- \$250,000 for the Athens Community Corps to fully fund the program in FY22 in concert with the previously allocated funding and to continue the program. The program is budgeted in the ARP Fund as a “Revenue Replacement” item.
- \$50,000 for a Joint Development Authority. \$38,130 is budgeted in the ARP Fund as a “Revenue Replacement” item and \$11,870 is included in the General Fund.

The Approved Budget for Economic Development includes budgeted funding from the Tax Allocation District Funds for;

- \$65,000 for a Tax Allocation District Specialist allocated by estimated revenue to assist with the 6 new Tax Allocation Districts.
- \$25,000 to Facilitate the Tax Allocation District Advisory Committee Formation to engage a consultant to manage this process, under the supervision and with the participation of Economic Development.
- \$15,000 to Update Redevelopment Plans to apply to renew to the 7 Opportunity Zone designations with the GA Department of Community Affairs.

Salary and benefit changes not included in the items above are due to performance management pay, personnel turnover, changes in the vacancy factor, and/or reallocation of benefits applied by Human Resources.

Finance

Mission

The Finance Department supports the Manager's Office by guiding the government's financial operations. It employs conservative fiscal policies emphasizing financial stability and resilience. The department collects and processes data, advises management in financial matters, provides information to various stakeholders, monitors budgetary trends, and provides various financial reports.

Focus areas include:

- Commitment to Transparency and Reliable Financial Reports
- Monitoring Budgetary and Financial Trends
- Proactive Management
- Revenue Diversity
- Balanced Budget

Goals

- Prepare Annual Financial Reports (AFR) and Annual Budget Documents that serve as policy documents, financial plans and communication tools.
- Ongoing budget review process in order to realign budget appropriations with unexpected trends.
- Utilize multi-year financial forecasting, including operating trends, the future operational impact of proposed capital projects and the five-year capital improvement program to identify future challenges and opportunities.
- Provide management information regarding revenue diversity.
- Assist the Manager's Office with providing a balanced budget document to the Mayor and Commission.

Objectives

- File AFR and Annual Budget Documents with required recipients within the timeframe required by state law and receive formal, external recognition for financial reporting excellence (from the Government Finance Officers Association for the AFR). Receive "Unmodified" (clean) independent audit opinion letters (AFR).
- Provide management with information necessary to maintain stable General Obligation and Public Utility bond ratings.
- Provide financial reports (monthly, quarterly and as needed) to management. Assist management with budgetary decisions through accurate General Fund revenue estimates and forecasting of unassigned fund balance under various scenarios.

Fire & Emergency Services

Mission

Athens-Clarke County Fire & Emergency Services Department takes pride in providing prompt, dependable, and professional services to reduce the impact of emergencies in our community with dedication to education and training.

Goals

- Achieve an average turnout time of 80 seconds for fire and special operations emergency responses.
- Achieve an average turnout time of 60 seconds for medical emergency responses.
- Assemble a minimum of 15 personnel on the scene of structure fires within 8 minutes of dispatch, 90% of the time.
- Meet the department's FY22 property inspection schedule for all properties on file as of July 1, 2021.
- Provide fire safety information to 75% of all kindergarten through grade 3 students, public and private. (6,028 of 8,038 students)
- Achieve 85% compliance for fire code violations within thirty (30) days of issuance of a Notice of Violation.
- Review 100% of all non-one/two family construction plans for code compliance prior to issuance of a Certificate of Occupancy.
- Perform all fire & life safety inspections on new construction projects within five (5) business days of notification by the Building Inspection Department.
- Conduct cause and origin examinations on all suspicious structure fires and all fires with civilian injuries or fatalities; identifying fire cause factors and responsible agents of fire events.
- Conduct pre-planning and building familiarization inspections at least once every year for all non-one/two family dwelling buildings within our jurisdiction.
- Conduct annual training required by ISO to maintain our fire protection class to include: 8 half day drills, 4 half day multi-company drills, 2 night drills, 20 hours per member of company training, 12 hours per member of officer training, 4 half day trainings on driver and operator training, 40 hours of new driver training, 1 half day training on radioactivity or hazardous materials, and a minimum of 240 hours of new recruit training for new firefighters.
- Annually provide at least the minimum training hours as required by the Georgia Firefighter Standards and Training Council, American Heart Association, and the Georgia Department of Public Health to recertify our personnel for the following certifications based on personnel assignments; Firefighter (24 hours), Hazmat (24 hours), Technical Rescue: Search & rescue/ Water rescue/ Rope rescue/Structural Collapse search and rescue/Confined space search and rescue/Wilderness search and rescue/(24 hours), Fire Inspector (24 hours), Fire Investigator (24 hours), CPR (4 hours), EMT (20 hours).
- Conduct at least twelve (12) hours of Auto/Mutual Aid training in FY22 with affected ACCFES companies in compliance with agreements and ISO requirements.
- Increase community awareness of ACCFES services through social media efforts to increase our followers/likes by 5% in FY22.
- Increase the number of certified EMTs by 15 in FY22 within the Department to improve the level of care/service for emergencies.
- Strengthen the existing false alarm ordinance to be reasonable and enforceable to reduce the number of false alarms by 10% in FY22.
- Meet 100% of the Storm Ready Community requirements to maintain certification.
- Review NIMS requirements for 100% of ACCUG departments and develop plan for compliance.
- Meet 100% compliance with Emergency Management Performance Grant for FY22
- Fill all requirement administrative positions for LEPC and begin formation of sub committees by close of FY22

Budget Highlights

The FY22 Budget for Fire & Emergency Services includes the following funding from the General Fund:

- \$80,000 increase for a program to enhance recruitment, workforce development and diversity
- \$23,000 increase for annual Self-Contained Breathing Apparatus (SCBA) Testing to ensure safety of equipment protecting Firefighters
- \$293,244 is included for vehicle replacement charges to begin funding a portion of the vehicle replacement contributions for public safety vehicles. This funding was shifted entirely to the SPLOST 2020 program for FY20 and FY21
- The FY22 Budget of \$14.9 million reflects no other significant changes to the department

Salary and benefit changes are due to personnel turnover, changes in the vacancy factor, and/or reallocation of benefits applied by Human Resources.

Housing & Community Development

Mission

The Housing and Community Development (HCD) department provides funding for the creation and rehabilitation of affordable housing, fosters and coordinates services for disadvantaged populations, and promotes economic mobility among residents of Athens-Clarke County.

Goals

- Provide accurate information, comprehensive research and timely advice to the public, management and staff in support of housing, economic development and community development designed to foster positive community outcomes.
- Increase affordable housing activity and production in Athens-Clarke County through an ongoing and continuously updated strategic planning process that will result in greater funding opportunities, better community awareness of all housing programs and available services as well as stronger public and private sector partnerships.
- Partner with ACC departments and housing program providers to reduce slum and blight in neighborhoods through the demolition of dilapidated structures.
- Help low- to moderate-income residents and the chronically unemployed overcome barriers to full-time regular employment.
- Encourage the growth and establishment of the local small- to medium sized businesses in order to encourage job creation.
- Improve the public health and welfare of Athens-Clarke County residents.
- Partner with social service and shelter providers to reduce homelessness in Athens-Clarke County.
- Encourage citizen participation in decision-making processes with particular emphasis on participation by persons of low and moderate incomes.

Objectives

- Secure CDBG, HOME, Supportive Housing Services, Supportive Housing, and Shelter + Care Grant funds to assist community partners in the provision of housing, shelter and community development projects and programs.
- Allocate entitlement and competitive grant funds to community partners through Mayor and Commission approval processes in a timely manner.
- Partner with community organizations to develop accurate scopes of services and contracts for all grant-funds in a timely manner.
- Provide technical assistance, guidance and monitor all contracted agency expenditures and performance monthly.
- Process reimbursements to sub-recipient agencies in a timely manner.
- Reimburse ACC expenditures for sub-recipient activities from grant sources efficiently.
- Administer all grant programs efficiently and accurately and document regulatory compliance to minimize financial risk to ACC.
- Ensure all expenditures for program administration are at or below statutory caps.
- Submit accurate reports to HUD and other primary funding agencies on time.

Housing & Community Development

Budget Highlights

The Housing & Community Development (HCD) Department administers the Housing & Urban Development (HUD) funded Community Development Block grant (CDBG), HOME Investment Partnership (HOME) program and Supportive Housing Program (SHP). Funds from all three grants are accounted for in separate special revenue funds.

The FY22 Budget for HCD includes the following funding:

- \$60,300 increase for a new fulltime Homeless Specialist position with funding through CDBG CARES Act
- \$120,000 increase for Inclusionary Zoning Monitoring with funding through Affordable Housing Fund
- \$100,000 increase for support of the Young Urban Builders (YUB) program to address youth unemployment & perform owner-occupied rehabilitation in the West Broad Neighborhood
- \$77,000 in continued support of programs that support Mayor & Commission Strategic Commitments & Goals:
 - Athens Well Being Project \$ 7,000
 - Georgia Initiative for Community Housing (GICH) membership \$ 5,000
 - GICH Study and Report \$ 15,000
 - Homeless Street Outreach \$ 30,000
 - Homeless Management Information System (HMIS) fee \$ 20,000

The Approved Budget for HCD includes moving \$750,000 of funding for the Neighborhood Leaders Program from the General Fund to the ARP Fund.

The **CDBG** FY22 Budget is based on funding of \$1,363,769.

\$18,968 of this total is reprogrammable CDBG Funds.

- Proposed Programs and activities for FY22 are summarized below as approved by the Mayor & Commission on April 6, 2021:

Affordable Housing	\$ 641,500
Micro-enterprise, Economic Dev. & Neighborhood Revitalization	\$ 217,000
Public Services	\$ 201,720
Public Facilities	\$ 34,589
Administration	\$ 268,960
FY22 CDBG Total	\$1,363,769

The **HOME** program is designed to increase homeownership and affordable housing opportunities for low-income families in the community.

- The FY22 appropriation for HOME program is \$691,534.
- Based on the FY22 Action Plan, HOME funds will be used for the following activities:

Housing & Community Development	\$ 622,381
Administration	\$ 69,153
FY22 HOME Total	\$ 691,534

The **Supportive Housing** Program is designed to promote development of supportive housing and services to assist homeless persons in transition from homelessness; and enable them to live as independently as possible.

- The FY22 Supportive Housing allocation, \$323,000, is the same as FY21.

Housing & Community Development

Salary and benefit changes in HCD are due to personnel turnover and/or reallocation of benefits applied by Human Resources.

Human Resources

Mission

The Human Resources Department works in partnership with the Unified Government to recruit, retain, and reward an engaged, prepared, and committed workforce to serve the citizens of Athens-Clarke County in an environment of diversity, excellence, responsiveness, transparency, and fairness.

Goals

- Attract, retain and reward talented and empowered employees.
- Promote transparency through improved access to information
- Improve internal efficiency and effectiveness.
- Document and share our actions to cultivate a culture of innovation by piloting new ideas and adopting those with demonstrated benefits.
- Protect lives, property, and the environment by forming partnerships and implementing programs for a safer, more resilient Athens-Clarke County.

Vision

The Human Resources Department seeks to enhance the quality of work experience for all Athens-Clarke County employees and retirees and the quality of life for all Athens-Clarke County citizens through effective, respectful, and compassionate human resource practices.

Values

Professionalism, Safety, Respect, Timeliness, Excellence, Collaboration, Inclusion, Diversity and Wellness

Objectives

Strategy #1: Attract, retain and reward talented employees

Proposed action:

- Annually monitor and adjust compensation and benefits to remain a competitive employer.
- Work with the Inclusion & Diversity Officer to analyze, monitor, and develop goals that address recruitment and retention of employees that reflect the community they serve.
- Effectively administer the Pension Plan to retain long-term employees.
- Pay a living wage to all full-time, part-time and seasonal employees.
- Modify and enhance the current Performance Management Program.
- Expand the Great Promise Program, establish the Experiential Learning Program and other internship programs. Fully fund public safety promotional process and conduct assessment centers as necessary.
- Effectively resolve employee relations matters as necessary.

Human Resources

Strategy #2: Improve internal efficiency and effectiveness

Proposed action:

- Enhance and maintain existing Human Resources software systems; prepare for implementation of new Enterprise Resource Planning System.
- Review, inventory, and update human resource written policies within and across departments.
- Update Human Resources website and intranet site.

Strategy #3: Create empowered and engaged employees

Proposed action:

- Continue recruiting diversity initiative with the Great Promise Partnership.
- Continue to brand ACCGOV as an employer of choice that will help to recruit and retain employees.
- Continue to fund the ACCGOV employee recognition program.
- Contain health care costs through review, analysis and management of claims and promotion of the Wellness Program to employees and retirees through increased participation in wellness screenings, fitness programs, healthy hours, and nutrition and wellness classes.
- Continue to develop succession planning program for retention of top talent and to put the organization in the position as retirements continue to impact departments.

Budget Highlights

Human Resources operations are primarily funded from the General fund.

The Approved Budget for Human Resources includes budgeted funding from the General fund for;

- Reduction of \$3,047 (\$67,470 Salary and Benefits) for a Senior Generalist, leveraging \$70,000 of current funding to enhance the efforts aimed at minority recruitment at higher level positions within ACCGov.
- \$40,000 for a Health Clinic Feasibility Study to determine the feasibility of a health clinic.
- \$33,000 for Compensation & Payroll Consulting Services as the need was identified in the previous compensation study for regular consulting.
- \$30,000 for a Pension Ordinance and Offerings Review to review the Pension Ordinance compliance with state requirements under current plan parameters.
- \$4,672 for Neogov Software Maintenance to fully fund the annual cost of the license.

- Salary and benefit changes not included in the items above are due to performance management pay, personnel turnover, changes in the vacancy factor, and/or reallocation of benefits applied by Human Resources.

Human Resources also manages three self-funded insurance programs: the Insurance and Claims Fund which administers liability and worker compensation, the employee Health Insurance Fund and the Retiree Health Insurance Fund. Each fund has been balanced to move towards maintaining a steady reserve.

For information on the Insurance & Claims Fund and the Health Insurance Fund, see section E.

Independent Agencies

Budget Highlights

Independent Agencies are either legal, separate entities or ACCGov Commissions not included within an ACCGov department budget.

- FY22 Budget allocates \$6.3 million for Independent Agencies in the following funds:
 - General Fund \$4,042,798
 - Hotel/Motel Tax Special Revenue Fund \$2,228,460
 - Special Programs Special Revenue Fund (Project Safe) \$ 26,000
(Fine revenues designated for victim assistance programs per State Law)
- In addition, \$1,894,124 is included for indigent defense (GA Public Defender Standards Council contract).
- Additional information is provided in Section "F" of this document.

Information Technology

Mission

To empower the Athens-Clarke County Unified Government's responsible stewardship of the community's resources by leveraging secure, effective technology, and quality support.

Strategic Goals

Information Technology has identified seven strategic goals that will be fulfilled in the coming years.

Goal 1: Invest in Technology and Develop Policy that Protects ACCGov Data and Information

Goal 2: Proactively Seek Out Opportunities where Technology can Help Departments Become More Productive

Goal 3: Invest in Solutions to Deliver Excellence in Information Technology Service to ACCGov Workforce

Goal 4: Deploy Robust Information Technology Infrastructure that Continually Provides Technology Services

Goal 5: Promote an Empowered Workforce through Innovation

Goal 6: Become a Leader in Technology Governance

Goal 7: Deploy Solutions to Become an Open, Transparent, and Responsive Government

Performance Measures

Performance Measures	Goal	2017	2018	2019	2020	2021	Proj. 2022	Comments or Analysis
To empower the Athens-Clarke County Unified Government's stewardship of the community's resources by leveraging secure, effective technology,								
Gain and then maintain a virtual server to physical server ratio of 3:1 (75% virtual: 25% physical)	3V:1P (75%)	77V:39P (66%)	109V:47P (70%)	127V:38P (68.6%)	165V:48P (77%)	178V:55P (76%)	185V:45P (80.4%)	A physical server is a single server operating system on a single piece of hardware. A virtual server is an encapsulated operating system that shares a single piece of hardware with other virtual servers. FY17 was the first year of virtual machines. Moving forward, IT will look to virtual servers to maximize hardware investment and reduce data center power and cooling.
% of IT projects completed on schedule and within budget	100%	100% on 7 projects	100% on 6 projects	80% on 5 projects (VoIP was delayed- AT&T porting issues)	100%	100%	100%	IT projects are initiated and funded by the IT Department. They are large in scope, and used to support the IT needs of the government. As good stewards of county resources, IT works hard to finish within budget by the projected date.
% of network computing devices using high efficiency power supplies	100%	13%	25%	35%	42%	56%	65%	As good stewards of county resources, IT has adopted a green initiative to reduce power consumption throughout the government.
and quality customer support.								
% of work orders resolved within 24 hrs	87%	86%	87%	85%	87%	78%	87%	Providing responsive, quality support by solving problems quickly.
% of infrastructure uptime	99%	99%	99%	99.9%	99.9%	99.9%	99.9%	Infrastructure up time is the basic building block to supplying effective technology. 99% availability allows 3 days, 15 hours and 40 minutes of aggregate downtime per year. 99.9% availability allows 8 hours, 46 minutes per year. 99.99% availability allows 52 minutes, 36 seconds of aggregate downtime.
Keep latency < 5 ms between data centers	< 5 ms	NA	3ms	3ms	3ms	3ms	3ms	Latency is the time it takes for a packet to traverse the network to its destination. Very important to maintain this low latency figure to support ACC's infrastructure.
Replace devices at the end of their lifecycle. We are currently on a 6 year usable life plan.	All eligible devices that have reached 6 years of service = 100 - 300 devices most years.	203	185	242	200	284	244	Squeezing out 6 years on the majority of devices is a big money saver, optimal lifecycle = 3 to 4 years. Because of fluctuations in buying cycles, the target number will vary each year. Key is years of service.

Information Technology

Budget Highlights

- \$153,500 is included for Microsoft Licensing increases and ERP Replacement Maintenance increases.
- \$3,700 is included for vehicle replacement charges. General Fund vehicle replacement charges were removed from the FY21 Budget by the Mayor and Commission and have been reinstated for FY22.
- Salary and benefit changes are due to personnel turnover and/or reallocation of benefits applied by Human Resources.
- The IT Department is primarily funded through the General Fund, but also includes one fulltime position in the Water and Sewer Fund.

Juvenile Court

Mission

The purpose of Georgia's Juvenile Courts is to secure for each child who comes within the jurisdiction of the court such care and guidance, preferably in his own home, as will secure his or her moral, emotional, mental, and physical welfare as well the safety of both the child and the community. The intention of the General Assembly of Georgia in creating the juvenile code is to strengthen and preserve family relationships, countenancing the removal of a child from his or her home only when state intervention is essential to protect such child and enable him or her to live in security and stability. (O.C.G.A. 15-11-1, Effective January 1, 2014.)

The mission of the Athens-Clarke County Juvenile Court is to protect the well-being of the child under the Court's jurisdiction, providing guidance and control as necessary, while balancing the needs and best interest of the community, while fulfilling the intent of the newly rewritten Juvenile Code.

Goals

The goal of the Athens-Clarke County Juvenile Court is to serve the community and the children whose cases are before the court by balancing the requirements of law, the best interest of the child and the community, and to fulfill the mandated requirements of the newly rewritten juvenile code within the bounds of the resources provided by the Athens-Clarke County Government.

Objectives

- Protect the community
- Promote accountability for violations of law
- Provide treatment and rehabilitation and equip juvenile offenders with the ability to live responsibly and productively
- In every proceeding to guarantee due process of law, as required by the Constitutions of the United States and the State of Georgia, through which every child and his or her parent and all other interested parties are assured fair hearings at which legal rights are recognized and enforced.

Juvenile Court

Budget Highlights

The Budget for the Juvenile Court includes budgeted funding from the General fund for;

- \$30,000 for increased days for the Part-Time Judge. This request would allow the Part-Time Judge to move from 2.5 to 4 days per week. The extra days would allow for time to efficiently manage the case load.
- Salary and benefit changes are due to personnel turnover and/or reallocation of benefits applied by Human Resources.
- The court also requested \$69,000 to move a Program Coordinator in the Family Dependency Treatment Court from the Grants Fund to the General Fund and \$50,000 to fully fund the Senior Case Management Specialist in the General Fund rather than the Grants Fund. This position is currently funded 50% in the Grants Fund and 50% in the General Fund. Neither request was recommended or approved.

Leisure Services

Mission

The mission of the Athens-Clarke County Leisure Services Department is to build a healthier and more livable community by creating opportunities to learn, to create and to play in quality parks, programs and facilities that are valued by our citizens.

Goals

- Implement the first phase of the new Leisure Services Strategic Plan.
- Support Mayor and Commission key initiatives by partnering with other departments to deliver youth job opportunities and a Juneteenth community celebration.
- Build new community outreach opportunities that were placed on hold during the pandemic, with a focus on connecting with underserved neighborhoods.
- Analyze post-pandemic programming and services with a goal of incorporating operational changes that are safe, efficient, and effective.
- Enhance the department's sense of value and position in the community by improving operational outcomes in the areas of marketing, branding, and public information.
- Maximize the efficiency of operations by fully implementing City Works.
- Implement remaining SPLOST 2011 and TSPLOST projects involving Firefly Trail, Greenway, and Dudley Park; begin plans for approved Tier 1 projects in SPLOST 2020.

Objectives

- With approved funding, implement the first of several Counselor In Training (CIT) programs that provide teens with seasonal employment, job skills, and personal resume development.
- Work with Inclusion Office and minority community leaders to plan and implement the first ACCGov Juneteenth celebration in partnership with local agencies.
- Implement the FY21 funded mobile "Pop-up Park" program that was placed on hold during the pandemic; take recreation and information to citizens throughout the community, with a focus on under-served communities; reintroduce the CCSD partnership with the Gaines Elementary School after school program; host more online opportunities and in-person meetings targeted toward receiving community feedback on leisure opportunities.
- Analyze effectiveness of all virtual programs and services created during the pandemic and maintain long-term use where appropriate as opportunities return to pre-pandemic levels; continue applicable protocols that ensure safety of staff and participants.
- Implement a new Leisure Services YouTube Channel that brings all virtual programming and promotions to one location in an effort to improve community service; complete work and implement phase one of the department's Marketing Plan; continue to work on staff training in social media and brand awareness without losing each facilities individual identity.
- Streamline City Works processes by providing transparent work order information to facility supervisors and generating quarterly performance reports based on City Works data.
- Implement new segments of the Firefly and Greenway Trails to include staff patrols, inspections, and maintenance; develop programming and rental services that maximize development of Dudley and Burton Parks; work with the SPLOST Office and community partners on initial implementation of SPLOST 2020 Tier 1 projects.

Budget Highlights

The Approved Budget for the Leisure Services Department includes budgeted funding from the General fund for;

- \$9,963 for the Part-time Outreach Position to fully fund the position that was included in the FY21 budget and was only funded to begin in the second half of FY21.
- \$6,000 for a Youth Commission to start a youth commission program.
- \$4,000 for the UGA Veterinarian Contract to fund the increasing costs of the services.
- \$92,397 for vehicle replacement charges. General Fund vehicle replacement charges were removed from the FY21 Budget by the Mayor and Commission and have been reinstated for FY22.

The Approved Budget for the Leisure Services Department includes budgeted funding in the American Rescue Plan Fund for;

- \$100,000 for youth development programming as a “Revenue Replacement” item.
- \$400,000 for additional youth development programming as a designated program.
- \$150,000 for a municipal garden program as a designated program.

Salary and benefit changes not included in the items above are due to performance management pay, personnel turnover, changes in the vacancy factor, and/or reallocation of benefits applied by Human Resources.

For information on individual fees, see the Schedule of Fees and Charges beginning on page G-15.

Magistrate Court

Mission

The Mission of the Magistrate Court is to deliver justice to the citizens of Athens-Clarke County by:

- (1) Ruling on disputed civil claims or approving mutual settlements in civil cases involving:
 - (a) Claims up to \$15,000;
 - (b) Dispossessory proceedings between landlords and tenants;
 - (c) Abandoned motor vehicle foreclosures;
 - (d) Personal property foreclosures; and
 - (e) Garnishments.

- (2) Managing preliminary matters in criminal cases by:
 - (a) Having a judge available 24 hours a day, seven days a week (including holidays) to consider requests for the issuance of arrest warrants and search warrants in misdemeanor and felony cases;
 - (b) Conducting hearings seven days a week (including holidays) to set bail for persons arrested, including the review of financial circumstances, and imposition of special conditions of pre-trial release;
 - (c) Communicating with victims of domestic violence and victims of other violent or sex crimes to determine safety issues prior to consideration of bail;
 - (d) Presiding over felony preliminary hearings;
 - (e) Presiding over warrant application hearings brought by both private citizens and law enforcement officials;
 - (f) Assigning a Superior Court Judge to each criminal case where bond has been set by a Magistrate Court Judge (by Special Order of the Superior Court Judges, entered January 10, 2005).
 - (g) Assigning a State Court Judge to each criminal case where bond has been set by a Magistrate Court Judge (by Special Order of the State Court Judges, entered December 20, 2016).
 - (h) Conducting hearings to set bail for persons arrested after indictment (true bill) by the grand jury on cases where the Magistrate Judge would otherwise have the authority to set bail (by Special Order of the Superior Court Judges, entered January 11, 2006).

- (3) Appointing defense counsel and presiding over the arraignment, trial, sentencing, and probation revocation hearings in cases involving misdemeanor deposit account fraud ("bad checks") less than \$1,500.00.

Goals and Objectives

Goal #1

Continue to provide the highest level of services to the public by maximizing office efficiency and accuracy.

Objective #1

- (a) Employ clerk staff sufficient to meet the operational needs of the Court.
- (b) Train new employees.
- (c) Continue to meet all statutory mandates for the scheduling and resolution of cases.
- (d) Maintain a current calendar with no backlog of pending cases.
- (e) Continue to maintain clerical errors and omissions at or below 5%. Continue to maintain errors on filing of Statement of Claims, Dispossessory Warrants and Warrant Applications at or below 6%.

Magistrate Court

Goal #2

Continue to seek input both internally from department staff and externally from the judicial and legal community, the business community, and other interested parties on ways to improve the operation of the court, and make ongoing revisions to court procedures and court policies to implement the suggestions.

Objective #2

- (a) Continue to hold quarterly staff meetings and receive input from the judges and court staff on department policies and procedures.
- (b) Schedule periodic forums with members of the legal community, business community, and other interested parties to solicit input on ways to improve court operations.
- (c) Continue to participate in the monthly Legal Pop-up Clinics and provide information to the public on the resources available in Magistrate Court and provide copies of Magistrate Court forms.
- (d) Continue to participate in refresher training for police officers and sheriff's deputies on court procedures.
- (e) Maintain open communication and coordination with all law enforcement.

Goal #3

Maximize the use of computer technology and the Internet to enhance and streamline court functions.

Objective #3

- (a) Maintain and update the court's webpage to ensure public access to information about the Magistrate Court, including links to frequently requested forms.
- (b) Continue using the Electronic Warrant Interchange (EWI) program for efficient issuance of warrants.
- (c) Continue using specialized software for access to police reports, which reduces paperwork, reduces the workload of police and court staff, and protects unauthorized release of information.
- (d) Work with the County Law Library staff and its Legal Clinic volunteers to provide information about Magistrate Court.
- (e) Establish and maintain video equipment to conduct virtual hearing during times of emergencies.

Goal #4

Develop and implement new data management system with SPLOST funds.

Objective #4

- (a) In coordination with court, jail and law enforcement staff, develop data exchange system for sharing criminal records information.
- (b) Work with Court Administrator to develop and implement a new case management system to manage civil cases, garnishments, and to promote other automated processing.
- (c) Implement imaging project for all case files stored off-site.

Magistrate Court

Budget Highlights

- \$4,510 is included for operating expenses to cover additional costs. An increase in multiple expense items necessitated a request for additional operating funds.
- Other than the above additional operating expenses, there are no significant changes in the FY22 Budget for the Magistrate Court.
- Salary and benefit changes not included in the items above are due to performance management pay, personnel turnover, changes in the vacancy factor, and/or reallocation of benefits applied by Human Resources.

Manager's Office

Mission & Goals

The Office of the Manager is responsible for the implementation of all policies, programs, contracts, ordinances, and resolutions as approved and directed by the Mayor and Commission. This office performs the administrative functions of the government which support the activities of the Mayor and Commission. The ACCGov Charter dictates the authority and the responsibility of the Manager.

Goals/Objectives

During FY22, the Manager's Office will focus on the following goals and objectives:

- Guide the organization to produce a positive year-end fund balance while minimizing operational and service delivery interruptions.
- Continue to monitor and evaluate both short-term and long-term financial projections and develop recommendations to meet future operational challenges and/or opportunities.
- Assist the Mayor and Commission in their efforts and intent to reform the criminal justice system.
- Work with the Transit Department to implement a tiered approach to Fare Free Transit as directed by the Mayor and Commission.
- Continue the management of the SPLOST 2020 program, continue the management of the TSPLOST 2018 Program and pursue the closeout phase of the SPLOST 2011 Program.
- Assist the Mayor and Commission in their efforts and intent to create more affordable housing and mixed income neighborhoods within Athens-Clarke County.
- Support the Public Utilities Department in evaluating potential future water source alternatives and implementing the service delivery plan.
- Continue to support the Solid Waste Department's efforts to refine and enhance solid waste reduction efforts in order to meet defined Mayor and Commission goals. Adjust rates to fully realize revenue recovery in each cost center.
- Assist the Mayor and Commission in their efforts and intent to invest in human infrastructure, especially in regards to the Prosperity Package.
- Work with relevant departments to complete and implement the RFP process for a GIS-Based Permitting and Development Management System, including conversion to a fully digital plans review process.
- Work with Corrections on programs to create opportunities for rehabilitated offenders.
- Work with the Mayor's Youth assembly to identify opportunities for at-risk youth.
- Monitor ACCGov's ability to maintain competitive market wage adjustments and benefits to recruit and retain employees.
- Facilitate the completion of the Sustainability Plan. Further, to develop a strategy for ACCGov to become 100% clean and renewable energy by 2035.
- Implement a performance metrics initiative tied to the M&C Strategic Commitments with public facing dashboards.
- Coordinate and cooperate with Office of Operational Analysis studies in order to seek improvements to government functions and efficiencies.
- Identify funding and partnership opportunities to implement various Corridor study recommendations (Atlanta Hwy, Lexington Rd, Prince Ave).
- Monitor and report on progress of the FY21-FY22 M&C Goals and Strategies, establish a link with ongoing agenda items, and implementing FY22 budget goals.

Manager's Office

- Continue to work with Economic Development staff to capture new prospects and encourage growth of existing business and industry, as well as to establish a program to assist with the development of entrepreneurialism, particularly with respect to minority business development.
- Encourage the Police Department to continually strengthen its culture of community oriented policing and to conduct its operations in an open and transparent manner.
- Support the implementation strategies for Envision Athens and the Comprehensive Plan.
- Foster leadership development and new initiatives within the Unified Government through the Innovation Ambassador program and by participating in the Engaging Local Government Leaders (ELGL) network, Peake Academy and other efforts.
- Continue to explore options to engage, educate, and inform citizens of Athens-Clarke County regarding the functions, policies, and programs of the Unified Government (i.e. Citizens Academy).
- Continue to staff and advise the Government Operations Committee and Legislative Review Committee.
- Continue the implementation of the City Works platform for PUD, Leisure Services, Central Services, and T&PW.
- Begin the implementation of a new Enterprise Resource Planning (ERP) System, the MUNIS platform, for Finance and Human Resources.
- Support the efforts of Organizational Development to implement a Learning Management System.
- Work with a cross departmental team of fifty employees to develop organizational values utilizing feedback received from all employees.
- Work with the Mayor and Commission, Economic Development Department and the Attorney's Office to implement the six tax allocation districts in Athens-Clarke County.

Manager's Office

Budget Highlights

The Manager's Office consists of six offices funded through the General Fund.

The Approved Budget for the Manager's Office includes budgeted funding from the General fund for;

Administration Office

- \$18,900 for National Neighborhood Survey was moved from the Administration Office to the Geospatial Information Office

Public Information Office

- \$90,280 (\$67,470 Salary & Benefits) for a Community Engagement Specialist to focus on citizen interaction and engagement activities

Sustainability Office

- \$53,508 for an Energy Program and Conservation Coordinator to develop and implement management strategies, conservation program and policies. The position will start in the second half of the year and will leverage \$30,000 of current funding to partially fund the 6 months of operating expenses and salary and benefits.

Inclusion Office

- \$134,894 for Blue Level Diversity, Equality and Inclusion Training to effectively implement structural shifts that are sustainable.

Geospatial Information Office

- \$32,100 for the Clearpoint Performance Management Platform to fully fund the annual program expenses.
- \$18,900 for National Neighborhood Survey was moved from the Administration Office to the GIO

Salary and benefit changes not included in the items above are due to performance management pay, personnel turnover, changes in the vacancy factor, and/or reallocation of benefits applied by Human Resources.

Mayor & Commission

Mission

The Mayor and Commission serve as the governing authority of the Unified Government of Athens-Clarke County with powers and jurisdiction throughout the territorial limits of Athens-Clarke County. The Mayor and Commission are elected to establish policy through the adoption of Ordinances and Resolutions, and are responsible for placing in effect the powers conferred by the Charter, which created the Unified Government of Athens-Clarke County; and for the promotion and protection of the safety, health, peace, security, and general welfare through ordinances, resolutions, rules, and regulations. The Mayor and Commission have the power to set tax rates and adopt a budget. It is the responsibility of the Mayor and Commission to assure the cost efficient and effective delivery of quality services to every citizen and entity in a fair and equitable manner, and to act as liaison and advocate for citizens experiencing problems with, or needing information from government services.

Clerk of Commission

The Clerk of the Commission directs the activities necessary to prepare for Commission meetings and dispenses information regarding the decisions and actions of the Commission.

Municipal Court

Mission

The mission of the Municipal Court is to fairly, efficiently and accurately adjudicate state misdemeanor and traffic cases; county ordinance cases; and county administrative cases in accordance with the laws of the United States; the State of Georgia; and the Charter and Municipal Code of the Unified Government.

Goals

The Municipal Court's goals are to:

- Treat all who have business before the Court with courtesy and respect.
- Apply the law fairly, impartially, and efficiently.
- Deter criminal behavior and reduce recidivism through the imposition of prompt and appropriate sentences and sanctions, designed to address the individual circumstances of each case.
- Manage dockets, calendars, and processes to guarantee the timely and accurate disposition of court cases.
- Protect the integrity of the Court's proceedings and processes.
- Collect and manage public funds accurately and securely.
- Through all of these goals, to engender public confidence in the Municipal Court; for the Unified Government of Athens-Clarke County; and for the judicial system as a whole.

Objectives

- To expand the use of technology to increase access to Municipal Court, dispose of cases more efficiently and elevate customer satisfaction
- To continue scanning old paper files with the goal of reducing or eliminating off-site storage costs
- To partner with other departments (Athens-Clarke County Police Department, Athens-Clarke County Probation, Athens Clarke County Clerk of Court for State and Superior Court) in linking our computer databases to allow for the free flow of information thereby increasing the accuracy of information

Performance Measures

	Actual			Forecast	
	FY18	FY19	FY20	FY21	FY22
Criminal/Traffic	16,463	18,687	11,362	13,237	16,463
Ordinance	348	396	264	290	330
Red Light Camera	9303	3,414 ⁽¹⁾	0	6,100 ⁽²⁾	6,900 ⁽²⁾
School Bus Camera	586	329 ⁽³⁾	369	550 ⁽²⁾	575 ⁽²⁾
Administrative Hearings	15	16	8	15	20
Parking	3,022	3,308	2,156	2,900	3,200
Total Cases	29,737	26,150	14,159	23,092	27,488

⁽¹⁾ GDOT did not approve the Red Light Camera on U.S. Highway 29 and Georgia Highway 72 because of lack of vehicular accident data. Also, there were permitting issues with the current Red Light Cameras that required the cameras to be disabled from February, 2019 – June, 2020.

⁽²⁾ A new system, "School Zone Cameras" will be operational by spring of 2021. These cameras are moveable and will rotate weekly between different school zones. This new system, along with the Barnett Shoals and Alps Road cameras, could increase the number of citations greatly. These current calculations are only based on the projected number of Red Light and School Bus Camera cases.

Municipal Court

⁽³⁾ A temporary change in the law relating to school buses reduced the number of violations in FY19. The law was amended and reverted back to its original wording by the general assembly. When school is back in person, citations will likely return to the levels see in FY17 & FY18.

Operational Analysis

Mission

The Office of Operational Analysis was created by the Charter of the Unified Government of Athens-Clarke County to conduct a continuing internal audit of the fiscal affairs and operations of every department, office, and agency of the Unified Government. The Office of Operational Analysis's mission is to promote transparency and accountability and to make recommendations that improve operations and strengthen internal controls of all departments and agencies of the Unified Government of Athens-Clarke County.

Objectives

The objective of the Office of Operational Analysis is to provide independent analyses, appraisals, and recommendations for the following activities:

1. Providing risk-based and objective insight into all departments and agencies' risk management level to facilitate the development of the audit work plan;
2. Reviewing and appraising the operations of departments and agencies;
3. Determining whether financial controls are in place to minimize losses;
4. Recommending operational improvements;
5. Determining whether a department or agency is achieving its mission, goals, and objectives;
6. Assessing compliance with established policies and procedures.

Other Financing Uses

Mission

Other Financing Uses Budget includes transfers from one fund to another. Transfers from the General Fund to other funds are principally to provide additional financial support for the operations and programs within those funds or to meet legal requirements. Transfers between other funds are typically the reimbursement of the cost for support provided by another fund or to meet legal requirements.

Budget Highlights

- A \$3.1 million increase is included for Transfers from the General Fund to the General Capital Projects Fund intended to extend the life of existing assets and program areas. This is particularly focused on lifecycle maintenance for our existing parks and facilities.
- \$400,000 is budgeted for a transfer from the General Fund to the Special Programs Fund for the cost of a Disparity Study.
- There are no other significant changes budgeted for FY22.

For more information on interfund transfers see the E-Section of the budget.

Other General Administration

Mission

Other General Administration includes responsibilities and expenses not related to any one department, general governmental costs, expenditures budgeted for but not yet allocated to a specific department or project, and the government's operating contingency. The Finance Director develops the Budget for Other General Administration.

Budget Highlights

The FY21 Budget for Other General Administration for all funds includes the following as well as other costs:

- Funding for health insurance for retirees (or Other Post-Employment Benefits – OPEB) is \$6.4 million. \$6.1 million of this amount is budgeted in the General Fund and covers OPEB costs for the General Fund, enterprise funds, and internal service funds. The budget for OPEB in other funds totals \$286,400.
- \$1.9 million (\$1.3 in the General Fund) is budgeted for the Self-Funded General Liability program.
- This budget includes \$1.1 million (\$627,000 in the General Fund) to fund the government's Employee Performance Management Program. The Performance Management Program is designed to reward and retain current employees who meet the highest levels of performance. The Mayor and Commission have authorized the Manager to transfer these funds to department budgets for implementation.

General Fund

The General Fund Other General Administration includes the following:

- \$2.2 million for Pension funding for enterprise funds and internal service funds
- \$1.9 million for the FY22 portion of a revised pay plan for public safety employees, which was implemented in FY21 (The Mayor and Commission have authorized the Manager to transfer these funds to department budgets for implementation)
- \$750,000 to establish a minimum wage of \$15 per hour for all county employees (The Mayor and Commission have authorized the Manager to transfer these funds to department budgets for implementation)
- \$170,000 as part of the Commission initiative for Public Safety and Community Building
- \$128,000 for the Government's participation in the Northeast Georgia Regional Commission
- \$125,000 to budget for Leave for Compensated Absences
- \$110,000 for auditing and accounting fees
- \$100,000 to provide support for emergency medical services through a contract with Athens Regional Medical Center
- An Operating Contingency of \$1,200,000, which is the same as the FY21 Budget
- \$31,000 for the employee/retiree Holiday Luncheon and \$21,000 for an employee Spring event.
- The FY22 budget for Other General Administration also includes the Government's dues and memberships to the organizations listed below.

Georgia Municipal Association	26,500
Association of County Commissioners of Georgia	14,400
National League of Cities	9,000
Alliance for Innovation	7,650
Athens Area Chamber of Commerce	3,900
Georgia Forestry Commission	3,000
National Association of Counties	2,500
Other	<u>1,800</u>
Total	<u>\$68,750</u>

Other General Administration

Special Revenue Funds

- \$400,000 for a Disparity Study has been budgeted in the Special Programs Fund.
- The American Recovery Plan Fund includes:
 - \$276,800 for an Alternative Crisis Response Team (9 months)
 - \$220,000 for programing in support of homeless residence throughout the community

- Other General Administration in the Hotel/Motel Tax Fund includes the following programs:

Community Events Programs (in partnership with ADDA)	65,000
Mayor's Community Improvement Program	20,000
Annual Fireworks Show	30,000
Community Events/Festivals	35,000
Athens Heritage Foundation – Insurance for Lyndon House Exhibits	<u>1,200</u>
Total	\$151,200

Other Funds

Included within the Other General Administration section of the Enterprise Funds (Airport, Landfill, Transit, Water and Sewer, Solid Waste, and Storm Water) and the Building Inspection Special Revenue Fund are payments to the General Fund for administrative overhead expenses. This amount in FY22 is \$3.0 million, \$302,800 or 11% more than FY21 and is based on the most recent cost allocation plan. The overhead allocation helps recover the actual costs included in the General Fund needed to administratively support the Enterprise Fund Operations.

Also included in the Other General Administration section of the enterprise and internal service fund budgets is the depreciation expense for capital assets owned by each enterprise or internal service fund. To comply with Generally Accepted Accounting Principles, the depreciation of capital assets in Enterprise Funds must be recorded. Depreciation expenses are “non-cash” expenses which help build working capital funds for future capital and equipment replacement. Total depreciation in FY22 is \$19.9 million, the same as FY21.

Almost all expenses (except for administrative costs) for the Self-Funded Insurance and Claims Fund and the Health Benefit Insurance Internal Service Fund are included in the Other General Administration Budget. The Self-Funded Insurance and Claims expense budget for Other General Administration in FY22 is estimated to be \$3.2 million to fund current claims for workers' compensation, general liability and the current cost of insurance. This represents an increase of \$96,600 over FY21 (3.1%). The budgeted expenses for the Self-Funded Health Insurance Program for employees are estimated to be \$16.9 million in FY22, an increase of \$1.3 million from the FY21 Budget. For more information on these funds in total, see pages the E-Section of the budget.

Planning & Zoning

Mission

To effectively manage community change in both the short and long term with regard to land use, transportation, historic preservation, urban design and overall community development in order to ensure that the natural and built environment of Athens-Clarke County are of the highest quality.

Goals

- Maintain a high level of accuracy and efficiency in the administration of construction plans review, processing of zoning decisions, and certificates of appropriateness so that 95% of all application reviews are completed within established timeframes.
- Promote a long-range view of community planning that assists the Mayor and Commission and the Planning Commission in focusing on more than zoning decisions through incorporation of Comprehensive Plan initiatives and projects within the Community Work Program.
- Improve coordination with other Athens-Clarke County departments and governmental agencies in identifying and looking at the long-term infrastructure impacts associated with new development and development-related policies. This will be accomplished through a predictable presence at related board/committee meetings, and in conformance with the adopted Service Delivery Strategy.
- Expand and routinely maintain the associated departmental GIS system, and promote the integration of GIS technology into appropriate governmental functions through upgrades in system software/hardware in coordination with the Geographic Information Office.
- Continue to identify, recommend, and support potential solutions and alternatives to regional planning issues through coordination and participation in MPO functions and by responding to all applicable Developments of Regional Impact.
- Continue to enhance the community planning and development service capabilities of the Unified Government by providing additional equipment and training to Planning Department staff as well as the members of the appointed boards staffed by the Planning Department.

Objectives

- Afford all customers prompt, courteous, and impartial service that maintains established schedules and review times, while clearly articulating process instructions or review comments.
- Provide the general public with reasonable access to all public information managed and retained by the Planning Department by consistently updating the departmental webpage.
- Review all staff-administered (over the counter) applications within 48 hours of a complete submittal.
- Strive for all staff reports to be entirely accurate, concise, and error-free.
- Hold quarterly long-range planning sessions with the Planning Commission.
- Offer Planning staff and newly appointed board members at least one (1) significant training opportunity annually. This is subject to the availability of financial resources.

Budget Highlights

- There are no significant changes in the FY22 Budget for the Planning Department.
- \$2,100 is included for vehicle replacement charges. General Fund vehicle replacement charges were removed from the FY21 Budget by the Mayor and Commission and have been reinstated for FY22.
- In addition to funding from the General Fund, the Planning Department uses funding for one Senior Planner position and a Planner II position from the Building Inspection Special Revenue Fund totaling \$142,900.
- The Planning Department also receives a Transportation Planning grant (\$238,300) that is 80% federally funded.
- Salary and benefit changes not included in the items above are due to performance management pay, personnel turnover, changes in the vacancy factor, and/or reallocation of benefits applied by Human Resources.

For information on individual fees, see the Schedule of Fees and Charges beginning on page G-15.

Mission Statement & Vision

- To support and defend the U.S. Constitution, protect and safeguard all life, and ensure the equal protection of rights for all as we work to reduce both crime and the fear of crime.
- To build the highest levels of trust and confidence within the community through fair and impartial policing.
- To embrace and practice community-oriented, problem-oriented, and constitutional policing philosophies. Educating the public, mentoring the youth, and involving community stakeholders are the foundations of our service delivery and crime prevention strategies. By acting with integrity and transparency, we are committed to enhancing community partnerships and building trust and confidence in all that we do.

Community-Oriented Policing

The Athens-Clarke County Police Department has adopted community-oriented policing, the SARA model of problem-solving, and problem-orienting policing approaches as our key management tools and operational philosophies. Community-oriented policing is law enforcement's mirroring of changes ongoing throughout the country. Community-oriented policing embodies law enforcement's response to the growing concern of citizens that government play a more responsive role in addressing the quality of life issues affecting our communities.

Community-oriented policing is a management and operational philosophy of full-service, personalized policing where the same officer patrols and works in the same area on a permanent basis, from a decentralized place, working in a proactive partnership with citizens to identify and solve problems.

Goals & Objectives

1. **Primary Goal: Relationships with the Public**

As Sir Robert Peel stated in 1829:

"The police are the public and the public are the police. The police are only members of the public that are paid to give full-time attention to duties that are incumbent upon every citizen in the interest of community welfare and existence."

The Constitution of the State of Georgia states public safety is the paramount duty of government. Thus, the primary goal of this department is to form partnerships with the citizenry that prevent crime while enhancing the community's safety and improving the quality of life.

The department and citizens accomplish their primary goal in a distinct, two-fold mode:

- When they serve the public by saving lives, aiding the injured, locating the lost, keeping the peace, and providing assistance and advice that prevents crime and/or improves the quality of life.
- When they enforce the laws and ordinances of the jurisdiction efficiently, effectively, and equitably in all neighborhoods.

The department must perform its mission within the Constitution and with respect for law. All departments are bound and obligated to recognize and adhere both to the statutory as well as the judicial limitations of police authority. It is not the role of police to legislate, to render legal judgments, or to punish. It is the role of police in partnership with the public to problem-solve.

a) Enhance trust and legitimacy between the police department and community.

- Assist with the development and sustainment of the Law Enforcement Advisory Panel to advise the Chief of Police in matters of community issues, review potential policies and procedures, and provide guidance to the chief on service and police related issues.
- Expand the types of information and documentation available through the Transparency in Policing link on the ACCPD Website to include current departmental policies and procedures, and information concerning departmental demographics, complaints, and use of force.
- Increase transparency with the community through increased use of social media posts, inclusive of Public Service Announcements.
- Host community meetings at various locations within the county.
- Host virtual community meetings.
- Administer a community-wide survey to gauge overall satisfaction with police services.
- Sustain and enhance community outreach initiatives and programs.

b) Transform the ACCPD into a premier law enforcement agency

- Implement relevant recommendations from the President's Task Force on 21st Century Policing, as funded by the FY22 budget.
- Develop and implement all new departmental policies and procedures grounded in community-oriented, problem-oriented, and constitutional policing philosophies.
- Provide the best response and safety equipment to ensure employees have the equipment necessary to do their jobs and ensure their safety.
- Sustain recruitment efforts to seek full staffing of the department.

2. Prevention of Crime

The primary responsibility for upholding the law lies not with the police but with the people. Since crime is a social problem, crime prevention is the concern of every person living in society. Society employs full-time professional police to assist in preventing crime and to deter it, and when that fails, to apprehend those who violate the law.

Crime is a symptom of the ills in society which are not the sole responsibility of the police to cure. The police are responsible for interacting with the community to generate a mutual understanding so that there may be public support for crime prevention. Community involvement is essential to facilitate a free flow of information between the public and the police; to assist in the identification of problem areas and to inform the public of crime trends and statistics. Additionally, knowledge of the community is essential so that each officer and employee may be instilled with a sense of concern for crime problems and law enforcement needs.

a) Create a safer Athens-Clarke County.

- Reduce violent crime in calendar year 2021 to levels at, or below, the mean for violent crimes over the last five (5) years.
- Develop a system to identify prolific violent offenders in order to work with the District Attorney's Office to keep the identified violent prolific offenders in custody.

3. Deterrence of Crime & Offender Apprehension:

Deterrence of Crime

Street crime is curbed by the potential criminal's fear of immediate apprehension or by the increased likelihood of detection. Deterrence of crime requires the investigation of behavior which reasonably appears

criminal in nature. In deploying patrol forces to inspire public confidence in the police's ability to ensure a peaceful environment, a balance must be struck between the deterrent effect of visible patrol and the undesirable appearance of oppression.

Apprehension of Offenders

The administration of justice consists of the identification, arrest, prosecution, and punishment of the violator, the objective of which is voluntary compliance with the law. Once a crime has been committed, the duty of the police is to initiate the criminal justice system process by identifying and arresting the perpetrator, to obtain necessary evidence, and to cooperate in the prosecution of the case.

As the certainty of swift and sure punishment serves as an effective deterrent to crime, so must the police strive to solve all crimes and bring perpetrators to justice.

a) Create a safer Athens-Clarke County.

- Identify the top crime areas within Athens-Clarke County and develop appropriate strategies to reduce crime in each identified area.
- Reduce the threat to public safety presented by gang-related criminal activities by prioritizing community outreach efforts, prevention, participation in the Youth Development Task Force, and through zero-tolerance enforcement for all gang related crimes.

b) Stabilize and sustain current service delivery strategy through appropriate allocation of personnel.

- Review and strengthen the assigned zone officer program.
- Develop and implement a departmental performance measures system that allows the ACCPD to demonstrate the totality of its work and allow for the reporting of traditional measures (e.g., incident reports, citations, arrests) while also focusing on non-traditional performance measures of building trust and confidence within the community (e.g., problem oriented policing projects, community outreach meetings, etc.).

4. Recovery & Return of Stolen Property:

The actual costs of crime are difficult to measure; a dollar value cannot be placed on broken bodies, ruined lives, and human misery. However, it is possible to observe the mounting costs of lost and stolen property. This loss, as well as other costs of crime, must ultimately be borne by the victims. To minimize the losses of crime, the police will make every reasonable effort to recover lost and stolen property, to identify the owner, and ensure its prompt return.

5. Safe Movement of Traffic:

To facilitate the safe and expeditious movement of vehicular and pedestrian traffic, the police must exercise the responsibility for traffic law enforcement. To enforce compliance with traffic laws and to develop driver awareness of the causes of traffic accidents, the police will appropriately warn, cite, or arrest traffic law violators.

Traffic accidents are investigated to protect the rights of the injured parties, to care for those injured, and to determine the cause of the accidents so that methods of prevention may be developed and implemented.

a) Create a safer Athens-Clarke County.

- Reduce levels of serious injury by vehicle and fatality crashes in calendar year 2021 to levels at, or below, the mean for serious injury vehicle and fatality crashes over the last five (5) years.

6. Public Service

Often, because there are no other private agencies available, the public relies upon the police for assistance and advice in the many routine and emergency situations that occur in their lives. Saving lives, aiding the injured, locating lost persons, keeping the peace, and providing for the many other miscellaneous needs are basic services provided by the department.

a) Create a safer Athens-Clarke County.

- Achieve compliance with the Association of Public Safety Communications standard for answering 90% of all 911 calls within 10 seconds.

b) Enhance the department's response to mental health crisis incidents.

- Provide the Crisis Intervention Unit the necessary resources to meet increasing demands for service in response to mental health consumers.
- Meet or exceed the necessary grant requirements to demonstrate full support in the efforts of the Mental Health Collaborative Grant Initiative.
- Identify the appropriate final recommendations from the Mental Health Collaborative Grant Initiative for inclusion into departmental policies, procedures, and operations.
- With the sustainment of the mental health collaborative and refinement of data sharing, the continued diversion of persons in mental health crisis to supportive programs rather than entering the criminal justice system.

c) Maintain Accreditation and Certification.

- Maintain accreditation through The Commission on Accreditation for Law Enforcement Agencies (CALEA).
- Maintain certification through the Georgia Association of Chiefs of Police (GACP) Law Enforcement Certification Program.

Budget Highlights

General Fund

The General Fund represents the largest portion of the Police Department's budget and supports most of the operations for the Department. The Approved Budget for the Police Department includes budgeted funding from the General fund for;

- \$335,576 to expand the Mental Health Co-Responder Program from 3 teams to 7 teams by the end of 2021.
- \$67,699 for the Mental Health Co-Responder Teams to fully fund the 3 current teams in FY22.
- \$400,737 for vehicle replacement charges to begin funding a portion of the vehicle replacement contributions for public safety vehicles. This funding was shifted entirely to the SPLOST 2020 program for FY20 and FY21.

E-911 Fund

The Central Communications Division operates within the Emergency Telephone System Special Revenue Fund, E-911, primarily funded through 911 fees and General Fund support. The Approved Budget for the Police Department includes budgeted funding from the E911 fund for;

- \$25,000 for Central Communications training to establish a budget in the E911 fund for training of central communication personnel.

Salary and benefit changes for the Police Department not included in the items above are due to performance management pay, personnel turnover, changes in the vacancy factor, and/or reallocation of benefits applied by Human Resources.

For more information on the Emergency Telephone Fund, see page E-11.

Probate Court

Mission

The mission of the Probate Court is to serve the public, protect the incapacitated, and assist persons living with mental illness, dementia or other cognitive impairments, safeguarding the due process rights of all with efficiency and grace.

Goals

- To implement a new case management software that will replace the current case management software allowing for more efficient and streamline case processing.
- To digitize and index records of court proceedings for the period 1976-1997 which are currently not publicly accessible in a format other than the original records, to bring us into compliance with the law.
- To improve and facilitate information retrieval while safe-guarding historical documents.
- To better monitor and audit annual return and inventory filings by conservators, administrators and executors promptly, to recover all funds misappropriated by fiduciaries under the court's jurisdiction, and to remove malfeasors from office.
- To protect incapacitated persons vulnerable to exploitation, neglect or abuse from harm, as well as safeguarding public safety by being attentive to signs of possible harm and/or abuse.

Objectives

- To work closely with Pioneer, our newly contracted case management system provider, to streamline court procedures by adapting the software to our court's needs and by fully utilizing the features available to reduce case processing time by 20%, once we go live.
- To ensure that reporting and accounting requirements are met by all guardians, conservators and personal representatives of estates by using our new time-driven capability to trigger reminder letters, notices to appear and other applicable monitoring and enforcement mechanisms in 100% of new cases and in 50% of old ones per year over the next two years to begin upon the completion of software upgrade.
- To continue partnership with the Treatment and Accountability Court, Advantage Behavioral Health Systems, the Department of Behavioral Health and Developmental Disabilities, law enforcement and other mental health stakeholders to improve access to treatment and supportive services for those with mental illness and/or addictive disease by providing judicial support, training and expertise as requested.

Public Utilities

Mission

Our staff is committed to provide an uninterrupted supply of safe drinking water for public health, fire protection and economic productivity, and to safely convey and recycle wastewater in an environmentally responsive way. We operate and manage an effective and reliable enterprise, and responsibly reinvest in public health and environmental protection infrastructure at value to our ratepayers.

Goals

- Maintain the economic value of the public's water and sewer systems while improving its level of service
- Provide suitable technology to educate Athens-Clarke County citizens on environmental issues and to improve customer services
- Provide quality drinking water to protect and enhance the well-being of the citizens of Athens-Clarke County
- Maintain and improve the public water distribution and wastewater collection systems to meet the current and future needs of Athens-Clarke County.
- Adopt and /or expand new technology to provide efficient and improved operations, performance data and customer service
- Continue to safely recycle clean water from wastewater system
- Upgrade wastewater treatment to achieve better water quality and more beneficial reuse of residuals

Objectives

- Continue evaluation, replacement and/or rehabilitation of the public water transmission and distribution lines in a priority order
- Continue evaluation, replacement and rehabilitation of the public wastewater trunk and interceptor lines, in a priority order
- Evaluate and modify as necessary the Water Conservation Program ensuring that environmental, economic and public outreach goals are achieved
- Maintain water and sewer rates at affordable levels
- Continue utilization of the Wastewater Flow Monitoring Program to prioritize infiltration / inflow reduction
- Implement a non-potable recycle system to improve water supply resilience and reliability
- Implement water transmission line grid improvements to reduce impact of potential water service interruptions
- Initiate a three-year strategic plan to improve the department and the utility system's performance and accountability
- Install tertiary treatment at two of the Water Reclamation Facilities (WRF) and Class A biosolids Program at the North Oconee WRF

Glossary

AWWA means American Water Works Association
Capex means historical capital expenditure
CWA means federal Clean Water Act
ISO means Insurance Service Office
JGBWTP means the J.G. Beacham Water Treatment Plant
kWh means kilowatt hours
mgal means million gallons
mgd means million gallons per day

MHI means median household income
Median means 50th percentile of performance by other utilities
R&R means capital rehabilitation and replacement
SDWA means federal Safe Drinking Water Act
SSO means sanitary sewer overflows that reach waters of the State
WEF means Water Environment Federation
WRF means water reclamation facility

Public Utilities

Budget Highlights

- Water and Sewer Fund revenues for FY22 are projected to be \$57 million, an increase of \$3.4 million over the FY21 Budget. FY22 revenues are based on current rates and fees.
- For FY22 the projected revenue is sufficient to fund projected operating expenses (including all debt payments) in the Water & Sewer Fund (not including depreciation).
- The FY22 Budget includes the following New Initiatives:
 - \$35,000 for a Facilities Locator. This position will help fill the larger demand for the State of Georgia 811 system.
 - \$30,000 for Two Interns in the Water Treatment Plant.
 - \$14,500 for a Lab Tech Intern in Water Resources.
 - \$50,000 for a Maintenance Mechanic. This position will be used to service valves, pipeline and pump issues pertaining to the ACCGov Water System.
- Salary and benefit changes are due to personnel turnover and/or reallocation of benefits applied by Human Resources.

For more information on the Water & Sewer Fund, see page E-35.

Sheriff

Mission

The mission of the Clarke County Sheriff's Office is to serve our community through intentional engagement, access and transparency. We are dedicated to conducting ourselves in a manner respectful of the trust that has been placed upon us. We will perform the constitutional and statutory mandates of the Office of Sheriff with the highest degree of competence, skill and professionalism. We strive to actively enforce the laws of our state and to safely operate our detention facilities through progressive, innovative and humane practices aimed towards rehabilitating those in custody through non-conventional methods and returning citizens back into our community with hope and a chance for a successful future.⁹³ We are dedicated to this mission and to the people we serve to ensure that Clarke County is a safe place to live, work and visit.

Vision

Our vision is to be a nationally recognized public safety organization dedicated to deliberate service to our community. We will achieve excellence through education, training and empowering our employees to provide the highest professional services to the citizens of Clarke County. We are determined to provide a Sheriff's Office that is progressive, service oriented and purpose driven to influence and embrace change

Goal

We, the men and women of the Clarke County Sheriff's Office, pledge to infuse our core values in every aspect of our service to our community. Our four core values are:

- **Service** - We pledge to maintain a servant mind state with a community oriented approach.
- **Dignity**- We strive to engage with our community in such a manner that each person is left with their dignity intact.
- **Respect**- We will be respectful in all interactions with our community members.
- **Professionalism** - We are skilled in the performance of our duties and governed by the code of ethics that demands integrity by word or by act publicly and privately, the allegiance to our oath of office and the laws that govern our nation.

*** Service * Dignity * Respect *Professionalism***

Diversity, Equity and Inclusion Commitment Statement

The Clarke County Sheriff's Office is committed to building a culture that promotes and supports a diverse and inclusive workforce. A diverse and inclusive workforce ensures that the Sheriff's Office benefits from the backgrounds, perspectives, and experiences of its employees. Diversity, equity, and inclusion are essential to law enforcement operations and to the critical mission of the Clarke County Sheriff's Office.

Objectives

- Reduce the number of warrants on file through innovative special operations and administrative warrant reduction efforts in cooperation with the courts and prosecutors.
 - Review the current warrants for validity and work with the Judiciary, District Attorney, and Solicitor General to review old warrants determined to be un-servable and create a review system to dismiss these warrants.
- Provide prompt service of Temporary Protective Orders and Involuntary Committal Orders, provide timely service of civil and landlord and tenant processes, and provide timely presentation of prisoners before the courts.

- Prevent or quickly resolve any incident or breach of security in courtrooms, the courthouse, or the surrounding grounds.
- Pick up or deliver prisoners as needed, without harm, or undue delay as required by court orders or process of law.
- To provide all personnel with training opportunities in order to reduce liability.
- Continue procedural operation of the jail reducing errors in judicial processing, incidents of workplace injury, incidents of inmate violence, and public grievances. This goal applies to each year. This goal shall be assessed by tracking performance indicators in the above categories.
- Accomplish completion of all phases, opening, and transition to new jail and training facility. This goal shall be assessed by documentation of progress which shall be presented to Sheriff Edwards on a monthly basis.
- Continue to manage a growing jail population by efficient management of the inmate population and increasing, on an annual basis, the number of rehabilitative programs offered and the number of inmates participating in these programs. This goal applies to each year. Projections of future jail population growth are attached. This goal shall be assessed by analysis of statistical reports of the Inmate Programs Office.
- To pursue NCCHC (National Commission on Correctional Health Care) accreditation for the jail. This goal applies to years 2019 and 2020. During 2018, initiate the NCCHC accreditation application process. Seek accreditation during 2019 and 2020.
- To pursue ACA (American Correctional Association) accreditation for the jail. This goal applies to years 2019 and 2020. During 2018, initiate the American Correctional Association accreditation application process. Seek accreditation during 2019 and 2020.
- To continue to recruit qualified applicants for the position of Deputy Sheriff and Detention Officer by developing diverse community organizational relationships and the continued execution of the recruiting list plan as approved.
 - Review the recruiting list plan on an annual basis to update and improve recruiting ideas.
- To achieve CALEA Advanced Accreditation. We believe through Advanced Accreditation, our agency will continue enhancements in the following areas:
 - Assures agency members that our policies and procedures are in written form and available to all personnel.
 - Assures that our personnel system is in accord with professional standards and is both fair and equitable.
 - Provides neutral guidelines for developing strong budget justifications, especially for personnel and their allocation across functions and activities
 - Reduces the likelihood of vicarious liability suits against the agency.
 - Assures county officials and the general public that the Sheriff's Office is delivering a high level of service.
 - Demonstrates our commitment to providing high quality services with effective and responsive policies and procedures that are also fair and equitable.
- To continue to enhance the CALEA and State Certification proof compliance process.

*Due to a transition in our record management system, previous data has not been fully merged into the new system. Therefore, FY18 totals cannot be determined at this time. We are hopeful that this data will be available soon.

Budget Highlights

The FY22 Budget of \$18.1 million for the Sheriff's Office reflects no significant changes to services or programs.

- \$58,582 is included for vehicle replacement charges to begin funding a portion of the vehicle replacement contributions for public safety vehicles. This funding was shifted entirely to the SPLOST 2020 program for FY20 and FY21.
- The Sheriff's Office requested the following which were not recommended nor approved:
 - Inmate Medical cost increase \$ 927,372
 - Overtime increase \$ 249,176
 - Inmate transport for treatment/evaluation increase \$ 30,000

Salary and benefit changes are due to personnel turnover, changes in the vacancy factor, and/or reallocation of benefits applied by Human Resources.

Mission & Goals

The mission of the Office of the Solicitor-General is to seek justice through the appropriate prosecution of misdemeanor criminal offenses under Georgia state law and criminal violations of local ordinances in the State Court of Clarke County, the Municipal Court of Athens-Clarke County, the Municipal Court of the City of Winterville, and the Magistrate Court of Clarke County. Seeking justice requires us to investigate cases in order to gather the necessary information upon which to base prosecutorial decisions. Through the exercise of prosecutorial discretion, we seek to allocate the resources of the office in the most efficient manner in order to secure justice by maximizing the rate of successful resolution of cases, through trial, plea, or dismissal (when appropriate), while minimizing the length of time required for final disposition.

An important part of seeking justice for society is seeking justice for the individual victims of crimes. Accordingly, it is also the mission of the Office of the Solicitor-General to ensure that victims are given a voice in criminal proceedings by giving them a meaningful opportunity to express themselves through the judicial process. In order to achieve this mission, victims are provided with information about court dates and case status, education about victim compensation and restitution, and referrals to appropriate social service agencies. Additionally, we provide support for victims who face the emotionally difficult task of appearing and testifying in court.

While seeking justice is a key mission, the Office of the Solicitor-General also recognizes the need to educate the public as a way to reduce criminal behavior and increase the safety of our citizens. As a result, the Office of the Solicitor-General also sees as our mission informing the public about issues of domestic violence and alcohol related offenses, including DUI and Underage Possession of Alcohol, through various programs in an effort to prevent criminal cases before the need to prosecute arises.

Like many agencies, we have had to formulate new approaches and guidelines in light of the pandemic. Our primary aim was to reduce the number of people, including police officers, that must come into the courthouse once cases are again called for court. The fact that we were unable to safely conduct jury trials after March made this all the more difficult. Had we not acted to reduce the number of open cases, there would have been an enormous backlog of cases and exceptionally crowded trial calendars when trials resume. Balancing the public safety risk of assembling large groups in the courthouse with the risk posed by each defendant has been difficult, and has required frequent adjustments in light of changing circumstances.

The pandemic limited our ability to host record restriction events. Unlike free legal clinics, which can offer legal advice to anyone without the need to identify them, the record restriction process requires verification of a person's identity before you can provide the confidential arrest information and counseling we offer. The only event we were able to conduct started before the pandemic. We are currently working to develop an online version of these events that would satisfy the legal requirements involved.

It appears as though the pre-arrest diversion program has also been affected by the pandemic. The community board, which advises the agencies conducting the program, voted unanimously in January of 2020 to begin the program in March of 2020. The police department has since completed PAD training of its officers. However, we have yet to receive our first pre-arrest diversion case. Certainly, the pandemic would have impacted the roll-out of a new program. That being said, at a time when reducing the jail population should be a priority, pre-arrest diversion could be a useful tool in achieving that goal. We hope that the delay is temporary and that the police department recognizes the value of the program.

Solicitor General

Objectives

- Manage a complex and growing caseload in a fair and equitable manner, with the aim of creating a safer community through positive outcomes, both for the victims and for the accused.
- Reduce time between receipt of case and arraignments by continuing to Fast Track high-risk multi-offender DUI and domestic violence cases.
- Reduce time between arraignment and final disposition.
- Continue providing services and support to the victims of crimes.
- Continue to devote two prosecutors through a government-funded grant to handle family violence cases and two county-funded prosecutors to handle DUI cases so that these complex cases can be prosecuted efficiently and effectively.
- Reduce recidivism among DUI and substance abuse offenders through rehabilitation by strict supervision and mandatory treatment in the DUI/Drug Court Program.
- Continue providing effective domestic violence intervention and DUI enforcement training to new police recruits through the New Officer Basic Course and to experienced police officers through in-service training.
- Review all outstanding bench warrant cases in order to determine whether prosecution of the cases is consistent with the interest of justice.
- Continue providing free educational programs and record restriction events designed to reduce criminal behavior, promote safety, and improve the quality of life for those in our community.
- Continue to participate as team members of the DUI/Drug Court, Treatment and Accountability Court, and Veterans' Court in an effort to seek alternative sanctions that reduce recidivism and the jail population.

Solicitor General

Budget Highlights

The Solicitor General’s Office is funded from the General Fund as well as 5% fine add-on revenue in the Special Programs Fund which supports one fulltime victim assistance position.

The Approved Budget for the Solicitor General’s Office includes an additional \$1,850 for vehicle replacement charges to begin funding a portion of the vehicle replacement contributions for public safety vehicles. This funding was shifted entirely to the SPLOST 2020 program for FY20 and FY21.

Salary and benefit changes are due to performance management pay, personnel turnover, and/or reallocation of benefits applied by Human Resources.

Vision, Mission & Goals

Athens-Clarke County Approach to Solid Waste Management

Solid Waste Department Vision Statement:

To be a leader in sustainable material management by creating a culture of zero waste.

Solid Waste Department Mission Statement:

To efficiently deliver integrated material management through comprehensive and innovative collection, disposal, waste reduction and education services.

Core Values:

Integrity, Accountability, Efficiency, Innovation, Teamwork and Stewardship

Approach:

The Solid Waste Department (SWD) provides collection and disposal services that meet or exceed state standards and are responsive to the health and sanitary needs of our community. The department accomplishes this while maintaining a competitive cost of services for our customers and the community as a whole. The SWD is comprised of four Divisions.

The *Collections Division (CD)* functions as an enterprise fund that provides waste and recycling collection services to the Central Business District (CBD), Urban Service District (residential ~ 10,000 customers), commercial curbside, dumpster and roll-off customers. The Collections Division manages two general fund services the residential leaf and limb collection program and CBD litter control.

The *Landfill Division (LD)* functions as an enterprise fund that provides waste disposal services to customers from Athens-Clarke County and Oglethorpe County. The landfill offers recycling opportunities to customers, and is home to the Classic City Compost Facility, a commercial composting facility that manufactures a soil amendment from leaf and limb debris, bio-solids and/or food scraps.

The *Recycling Division (RD)* relies on funding from the Landfill Enterprise Fund and the Waste Minimization Fee to support staff, events and programs. Additionally, the RD includes the public-private partnership Recovered Material Processing Facility (RMPF), Center for Hard to Recycle Materials (CHaRM) and Teacher Reuse Store.

The *Keep Athens-Clarke County Beautiful Division (KACCB)* relies on funding from the general fund and functions as a Division of the ACC Solid Waste Department and a 501 C3 organization that is an affiliate of the state Keep Georgia Beautiful program national Keep America Beautiful program. KACCB provides education and outreach for 22 civic programs related to litter prevention, waste reduction, and beautification.

FY20 Overview:

Accomplishments

- CD received 2020 Top Fleet Award from Samsara: Excellence in Public Fleet Management.
- CD featured on Good Morning America in November 2020.
- LD updated Design and Operations (D&O) plan.
- RD received grant from the Foodservice Packaging Alliance for \$9,200 for promotion to increase recycling and combat contamination.
- RD grew Glass Bottle Reduction Program, tripling the number of local businesses qualifying for a tax break.

Solid Waste

- KACCB received the 2019 Keep America Beautiful Affiliate Award of Excellence, the 2019 Keep Georgia Beautiful Affiliate of the Year Award, the 2019 GA Rivers Alive KGBF Government agency of the year award, and the 2019 Governor’s Circle Award.
- KACCB completed the 7th installment of the Loop 10 Daffodil and Tree project raising funds to plant 25,000 daffodils and 25 trees.
- KACCB completed the collection, assessment, and evaluation of the ACC Litter Survey and presented the “State of Litter” PowerPoint for M&C.
- KACCB began long-term goal of creating all outreach content in Spanish to serve a more diverse population in ACC.

Challenges

- Covid-19 challenges with staffing including decrease in incoming recycling tonnage by 20% and municipal solid waste by 5%
- New high moisture content requirement from EPD (could impact leachate management) for LD
- Private hauler service challenges in the GSD (continued).
- Increased litter, illegal dumping and human waste issues related to Covid-19 and homeless population.
- Recycling Markets continue to struggle; RD paid nearly \$221,000 in processing fees in FY20 over revenues.
- CBD collection method needs overhauled along with new pedestrian trash and recycling containers (continued).

FY21 Outlook and Opportunities:

- Revise and update Solid Waste Ordinances and Policies specifically for Franchised Haulers
- Revise and update Waste Reduction Goals along with Envision Athens Goal and SW Management Plan
- Increase Commercial Compost Collection program customers
- RD tackle contamination in recycling stream
- RD promote use of Center for Hard to Recycle Materials to all ACC residents and businesses
- RD to contract with new operator of the Recovered Materials Processing Facility
- Significant equipment improvements at RMPF should reduce outbound residuals
- KACCB to create safety and training module for homeless volunteer program

Solid Waste

Budget Highlights

The Solid Waste Department's budget is supported by three funds: the General Fund, Landfill Fund and the Solid Waste Fund.

General Fund

- The FY22 General Fund Budget for litter collection in the Commercial Business District is \$244,000.
- The budget for Leaf & Limb services is \$780,000.
- \$7,000 is included for Neighborhood Clean-Up funds. These funds support litter clean-ups in neighborhoods and homeless camps.
- \$4,000 is included to purchase Electric Leaf Blowers. These blowers will replace the gas blowers used in downtown operations.
- \$89,774 is included for vehicle replacement charges. General Fund vehicle replacement charges were removed from the FY21 Budget by the Mayor and Commission and have been reinstated for FY22.

Landfill Enterprise Fund

- Revenue for the Landfill Enterprise Fund is projected to be \$4.3 million, which is similar to the FY21 Budget. Based on current waste flow, the FY22 estimate is 90,000 tons, which is similar to the FY21 estimate.
- Operating expenses (less depreciation) for the total Landfill Fund in FY22 are projected to be \$3.9 million, which is \$200,000 above the FY21 Budget.
- The FY22 Budget includes an increase to the Bio Solids Tip Fee in FY22. The increase from \$40/ton to \$50/ton is estimated to increase revenues by approximately \$50,000.
- \$50,000 is included in the Budget for a New Initiative to add a Commercial Compost Equipment Operator. This position will increase staffing levels to what is needed to expand compost processing capacity.

Solid Waste Fund

- Revenues for FY22 are projected at \$3.6 million, similar to FY21. No collection rate changes are included for FY22.
- Operating expenses (less depreciation) for the total Solid Waste Fund in FY22 are budgeted at \$3.6 million, similar to the FY21 Budget.

American Rescue Plan Fund

- The FY22 Budget includes \$36,000 for camera systems to deter illegal dumping.

Salary and benefit changes are due to personnel turnover and/or reallocation of benefits applied by Human Resources.

For more information on the Landfill Fund and the Solid Waste Fund, see Section E. For information on individual fees, see the Schedule of Fees and Charges beginning on page G-15.

State Court

Mission and Goals

The Mission of the State Court is to preside over civil and criminal cases in a manner consistent with the law and interests of justice. The Court seeks to handle all cases in a timely, efficient, and cost-effective manner and to treat all persons who appear in Court with dignity, courtesy, and respect. A significant part of the operation of the Court is the DUI/Drug Court program, the goal of which is to provide the opportunity for repeat DUI and substance-abuse offenders to achieve sobriety and become productive members of our community through a unique program of intensive supervision, treatment and accountability.

Objectives

The State Court seeks to provide diligent, effective, efficient and fair administration of justice in all civil and criminal cases. The DUI/Drug Court seeks to reduce recidivism rates for high-risk offenders by holding offenders accountable and therefore increasing public safety.

Performance Measures

	Actual		
	FY18	FY19	FY20
Criminal Cases Filed	3,804	3,352	2,438
Criminal Cases Disposed	3,834	3,334	2,227
Civil Cases Filed	676	702	776
Civil Cases Disposed	582	550	561
Jury Trials Conducted	27	19	1

With the onset of Covid-19 restrictions beginning in March 2020, the manner in which we have conducted business in State Court has changed dramatically. Performance measures in past years have focused on the number of cases filed and the number of cases resolved, with our goal being to balance those numbers. The pandemic has affected our ability to balance those numbers. We look forward to FY22 with the goal of eliminating the current back-log of cases and balancing performance measures.

State Court

Budget Highlights

- \$50,000 is included for General Fund Transfer to the Special Programs Fund to support the DUI-Drug Court. This support is necessary due to shortfalls in participant fees and the decline of DATE Fund revenues. The court requested to move the entirety of the DUI-Drug Court to the General Fund which would have resulted in a net increase to the General Fund of \$98,000. This request was not recommended or approved.
- The FY22 Budget for the DUI-Drug Court includes estimated participant revenues of \$65,000, anticipated grant funding of \$82,000, use of program balance of \$22,000, \$50,000 of General Fund support and anticipated use of DATE Funds of \$25,000 for a total of \$244,000.

Superior Court

Mission

Superior Courts

The mission of the Superior Courts is to provide for the timely, effective and legally correct resolution of civil disputes, criminal prosecutions, appellate and equity matters in the furtherance of justice and in compliance with the Constitution and the laws of the State of Georgia. The Superior Courts also supports and oversees the operation of programs and functions within the Superior Courts' authority.

Probation Services

The mission of Probation Services is to be a leader in community corrections, working with the judiciary and the community to create a safer society. Probation Services is committed to providing the courts with quality information while offering viable, cost-effective sentencing and pretrial options. Through a balance of compliance enforcement and treatment strategies, offenders are held accountable and afforded opportunities to become productive, law-abiding citizens. Probation Services provides offender management for Felony Drug Court, Treatment and Accountability Court, Veterans Court, DUI/Drug Court, and the Solicitor's Pretrial Intervention Program. Probation Services also provides enhanced supervision of Domestic Violence cases under a Violence Against Women (VAWA) grant and operates the full-service Athens Drug Lab.

Felony Drug Court

The mission of the Western Judicial Circuit Felony Drug Court is to provide an alternative means for addressing substance abuse offenses through a judicially supervised regimen of treatment for chemically dependent offenders with the goal of yielding sober, law-abiding citizenry, thereby reducing the cost and negative effect on the community while resolving public safety issues.

Mental Health Treatment and Accountability Court

The mission of the Treatment and Accountability Court is to increase public safety and make more effective use of resources, in cooperation with local mental health providers, by providing judicial supervision to offenders with mental illness, thereby reducing criminal behavior, reducing arrests and jail time; effectively treating and monitoring individuals with mental illness and improving the quality of life for individuals and their families.

Veterans Treatment Court

The mission of the Western Judicial Circuit Veterans Treatment Court is to provide support and accountability that empowers Veterans to regain and maintain productive, responsible lives.

Alternative Dispute Resolution

The mission of the Alternative Dispute Resolution Program for the Tenth Judicial District is to provide an alternative method of resolving disputes in cases filed in Superior, State, Magistrate and Probate Courts of Athens-Clarke, Oconee, Madison, Hart, Elbert, Franklin, Walton, Newton, and Oglethorpe counties. Judges in these counties assign appropriate cases for mediation in conformity with state law and local rules established by the Board of Directors for the ADR program. The ADR Program staff also coordinates the Divorcing Parents Programs in Athens-Clarke and Oconee counties for spouses filing for divorce who have children under 18 years of age.

Law Library

The mission of the Athens-Clarke County Law Library is to provide free use of legal research materials including statutes, digests and case law in an effort to promote equal access to court services. The Law Library's primary

Superior Court

purpose is for legal research, but it also has facilities for meetings and serves as the center for self-represented litigants.

Objectives

- To maintain or increase current disposition rates for Superior Court civil and criminal cases.
- To increase response times, participation, rehabilitative services and compliance through alternative programs such as Alternative Dispute Resolution, Felony Drug Court, Mental Health Treatment and Accountability Court, Veterans Court and Probation Services.
- Increase positive community relations and the professional knowledge of court staff and participants while ensuring equal access to court services.
- Increase program participation for qualified participants in the Felony Drug Court, Mental Health Treatment and Veterans Court and increase the direct contact and supervision provided to participants of these programs and Probation Services to ensure program conformity and fidelity.
- To establish a Steering Committee to build community support and awareness to all of the Accountability Courts.
- Formation of a Judicial Council to hold regular meetings to address Criminal Justice Reform.

Budget Highlights

The FY22 Budget for Superior Court includes operations in the General Fund, the Alternative Dispute Resolution (ADR) Fund, and the Special Programs Fund (Law Library).

General Fund

The Budget for the Superior Court includes budgeted funding for;

- \$26,000 for Electronic Monitoring in Probation. This would allow for additional capacity for Probation and pre-trial monitoring.
- \$1,300 is included for vehicle replacement charges. General Fund vehicle replacement charges were removed from the FY21 Budget by the Mayor and Commission and have been reinstated for FY22.
- The Superior Court also requested \$78,300 to move the Veteran's Court Coordinator from the Grants Fund to the General Fund, and \$77,600 for a Judicial Media Specialist. These requests were not recommended or approved.

ADR Fund

- This program operates in a separate fund and all costs are recovered by revenues from fees charged to participating judicial circuits, which currently include the Alcovy, Northern and Western judicial circuits.
- The FY22 Budget for the ADR Program reflects no significant changes.

Special Programs Fund

- The Superior Court budget in the Special Programs Fund includes the Law Library.
- There are no significant changes in FY22 for the Law Library.

Salary and benefit changes for Superior Court are due to personnel turnover, a full year of salary and benefits for the Counselor in Probation, and/or reallocation of benefits applied by Human Resources.

Superior Court

Tax Assessor

Mission & Goals

- Appraise all property located in Athens-Clarke County at its fair market value to ensure that taxpayers pay no more than their fair share of property taxes.
- Achieve fair and equitable valuations of all properties within state mandated specifications.
- Produce a statutorily acceptable digest by August 1 of each year.

Objectives

- Maintain a level of assessment (assessed value/sales ratio) between 38% and 42%.
(State requirement range is 36% - 44%)
- Maintain a uniformity of assessment (coefficient of dispersion) not to exceed a range of 10% above or below the median ratio (state requirement is less than 15%)
- Maintain an assessment bias relationship (price related differential) close to 1.00.
(State requirement range is 0.95 – 1.10)
- Prepare and send change of assessment notices by first week of May each digest year.

Tax Commissioner

Mission

The overall goal of the Office of the Tax Commissioner is to provide effective service and accountable tax administration to the citizens of Athens-Clarke County in a fair and courteous manner.

The Property Tax Division is involved in the preparation of the digest, collection of ad valorem tax on real and personal property, disbursements of these collections to the levying authorities, and final audit of these transactions.

The Delinquent Tax Division's mission is to maximize collection of ad valorem tax by working with taxpayers in financial difficulty and maintaining an ongoing levy program. We use all legal measures to collect delinquent tax from those who willfully refuse to pay.

The Motor Vehicle Division - Services provided by this division are: (1) registration and titling of vehicles, collection, and disbursements of related taxes and fees; and (2) advising taxpayers of legal means of transferring vehicle ownership and proper registration and titling procedures.

Objectives

- Prepare digest and obtain DOR approval in July to send out Property Tax bills for real and personal property on or before August 20th for an October 20th due date.
- Disburse property tax payments received within one week in off peak season and within two weeks in the peak season as required by O.C.G.A.
- Collect, process and disburse 91% of property taxes billed within 30 days of due date and 98.5% by end of fiscal year
- Process property tax payments within 24 hours of receipt during off peak season and within 7 business days during peak season.
- Maintain Homestead applications
- Issue Fifa's for delinquent taxes
- Process and mail out MH bills by February 1st
- Process walk in motor vehicle transactions within 15 minutes and mail in within 24 hours of receipt
- Disburse weekly to the levying authorities all collections for Motor Vehicle Division

Mission

The mission of the Transit Department is to provide safe, courteous, cost effective efficient public transportation services to the citizens of Athens-Clarke County.

Goals & Objectives

- Transit is to provide transportation to employment, educational, medical, shopping, cultural, and other resource centers for community members, with special attention to those who do not have access to other modes of transportation.
 - a) To identify areas with transit dependent block groups that have an above average propensity to use transit by assessing census data.
 - b) Recommend change on a system wide basis to better address the needs of citizens.
 - c) Emphasize regional connections for all ground transportation.
 - d) Position Athens Transit as a strong alternative to automobiles by providing more frequency of service, longer hours of service, multiple transfer options, and more direct routes with shorter travel times.
- Transit provides solutions to help improve citizen mobility within Athens-Clarke County.
 - a) Identify neighborhoods that are underserved and develop service plans.
 - b) Attempt to improve air quality by reducing traffic congestion along specific corridors.
- ATS operates in such a manner that is cost effective.
 - a) Continue to pursue dedicated funding sources for transit services. (Examples; local option sales tax, gasoline tax, etc.)
 - b) Develop alternative revenue sources that have the least impact on local community tax payers.
 - c) Create a fare structure that is economically feasible for people with low incomes.
 - d) Utilize SPLOST and TSPLOST funding to supplement capital expenses.
 - e) Thoroughly investigate, acquire and implement new technology to achieve operating cost savings.
- Continue to foster the ATS and UGA transit services interface in order to achieve community goals.
 - a) Continue to coordinate with Campus Transit to avoid duplication of transit services.
 - b) Develop specific services in conjunction with Campus Transit, tailored to meet the needs of UGA affiliated passengers.
- Reduce the need for parking facilities within the CBD and UGA campus therefore allowing maximum utilization of land for more productive purposes.
 - a) Educate employers, the business community and citizens about the economic benefits of Athens Transit.
 - b) Encourage more partnerships with employers and business communities.
 - c) Develop park-n-ride sites with direct service to the CBD and UGA campus.

SERVICE GOALS

Fixed Route Service – “The Bus”

- Provide safe, timely transit services to our community and a safe service environment for customers and employees.
- Ensure that safe, clean, well-maintained vehicles are available to operate all trips as scheduled.
- Achieve a high level of rider satisfaction and an on-time performance rate that exceeds 95%.
- Maximize fare revenue, while providing economical services.
- Limit the cost of providing service by generating more revenue.
- Increase community awareness and encourage use of available transit service.

Transit

- Implement innovative route and scheduling methods to reduce cost and promote increased ridership.

Paratransit Demand Response – “The Lift”

- Limit the increasing cost of providing service by ensuring only qualified individuals are permitted to use the service.
- Achieve a high level of rider satisfaction and an on-time performance rate that exceeds 95%.
- Optimize scheduling to effectively utilize resources.
- Implement innovative route and scheduling methods to reduce cost and promote increased ridership.

Performance Measures

Note: Because of COVID-19 Reduced Ridership all Performance Measures have been reduced by 65%

Budget Highlights

The FY22 Budget for the Transit Enterprise Fund includes:

Revenue

- Federal funding, estimated to be almost \$3.9 million in FY22, based on the current grant contract and funding from the CARES Act

Note: Additional federal funding through the American Rescue Plan Act is anticipated for ACCGov Transit in FY22. This increased funding is not included in the Approved Budget as it is pending official notification from the Federal Transit Administration (FTA)

- There will be no General Fund contribution to the Transit Enterprise Fund, same as FY21 Budget, due to increased federal funding allocations expected in FY22 from the FTA through the American Rescue Plan Act
- Transit is approved to remain fare-free for FY22, so no farebox revenue nor contributions from the University of Georgia (UGA) for student ridership are projected

Expenses

- Total expenses (less depreciation of \$4.4 million) are projected at \$7.3 million, same as FY21 Budget (calculated as total expenses less depreciation of \$4.4 million)
- \$2,689 of FY22 cost savings is included for the conversion of two part-time positions to one fulltime Administrative Assistant position
- \$6,976 of FY22 cost savings is included for the conversion of two part-time positions to one fulltime Route Supervisor position
- Full funding is included for two fulltime Transit Maintenance Worker positions, which were added for the last six months of FY21
- \$100,841 is included for the Transit Planning Grant, similar to FY21, which funds a Planner II position

Salary and benefit changes are due to personnel turnover and/or reallocation of benefits applied by Human Resources.

For more information on the Transit Fund, see page E-34.

Transportation & Public Works

Mission

Transportation & Public Works is committed to the responsible planning, construction, maintenance, and operation of a transportation network that is effective and safe for people using all modes of transportation.

Further, Transportation & Public Works is dedicated to a stormwater management program that improves both the conveyance of stormwater and the quality of our streams and rivers while running an effective and responsive utility.

Goals

The Department strives to provide an effective and safe transportation network for people using all modes through the following:

- Provide a proactive asset management program to key transportation infrastructure including pavement, bridges, traffic signals, pavement markings, and signs
- Provide safe and efficient roadways
- Provide effective and connected bicycle and pedestrian networks that are comfortable and safe for all users
- Provide safe, clear, efficient, and effective traffic control and guidance systems
- Provide proactive and responsive maintenance to transportation systems
- Promote high quality, safe, effective and environmentally sensitive development in the community
- Oversee the effective and cost efficient construction of transportation improvements
- Provide prompt emergency response that serves the needs of Athens-Clarke County

The Department strives to provide an effective stormwater program through the following:

- Provide a proactive asset management program to key stormwater infrastructure including dams, detention facilities, culverts, and stormwater collection systems
- Provide safe and efficient public storm water collection and conveyance systems
- Operate a utility that is cost efficient, effective, and responsive
- Identify safety and operational deficiencies in drainage systems and deliver corrective solutions in a timely manner

Objectives

Transportation:

- Provide major roadway maintenance (resurfacing) to at least 5.8% (70 lane-miles) of ACC lane miles to provide a sustainable life cycle program (10 years for arterials, 15 years for collectors, and 20 years for local roadways)
- Replace approximately one bridge every 1.5 years to provide sufficient structures
- Rebuild approximately 8% (7) traffic signals annually to provide a reliable and effective signal system
- Upgrade 8%, approximately 2,750, of all road signs on an annual basis to ensure proper reflectivity standards of all signs
- Complete plans review for new development within fourteen (14) days of submittal
- Complete 95% of street work requests within thirty (30) days of receiving the request

Stormwater:

- Develop and implement an asset management program for piped stormwater systems
- Continue implementation of Stormwater Master Plan
- Maintain stormwater utility bill collection to average at least 92% yearly

Transportation & Public Works

- Provide a cost effective stormwater utility that maximizes public investment
- Complete 95% of stormwater requests within thirty (30) days of receiving the request

Budget Highlights

Transportation and Public Works is funded through two funds: the General Fund and the Stormwater Fund. The General Fund supports Administration, Traffic & Operations, Engineering, and Streets & Drainage. The Stormwater Fund supports Engineering, Streets & Drainage, and Stormwater Management for stormwater projects.

The Approved Budget for Transportation and Public Works includes budgeted funding from the General fund for;

- \$226,658 for vehicle replacement charges. General Fund vehicle replacement charges were removed from the FY21 Budget by the Mayor and Commission and have been reinstated for FY22.
- \$6,000 for the Quiet Zone Application to begin to determine the eligibility for redevelopment of railway crossings to reduce noise.
- Salary and benefit changes are due to performance management pay, personnel turnover, changes in the vacancy factor, and/or reallocation of benefits applied by Human Resources.

For more information on the Stormwater Fund, see page E-38. For information on individual fees, see the Schedule of Fees and Charges beginning on page G-15.

FY22 Capital Budget and Capital Improvement Plan

The Capital Improvement Plan (CIP) is a multi-year planning instrument used by Athens-Clarke County to identify capital projects and to coordinate the financing of these projects. Capital projects are undertaken to:

- a) Maintain infrastructure and public facilities,
- b) Promote economic development and enhance the quality of life,
- c) Enhance the delivery of services,
- d) Preserve community and historical assets and
- e) Improve economically depressed areas and / or those areas with low and moderate income households.

For budgeting and accounting, a capital project is defined as an individual asset or project expenditure of at least \$30,000 which has an expected useful life of three years or longer. It includes any vehicle requests that may increase the size of the fleet beyond its current authorized level. The Mayor and Commission must approve all capital projects and additions to the fleet.

The first year of the Capital Improvement Plan is the Capital Budget. When adopted by the Mayor and Commission, the Capital Budget formally authorizes the expenditure of funds for FY22 capital projects. Projects outlined in the remaining four years (FY23 – FY26) are for planning purposes only and are not authorized until included in an adopted Capital Budget. Furthermore, projects identified in years FY27–FY31 are listed to show a budget estimate for the next five years of future capital planning.

In accordance with the Government’s fiscal policies, once approved, the appropriation balance carries forward until the project is completed or funds have been expended.

Capital requests are classified in either of two project categories:

- a) Capital for Current Services (CS) and
- b) Capital for Additional or Improved Services (A&I).

CS projects are designed to maintain the current capital base or the existing service level. A&I projects are intended to improve service levels or add to the capital base.

Expenditures (uses) proposed for the FY22 Capital Budget total \$45.8 million (page D-2). General Capital Fund projects (page D-3) total \$5.7 million. The remaining capital projects in the Enterprise, Internal Service and Special Revenue Funds total \$40.2 million.

The FY22 Capital Budget and the Five-Year Capital Improvement Plan are summarized on pages D-3 to D-19. Detailed data sheets for individual projects begin on page D-20.

Major Projects Capital Summary

Matching Funds for Airport Capital Improvement Grants

1 of 3

CS, Transportation

Project Timeline: Ongoing

Project Description

This project provides matching funds for approved Airport Improvement Projects (AIP) and other grants funded by the Federal Aviation Administration (FAA) and/or the Georgia Department of Transportation (GDOT).

Project Justification

This project is in keeping with the airport's FAA capital improvement program and Airport Master Plan. Funding for Airport projects is contingent upon the FAA and GDOT approving discretionary funding. Federally funded projects are awarded at a percentage of 90% Federal, 5% State and 5% Local matches. State funded projects are awarded at a percentage of 75% State and 25% Local match.

Maintain Airport Facilities and Equipment

2 of 3

CS, Facilities

Project Timeline: Ongoing

Project Description

Maintain airport facilities and repair and/or replace equipment.

Project Justification

Provide funding to maintain airport facilities such as painting hangars, replacement of furniture, replacement of roofs, replacement of flooring, and HVAC systems. Replacement and repair of flightline equipment. This does not include any funding for buildings that may be maintained by the Facilities Management Division of the Central Services Department.

Airport
 Aircraft Rescue and Fire Fighting Proximity Suits & Gear and SCBA Tank and Breathing Apparatus

Department Priority
 3 of 3

CS, Equipment

Project Timeline: FY22 to FY22

Project Description

This request is for the purchase of 5 Firefighting Helmets, 4 proximity ARFF jackets, 1 proximity ARFF pants, 3 pairs of gloves, 3 nomex hoods and 4 pairs of boots. This request also includes 1 SCBA Tank and Breathing Apparatus. These items need to be replaced every 10 years are past the life cycle.

Project Justification

This equipment is mandated by the FAA and NFPA for use in an Aircraft Rescue & Fire Fighting operation. Fire support is an FAA Part 139 requirement for scheduled service and certain charter operations on the airport.

Facilities Life Cycle Maintenance Program

1 of 22

CS, Facilities

Project Timeline: Ongoing

Project Description

The Facility Component Life Cycle Maintenance program is an annual plan to replace key facility components on buildings maintained by the Central Services Department. The goal is to replace the items at or near the end of their normal life expectancy to minimize operating budget impacts caused by unexpected failures of older equipment. The major components included in this program are roofs, HVAC equipment, exterior and interior painting, carpets and emergency generators. A 3% inflation factor has been applied to out-years. This program has not been funded since FY19.

Project Justification

This program is required to ensure that adequate funds are available to maintain facilities owned by ACCGov. Replacements covered under this program are necessary to protect ACCGov's financial investment in their public facilities. Timely replacement of aging components extends the life expectancy of facilities and creates safer, more productive work environments. Cost estimates were obtained from Facilities Management staff and through professional services. NOTE: Funding requested in each year is based on projected needs of the life cycle program. Inadequate funding will result in emergency funding requests for equipment that fails due to over-extended lifetimes. With Mayor & Commission approval a portion of these funds is eligible to be supplemented from SPLOST 2020.

Impact on Annual Operating Expenses

	FY22	FY23	FY24	FY25	FY26	FY27-31	Annual
Because funding has not been provided since FY19 we are already incurring higher operating expenses and having to divert facility maintenance money into reinvestment.	(697,160)	(301,359)	(190,842)	(294,275)	(236,342)	(952,252)	(267,223)

Fleet Replacement Program

2 of 22

CS, Equipment

Project Timeline: Ongoing

Project Description

The Internal Service Fund Fleet Replacement Program is funded from the user departmental contributions. These expenditures are for the authorized replacement of vehicles and equipment that have reached the end of their useful life. There are 764 vehicles and pieces of equipment in the Fleet Replacement Program. Specific vehicle replacements are approved each year by the Manager.

Project Justification

Replacement of vehicles and equipment on a planned schedule reduces repair costs, downtime and provides for a constant funding strategy to meet the vehicle needs of the user departments. This project is severely underfunded. Previous underfunding and the deferral of approximately \$2.8 million dollars in FY20 and FY21 have resulted in a backlog of approximately \$9 million dollars of vehicles eligible for replacement. With Mayor & Commission approval a portion of these funds is eligible to be supplemented from SPLOST 2020.

Impact on Annual Operating Expenses

	FY22	FY23	FY24	FY25	FY26	FY27-31	Annual
Repair expenses increase dramatically as these vehicles exceed their target life. We have reached a point where some vehicle repair costs exceed the value of the vehicle itself.	(50,000)	(100,000)	(200,000)	(400,000)	(800,000)	(4,000,000)	(555,000)

800 MHz Subscriber Radio Life Cycle

3 of 22

CS, Equipment

Project Timeline: Ongoing

Project Description

This project accumulates funds for a life cycle replacement program for the 800 MHz subscriber (portable and mobile) radios purchased with SPLOST 2011 funds. Over 1,000 radios were purchased through SPLOST 2011. The manufacturer indicates that these radios have a life expectancy of 5-10 years. This proposal sets aside funds for the subscriber radios and continues the life cycle process begun with the older radios. The average current replacement cost is approximately \$4,000 per radio. These funds may also be used to replace radios that are damaged or lost during use and the radios that are used to activate the tornado sirens, Greenway Call Boxes, Fire Station Alerting, and other critical items.

Project Justification

As these subscriber radios age, they become both unreliable and expensive to repair. Staff believes that with good maintenance, a 12-year life expectancy is feasible. No inflation figures are applied in the belief that improved technology and competition will offset any inflationary increase. Funding will provide for the replacement of the radios that fail due to age, cost of repairs, or other reasons.

Impact on Annual Operating Expenses

	FY22	FY23	FY24	FY25	FY26	FY27-31	Annual
Planned capital investment now will ensure that we avoid increased operating costs as this equipment exceeds its lifecycle.	-	-	-	-	(200,000)	(1,000,000)	(120,000)

Landscaping Equipment Life Cycle Replacement

4 of 22

CS, Equipment

Project Timeline: Ongoing

Project Description

Purchase replacement landscape maintenance equipment (mowers, chainsaws, ball field implements, etc.) used by the Landscape Management Division (LMD). This capital project uses equipment expected useful life cycles as a basis for projecting annual replacement costs. Equipment is used for landscape services to Athens-Clarke County parks, public buildings, and rights-of-way. Replacement costs are based upon current government pricing.

Project Justification

The efficiency of landscape services is dependent upon functioning, reliable equipment. Budget projections established 5 years ago are now obsolete, equipment pricing has increased as technology advances, and material costs have increased. Examples: gang mower used on ballfields budgeted at \$13,000 for replacement now cost \$25,000; zero-turn mowers budgeted at \$8,000 for replacement now cost \$11,000. The proposed change in FY23 accounts for the replacement of equipment that was deployed to manage Greenway trails and restores equipment to life cycle planning that was removed during the last recession.

Mobile Communications Van Equipment Replacement

5 of 22

CS, Equipment

Project Timeline: FY21 to FY26

Project Description

This project is to replace the Mobile Communications Vehicle (MCV) equipment and configure a new MCV. The MCV provides critical connectivity for Public Safety during the University of Georgia football games affecting approximately 92,000 people. The project makes citizens safer by providing public safety connectivity in times of crisis, search and rescue efforts, and other events where the safety of the public is paramount.

Project Justification

Safe and Prepared Community - The Mobile Communications Vehicle (MCV) provides essential communications services. The ability to provide those services is vital to continued interoperability operations and field support of public safety and government personnel. The MCV has become a critical first response unit for search and rescue operations. When citizens go missing, the MCV is a first responder vehicle. The MCV is needed to continue what is a basic service for public safety. This is a replacement project for the equipment and initial configuration. Fleet Management will purchase the base vehicle. Under the existing agreements, the University of Georgia will offset approximately 30% of this cost through monthly radio user fees.

Impact on Annual Operating Expenses

No impact on annual operating expenses are anticipated as this is a replacement project.

Fleet Management Shop Equipment Life Cycle Replacement

6 of 22

CS, Equipment

Project Timeline: Ongoing

Project Description

This project will provide life cycle replacement funds for worn or obsolete equipment used in the two shop areas at Fleet Management's maintenance facility (Vehicle Servicing & Repair, and Vehicle Replacement). This equipment is used for the outfitting, maintenance, and repair of all vehicles and equipment in the ACCGov fleet that serves all ACCGov departments. Specifically, Fleet Management plans on purchasing a new, much needed forklift and rebuilding one of our brake

Project Justification

This project is needed to ensure that the equipment used by Fleet Management in support of the ACCGov fleet is functional and up-to-date. Otherwise, worn and obsolete shop equipment will impact Fleet Managements service delivery requiring some vehicle and equipment repairs to be outsourced at a higher cost to the user department.

800 MHz Radio Infrastructure Replacement

7 of 22

CS, Equipment

Project Timeline: Ongoing

Project Description

This project will establish a life cycle replacement program for the 800 MHz radio infrastructure and towers. According to radio vendors, the infrastructure of a radio system has a life expectancy of 10-20 years; this project assumes a 20-year life span. This project sets aside money for the three towers and supporting equipment to be replaced.

Project Justification

Radio vendors estimate their systems have a life expectancy of 20 years. This project creates an accumulating fund, beginning in FY17, to replace the towers and future infrastructure on a 20-year cycle. Based on the previous radio system, staff feels 20 years is the correct estimate through diligent maintenance, if parts remain available. Estimated replacement costs total \$6.2 million (Whitehall \$3M; Vaughn Road \$2M; Police \$1M; American Tower \$100k; UGA Tower \$100k).

Landscape & Community Tree Program

8 of 22

CS, Facilities

Project Timeline: Ongoing

Project Description

The purpose of this project is to provide or restore Athens-Clarke County (ACCGov) landscape features that: (1) become unserviceable due to natural life-span, (2) are destroyed due to construction activities, (3) serve as enhancements to existing conditions, (4) provide a standard level of landscape quality to under-funded facility projects, or (5) serve as natural vegetative cover for undeveloped or passive public lands. Projects are located at ACCGov parks, rights-of-way, buildings/facilities, and right-of-way stormwater bio-retention facilities.

Project Justification

The Landscape Management Division annually renovates aging and over-mature landscapes in order to reduce maintenance costs, maintain aesthetically pleasing properties, and protect visitor health. This capital life cycle program stabilizes annual expenditures, preserves infrastructure assets, benefits citizens and staff and improves asset life expectancy. Hotel/Motel funding will be used downtown and in areas focused on recreation & tourism.

Parking Lot Life Cycle Maintenance & Repair

9 of 22

CS, Facilities

Project Timeline: Ongoing

Project Description

The Parking Lot Life Cycle M&R Project will include maintenance and repairs to existing parking lots for ACCUG buildings. This may include installing new concrete, asphalt, or seal coating. It will also include restriping parking lots as needed.

Project Justification

Work will need to be done in the near future at several parking lots due to the age of the material and the use of the parking lot. All ACCGov facilities should properly represent the image of the Unified Government, especially the facilities that directly serve the public. A properly executed life cycle program will extend the life of the existing parking lots, thereby minimizing future repair costs.

Impact on Annual Operating Expenses

This project will reduce the dependence on operating budgets to perform repairs due to the lack of maintenance.

Upgrade Fuel Sites

10 of 22

CS, Facilities

Project Timeline: Ongoing

Project Description

The following five (5) fuel sites are managed by the Fleet Management Division: (1) Public Safety Campus (Jail) (2) Fleet Management - Newton Bridge Road, (3) Fire Station #1, (4) Fire Station #2, and (5) East Side Fuel Center - Spring Valley Road. This project provides routine upgrades to fuel sites (ie. dispenser repair & replacement, fuel nozzles, hoses, filters, and site maintenance), responds to EPD requirements for fuel facilities, and updates to the computer operated fuel dispensing system. Additional focus on underground storage tank repair and maintenance is expected to be addressed in future budget years.

Project Justification

For over twenty years, regular bi-annual upgrades to Athens-Clarke County’s fueling sites have ensured safe, compliant, efficient fueling operations that have served customers year round. While this funding has allowed Fleet Management to enhance automated tank monitoring and site maintenance, fuel management software and some hardware is outdated and has reached its limited storage capacity. This year’s funding request, coupled with previous year’s carry-forward amount, will be focused on a fuel management system upgrade. This request completes a 2 year allocation from the Fleet Management fund to the General Capital fund to help rebuild the financial integrity of the Fleet Management fund.

Tree Hazard Reduction

11 of 22

CS, Life Cycle

Project Timeline: FY21 to Ongoing

Project Description

Selectively removing diseased, declining, invasive, hazardous, and other undesirable trees and shrubs will produce a healthier and more viable forestry system. Various designated areas will be selected based on risk, health, and hazardous impacts. Contractors will be under the direction of the Community Forester. Chippings and grinds will be recycled for landscape use throughout the county.

Project Justification

Reduction of hazardous trees reduces the risk of potential property damages and loss of lives. Additional benefits of a hazard reduction program are increased property values, marketability of development, improved air quality, shading of buildings and structures, and creating aesthetically pleasing landscapes. Tree hazard reduction also provides erosion control, long-term stormwater benefits, and increased roadway stability by intercepting and absorbing rainfall.

Renovations/Space Allocation Plan

14 of 22

AI, Facilities

Project Timeline: Ongoing

Project Description

The Space Allocation Program sets aside funds to be used for the renovation, acquisition, or construction of facilities in response to ACCGov departments' space needs. The FY21 request was to fund a small portion of recommendations coming from the 2010 and 2018 Space Allocation studies and other space reconfiguration/renovation needs of ACCGov departments and possible relocation of ACCGov offices currently in leased office space. This project was last funded in FY18.

Project Justification

Projects are determined based on the needs of other ACCGov departments as their service delivery needs evolve over time requiring renovation or reconfiguration of office and other operational facility spaces. In FY20-FY23, additional needs are anticipated as existing departments (not yet identified) are moved into the Costa Building, which is being renovated as a SPLOST 2011 project, or some other location or new building. Spaces vacated by those departments moving will need renovations to accommodate new functions. Restores funding to \$30,000/year. Funding needed for small renovations not captured in SPLOST 2020.

Urban Forestry Crew

15 of 22

AI, Equipment

Project Timeline: FY27 to Ongoing

Project Description

Equipment to support a new urban forestry maintenance crew proposed in the FY27 budget. The project will purchase one bucket truck, one dump body truck, one grapple truck, one wood chipper, and related small equipment (chainsaws, blower, ropes, etc.) to outfit a tree maintenance crew.

Project Justification

Healthy, Livable, Sustainable Athens-Clarke County Currently, Landscape Management sub-contracts the majority of tree work. Limited removals are addressed due to budget restraints. With the Urban Forestry crew, Landscape Management would provide year-round maintenance and hazard tree removal. Quicker response time for emergency tree issues. Crews will proactively and routinely prune hazardous trees instead of reactive responses.

Replace Internal Support Equipment

16 of 22

CS, Equipment

Project Timeline: Ongoing

Project Description

Purchase and replace outdated equipment in the Records Center and Print Shop in order to provide better service. This program provides for the programmed replacement of record keeping and printing equipment as it approaches the end of its useful life.

Project Justification

Approximately 30% of all equipment covered by this replacement program is 12 to 17 years old. As equipment ages, it requires more frequent service calls and replacement parts become more expensive. Equipment downtime creates the need for more expensive outsourcing. This scheduled replacement program will reduce operating costs for maintenance and outsourcing. Funding will be split between the General Capital Projects Fund (310) and the Internal Support Fund (601).

Parking Decks Life Cycle Replacement

17 of 22

CS, Facilities

Project Timeline: Ongoing

Project Description

This Life Cycle Program for the College Avenue Deck and the West Washington Building parking deck is an annual plan to replace key building equipment and components at or near the end of their normal life expectancy.

Project Justification

This program is needed to ensure that adequate funds are available, on an annual basis, to maintain the College Avenue Parking Deck and the West Washington Building parking deck. The protection gained comes in the form of extended life expectancy and safer and more productive work environments. As requested by ADDA, this restores funding to this project.

Community Events Program

18 of 22

CS, General

Project Timeline: Ongoing

Project Description

This program provides materials and services in support of the Athens Downtown Development Authority (ADDA) "Community Events Program" (CEP). This funding allows Central Services to partner with Athens Downtown Development Authority (ADDA) to host a seasonal array of community events and utilize the Central Business District as a "stage." Examples of materials requiring capital funding include seasonal lighting, garlands, electrical circuits, banner brackets, and protective fencing and barricades. Cost estimates are from Central Services Department staff. NOTE: This project is not the CEP budget that is allocated to ADDA annually to support downtown special events.

Project Justification

The Christmas Season and Athfest are examples of events that characterize Athens-Clarke County (ACC) as a community interested in providing quality outdoor entertainment and enhancements to citizens and visitors while additionally benefiting merchants within the Central Business District. This base level of support to the streetscape infrastructure (the stage) by ACC will encourage seasonal events marketed by ADDA. Overall, funding for this project will promote economic development and enhance the quality of life for merchants, community citizens, and community visitors.

Downtown Enhancement Project

19 of 22

AI, General

Project Timeline: Ongoing

Project Description

The Downtown Enhancement Program (DEP) has been established to provide funding to the Athens Downtown Development Authority (ADDA) for capital and operating expenses in support of downtown improvement activities. Funding for the DEP comes from downtown parking revenues. The ADDA will submit a plan for approval by the Mayor and Commission prior to expending any funds from the DEP program.

Project Justification

The Downtown Enhancement Program was established in September 2002 as a part of the parking services contract between Athens-Clarke County and the ADDA.

Additional Rural Roadside Mowing Crew

20 of 22

AI, Equipment

Project Timeline: FY26 to Ongoing

Project Description

Equipment to support an additional rural roadside mowing crew which is proposed to be a new initiative in FY26. The project will purchase one crew cab truck, two tractors with bat-wing mowers, one equipment trailer, two riding mowers, and related small landscape equipment (weed eaters, chainsaws, blowers) outfitting an additional rural roadside mowing crew.

Project Justification

Healthy, Livable, Sustainable Athens-Clarke County: One tractor crew currently provides mowing services to approximately 700 miles of rural roadways on an average 11-week cycle. The process will reduce to an average of 5 weeks, which is similar to the four-week cycle length in all other county areas. It will improve rural roads' appearances and safety and decrease the developing need for chemical control of invasive species grasses.

Telephone System Life Cycle Replacement

21 of 22

CS, Equipment

Project Timeline: Ongoing

Project Description

Purchase and replace outdated telephone systems and equipment as existing hardware reaches the end of its useful life. This project will also transition the multiple ACCUG phone systems to a new Voice-over-IP (VoIP) solution that will reduce future operating expenses.

Project Justification

Telephonic communications is critical to the functioning and service delivery of all departments of the Unified Government of Athens-Clarke County. Equipment is aging and mostly of analog technology. A transition to VoIP requires a significant capital investment.

Impact on Annual Operating Expenses

VoIP should provide significant operating expense savings throughout ACCUG departments by eliminating the dependence on conventional phone systems.

Energy Management Improvements

22 of 22

CS, General

Project Timeline: Ongoing

Project Description

The purpose of the Energy Management Program is to reduce energy consumption & costs at ACCGov facilities. This project provides funding for the implementation of proven energy savings measures & audits to identify those measures. Funds may be used as a one time life cycle augmentation where it can be demonstrated that the early replacement or upgrading of equipment will result in energy savings.

Project Justification

The justification for this project is reduction in energy consumption and proven energy cost savings. Projects will increase savings to ACCGov and reduce our carbon footprint. Further savings could be realized through a broader program application and additional annual funding.

Food Service Equipment Life Cycle Replacement

1 of 3

CS, Equipment

Project Timeline: Ongoing

Project Description

The Correctional Facility's food service kitchen supplies meals to the Prison (Correctional Institute), Diversion Center and the Jail. This request is to ensure that kitchen equipment is safe, reliable and adequate for the volume of meals that need to be prepared.

Project Justification

Meals provided by the Corrections Food Service Facility are a necessary component of the Jail, Correctional Institution and Diversion Center. Failure to provide meals in a timely manner can result in inmate unrest and lawsuits. The existing kitchen, installed in 1987, was designed for serving meals only at the prison. Today, Corrections prepares an average of 1,800 meals a day for the prison, diversion center and the jail. In FY05, because of the increase in the jail population, a new SPLOST funded food service facility was opened. However, the existing kitchen is still used as a servicing center; and the existing dishwasher, warming oven, steam table and other serving equipment must be maintained. Also, the prison kitchen is used as a backup kitchen in the event the Food Service Facility is not operating.

Corrections Institution Building Renovation and Life Safety Equipment Installation

3 of 3

CS, Construction

Project Timeline: FY22 to FY24

Project Description

Conduct a series of upgrades, repairs, and replacements to the Corrections Institution housing 120 Georgia Department of Corrections returning citizens to include modern fire and life safety equipment.

Project Justification

The Corrections Institution contains one building encompassing the administrative offices, returning citizen dormitories, chow hall, kitchen, and storage areas, as well as a separate building called the Chapel used for programs and visitation. These building were completed in stages between the 1970's and by 1985 and have been in non-stop use 24-hours per day, every day since. Currently, the building is without sprinkler and other fire suppression equipment or carbon dioxide detectors. The introduction of new technologies, such as internet access for web-based programs is cost prohibitive. This reduces the ability to deliver rehabilitative services, especially in a pandemic, as well as provide modern supervision techniques to ensure safe housing of the returning citizens. Renovations will provide a safer, more cost effective operation.

Fire Apparatus Replacement - Rescue Unit

1 of 10

CS, Equipment

Project Timeline: FY22 to FY26

Project Description

This project will replace a 2006 model Rescue truck which is a mission-critical apparatus for emergencies within Athens-Clarke County. The purchase price of the vehicle is \$450,000 and we are proposing two options for purchase: 1.) outright purchase in FY22 or 2.) lease option over 5 years (FY22-FY26) at ~3%. Following the lease terms, ACCGov would own the vehicle and use it for the duration of its expected life which is estimated at 10 years.

Project Justification

The Rescue Unit is a mission-critical apparatus and will be the sole unit housing specialized equipment for advanced rescue operations. The specialized rescue equipment allows our department to handle emergencies such as water rescue, high-angle rope rescue, trench rescue, and vehicle extrication. This project supports the Mayor and Commissions goal of a Safe and Prepared Community by ensuring our Department has the resources needed to address rescue emergencies with equipment not housed on any other fire apparatus. The Rescue Unit responds to all structure fires and rescue incidents within Athens-Clarke County and helps us retain our I.S.O Class 1 Rating.

Fire Apparatus Replacement - Ladder 7

2 of 10

CS, Equipment

Project Timeline: FY22 to FY31

Project Description

This project will replace a 1999 model Ladder truck which is a mission-critical apparatus for emergencies within Athens-Clarke County. The purchase price of the vehicle is \$1,550,000 and we are proposing two options for purchase: 1.) outright purchase in FY22 or 2.) lease option over 10 years (FY22-FY31) at ~3%. Following the lease terms, ACCGov would own the vehicle and use it for the duration of its useful life estimated at 20+ years.

Project Justification

The Ladder truck is a mission-critical apparatus and will be replacing one of three Ladder trucks utilized by the Fire & Emergency Services Department. Replacing this Ladder truck will allow us to continue providing reliable fire protection services by replacing a 1999 model apparatus. Ladder trucks offer tactical advantages in fire suppression and performing above-grade rescues. Replacing this Ladder truck will also help the Fire & Emergency Services Department maintain an I.S.O. Class 1 Rating which is realized on insurance premiums. This project supports the Mayor and Commissions goal of a Safe and Prepared Community by ensuring our Department has a reliable Ladder truck for fire protection and other emergencies in our community.

Replace Mobile Data Terminals

3 of 10

CS, Equipment

Project Timeline: FY13 to Ongoing

Project Description

Timely replacement of 28 MDT's currently installed in Fire Department vehicles and apparatus.

Project Justification

Information Technology Services recommended a 5 year replacement program for these devices, at which time the useful life expectancy will be reached. Technology changes and maintenance costs will make replacement a more fiscally responsible alternative. New projected cost of replacement in FY23 is \$250,000. The request is \$50,000 per year contribution continuing through FY23.

Renovate and Expand Fire Training Center

4 of 10

AI, Construction

Project Timeline: FY21 to FY23

Project Description

Renovate and add to the Fire Department’s existing Training Center facilities by creating additional 8,000 square feet to include additional classroom space, a National Incident Management (incident command) training lab, additional bay space for apparatus and equipment, additional bathrooms, additional breakroom/kitchen space, conference room, three additional offices & storage space, car fire simulator, forcible entry simulator, propane tank simulator, Hazmat Leaks prop, and additional parking.

Project Justification

(Safe and Prepared Community: Preserve infrastructure, Improve service delivery, Preserve community assets) The current building is too small for the needs of our department. We have simply outgrown it. Expansion is the most fiscally responsible option. The current facility is 20 years old. While originally built for the needs at the time, our department has grown in numbers as did the numbers of citizens and visitors we serve. Our firefighters are required to have a minimum of 240 hours training for our ISO 1 rating. Much of the required training is multi-company at the Training Center. Our recruit class of new firefighters has grown to over twelve men and women at a time that spend many months at the Training Center. Current capacity is approximately six firefighters comfortably. No land acquisition is needed for the project.

Fire & Emergency Services

Department Priority

Diversity and Workforce Development Project

5 of 10

AI, Recruitment/Hiring

Project Timeline: FY22 to Ongoing

Project Description

ACCFES is working with Clayton County Fire & Emergency Services to replicate their program of recruiting high school students. The concept is to provide Firefighter and EMT training to high school students and then make conditional job offers to students when they graduate. The Fire & Emergency Services Department anticipates costs associated with staffing, physical space, equipment, gear, and educational resources to continue pursuing this project with the Clarke County School District.

Project Justification

Nationwide, the fire service struggles with diversity amongst the ranks and we are not immune in Athens-Clarke County. Despite efforts to increase diversity, we are not reflective of our community. This project will help introduce youth at an early age to the profession and provide an excellent recruiting mechanism for persons who might otherwise never consider a job as a Firefighter. This project supports the Mayor and Commissions goals of a Safe and Prepared Community and Healthy, Livable, Sustainable Athens-Clarke County. The overall goal of this project is to increase the number of females and people of color within the Fire & Emergency Services Department over the next 5 years

Construct Emergency Operations Center

7 of 10

AI, Construction

Project Timeline: FY21 to FY24

Project Description

Build a 2,000 square foot dedicated Emergency Operations Center (EOC) on Athens Clarke County property that is ready for operations 24 hours a day, 365 days a year and designed for sustained use. The space concept would be one large room with breakout rooms around it that would be used as a Emergency Operations Center and also as emergency preparedness/exercise training rooms under the oversight of Fire & Emergency Services / Emergency Management.

Project Justification

(Safe and Prepared Community: Preserve infrastructure, Improve service delivery, Preserve community assets) An Emergency Operations Center should be a dedicated facility or space that is capable of instant activation should any type of major event occur. This location is where decision makers of ACC Departments report in an emergency to facilitate orderly command, situational control and leadership. It should be designed for extended or sustained use. The current space identified as the Athens Clarke County Emergency Operations Center is at the Athens Clarke County Police Department Headquarters. It is regularly used for law enforcement and computer training purposes. There are access, current use, flexibility and set up issues that make the room incapable of being ready for use as an Emergency Operations Center 24/7/365. This project would locate the EOC on existing ACC property with controlled access. The building can be co-located on the Fire Training Center property or the location of the new Fire headquarters. Consideration to construction along with either project may save on construction and engineering costs.

Fire & Emergency Services

Department Priority

Hose & Appliances

9 of 10

CS, Equipment

Project Timeline: FY22 to FY22

Project Description

The Hose and Appliance Project for the Fire & Emergency Services Department will replace about 20,000 feet of old fire hose and water delivery appliances, many are which are at the end of life. The hose lines replaced will be larger diameter to align with newer technology and industry standards associated with delivering greater quantities of water at structure fires. This will allow the Department to standardize equipment on all fire apparatus at each of the nine fire stations in Athens-Clarke County.

Project Justification

Building contents and construction have changed over the past 30 years requiring greater volumes of water to effectively control fires due to fuel loads. Industry standards and technology have advanced since much of the Departments hose and appliances were originally purchased. We have 20-30 year old hose on some fire apparatus that is at the end of its life. This project aligns with the Mayor and Commissions initiative of a Safe and Prepared Community as it will improve firefighting effectiveness and safety by increasing the amount of water capable of being delivered. It is imperative we convert hose line and appliances simultaneously to the newer technology for inoperability of crews and trucks operating at the same scene and for employee familiarity.

Information Technology Equipment Replacement Program

1 of 1

CS, Equipment

Project Timeline: Ongoing

Project Description

This project will replace PCs and Printers in all departments that are six years old or older and are of such a configuration that they are no longer suitable for client server applications. Locations are in all the departments and work units in Athens-Clarke County. In addition, this project will replace, upgrade, and expand network equipment and software required to support IT operations within the government.

Project Justification

This project is made up of various components that are required to maintain and keep ACC's IT infrastructure operational. Components include networking equipment, software upgrades, main system replacement(s), wiring improvements, and various other necessary components.

Impact on Annual Operating Expenses

Replacing some infrastructure gear will result in increased maintenance agreements and new purchases to expand some services will also bring about new maintenance contracts.

	FY22	FY23	FY24	FY25	FY26	FY27-31	Annual

Parks - R&M Existing Facilities

1 of 27

CS, Facilities

Project Timeline: FY22 to Ongoing

Project Description

This project provides for the additional Parks - R&M Facilities as a supplement to SPLOST 2020 funding. This project provides for repairs, maintenance, and/or replacement of existing program specific facilities and park needs in the Leisure Services system. Project areas of focus include: 1) athletics (fields, courts, gymnastics equipment, scoreboards, etc.); 2) animal care amenities (zoo/nature center exhibits and support areas); 3) playgrounds (surfacing and equipment); and 4) general park needs (park signage, storm water system maintenance, fencing, etc.). FY21 plans call for: playground replacement (1); signage (52) and monument replacement (3); shade structure replacement (2); scoreboard replacement (7); tennis court refinishing (3); perimeter fence replacement (1); tree removal/pruning; and general playground maintenance system-wide.

Project Justification

For FY22, priority needs are in the playgrounds (\$1.45M), outdoor lighting (\$973k) and resurfacing (\$593k) areas. The balance and future years of this project will provide funding to rehabilitate facilities, address safety/risk issues, and perform required maintenance necessary to uphold the Department’s quality standards for facilities, structures, parks, and natural areas. Funding request specifics are supported by the Department’s 2018 Inventory and Assessment which is continuously updated and reprioritized to highlight assets that have reached or exceeded their lifecycle and to insure the delivery of safe facility and park areas.

Pool Repairs and Renovations

2 of 27

CS, Facilities

Project Timeline: FY22 to Ongoing

Project Description

This project provides for the additional Pool Repairs and Renovations as a supplement to SPLOST 2020 funding. This project provides for repairs, maintenance and code upgrades for the one wading pool, five swimming pools, and two splash pads operated in the Leisure Services system. Projects supported by this program include maintenance and replacement of filtration equipment, chemical controllers, splash pad features, and aquatics elements such as diving boards, pool decks, and liners. FY20 plans call for the replacement of: filtration pumps (3); ADA lifts (6); lifeguard stands (17); and pool covers (2). The large increase in FY23 represents the end-of-life replacement for equipment at Rocksprings, Bishop, and Virginia Cofer-Callaway Walker parks (all of which came online with new equipment in 2013).

Project Justification

For FY22, priority needs are in the pool liner for the Memorial Park pool (\$150k). The balance and future years of this project will provide funding to rehabilitate and renovate facilities, address safety and risk issues, and perform required maintenance necessary to uphold the Department's quality standards for aquatic facilities and water features. Funding request specifics are supported by the Department's 2018 Inventory and Assessment which is continuously updated and reprioritized to highlight assets that have reached or exceeded their lifecycle and to insure the delivery of safe aquatic facility and water feature areas.

Bridge and Boardwalk Inspection and Replacement

3 of 27

CS, Facilities

Project Timeline: FY22 to Ongoing

Project Description

This project provides for the additional Bridge and Boardwalk inspection and replacement as a supplement to SPLOST 2020 funding. This project provides for professional engineering inspections, major maintenance, and lifecycle replacement for all 109 bridges, boardwalks, and observation decks in the Leisure Services system. FY21 plans call for replacing wooden bridges at Sandy Creek Nature Center, Memorial Park, and around Lakeside Trail at Sandy Creek Park which rated poorly in our bridge and boardwalk inspections. FY22 plans also address improvements to emergency access bridges on remote trails at Sandy Creek Park and Sandy Creek Nature Center.

Project Justification

For FY22, priority needs include over 22 bridges in either a state of fair, poor, unsafe or failed conditions. The balance and future years of this project totals more than 1.9 miles, approximately half of the bridges, the majority of boardwalks and decks covered by this project are wood structures estimated to be 25 or more years old, and do not meet modern building code or safety requirements. Funding request specifics are supported by the Department’s annual Inventory and Assessment conducted annually since 2015. Cost estimates include escalations as required for what are primarily limited access and environmentally sensitive wetland construction sites. Project funding is necessary to ensure public safety and to keep the trails that these structures support fully operational.

Pavement Repair and Maintenance

4 of 27

CS, Facilities

Project Timeline: FY22 to Ongoing

Project Description

This project provides for the additional Pavement Repair and Maintenance as a supplement to SPLOST 2020 funding. This project provides for repairs, maintenance, and/or replacement of existing paved surfaces in the Leisure Services system. Projects supported by this program include asphalt maintenance, paving, parking lot striping, sidewalk grinding, and replacement of guardrails and regulatory and wayfinding signage.

Project Justification

For FY22, priority needs include over 160,000 square feet of paving surfaces that are in poor condition. The balance and future years of this project comprise of the park and facility systems over nine miles of paved trail, four miles of roadways, and more than 1.4 million square feet of parking areas and sidewalks. Funding request specifics are supported by the Department's 2018 Inventory and Assessment which inspects paved surface conditions relative to striping, cracking, alligating, heaving and potholes, and also evaluates the visibility/condition of signage. Project funding is necessary to ensure public accessibility and safety and to maintain a positive curb appeal for park patrons.

Park Equipment - Replacement / Life Cycle

5 of 27

CS, Equipment

Project Timeline: FY22 to Ongoing

Project Description

This project provides for replacement of park amenities and service equipment covering all 28 sites and 2,500 acres supported in the Leisure Services system. Park amenities include items such as trash cans, picnic tables, benches, and barbeque grills while service equipment includes items such as fitness/computer lab equipment, ice machines, catering kitchen appliances, and ATV's. Outdoor equipment is selected with a minimum 30 year service life.

Project Justification

For FY22, priority needs are in the replacement water fountains (\$138k), trash cans (\$96k), bleachers (\$52k), audio/visual equipment (\$50k), picnic tables (\$45k), appliances (\$35k) and fitness equipment (\$35k). The balance and future years of this project will provide funding to replace amenities and equipment supporting service delivery which have reached the end of their serviceable life. Funding request specifics are supported by the Department's 2018 Inventory and Assessment which is continuously updated and reprioritized to highlight replacement needs based on equipment age, condition, and use. Support of this program allows Leisure Services staff to replace deteriorated and broken amenities and service equipment without impact to the public.

Project Timeline: FY22 to FY23

Project Description

This project provides a long term solution to the ongoing issues relating the flooding and erosion of Cook's Trail. This project includes funding for a fully engineered and permitted reroute plan. Areas for new bridges and boardwalks will be detailed along with the development of construction and permitting packages. Implementation of this project includes construction of new trail segments, new boardwalks, and new bridges as well as the possible retrofitting of existing trail segments as interpretive areas for wildlife viewing. All new bridges and boardwalks will be barrier free and provide options for more inclusive transportation choices in the future.

Project Justification

Cook's Trail is the oldest segment of Greenway trail on the system. It includes over 3/4 a mile of boardwalk that was constructed along Sandy Creek in the mid 1980's. The movement of Sandy Creek along with the limited life expectancy of the wooden boardwalks has created significant issues for maintenance and keeping the trail open, especially post flood. \$250,000 of SPLOST 2011 funds were spent on temporary measures to allow the trail to reopen after significant flooding. The trail was closed again due to flooding in the winter of 2019. Additional SPLOST 2011 funds have been earmarked to provide temporary solutions that will allow the trail to reopen until the long term reroute and reconstruction are completed. These measures and original segments of boardwalk typical fail after regular winter and spring floods. A long term solution is necessary to keep Cook's Trail open long term.

Improve Bear Hollow Zoo Exhibits & Visitor Amenities

7 of 27

CS, Facilities

Project Timeline: FY27 to FY31

Project Description

This project provides supplemental funding to the Bear Hollow Zoo Improvements project funded through SPLOST 2020. The SPLOST 2020 project provides basic infrastructure and enclosure improvements that bring the zoo into compliance with AZA and USDA standards. This project supplements those funds so that further improvements can be made to the zoo. This project includes back of house access and animal care improvements, a new entry/educational plaza and building that provide office space, restrooms, and a gift shop. Improvements to interpretive materials and signage will increase the educational impact and improve visitor experience.

Project Justification

Bear Hollow Zoo is a community fixture and is loved by people of all ages in our community. Over 5,000 children visit the zoo annually just from school visits alone. Stronger educational and interpretive components for the zoo provides an enhanced user experience that provides lifelong learning opportunities for the whole community. The SPLOST 2020 proposal represents only a fraction of the needed funding to bring the zoo up to modern standards and ensure long term sustainability of infrastructure and exhibits. Without full funding of the Zoo Improvements project, the zoo stands to continue drain ongoing maintenance dollars as well as inhibit access and interpretation for citizens of all ages and abilities.

Ben Burton Park Repairs and Renovations

8 of 27

CS, Facilities

Project Timeline: FY26 to FY26

Project Description

This project provides for execution of the Mayor and Commission approved master plan for Ben Burton Park located off of Mitchell Bridge Road within western Clarke County. The project will involve development phases beginning in FY26 with a reconfiguration of the entrance and parking areas to provide enhanced safety and visibility. The subsequent phases will include the installation of the following site amenities: picnic pavilion; playground; and dog park facilities.

Project Justification

Currently, Ben Burton Park is the sole operating park on the west side of Athens and has limited public utilization because it is highly undeveloped and lacks core amenities. Implementation of the master plan will greatly enhance the limited recreational opportunities and services presently available to the citizens within western Clarke County. Infrastructure improvements will also help generate revenue through rental, festival, and special event activities. In addition, the project will rectify existing design deficiencies relative to traffic safety, ADA compliance, storm water runoff, and erosion.

Create a Property Boundary Program

9 of 27

CS, General

Project Timeline: FY24 to FY28

Project Description

This project provides for surveying/permanently marking all property and updating/consolidating deeds for all 2,500+ acres owned by ACCUG and managed by the Leisure Services Department. Project completion will establish boundary lines for the integration of property restrictions into the GIS planning database and will provide critical data for park planning and development. This project will be phased over multiple years by systematically addressing the property boundaries.

Project Justification

Properties comprising the Leisure Services system encompass more than 50 miles of boundaries. Development along park boundaries has created issues ranging from direct property encroachment to the creation of unofficial or illegal access points. Unmarked property boundaries hamper assessment and response to boundary related issues. Further complicating matters, ongoing incremental property acquisition as part of park and greenway expansion has led to some sites being comprised of upwards of 20 parcels which need to be combined. This program will allow for better land management and provide accurate base data for park planning and development.

Memorial Park Renovations

10 of 27

CS, Facilities

Project Timeline: FY27 to FY31

Project Description

This project funds Master Plan implementation for Phase I & II of the Memorial Park Project. It supplements SPLOST 2020 funds for Phase I of the project. This project includes the following: Continued stormwater, water, and sewer installation and replacement; upgrades to picnic and restroom facilities in the park; playground replacement; outdoor gathering spaces; improved pedestrian circulation; renovation to the existing pool and pool house, improved vehicular circulation, and additional parking that includes but is not limited to the construction of a parking deck.

Project Justification

Water line breaks, electrical failures, and clogged sewer lines have consistently had negative impacts on patron services such as restroom availability. The installation of new sewer lines will eliminate flushing of the pool into stormwater infrastructure as well as eliminate sewer backups. The current playground is a conglomeration of various play elements salvaged from other structures. The restrooms do not meet current codes and need updating. Parking at Memorial Park is inadequate, frequently resulting in park patrons parking in undesignated areas and surrounding neighborhoods. This project will provide funding to improve patron accessibility and safety, park sustainability, and maintenance efficiency by reducing current reactive emergency maintenance requirements.

Bishop Park Renovations

11 of 27

CS, Facilities

Project Timeline: FY27 to FY31

Project Description

This project provides for implementation of the Bishop Park master plan as a supplement to SPLOST 2020 funding. The project will involve: conversion of the existing covered tennis facility and adjacent grounds into an event space; improved pedestrian circulation, basic renovations to the gym facility, demolition of the derilict picnic shelter; additional parking; safety enhancements along the Hawthorne Ave Corridor; and improvements to aged water, sewer, and storm water infrastructure. The renovated facility will provide code compliant space for: gymnastics programming; administrative offices; and the provision of large scale events such as the

Project Justification

The majority of the buildings at Bishop Park date from the 1970's and do not meet modern code requirements, programmatic use/space demands or ADA compliance. The park's infrastructure is failing, creating flooding and safety issues for park patrons. SPLOST 2020 funds are addressing only a portion of this project. This request represents the balance of master plan implementation. This park experiences the highest degree of patron utilization within the Leisure Services system and is highly regarded and strongly enjoyed by the general public.

Dudley Park Improvements

12 of 27

CS, Facilities

Project Timeline: FY27 to FY31

Project Description

This project provides for further implementation of the Dudley Park Master Plan. SPLOST 2011 funding will provide for a pavilion and restroom facilities. Limited accessible parking, completion of the amphitheater bowl and access, and a concrete platform for a future stage area. This capital project will provide funding to continue moving through the high priority projects on the Dudley Park project list. They include completion of construction of the stage enclosure and associated amenities, lighting, concession area, multi-generational playground, food truck area, stormwater management, additional pedestrian circulation, and development of areas of the park along Mulberry and Peter Street.

Project Justification

Dudley Park's proximity to downtown coupled with the beautiful, general park setting makes it a special draw to the many people who visit this part of the county. While Dudley Park has served as a passive park with limited utilization for many years, implementation of the park improvement plan will maximize the significant untapped potential and utilization of this park environment. Dudley Park is a part of the River District and with the development of the Firefly Bridge over Trail Creek and final plan implementation, it will be a hub of activity for the community. This will create the potential for revenue generation through rental, festival, and special event activities.

Sandy Creek Park Improvements

13 of 27

CS, Facilities

Project Timeline: FY27 to FY31

Project Description

This project is a continuation of the SPLOST 2011 project dedicated to Sandy Creek Park. The items listed are not a part of the regular Leisure Services R&M Capital Project line item. The following elements are part of the phase two project: lakeside access and amenity improvements such as improved canoe and kayak rental access as well as concessionaire space; playground replacements and upgrades; pavilion renovations, ADA compliance for restroom and shower facilities; beach playground enhancement; campground renovation; ingress and egress improvements through construction of a secondary entry/exit road.

Project Justification

This project provides continuation in funding that addresses some of the Park's long standing issues while enhancing safety, user experience, and convenience. In addition, it brings back the once popular camping area through renovations that will bring the campsites up to modern standards and provide a space for a campground host to assist with operations. This project increases the Park's ability to generate revenue through concessionaires for equipment rentals, food, and camping supplies. The addition of an additional entrance and exit will alleviate issues relating to visitor safety and experience for park users during large events where the current single entry points create long waits and challenging traffic issues on Bob Holman road and highway 441. Sandy Creek Park is Leisure Service's premier large event site, hosting department special events as well as those hosted by large groups such as the Cancer Foundation Triathlon. These events routinely attract over 1,000 visitors to the park.

Satterfield Park Improvements

14 of 27

CS, Facilities

Project Timeline: FY27 to FY31

Project Description

This project includes the following elements: reconfiguration of original restroom space to multi-use space; field reconfiguration and renovations including installation of irrigation and new field surfacing; drainage improvements; stormwater management; parking lot improvements; new lighting; PA system; reconfiguration of original restrooms; and lightning detection system.

Project Justification

Satterfield Park was established in the 1960's and sustained expansions in 1983, 1992, and 2011. The most recent funding provided for construction of a new concession stand and restroom area along with improvements to dugouts, scoreboxes, backstops, and bleachers. SPLOST and capital funds provided for renovation of fields 5 and 6 but the remaining fields were not renovated and are in poor condition. None of the fields are irrigated, providing significant challenges in keeping the fields up to standard. In addition, drainage issues create flooding on the fields to the point that geese have established residency in the park. The parking area is alligating and in need of milling and repaving.

Southeast Clarke Park Improvements

15 of 27

CS, Facilities

Project Timeline: FY26 to FY30

Project Description

This project reflects the implementation of the Southeast Clarke Park Master Plan. The project elements were carefully vetted through stakeholders and representatives from athletic groups that are active in the park. This project would fund the construction of the following park elements: Reconfiguration of two existing field platforms into one large multi-use field platform; 400 meter all surface running track including facilities and equipment to accommodate standard running and field events; 12 pickleball courts; 40,000 square foot street course addition to the existing skate park.

Project Justification

Recreational track and field is a growing activity in the Athens-Clarke County community. There are no formal track facilities to house this activity. This project would provide the facilities necessary to provide adequate and safe facilities for this sport to grow and continue serving the community. The existing small field platforms are not utilized due to incompatibility with programming needs, combining into one large field provides flexible options for programs and activities that are currently suffer from a shortage of large multi-use field platforms. Pickleball is a growing sport in the community that is actively increasing in numbers. Additional pickleball courts will make Southeast Clarke Park the hub for the sport as well as providing opportunities for tournaments that attract players from around the region. The Athens-Skate Park has long been a draw for people of all ages, and the addition of a street course will help keep the relevancy of the park for the future.

Virginia Callaway-Cofer Walker Park Improvements

16 of 27

CS, Facilities

Project Timeline: FY27 to FY31

Project Description

This project provides further implementation of the park masterplan and includes the following elements: enhancements to the mountain bike pump track and associated skills course; large pavilion with restrooms; lighted basketball court; playground with restrooms; additional parking spaces; stormwater management; traffic calming devices.

Project Justification

The mountain bike pump track provides a skill course that allows beginner and experienced mountainbikers to hone their skills. The adjacent basketball court and pavilion will promote crossover among park user groups and provide a positive activity outlet for area youth. These enhancements activate the lower area of the park. The current parking facilities at the park are inadequate and park users frequently have no place to park when activities are scheduled at the park. Completing the parking facilities shown on the master plan will alleviate this issue.

Morton Theatre Fork Lift Replacement

17 of 27

CS, Equipment

Project Timeline: FY26 to FY26

Project Description

This project provides for the replacement of the Morton Theatre's existing fork lift and related peripheral equipment. To support the execution of current and future Art performances and programs, the Morton Theatre staff has to load in all stage pieces (sets, large instruments, equipment, etc.) using this fork lift. Stage pieces are loaded into the stage area from Hull Street due to the facility stage being 17 feet above ground level. Utilization of this fork lift is the only method by which equipment can be loaded into this historic building. The existing fork lift was originally purchased in 1994 and is currently exhibiting significant signs of deterioration which could potentially lead to safety issues. The new fork lift purchased will be included within the Fleet Management program.

Project Justification

This project will provide funding to enable the safe loading of performance equipment into the second floor stage area of the facility. The Morton Theatre will be unable to continue serving as a rental venue for local community and regional groups without the replacement of the existing fork lift. Presently, the Morton Theatre generates revenue of approximately \$80,000 per fiscal year for the Leisure Services Department.

Trails & Open Spaces Compact Track Loader Equipment

18 of 27

AI, Equipment

Project Timeline: FY26 to FY26

Project Description

This project provides for the purchase of a mini-tracked excavator (similar to a Toro Dingo) to be utilized by the Trails & Open Spaces staff. This much needed equipment will allow for significantly improved management and safety of existing and proposed greenways, trails, and open space areas throughout the community. This piece of landscape management equipment is able to regrade trails washed out due to storms, remove fallen trees, and deliver soil stabilization material such as riprap and gravel. The project also provides for the purchase of several attachments to include a bucket, a grabbing bucket, and an auger bit for the installation of fence posts and sign posts.

Project Justification

This project will provide funding to: improve land management resources; enhance public safety within the trail system; increase staff efficiencies by reducing maintenance activity time; and reduce the usage of subcontractors for maintenance work. The Trails & Open Spaces staff services the many miles of trails at all parks and facilities throughout the Leisure Services Department. Staff performs regular maintenance on all greenway and Firefly trail segments, Dudley Park, Ben Burton Park, Oconee Riverside Parks, Cook's Trail, Lakeside Trail, Trail Creek Trails, Sandy Creek Nature Center Trails, and the Birchmore Trail.

New Athens Creative Theatre Facility

19 of 27

AI, Facilities

Project Timeline: FY26 to FY30

Project Description

This project involves moving the Athens Creative Theater (ACT) from Quinn Hall to a permanent facility elsewhere in Athens-Clarke County. The new facility will house a performance theatre space, administrative offices for ACT staff members, teaching and studio spaces, and a scene shop with prop storage space. This project would require the purchase of an existing building to provide approximately 10-12,000 square foot of space that accomodates seating for approximately 250 people.

Project Justification

ACT was founded in 1966 as a community theater program focused on providing theatre opportunities for youth, adults, and people with disabilities. ACT's current home, Quinn Hall is located inside of the Memorial Park administrative building. The space and parking are inadequate for the program's needs and there are conflicts between park and theater needs for space. The new facility will alleviate these issues and provide adequate support of ACT's productions and allow for expansion and growth of the community theatre opportunities withing Athens-Clarke County.

Portable Soccer Pitch System

20 of 27

AI, Equipment

Project Timeline: FY27 to FY27

Project Description

This project provides for the purchase of a modular Soccer Field "Pitch" system (SFP) which can be assembled at any Leisure Service facility or remote location to create an enclosed soccer field with 4 foot high walls. The walls allow the SFP to be assembled in a variety of locations such as parking lots or at the edges of unusable spaces due to grading variances. This project is inspired by the documented success of similar SFP systems utilized within Atlanta, GA. which have engaged the community and increased the levels of outdoor play. The project also provides for the purchase of a trailer for staff to store and transport the SFP system.

Project Justification

Modular SFP systems are becoming popular in urban areas where field space areas at park locations are limited. Atlanta United has been utilizing similar SFP systems at bus stations and parking lots to realize increased levels of recreational activity accessibility and citizen outdoor play. The portable SFP system will enable the Leisure Services Department to move the system around Athens to increase programming possibilities and to encourage play. The system could also provide opportunities for rental activities similar to the Showmobile stage should a tournament or group have an interest in using the equipment.

East Athens Community Center-Space Modernization

21 of 27

AI, Facilities

Project Timeline: FY27 to FY28

Project Description

This project will address the need to renovate and update East Athens to a more modern space to better serve the community. Upgrading and modernizing each of the 3 floors inside the community center to provide spaces that better fit current and future needs while allowing for innovative programming that engages more of our community. Updates to the exterior of the building will create a welcoming and safe atmosphere while allowing for increased use of outdoor spaces for programs and self-directed activities.

Project Justification

East Athens Community Center is a fixture for not only East Athens, but also the entire community. The facility hosts programs that attract community members of all ages from all geographical areas of Athens. This includes everyone from seniors, to children, to people with disabilities. The building opened in 1970 and was last renovated as part of a SPLOST 2000 project. By providing a safe and welcoming space, the East Athens Community Center can continue to serve our population effectively for many years to come.

Lay Park Community Center-Space Modernization

22 of 27

AI, Facilities

Project Timeline: FY27 to FY28

Project Description

This project will address the need to renovate and update Lay Park to a more modern space to better serve the community. Upgrading and modernizing each of the 3 floors inside the community center to provide spaces that better fit current and future needs while allowing for innovative programming that engages more of our community. Updates to the exterior of the building will create a welcoming and safe atmosphere while allowing for increased use of outdoor spaces for programs and self-directed activities.

Project Justification

Lay Park Community Center is a fixture for not only north and downtown Athens, but also the entire community. The facility hosts programs that attract community members of all ages from all geographical areas of Athens. This includes everyone from seniors, to children, to people with disabilities. The building opened in 1970 and was last renovated as part of a SPLOST 2000 project. By providing a safe and welcoming space, the East Athens Community Center can continue to serve our population effectively for many years to come.

Cooks Property Master Plan

23 of 27

CS, Master Planning

Project Timeline: FY22 to FY23

Project Description

Master plan development that would establish practical uses and identify amenities to be included that would allow this location to be open to the public for enjoyment. The project area would cover the eastern portion of Sandy Creek Park and adjacent Cook's property, totaling over 80 acres, with the goal of enhancing the park and availability of experiences and activities for park users. With no property development restrictions, this location allows Leisure Services to continue offering a variety of ways to recreate and enjoy/explore nature. A developed Master Plan for this location will help us look at long term opportunities to enhance/expand our services to the community.

Project Justification

This project helps meet public safety, facility, infrastructure, and quality of life needs for Athens-Clarke County. Recreation opportunities at Sandy Creek Park can be expanded and a second access point created off Nowhere Road for emergency purposes in the event of dam failure. Development of this location will also compliment residents and businesses along the Nowhere Rd corridor. This project will enhance quality of life for all citizens.

Rock and Shoals Master Plan

24 of 27

CS, Master Planning

Project Timeline: FY22 to FY23

Project Description

Master plan development that would establish practical uses and identify amenities to be included that would allow this location to be open to the public for enjoyment. The project area includes the entirety of the Rock and Shoals property (129 acres) and requires collaboration with Georgia Department of Natural Resources and the ACCGov Office of Sustainability. This location allows Leisure Services to continue offering a variety of ways to responsibly conserve, enjoy, and explore nature. A developed Master Plan for this location will help us look at opportunities to enhance/expand our services to the community, while preserving the ecology that makes this location unique. This project would create a Master Plan to be used as the long-term planning document.

Project Justification

This project helps meet public safety, facility, infrastructure, and quality of life needs for Athens-Clarke County. It will identify and provide recreational opportunities that are amenable to a conservation area, as well as establish a second access point from the Cedar Creek Reclamation facility. A second access point will also eliminate a long standing issue with the use of a private residential street as a primary point of access. This location will compliment East Side residents and businesses, as well as those along the Barnett Shoals corridor. This location will provide needed recreation services in an otherwise under-served segment of our community, as well as benefit all residents.

Whitehall Shoals Visioning Plan

25 of 27

CS, Master Planning

Project Timeline: FY22 to FY23

Project Description

Vision Plan development that would establish high level inventory, assessment, and application of the practical uses and amenities appropriate for the Whitehall property (31 acres). The vision document would serve as a guide for future development of the property and set clear expectations for future development. This location allows Leisure Services to continue offering a variety of ways to enjoy and explore nature along the Oconee River corridor. A developed Vision Plan for this location will help us look at opportunities to enhance/expand our services to the community.

Project Justification

This project helps meet public safety, facility, infrastructure, and quality of life needs for Athens-Clarke County. This location is part of the Greenway Network Plan future expansion and can serve both land and water trails in the county. This location will compliment East Side residents and businesses, as well as those along the Whitehall Rd corridor and users of the North Oconee River.

Barber Creek & Chicopee Gun Emplacement Vision Plan

26 of 27

CS, Master Planning

Project Timeline: FY22 to FY23

Project Description

Vision Plan development that would establish high level inventory, assessment, and application of the practical uses and amenities appropriate for the Barber Creek property (12 acres) and the Chicopee Gun Emplacement (6 acres). They are being approached as one project due to the sibling like nature of the history of these Civil War era installations. The vision document would serve as a guide for appropriate use of the property and set clear expectations for future development. This location allows Leisure Services to continue offering a variety of ways to enjoy and explore nature and interpret our history. A developed Vision Plan for this location will help us look at opportunities to enhance/expand our services to the community.

Project Justification

This project helps meet public safety, facility, infrastructure, and quality of life needs for Athens-Clarke County. These locations will benefit the entire community. These locations will compliment residents and businesses along both the First St/MLK Pkwy corridor and the Macon Hwy/441 corridor.

Manager's Office - Organizational Development
ACCGOV Talent Management Software Suite

Department Priority
1 of 1

CS, Software

Project Timeline: Ongoing

Project Description

The Talent Development Software (TDS) suite contains a cloud-based learning management system for training (LMS), to be used by all ACCGOV employees and departments who design and implement training (GIS, Police, Fire, HR, OD, etc.). The second aspect of the TDS is that it contains a Performance Management module that will effectively replace our current PMP, with better optics and augmented reporting.

Project Justification

TDS will transform the way OD delivers training content with a wide array of content media and blended learning interactions. Organization-wide compliance training is not possible with the current staff, training room and training room limitations. Public safety employees who work night shifts can't attend training. This software would put all of OD's, HR's, Fire's, Police's, GIS' training content online, with rapid deployment of vast amounts of information and 24/7 mobile-friendly access. The TDS will link performance with training and digitize all current hard-copy processes, not only increasing the viability of granular reporting, but significantly enhancing the process and ease of completion.

Impact on Annual Operating Expenses

The system is scalable, able to add additional modules that work with the talent management suite, with specific functions, including: 360-degree reviews, onboarding, succession planning, compensation planning, HR strategic planning. The impact to operating expenses include the acquisition of learning content year-over-year so that employees have access to more learning experiences that are relevant to their performance goals and work in tandem with the the performance management system.

 1 of 3

CS, Equipment

Project Timeline: FY17 to Ongoing

Project Description

This project maintains services and equipment and provide new services and equipment related to the Athens-Clarke County website (accgov.com) and associated eGovernment initiatives.

Project Justification

Informed & Engaged Community - The Public Information Office manages the website and trains departmental staff on use of the site. Project funds support website upgrades, training, support, and improvements, as well as social media support and archiving. The website is a key outlet for primary source information about ACCGov. In FY20, accgov.com had 2.65 million visitors, 5 million page views, and 1.8 million downloads. The FY22 request includes 1/2 of a system upgrade and design refresh spread over two fiscal years, funds to improve accessibility of documents, website hosting and support, social media archiving, a system-wide reporting and error detection system, a digital engagement platform, and surveying hardware.

ACTV & Multimedia Production Equipment

2 of 3

CS, Equipment

Project Timeline: FY19 to Ongoing

Project Description

This project provides funding for lifecycle replacements, new equipment, and upgrades to equipment related to the operation of the ACTV government access channel, live meeting coverage, and multimedia production for ACTV and other outlets.

Project Justification

Informed & Engaged Community - This project provides continued lifecycle maintenance and equipment updates for video production. In 1995, the local cable franchise agreement provided initial funding for equipment for ACTV, which launched in 2000. Charter/Spectrum ceased this funding after obtaining a statewide franchise in 2008. Remaining agreement funds were substantially decreased after FY17 upgrades to the ACTV bulletin board, ACTV production studio, ACTV production equipment, and Commission Chamber audio systems. Planned equipment upgrades for FY22 include a new projector for the Mayor and Commission Chamber, a digital asset management system for videos, and lifecycle maintenance.

AI, General Project Timeline: FY22 to FY23

Project Description

Funds for this project will be used to plan and prepare for the local referendum associated with the 2023 TSPLOST Program.

Project Justification

2018 TSPLOST revenue collection will end in March of 2023. In order to maintain the current level of tax revenue, TSPLOST 2023 will need to go to referendum in November 2022. Collections will begin in April 2023.

Manager's Office - Sustainability Office
Natural Area Rehabilitation Program

Department Priority
1 of 3

AI, Facilities

Project Timeline: FY24 to Ongoing

Project Description

Implement natural area management activities with a goal of managing ACC's properties and restoring/maintaining high quality ecosystem services and habitat. Management plans have been developed for the Restore our River project (Phase 1-Dudley Park and Phase 2-MLK), and Sandy Creek Nature Center. Plans are being developed for Rock and Shoals, Tallassee, Beech Haven, and Matthew Motors with a long-term goal of developing plans for all relevant ACC properties. This project includes the potential to identify and acquire structures identified as being within the 100-year flood zone, relocating households, and convert the property to greenspace.

Project Justification

ACC is the second largest landowner in the county and in has adopted and is implementing a comprehensive land management initiatives. This initiative utilizes land stewardship practices and policies that conserve ecosystem services, enhance community esthetics and health, promotes biodiversity, and encourages public-private projects. Further, these practices result in substantial savings related to "gray" (i.e. built) infrastructure by reducing pipe-destroying sediment, providing bio-remediation of toxic pollutants, and reducing runoff/enhancing stormwater percolation (higher summer stream flow) - while simultaneously encouraging ecotourism and healthy outdoor-focused lifestyles. CIP funding reduces fluxuations in operating budgets as well as reduces the need for additional staffing by utilizing contract services to address issues in natural areas that are otherwise underserved with current budget allocations. Funding may also be used to acquire properties/structures located in flood prone areas for the purpose of transforming properties into greenspace to prevent substantial property loss and/or potential injury or death. Georgia Emergency Management Agency is updating flood maps in Athens and there is a need to have funding options to relocated vulnerable businesses and households. This project meets the "Healthy, Livable, Sustainable Athens-Clarke County" and the "Safe and Prepared" Mayor and Commission Strategic Goals.

Impact on Annual Operating Expenses

Positive. By funding this as a capital project, ACC staff can contract for services, which reduces the need for additional staffing and operating expenses; Cost associated with GEMA project can be determined as funding opportunities arise.

Solar and Energy Program

2 of 3

AI, Facilities

Project Timeline: FY21 to Ongoing

Project Description

This project will install solar energy systems at Athens-Clarke County (ACC) facilities in order to: (1) decrease the environmental impacts of the energy we use, (2) decrease the ongoing costs associated with facility energy bills, and (3) provide opportunities for local jobs by supporting domestic energy production instead of using out-of-state fuel sources. This project will support energy action planning efforts needed to meet the Mayor and Commission commitment to reach 100% renewable energy by 2035. Funding to be used to leverage grants, SPLOST, donations and other opportunities to accelerate the transition to clean and renewable energy.

Project Justification

Over the last decade, facility energy price inflation has outpaced Athens-Clarke County budget growth, and as a result, fewer dollars are available for public safety, infrastructure, and economic development as we commit more funding to pay our utility bills. Athens-Clarke County currently spends more than \$7,350,000/year on 287 billion BTUs of energy to support government operations. Preliminary analysis indicates the community may spend as much as \$350 million/year on its energy use. Many policies, programs, and capital equipment modifications will be needed to transition this energy use to renewable sources. An energy action plan is currently being created that will help guide and facilitate the transition to clean and renewable energy. With the anticipated pivot by the federal government to focus on climate change and renewable energy, having funds available to use for match will be essential, positioning ACCGov so as to accelerate and significantly extend funding opportunities that will: build community resilience; accelerate the transition to renewable/clean energy; assist business, industry, and the public make the transition, and lower the community's overall energy burdens - especially for economically disadvantaged individuals and households. This project supports the Mayor and Commission 100 Percent Clean and Renewal Energy Resolution as well as the "Healthy, Livable, Sustainable Athens-Clarke County" and "Shared Prosperity" Strategic Goals.

Impact on Annual Operating Expenses

At today's rates, each dollar spent on solar energy results in a decrease of 5% annual savings on utility bills. This return continues to improve as utility rates increase and solar energy system prices decrease.

Energy Planning - Fleet Electrification, Fuel Reduction, and Climate Change Resiliency

3 of 3

AI, Planning

Project Timeline: FY21 to Ongoing

Project Description

As part of Energy Planning, this project provides funding to convert ACCGov's fleet to fully electric with a focus on large diesel vehicles and, as an interim, to equip vehicles with idle reduction technology in order to significantly reduce fuel consumption. Project includes selectively deploying monitoring equipment and pilot project funding to help guide effective use of funds during fleet conversion. Renewable energy by 2035. For FY21, a mix of capital and general operating budget funds will be used to complete the plan.

Project Justification

Guided by the Clean and Renewable Energy Plan, this project will help facilitate changes that need to be made to support the renewable energy revolution. Technology related to heavy vehicles such as garbage trucks, dump trucks, buses, fire engines, and similar vehicles is changing rapidly, with fully electric models becoming more cost effective and viable. The six ACCGov departments that use heavy vehicles will consume approximately 467,500 gallons of diesel fuel in FY21. If converted to fully electric vehicles, this would represent an annual savings of \$1M in fuel at current prices and eliminate almost 5,200 tons of greenhouse gases. As heavy vehicles are moved toward clean energy alternatives, funding idle mitigation technology during the transition will have significant positive financial impacts. Tallahassee Fla equipped 2 ambulances with idle reduction technology and realized an immediate annual savings of \$10,685 along with a 4,018 gallon reduction in fuel use and the mitigation of 4,230 hours of idle time. CIP support begins transforming ACCGov's heavy equipment fleet, an essential component to moving the community to clean and renewable energy in accordance with the Mayor and Commission 100 Percent Clean and Renewable Energy Resolution as well as the "Healthy, Livable, Sustainable Athens-Clarke County" and "Transportation Mobility and Connectivity" Strategic Goals. There are similar savings opportunities related to heavier-duty pick-up trucks that will achieve smaller but important results.

Impact on Annual Operating Expenses

Positive. By funding this as a capital project ACCGOV staff utilize funding to for grants, transportation projects, and related initiatives that will decrease future operating budgets for ACCGOV. Actual savings can more accurately be determined as the technology evolves.

Public Art Program

1 of 1

AI, Facilities

Project Timeline: FY12 to Ongoing

Project Description

Funds for this project will be used for the design, fabrication, installation, maintenance and implementation of community public art projects recommended by the Athens Cultural Affairs Commission and Proposed by the Mayor and Commission purchase for placement in various locations around Athens-Clarke County. The project is funded through the allocation of the equivalent of one percent of General Fund funding for Proposed capital projects, excluding land and equipment purchases.

Project Justification

This project is carried out in accordance with Chapter 1-25, "Athens Cultural Affairs Commission", of the Athens-Clarke County Code of Ordinances. Specific art projects are chosen in conjunction with the Athens Cultural Affairs Commission.

Permitting Software Equipment

1 of 3

AI, General Project Timeline: FY23 to FY23

Project Description

Acquisition of new equipment directly associated with a change in a permitting software program. The previous permitting software program was maintained over a 10-year span (2010-2021), and for the most part, could be utilized from existing technology. The proposed software upgrade is anticipated to require new digital equipment capable of displaying and storing information in a manner consistent with the new software; however, the specific type and number of equipment is yet to be determined until after initial onset of software and current technology compatibility.

Project Justification

The Planning Department is just one of multiple county departments that engage in the daily review, permitting, and inspection of construction projects that will now uniformly utilize a new software package. The Mayor and Commission have already authorized the contract for acquiring this software program and the services provided by the vendor. Each department will incur initial startup cost directly related to equipment needed to operate the overall program; therefore, this request is only intended to serve the direct needs of the Planning Department. Staff is continually striving to meet increasing demands linked to development throughout the county. This equipment is vital to maintaining accurate, secure, and timely information for plan review, permitting, and inspection. It will also afford the department/county more digital capability as we look to increased efficiency and innovation.

Comprehensive Plan Five/Ten Year Update

2 of 3

AI, General

Project Timeline: FY23 to Ongoing

Project Description

The current Comprehensive Plan was completed in June 2018. Monies associated with this project will fund work by staff to complete the required 5-year short-term update due in 2023, in addition to another major amendment due in 2028.

Project Justification

Georgia State Law requires that Comprehensive Plans be updated every five years. The Planning Department completed a major update in June 2018. A state-mandated 5-year minor update will need additional funding in FY23. Anticipating the future 10-year major update, staff has indicated the possibility of a consultant-lead effort, which is noted in FY26-30.

Replace Large Format Printer (KIP)

3 of 3

CS, General

Project Timeline: FY25 to FY25

Project Description

Acquisition of new large format printer/copier for Athens-Clarke County's Planning Dept.

Project Justification

The current printer (KIP) is nearing the end of its lifespan and will need replacing by FY25. Current maintenance is handled through a contract with Central Services and can be covered out of departmental operating funds. The copier/printer is vital to our efforts in regards to Plans Review, Subdivision Review and Final Platting. The department is striving to meet demands through digital opportunities, however some large format plans are still handled on paper, or required for recording purposes and site inspections.

On-Officer Cameras and Data Storage

1 of 17

CS, Equipment

Project Timeline: Ongoing

Project Description

Full deployment and maintenance of on-officer camera systems to record interactions between officers and the public. This system automatically and seamlessly downloads and stores digital video for use in court and supervisory reviews as mandated by national accreditation (CALEA) standards. Request is inclusive of equipment purchases, maintenance, and data storage costs.

Project Justification

The Athens-Clarke County Police Department has utilized video recordings for a number of years, to include in-car video recordings and on-officer camera systems. In 2014, a limited number of on-officer cameras were issued to patrol operations, with expansion to all patrol officers over the following year. Video shall continue to be transferred to a centralized database for use by criminal justice stakeholders. As the mandated retention cycle for such videos is now a minimum of 2.5 years, data storage needs have stabilized. Costs represented within the model below account for a continuance of existing cloud storage practices and the supported deployment of TASER Axon Camera Systems by 231 authorized sworn officers.

Impact on Annual Operating Expenses

Not anticipated to affect annual operating expenses.

Replacement of Conducted Energy Device (CED) Units

2 of 17

CS, Equipment

Project Timeline: FY21 to Ongoing

Project Description

This request seeks to establish a five year replacement cycle for all 231 conducted energy devices (CEDs).

Project Justification

The use of conducted energy devices (CEDs), more commonly known as “TASERS,” is requisite in today's law enforcement environment. TASERS enhance the level of safety experienced by officers and citizens alike as they allow for a less than lethal compliance tool. The ACCPD deployed its first CEDs in 2015 - providing a TASER to each patrol officer. All sworn officers now carry TASERS.

Impact on Annual Operating Expenses

Officers are required to attend TASER recertification courses each year in which live cartridges are used. Such costs are already within the ACCPD's annual operating budget.

	FY22	FY23	FY24	FY25	FY26	FY27-31	Annual

Project Timeline: FY22 to Ongoing

Project Description

Acquire an additional fifteen (15) vehicles in support of law enforcement operations. Acquisition costs would be spread over a three-year period given the proposed financing plan.

Project Justification

The ACCPD's currently authorized vehicle fleet cannot support a 1:1 assignment of vehicles to authorized sworn positions (Assigned Vehicle Program). Critically, each year the ACCPD expects the loss of vehicles due to non-preventable accidents, mechanical failure, age, and other causes which continue to deplete the number of vehicles available to support operations. This request seeks to allow for an enhanced fleet to help mitigate the vehicle shortages created by such diverse factors.

Additional Police Vehicles (25)

4 of 17

AI, Vehicles

Project Timeline: FY22 to Ongoing

Project Description

Acquire an additional twenty-five (25) vehicles in support of law enforcement operations. Acquisition costs would be spread over a three-year period given the proposed financing plan.

Project Justification

Critically, with a greater need for available & reliable fleet vehicles, coupled with an aging fleet, the department requires vehicles in the near term. Recommended vehicle replacement cycles are not consistently met, exposing the county to potential increased corrective maintenance costs and potential vehicle mechanical failures. This is especially problematic as ACCPD vehicles are often driven in call-response modes which place additional strain upon the vehicles not present in standard vehicle operations. In addition, the ACCPD's currently authorized vehicle fleet cannot support a 1:1 assignment of vehicles to authorized sworn positions (Assigned Vehicle Program) and the enhanced capacities such vehicle availability affords, should staffing return to full strength.

Replace Investigative Operations Vehicles

5 of 17

CS, Vehicles

Project Timeline: Ongoing

Project Description

Replacement funds for up to four (4) undercover vehicles for use by investigative personnel.

Project Justification

Familiarity with undercover vehicles can influence operational effectiveness and potentially endanger ACCPD personnel. Once identified, it is unlikely that suspects will engage in activity with the vehicles and may become hostile towards such vehicles and occupants. Investigative vehicles are traded-in each year so that they will be under warranty. This practice also limits potential vehicle repair costs.

Motorcycle Replacement Program

6 of 17

CS, Vehicles

Project Timeline: FY22 to Ongoing

Project Description

Replacement of Traffic Section motorcycles that are used for traffic safety programs, enforcement of traffic statutes, and accident investigations. The traffic section has ten (10) motorcycles of various model years. This project seeks to provide funds for the maintenance of such motorcycle assets with the provision of necessary funds for the replacement of two (2) new police motorcycles per year, allowing for a five (5) year rotation of the motorcycle fleet.

Project Justification

These motorcycles are used daily (weather permitting). The officers routinely use radar, monitor red-lights, perform speed zone enforcement in school zones, and other duties associated with traffic enforcement. A motorcycle is estimated to cost \$25,000 with an additional \$5,000 required to fully equip each new motorcycle in FY22.

Renovate Training/Firing Range

7 of 17

CS, Other

Project Timeline: FY23 to Ongoing

Project Description

The Firing Range Renovation Project is intended to improve and modernize the training provided to Athens-Clarke County law enforcement professionals. The proposed renovation consists of multiple phases, inclusive of but not limited to renovations of existing range structures, training systems, and site improvements.

Project Justification

Originally designed for a 60-person department, the 20-plus year old firing range is now used by over 400 law enforcement professionals. General repairs are needed throughout the facility.

Impact on Annual Operating Expenses

Not anticipated to affect annual operating expenses.

Use of Force Simulator Replacement Plan

8 of 17

CS, Equipment

Project Timeline: FY23 to Ongoing

Project Description

In 2015, the ACCPD acquired a use of force simulator for use by the department and law enforcement stakeholders. The simulator needs to be put on a replacement plan.

Project Justification

The ACCPD acquired a simulator to enhance firearms proficiency, and to allow for the incorporation of realistic, diverse training simulations into the toolkit of officers. The simulator allows for a realistic, reactive training environment with high definition graphics. To such an end, the simulator has been used to hone skills as with the provision of firearms usage diagnostics, skills training and branching/reactive simulations to build decision making skills that reduce the potential for deadly force events, while enhancing the ability to make legal and ethical decisions in the worst situations officers may face while conducting their duties. Of particular note, members of the public have been afforded opportunities to take part in such trainings. While the system proves robust, components require replacement and modification.

Mobile Computing Replacement Program

9 of 17

CS, Equipment

Project Timeline: Ongoing

Project Description

To provide annual funding for future replacement of police mobile computers and related mounts, docks, and antennas in police vehicles. Funds for the replacement of mobile laptops and related equipment have been provided in the past from revenues generated by the Red Light Violation Program. Red Light Camera funds are inadequate to sustain the computer replacement cycle and must be supplemented with general fund resources. The initial purchase of 120 laptops was approved by the Mayor and Commission on April 01, 2008.

Project Justification

Mobile computers provide critical communications capabilities for police officers in the field to access the databases of the Computer Aided Dispatch (CAD) System and the Records Management System (RMS). The absence of such computers would have a chilling effect on operations. Officers would still have access to databases, yet would need to access such information at one of the precincts/substations lessening departmental efficiencies in the field. In addition, a viable replacement cycle must be maintained as to ensure operational needs are met, and to reduce the potential for excessive replacement expenses within any one year.

Impact on Annual Operating Expenses

Computer repair costs will continue to rise absent a clear replacement cycle. Successor systems may require additional equipment, peripheral devices, and/or mounts as to allow for full functionality of mobile computers to be enjoyed.

Police Radio Battery & Microphone Replacement Cycle

10 of 17

CS, Equipment

Project Timeline: FY23 to Ongoing

Project Description

Establishment of a replacement cycle for officer radio batteries & microphones.

Project Justification

Department radios were issued with two battery packs each. The expected useful life of a battery pack is approximately two years. The ACCPD seeks to establish a fixed replacement cycle for radio battery packs to reduce strain upon the operating budget and ensure fund availability for battery pack replacement. Microphones must also be replaced periodically with a similar anticipated lifespan.

ACCPD Network Server Replacement Lifecycle

11 of 17

CS, Equipment

Project Timeline: Ongoing

Project Description

The ACCPD employs a diversity of means to store its data, with both cloud and traditional servers. Critical data associated with records management, general departmental files, and videos (in-car and CCTV video feeds) are stored on servers housed at the ACCPD - servers which need to have a set replacement period.

Project Justification

Too often the ACCPD has leveraged the considerable skill of its information technology personnel to extend the life of its servers beyond standard replacement periods. Servers need to be replaced to meet growing data needs, infrastructure changes, and improvements in operating systems. We must have a set replacement cycle to allow for appropriate systems updates and strategic planning of associated software/systems

Maintenance of Downtown Safety Camera System

12 of 17

CS, Equipment

Project Timeline: Ongoing

Project Description

Since 2005, the Athens-Clarke County Police Department has operated a camera system within the Downtown District. Such cameras have added to the department's situational awareness, have allowed for video recordings in investigative actions, and have added to the general level of safety enjoyed by citizens and visitors to the district. The requested program funding seeks to allow for repair/maintenance of system components, and allow for all components to be integrated within a single criminal justice stakeholder framework.

Project Justification

The camera system allows for an increased level of situational awareness for ACCPD personnel, contributes to officer safety, and allows for investigators to review materials. Should a camera location need to be repaired/replaced/added, costs are approximately \$5,000 per site (camera, mounts, connectivity). Each of the 29 camera sites needs to be placed on a 5 year replacement cycle, and a service & maintenance contract enacted for the totality of the system. Costs will appreciate as the camera system expands to meet operational needs and core system components are replaced as they reach the end of their serviceable life.

Replacement of Computer-Aided Dispatch (CAD) Workstations

14 of 17

CS, Other

Project Timeline: FY23 to Ongoing

Project Description

The ACCPD seeks to ensure funds are available to replace all Computer-Aided Dispatch (CAD) workstations (10 units) at the end of the workstations' anticipated lifespan.

Project Justification

Computer-Aided Dispatch is a core function of the E911/Communications Center. The workstations should not have an anticipated service life of greater than five years given: the criticality of services provided by the units and the need for reliable components; a desire to avoid costly repairs; and the need to acquire software/hardware updates to ensure all functionalities are realized and sustained.

Emergency Medical Dispatch (EMD) Program

16 of 17

AI, Other

Project Timeline: FY23 to Ongoing

Project Description

This request is based on a growing need to implement an Emergency Medical Dispatch (EMD) program and address staffing and equipment needs surrounding the call handling and dispatch of medical calls in Athens-Clarke County. Such a program will take at least 3 years to fully develop and field.

Project Justification

This request addresses a fragmented system between dispatch operations involving National EMS and ACC Fire-Rescue. It also provides an EMD system with protocols that can be shared with callers who are able to begin patient care prior to the arrival of emergency medical personnel.

Impact on Annual Operating Expenses

Annual operating expenses will be impacted by the proposed EMD program, yet are unknown at this time.

Ballistic Vest Replacement (Rifle Plates & Carriers)

17 of 17

CS, Equipment

Project Timeline: FY24 to Ongoing

Project Description

This project seeks to establish a five year replacement cycle for all ACCPD Special Operations Unit ballistic vests (more commonly known by the misnomer, "bullet-proof vests"); specifically to allow for the replacement of requisite rifle plates and carriers.

Project Justification

An increased potential exposure to higher caliber weapons and operational needs necessitate that members of the Special Operations Unit are issued additional ballistic vest components (plates and carriers) with a greater ballistic rating. Of particular note, ballistic vest components must be replaced every five years as to ensure the integrity of the protective elements. In the past, Special Operations ballistic vests have been purchased as required, a practice which has placed an unnecessary burden upon departmental operating accounts.

Impact on Annual Operating Expenses

W&S Lines - Additions and Improvements

1 of 18

CS, Infrastructure

Project Timeline: Ongoing

Project Description

In-house construction costs for capital project labor, equipment/vehicles and materials. Crews work out of the W&S construction office located at 1000 Alexander Street.

Project Justification

To provide annual funding for labor and materials cost associated with in-house construction projects to add and improve the water and sewer infrastructure.

Watershed Protection Long-Term Monitoring

4 of 18

CS, General

Project Timeline: FY12 to Ongoing

Project Description

This project provides annual funding to implement a Long-Term Watershed Protection Plan and Monitoring to remain in compliance with the standards set by the Georgia Environmental Protection Division (GAEPD). The Long-Term Watershed Protection Plan was required by the EPD as part of the issuance of the new NPDES permits for the upgrade/expansion of three (3) Water Reclamation Facilities. The Long-Term Water Shed Protection Plan must be updated each year.

Project Justification

These funds will be used to cover expenses incurred in updating ACC PUD's Long-Term Watershed Protection Plan in accordance with the EPD's requirements. The scope of the services provided are to include monitoring water quality, compiling data and development of reports for submittal to the EPD. This project is aligned with the Mayor and Commission strategic commitment of Healthy, Livable and Sustainable Athens-Clarke County.

Replace Water Meters

5 of 18

CS, Equipment

Project Timeline: Ongoing

Project Description

The approximate revenue generated/contributed annually for the Meter Replacement Program. This program's single purpose is to ensure that the water meters are replaced over a designated cycle to ensure accuracy is maintained. This project includes Automated Meter Infrastructure (AMI), which began in FY 2016.

Project Justification

Funding needed for AMI water meter life-cycle replacements to ensure meter accuracy, fairness in billing, and improved customer service. Replacing AMI meters through life-cycle replacement will also help with the Utility's water loss reduction. Continuous funding from Enterprise and Bond account for replacement of this critical asset is required for sustainable operations. This project is aligned with the Mayor and Commission strategic commitment of Financial Health and Economic Prosperity.

Impact on Annual Operating Expenses

Rehabilitate and Replace Sewers

6 of 18

CS, Infrastructure

Project Timeline: FY12 to Ongoing

Project Description

Evaluation of the sewer lines is the first step in determining specific locations in need of rehabilitation. The evaluation process is conducted utilizing a number of different procedures such as TV inspection, smoke testing, as-built surveys and monitoring existing flow conditions. The specific locations and the rehabilitation or replacement methods will be determined on a case-by-case basis. This project also includes Sewer System Evaluation Survey (SSES) inspections and cured-in-place pipe lining rehabilitation where needed on sewer pipes in the highest-ranked-flow meter basins, which comprise of 260 miles of pipe. SSES and R&R costs continue into out years to evaluate and rehabilitate trunk, interceptor and collection system assets. Finally, and most importantly, the project work will add capacity to existing sewers for existing customers. The latter includes replacing sewers in these sewersheds: Brooklyn, Tanyard, Upper North Oconee, Middle Oconee East and McNutt Creek.

Project Justification

Sections of the existing wastewater collection system are 80-100 years old and much of the system was constructed with vitrified clay pipe. As a result, there are sections of pipe within the wastewater collection system experiencing inflow and infiltration problems. These problems may be minor cracks in pipe or they could represent sections experiencing major structural problems. Locating and correcting these problems will ensure the integrity of the wastewater collection system and help eliminate wet-weather sewer system overflows and will restore both sewer and plant capacity. Continuous funding for replacement of this critical asset is required for sustainable operations. This project is aligned with the Mayor and Commission strategic commitments of Financial Health and Economic Prosperity and Accountable and Responsive Government.

Impact on Annual Operating Expenses

	FY22	FY23	FY24	FY25	FY26	FY27-31	Annual
Predicted decrease in emergency calls, overtime, and emergency repairs. Predicted decrease in wastewater reclamation costs and deferral of future Water Reclamation Facility expansion. Added cost for depreciation.	-	-	-	-	-	-	-

Public Utilities

Department Priority

Extend Wastewater Collection System

7 of 18

AI, Infrastructure

Project Timeline: Ongoing

Project Description

Through the year 2035, new trunk sewers and interceptor sewer lines may be constructed and/or extended into sub-basins currently without public sewer service. Such extensions could either be by gravity sewer (with or without pump stations) or by small-diameter pressurized systems. Bond money will be used for the Upper North Oconee sewer line improvements. This placeholder capital project thus provides a funding source should Mayor and Commission decide to extend the sewer system.

Project Justification

To provide capacity in areas where service does not currently exist and provide service for new customers. Conversion of problematic individual sewage disposal systems to public sewer could also improve stream quality. Funding is thus available if neighborhoods on septic tank systems petition for sewer extension via creation of special improvement districts. This project is aligned with the Mayor and Commission strategic commitment of Healthy, Livable and Sustainable Athens-Clarke County.

Impact on Annual Operating Expenses

Replace and Upgrade Facilities and Equipment

8 of 18

CS, Equipment

Project Timeline: Ongoing

Project Description

Annual cost to replace and / or conduct major repairs to fixed equipment and facilities within the Public Utilities Department (PUD). Facilities include the drinking water plant and intakes, water reclamation facilities, the Water Resources Center, 124 East Hancock Avenue, Water & Sewer Construction & Maintenance shop, and the Meter Management shop. Also includes vehicles and stocking critical spare parts as required by EPD permits. This program also includes upgrades which improve plant efficiency, permit compliance and / or performance reliability. Land acquisition and construction of new shops for Water & Sewer and Meters is included.

Project Justification

Avoid spikes in the water rates by maintaining a consistent level of funding for major repairs and replacement. Continuous funding for replacement of equipment is required for sustainable operations, reliable performance under the Safe Drinking Water Act and Clean Water Act, and for compliance with permit conditions. For example, our Clean Water Act permits state that the "permittee shall maintain ... all treatment or control facilities and related equipment". This project is aligned with the Mayor and Commission strategic commitments of Financial Health and Economic Prosperity and Accountable and Responsive Government.

Impact on Annual Operating Expenses

Net zero impact. Cost savings can derive from the following: avoid permit penalties; shift from corrective maintenance to less expensive preventive maintenance; gain treatment process efficiencies. Added cost from increased depreciation.

Rehabilitate and Replace Water Lines

9 of 18

CS, Infrastructure

Project Timeline: FY17 to Ongoing

Project Description

This R&R program includes a) replacement of small diameter water mains, b) leak detection program, c) repairing leaks, d) relining and replacing older mains, and e) gridding or looping existing dead-end lines. Where homes and businesses are on wells, this program includes funding for fire protection extensions. The individual R&R projects will be turnkey and will therefore include reconnection of services to the main and, as needed, relocation of meters.

Project Justification

This reinvestment in a substantial part of the utility's public health and safety infrastructure will improve the hydraulic capacity of the water distribution system, enhance fire protection, reduce discolored water complaints, help maintain ACC's ISO fire rating and extend the life of the older water mains. Replacing break-prone water lines will reduce the utility's real water losses and reduce customer outages. The leak detection program will make this program more cost effective by maximizing the expenditure for R&R measured against real losses. This project is aligned with the Mayor and Commission strategic commitments of Financial Health and Economic Prosperity and Accountable and Responsive Government.

Impact on Annual Operating Expenses

Predicted decrease in emergency calls, overtime, and emergency repairs. Predicted decrease in water treatment costs and deferral of future water treatment plant expansion. Added cost to depreciation.

Relocate Water & Sewer Lines for DOT Projects

10 of 18

CS, Infrastructure

Project Timeline: Ongoing

Project Description

This project provides annual funding to cover water / sewer line relocations for transportation projects not covered by another project. It is anticipated that in future years FY21-24 the proposed request will be removed, with a carryforward target of \$500,000.

Project Justification

To avoid spikes in the water rates by maintaining a consistent level of funding for DOT initiated water/sewer line relocation projects. This project is aligned with the Mayor and Commission strategic commitment of Transportation Mobility and Connectivity.

Impact on Annual Operating Expenses

Manage and Reuse Residual Solids

11 of 18

CS, Infrastructure

Project Timeline: Ongoing

Project Description

Reduce and reuse residual solids from wastewater treatment. In addition to current composting, pursue opportunities for other modes of biosolids beneficial reuse by upgrading biosolids stabilization and drying. Continue to dredge the alum sludge lagoon at the water plant approximately every 6-7 years until the solids handling facility is constructed at the J.G. Beacham Water Treatment Plant.

Project Justification

Alternative plans for biosolids could extend the life of the ACC landfill. Based on the volume of waste by-product being received at the WTP, dredging the sludge lagoon is the most cost effective at this time. This project is aligned with the Mayor and Commission strategic commitments of Healthy, Livable and Sustainable Athens-Clarke County.

Impact on Annual Operating Expenses

	FY22	FY23	FY24	FY25	FY26	FY27-31	Annual
Biosolids treatment, handling and disposal cost will increase by an undetermined amount. ACC landfill operating costs may decline with beneficial reuse.	-	-	-	-	-	-	-

Improve Water Supply Reliability

12 of 18

CS, Infrastructure

Project Timeline: FY18 to FY38

Project Description

Implement the first phase of a non-potable recycled water utility consistent with an overarching master plan of non-potable and potable reuse and to develop a water storage facility and conveyance of raw water. The non-potable water utility makes existing ratepayers less vulnerable to water shortages by switching bulk users of potable water to non-potable water (recycling of wastewater). Additional raw water storage provides water during protracted drought, nearly drought-proofing the community into the foreseeable future.

Project Justification

Part of the intent of a reuse system is to displace demand on potable supplies; non-potable reuse is thus an element of a larger strategy to drought-proof existing supplies by reducing raw water withdrawals from the rivers or reservoir. Other elements which make the community less vulnerable to drought include current and future conservation programs, tiered pricing on discretionary water (as exists), and potable reuse where opportune. In the latter case, and if the community is willing, purified recycled water could be mixed with raw water in the storage facility described below, thus providing an additional source of water to the drinking water treatment plant.

Additional raw water storage is also an element of a larger strategy to drought-proof existing supplies by making available raw water when the rivers and/or Bear Creek Reservoir are unavailable due to drought or other issues. Raw water storage serves as ballast between intake (raw water withdrawal) and the drinking water plant; most large water systems that rely on river flow have many weeks of local raw water storage to weather either reduced river flows or water quality problems with the supply source, such as a chemical spill. ACC's share in Bear Creek Reservoir partially fulfills this purpose. But the prospects of a drought worse than design are a chronic concern to water purveyors.

This project is aligned with the M&C strategic commitment of Safe and Prepared Community.

Impact on Annual Operating Expenses

To be determined. Although replacing potable with less-expensive reuse water would diminish revenue from potable water sales, ratepayers benefit from the reduced likelihood of enforced reductions during a drought.

W&S Contribution to Economic Development

13 of 18

AI, Infrastructure

Project Timeline: Ongoing

Project Description

The annual contribution for economic development projects which are not part of the Service Delivery Plan.

Project Justification

To provide a consistent level of funding for economic development projects which are not identified in other named projects. By providing a consistent level of funding, spikes in the water rates can be avoided. The level of funding is based on average annual expenditures for projects of this type. This project is aligned with the M&C strategic commitment of Financial Health and Economic Prosperity. A carryforward balance of \$300,00 is targeted.

WRF Phosphorous Improvements

15 of 18

AI, Equipment

Project Timeline: FY19 to Ongoing

Project Description

The NPDES permitted phosphorus limit is changing. This project addresses necessary upgrades at the three Water Reclamation Facilities.

Project Justification

This project was approved by Mayor & Commission on October 2, 2018. An agenda item was necessary to address the changes in timing and budget versus those planned as part of the 2015 Service Delivery Update. This project aligns with the Healthy, Livable, Sustainable Athens-Clarke County and the Safe and Prepared Community FY19 Strategic Commitments.

Water & Sewer Additions and Improvements

16 of 20

AI, Infrastructure

Project Timeline: FY21 to Ongoing

Project Description

This project provides annual funding to cover projects which do not fall under any of the other categories, such as replacement/repair of damaged river crossings, replacement of old and/or deteriorated water mains and sewer lines, minor projects to meet new regulatory requirements, etc.

Project Justification

To provide a consistent level of funding for repairs and replacements to water/sewer lines, which are not identified in other named projects, to avoid spikes in the water rates. The level of funding is based on average annual expenditures.

Downtown Infrastructure Improvements

17 of 20

AI, Infrastructure

Project Timeline: FY21 to Ongoing

Project Description

Replace and upgrade water & sewer mains. Existing water & sewer lines and service connections and water meters will be upgraded and/or replaced along the route of the water main replacement. This project addresses some of the oldest water mains in the ACC-PUD system.

Project Justification

The scope of this project has been expanded to include areas adjoining the downtown area. The project duration is indefinite.

Renovate/Expand W&S/Meter Mgt Construction Facility

18 of 20

CS, Infrastructure

Project Timeline: FY21 to FY23

Project Description

Determine the location, design and construct a building which can house both the Water & Sewer and Meter Management division staff. To provide an adequate facility for existing and future requirements inclusive of vehicular and equipment parking and a materials storage area.

Project Justification

This project accommodates the long-range goal of the Water Treatment Plant Master Plan in regards to future expansion and plant upgrades. The new facility will provide adequate office and equipment space for staff, and future land purchases will be offset by the sale of land on Alexander Street owned by ACC PUD. This project aligns with the Healthy, Livable, Sustainable Athens-Clarke County FY20 M&C Strategic Commitments.

Water Transmission Grid Improvements

19 of 20

AI, Infrastructure

Project Timeline: Ongoing

Project Description

To provide redundancy in the water distribution system by performing interconnections at numerous junctures for large diameter pipes resulting in improved water service reliability and fire protection.

Project Justification

Failure of the West Athens Transmission Line would impact much of the water service area with either total loss of service or water pressure below safe levels, with accompanying boil water notices and impaired fire protection. Improvements to the grid structure will reduce the impact should the transmission line be out of service because of breaks or the need for planned maintenance. This project is consistent with the M&C strategic commitment of Safe and Prepared Community.

Impact on Annual Operating Expenses

This is an infrastructure improvement construction project.
No annual operating expenses are anticipated.

Replace Mobile Data Computers

2 of 7

CS, Equipment

Project Timeline: FY10 to Ongoing

Project Description

To purchase 20 Mobile Data Terminals (computers) that will be used by the Clarke County Sheriff's Office Field Deputies in their cars to conduct their daily duties while out in the field. The cost of the project includes an extended maintenance and warranty plan for the equipment.

Project Justification

This project allows for deputies to access the Public Safety Records Management System in the field through mobile data terminals (computers) to conduct the following tasks:

- . Check status of arrest warrants
- . Access photographs and other personal information on wanted persons
- . Access Temporary Protection Orders to check for compliance
- . Access the sexual offender registry to check for compliance
- . Access maps and other tools for criminal investigations.
- . Access criminal history information on wanted person

The ability to conduct these tasks in the field verses the office saves time and resources.

Impact on Annual Operating Expenses	FY22	FY23	FY24	FY25	FY26	FY27-31	Annual

Purchase Body Worn Cameras

4 of 7

CS, Public Safety Equipment

Project Timeline: FY23 to Ongoing

Project Description

Provide replacement Body Worn Camera to Sheriff Jail Section (125 units) in FY23 and Field Section (25 units) in FY25. Included in the first year pricing for the jail and field is the camera purchase, service, software, support, and video storage. Life expectancy for equipment is 5 years.

Project Justification

Body Worn Cameras (BWC) contribute to safety, transparency, and accountability of detention staff in jail operations. Availability and visibility of BWC equipment creates an immediate positive change in the demeanor and behavior of individuals in law enforcement encounters. Availability of video and audio record of law enforcement encounters enhances investigative accuracy of information for investigation of criminal behavior, potential inmate/citizen complaints, and review of law enforcement conduct. This combination of available information increases safety of law enforcement and community members, increases transparency of incident information, and reduces liability and associated costs.

Purchase Tasers and Related Equipment

5 of 7

CS, Public Safety Equipment

Project Timeline: FY21 to Ongoing

Project Description

This project will provide provision and replacement for fifty (50) Tasers and support equipment (Holsters, cartridges, batteries, etc.) for the Sheriff's Office. This project includes an extended warranty for the equipment.

Project Justification

Electronic Control Weapons (Tasers) are an integral part of our force continuum model. Tasers are a 'less than lethal' use of force option that may assist our deputies when dealing with combative, violent or aggressive people. The use of Tasers help reduce risk of injury to deputies, offenders, and members of the public. Taser technology can immobilize a suspect who can overcome pain, might be on dangerous drugs like cocaine or methamphetamine or even emotionally disturbed, whereas other non-lethal tools rely upon pain compliance. The Taser system doesn't use pain compliance but immediately stops any coordinated action by the subject only while the Taser system's current is flowing.

Replace Courthouse Security Equipment

6 of 7

CS, Equipment

Project Timeline: FY05 to Ongoing

Project Description

This project involves the purchase of two security screening x-ray machines (PX6.4 X-Ray Systems at \$30,000 each) and two walk through metal detectors (PD6500i WTMD's at \$4,000 each) in FY27-31 to replace existing equipment. The current equipment has a ten year life cycle. Total cost is estimated at \$75,000 for the initial purchase. After the first year of purchase, there will also be operating expenses for a maintenance plan at an annual cost of \$13,000 for both sets of machines.

Project Justification

The security screening machines and the walk through metal detectors are essential to providing the necessary security for the Clarke County Courthouse. The screening machines are able to scan packages and other belongings that are brought into the courthouse. It also displays images of property for the purpose of detecting weapons and/or explosive devices. The advanced features of the security screening machine include operator assistance, image archiving, and threat image protection. The walk through metal detectors have the capability to detect metal objects in eight different zones within its frame. It will also provide visual display that pinpoints the area of alarm.

Replace Prisoner Transport Bus

7 of 7

CS, Transportation

Project Timeline: FY00 to Ongoing

Project Description

The existing prisoner transport bus (44 passenger) was purchased and delivered in February 2000. It was purchased through the Sheriff's Inmate Special Revenue Fund. It is currently not in the vehicle replacement program.

Project Justification

The existing prisoner transport bus is used to transport inmates between the jail and the courthouse for court appearances. It is vital and necessary to the Sheriff's Office to have this means of transportation because it reduces the number of trips back and forth from the jail to the courthouse because of its passenger capacity.

Replace Trash Compactor

1 of 19

CS, Equipment

Project Timeline: Ongoing

Project Description

This project is for the routine replacement of the two (2) trash compactors used daily at the Athens-Clarke County Municipal Solid Waste Landfill. Equipment purchase is planned to be funded over a three year period through the Georgia Municipal Association's (GMA) loan pool.

Project Justification

Trash compactor vehicles are essential to the efficient operation of the landfill. Subtitle D landfill requirements necessitate compaction for all refuse to save land and air space. The expected life cycle of a compactor is eight (8) years. The current tonnage at the landfill allows for a slightly longer life cycle. The compactor is used to properly position refuse in the working area of the landfill and then compact the materials by repeatedly driving over the area with spiked wheels. Compactors weigh over 100,000 lbs. Two (2) compactors are required to be at the landfill by state Proposed Design and Operating Plans for the landfill. The FY20-22 year funds will replace a 2008 Al-jon. The FY23-25 year funds will replace a 2013 Al-jon. In FY20, compactor purchase pushed back one year and increased budget amount because Al-jon no longer in business.

Impact on Annual Operating Expenses

Reduction in initial maintenance costs due to warranty coverage. Depreciation remains fairly constant due to short life of equipment.

Replacement Roll-Off Container Truck

3 of 19

CS, Equipment

Project Timeline: Ongoing

Project Description

Purchase replacement roll-off container trucks which are used daily to service recycling drop-off centers and open top trash roll-offs throughout Athens-Clarke County. These trucks are used in a variety of applications both in the landfill and collection division environments.

Project Justification

The Solid Waste Department has a 2003, 2006, 2012, and 2018 roll-off container trucks. The use of the Georgia Municipal Association Loan program allows payments to be spread out over a three year period. These trucks provide service to ten (10) drop-off centers and service over 40 open top containers. The 2003 is designated as a back-up unit and is used daily at the landfill (six days a week). These trucks have an expected ten(10) year life cycle since biosolid hauling ceased. The use of the Georgia Municipal Association loan program allows funding to be spread over a three year period. The 2006 was given to the landfill for to replace the 2003. The 2012 will be replaced during the FY21-FY23 cycle. Tentative, 2018 will be replaced in FY27-FY29 cycle.

Replace Bulldozer

5 of 19

CS, Equipment

Project Timeline: Ongoing

Project Description

This project is for the routine replacement of the two (2) bulldozers used daily at the Athens-Clarke County Municipal Solid Waste landfill.

Project Justification

The two (2) D8 bulldozers are the most heavily used pieces of equipment at the landfill. They are used daily for earth-moving, pushing trash to the working face, covering trash with dirt and rock removal. The current bulldozers are a 2011 and a 2014 Caterpillars . Historically, their useful life has been seven years although five years is a better estimate. The replacements can be done using the Georgia Municipal Association loan program spreading the purchase over a three year time frame. On June 7, 2016, the Mayor & Commission approved moving funding for one of the two new bulldozers to FY17 - FY19. The new bulldozer was purchased in July 2016 (FY17) and replaced the 2011 due to a catastrophic failure. The 2014 will be replaced FY20 and the 2016 will be replaced in FY23-FY25. Pricing was increased in FY21 due to market.

Impact on Annual Operating Expenses

The two bulldozers are the most heavily used pieces of equipment at the landfill. Their useful life is short due to the harsh operating environment. Initial maintenance costs are reduced due to warranty coverages. Depreciation is not

Purchase Replacement Road Tractor

8 of 19

CS, Equipment

Project Timeline: FY22 to FY24

Project Description

Replacement of road tractor used at the landfill to haul semi-trailers with trash, recycling, fuel and/or leachate. This purchase would replace the 2010 road tractor. This purchase would take place in FY25.

Project Justification

Road tractors are used daily at the landfill to transport various materials. Semi-trailers are used to collect materials that are later delivered to the landfill working face; recyclable materials to the RMPF; leachate to recirculate; and fuel tank moving, as needed. Out year funding would be used to replace the 2010 Freightliner M2-112 road tractor through the GMA Load Pool Program.

Replace Track Loader

9 of 19

CS, Equipment

Project Timeline: Ongoing

Project Description

Replace 2006 crawler/loader used to load materials (dirt, mulch, rock, etc.) at the landfill.

Project Justification

This vehicle is used to maintain and support daily "cover" operations at the landfill. The crawler/loader is used six (6) days per week and is essential to landfill operations. This equipment is on a ten (10) year life cycle, but is currently in good condition and is not expected to need replacement until in FY21 or later. The current machine was purchased in FY06. Use of the Georgia Municipal Association loan program allows funding to be spread over a three year period. Funds are set aside annually for the replacement of equipment at the landfill.

Impact on Annual Operating Expenses

Replace RMPF Tip Floors

13 of 19

CS, Equipment

Project Timeline: FY21 to Ongoing

Project Description

Replace the Recovered Material Processing Facility(RMPF) tip floors.

Project Justification

This is a request to maintain the RMPF. The tip floors are concrete floors that hold material prior to processing. If not replaced appropriately, the damage can affect the infrastructure of the RMPF.

Impact on Annual Operating Expenses

Replace Dump Truck (25 yard articulating)

15 of 19

CS, Equipment

Project Timeline: Ongoing

Project Description

This project is for the routine replacement of the two 25 yard Articulating Dump Trucks for use at the ACC Municipal Solid Waste Landfill.

Project Justification

The landfill currently uses two 25 yard articulating dump trucks to haul dirt and other materials. The current vehicles are a 2016 Volvo and 2019 Caterpillar. The vehicles have a useful operational life of approximately 15 years. Vehicles are typically purchased using the Georgia Municipal Association loan program thereby spreading the payments out over three years. Funds are set aside annually in the landfill's budget for equipment replacements.

Closure of Landfill- Phase 1 & 2 Areas

16 of 19

CS, Facilities

Project Timeline: Ongoing

Project Description

The existing Athens-Clarke County Sanitary Landfill located at 5700 Lexington Road consist of approximately 460 acres on the Clarke/Oglethorpe County line. It has been owned and operated as a municipal landfill since November 1976. A-CC is currently operating a Sub-title D (lined) landfill which is designed to meet all federal standards, including a closure and post-closure care plan to be implemented when the landfill has reached capacity. Closure of Phase 1 was funded in FY06 at \$3.1 million, but due to operational changes the closure has been delayed. Two years of capacity are remaining in Phase 2.

Project Justification

The landfill has proposed to expand the landfill adjacent to Phase 1 (Phase 5). With this change the closure of Phase 1 may not be required in the next 10 years. Funds previously set aside for closure of Phase 1 are proposed to be used for Phase 2 closure. The out year funds are requested for the closure of Phase 3 sometime in FY18. Funds for closure and post closure care are set aside annually in the Landfill Enterprise Fund.

Impact on Annual Operating Expenses

Replace Windrow Turner in Compost Operations

17 of 19

CS, Equipment

Project Timeline: Ongoing

Project Description

Purchase a replacement windrow turner for the bio-solid/yard and food scrap composting program.

Project Justification

A windrow turner is a critical piece of equipment for the composting program. The turner self propelled and mixes the windrows of compost approximately once every three days. Proper turning of the windrows is critical and mandated (when composting bio-solids) to accelerate the composting process and reduce odors. The equipment has a 12 year life and funds are set aside in the landfill enterprise fund annually for replacement. This purchase will assist the Department in reaching the Mayor and Commission waste diversion goals with the final goal of 75% waste diverted by 2020. The only way to reach this goal is through an expanded composting program. Pushed purchase from FY20-FY21 due to ASP conversion.

Impact on Annual Operating Expenses

Replace Trommel Screen in Compost Operations

18 of 19

CS, Equipment

Project Timeline: Ongoing

Project Description

Purchase of a replacement trommel screen to process finished compost at the ACC Municipal Solid Waste Landfill.

Project Justification

The trommel screen is used to sift finished compost material for final use. Materials that have met the processing and testing conditions are run through the screen to remove the larger materials. Larger materials are returned to the processing area for re-mixing. Finished materials are sold to the public or used in Landfill operations. Funds for the replacement of this and other equipment at the Landfill are set aside annually for their replacement. Original Trommel Screen caught fire in March 2020 and was a total loss. Safety and Risk replaced our original trommel screen.

Purchase Skid Steer (Compost Loading)

19 of 19

CS, Equipment

Project Timeline: FY21 to Ongoing

Project Description

Purchase skid steer (small loader) for loading compost into customer vehicles.

Project Justification

Small loader is needed to load purchased compost in to customer vehicles. Without a loader landfill staff would not be able to load finished compost into smaller vehicles (trucks) around the MRF (red building). New Caterpillar skid steer purchased in FY21.

Impact on Annual Operating Expenses

Initial maintenance cost would be lower due to warranty coverage.

Replace Commercial Dumpster Collection Front-end Loader

1 of 3

CS, Equipment

Project Timeline: Ongoing

Project Description

Purchase replacement 40-cubic yard front-end load truck for commercial dumpster collection. These vehicles provide for commercial waste and recycling throughout the community.

Project Justification

Systematic replacement of vehicles is necessary to keep the fleet in adequate operating condition and to provide efficient commercial dumpster collection (refuse and recycling) to our customers. The expected useful life of front-end load trucks is seven (7) years. Funds for the replacement of these vehicles is put in the Solid Waste Enterprise fund annually. The use of the Georgia Municipal Association loan program allows funding to be spread over a three year period. Out year funding will replace 2010 and 2012 vehicles. In FY20 altered price due to rising costs to purchase a FEL truck.

Impact on Annual Operating Expenses

Replace Mini-Packer Trucks

2 of 3

CS, Equipment

Project Timeline: Ongoing

Project Description

Replace five (8 yard) mini-packer trucks two used in residential operations (backyard and areas inaccessible by automated trucks) and two used in commercial curbside operations (Central Business District, Five Points and Prince Avenue to Normaltown corridor). One mini-packer is used daily to service Commercial, Curbside Trash and Recycling Customers throughout Athens-Clarke County.

Project Justification

The Solid Waste Department currently uses five (5) mini-packer trucks for the residential and commercial curbside operations. The Solid Waste Department currently uses one 2018 Isuzu mini-packer to service over 100 small commercial businesses five days a week. These trucks should be replaced every five years to capitalize on maintenance warranties, resale value and maintenance issues/costs exceed internal maintenance capabilities and budget. The use of the Georgia Municipal Association loan program allows funding to be spread over a three year period. Three of the four 2015 Hino mini-packers were replaced in FY20. We replaced them with Isuzu's so we have three 2020 Isuzu's and one 2018 Isuzu. We have one 2015 Hino that needs replaced in FY21 or FY22.

Replace Automated Refuse/Recycling Truck

3 of 3

CS, Equipment

Project Timeline: Ongoing

Project Description

Replacement of automated residential refuse/recycling fleet. The current fleet consists of six 2015 Mack/Labrie - automated sideloaders and four of these trucks were scheduled for replacement in FY20.

Project Justification

The original project reduced the Solid Waste Fleet by five vehicles and also reduced personnel by 9 employees by converting the fleet to automated vehicles. Automated vehicles operate with a single person versus the current three person crews. The up front capital cost to replace the fleet is paid back in approximately three years with the reduction in personnel and maintenance costs. Four of the original 2015 Mack/Labrie, automated sideloaders will be replaced in FY20. The other two will be replaced in FY21-FY22. These trucks are on a five year replacement cycle.

Impact on Annual Operating Expenses

There was a reduction in personnel cost of approximately \$350,000 per year along with reduced maintenance cost.

Purchase One Leaf Vacuum

1 of 2

CS, Equipment

Project Timeline: FY22 to Ongoing

Project Description

Purchase one leaf vacuum for downtown litter and leaf removal operations. This is a request from the General Fund since the staff that would utilize the equipment are in the Litter/Dumpster cost center housed in the General Fund.

Project Justification

This request would allow staff to collect leaves and litter faster, safer and quieter. This equipment would minimize the use of leaf blowers that are currently used. Leaf blowers are loud, unsafe for staff (hearing) and environmentally unfriendly (two stroke engine emissions). Transportation and Public Works is interested in using them for bike lane leaf removal too.

Matching Funds for Transit Capital Improvement Grants

1 of 2

CS, Transportation

Project Timeline: Ongoing

Project Description

Funding provides the local match funds for various Federal and State Transit Capital Grants not funded by SPLOST or TSPLOST. Typical grant funding is 80% Federal-20% local match. Some projects may receive a 10% state match, if State funding is appropriated, reducing local match to 10%. The Projects receiving annual grants and matching dollars are for replacements and expansions of transit vehicles (buses, demand response vans, and support vehicles) capital maintenance items and equipment, transit facility improvements, bus shelters, benches and other various transit related capital equipment. This project corresponds to the approved 2018-2021 Transportation Improvement Plan (TIP) and the Madison Athens Clarke Oconee Regional Transportation Study (MACORTS) 2022-23 Second Tier projects listing and 2040 Long Range Plan Transportation Plan. Based on the currently allocated budget, the department will Carry Forward \$94,687 of funding from the sale of surplus buses and equipment, thereby reducing the FY22GF request to \$50,000. (Note: No GF match has been required for the last three fiscal years, because the department funded the local match to the grants with revenues from the sale of surplus buses and equipment.)

Project Justification

The Federal Transit Administration and the Georgia Department of Transportation recommend replacement of transit buses when they are 10 or 12 years old and vans when they are 5 or 7 years old, depending on FTA useful life rating by specific vehicle type. The average cost for a hybrid electric bus is \$725,000 per bus and \$85,000 for vans. All grants require a minimum 20% local match, which is reflected in the increased funding levels. It's anticipated that Federal funding will be available in FY21 for various vehicle replacements, capital maintenance items and other capital equipment replacements. TSPLOST 2017 funding is available to cover the local match required for all vehicle replacements and Bus Stop Facilities Improvements in FY19-23 years. Note: Buses ordered in 2020, will not be delivered until spring of calendar 2021. (Funding sources identified in FY22-26 and FY27-31 are not approved)

Impact on Annual Operating Expenses

The SPLOST 2011 Project # 7, Transit Vehicles and Bus Stop Improvements program and and TSPLOST 2017 programs will provide for the replacement of older transit vehicles or acquisition of new vehicles to expand service and for capital improvements to system bus stops. Capital improvements are to include installation of signage, pad pavement, seating, covered shelters, landscaping, bicycle racks, route information, and related bus stop improvements. This is a continuation of a SPLOST 2005, 2011 and TSPLOST 2017 program. SPLOST and TSPLOST funding currently will not pay local match for capital maintenance items, spare parts, tires and and other capital equipment replacements.

Update Transit Plans and Transit Studies

2 of 2

AI, Transportation

Project Timeline: FY19 to FY23

Project Description

Annually revises 2018-2021 Transit development plan, a five-year action plan to improve planning, funding, and delivery of public transit services in Athens-Clarke County. Based on recommendations from the Mayor and Commission directed Transit Feasibility study that reviewed Athens Transit Systems current operations, service delivery, a demand analysis, various surveys, and developed a plan for increasing services system wide.

Project Justification

This is a continuation of the Transit Feasibility study that was directed by Mayor and Commission and is a Federally mandated TDP. A study which is required once every five years by Federal guidelines.

Impact on Annual Operating Expenses

Staff will request additional funding through the Federal Grant process for FY21 and the out years for additional studies that may or will be required based on recommendations of upcoming Transit services study. General Capital Funds will be needed for local match to grant requests.

Signal Replacement

1 of 14

CS, Transportation

Project Timeline: Ongoing

Project Description

Athens-Clarke County is responsible for the routine maintenance and efficient operation of 173 traffic signals (91 are owned by ACC; 76 are owned by GDOT; and 6 are owned by UGA). The life cycle for existing traffic signal equipment, to keep it operating efficiently and have it responsive to traffic flows, is approximately 13 years. Funds will be used to purchase and install equipment necessary to rebuilding aging traffic signals including poles, controller equipment, signal heads, signal wire, and miscellaneous equipment. Should a new traffic signal become warranted, this capital budget would fund installation.

Project Justification

FY21 M&C Strategic Commitment: Transportation Mobility and Connectivity

Relevant Departmental Performance Measure: "Annual Signal Rebuilds". Goal: >8% of signal network rebuilt; 5-year average: 2.5%; FY21 Pace: 1.0% (December 2020)

The costs to maintain traffic signal equipment increase as the equipment ages beyond 13 years. The current average age of the 91 traffic signals owned by ACCGOV is about 22 years, with 31 signals that are over 40 years old. At current funding levels, it is expected that this number would continue to grow. With increased age, required maintenance repairs also increase which affects the Department's operating budget. Further, the increased likelihood of malfunctions threatens the safety and efficiency of the overall traffic signal system. The proposed funding levels would achieve a sustainable 13-year replacement cycle by FY25, considering costs of a new traffic signal to range between \$150k and \$200k in present dollars. Specifically, Traffic Engineering would be able deliver 21 priority traffic signal rebuilds (which have an average age of 39 years) over the next five fiscal years based on these funding levels.

Traffic Data Collection

3 of 14

AI, Transportation

Project Timeline: FY18 to Ongoing

Project Description

Consultant contracted collection of intersection peak hour(s) turning movement count data to be used for traffic signal timing and signal system timing plan development and traffic engineering studies that inform roadway safety data for the development of sidewalks, bike lanes, etc. In Athens-Clarke County there are 172 traffic signalized intersections, 72 of which are on major corridors and are coordinated. As traffic patterns change over time, signal timing and system plans require updates and adjustments.

Project Justification

FY21 M&C Strategic Commitment: Transportation Mobility and Connectivity; Safe and Prepared Community

Relevant Departmental Performance Measure: "Crashes per vehicle miles traveled". Goal: Decrease Annually; 5-year average: 11.9% decrease; FY21 Pace: 16.3% decrease (December 2020)

The major corridors are past due for timing plan updates, which creates excessive delays during peak hours. In order to create updated timing/system plans, peak hour(s) intersection turning movement data is needed. Collecting intersection turning movement data requires a person or persons to physically sit at the intersection and count all vehicles, pedestrians, and bicycles for each approach and movement. The Traffic Engineering Division has two staff members dedicated to traffic studies, and the data collection need exceeds staff resources. Contracting field data collection allows enough time for staff to focus on entering the data into signal software, creating timing plans, and entering the updated timing plans. This project also provides funding for a Vision Zero intern focused on collecting vehicle, bike, and pedestrian crash data.

Transportation & Public Works
Sidewalk and Other Improvements

Department Priority
4 of 14

AI, Transportation

Project Timeline: Ongoing

Project Description

The purpose of this project is to construct a comprehensive pedestrian system which provides enhanced pedestrian safety and accessibility. Annual project locations have typically focused on Athens-Clarke County owned arterial and collector roadways along bus routes in commercial and multi-family zoned areas that meet pedestrian needs for schools, shopping areas, recreation facilities, and access to public transportation. Future projects will address sidewalk connectivity needs throughout Athens-Clarke County consistent with the recommendation of the comprehensive Bicycle and Pedestrian Master Plan.

Project Justification

FY21 M&C Strategic Commitment: Transportation Mobility and Connectivity; Informed and Engaged Citizens

Relevant Departmental Performance Measure: "Percentage of Roadway Network with pedestrian facilities". Goal: Data Only; 5-year average: 32.3%; FY21 Pace: 32.5% (December 2020)

Previous budget years incorporate funding from the SPLOST 2011 referendum project Pedestrian Safety and Safe Routes to School Program, and funding from the TSPLOST referendum is available through FY23. However, SPLOST and TSPLOST funding can only be applied specifically to construction projects, and these must come through the Athens in Motion (AiM) Master Plan. There are further funding needs for Pedestrian education and outreach, as well as small-scale pedestrian projects outside of the scope of AiM that can't be met through current SPLOST capital (constituent- and commission-requested sidewalk improvements) that require supplemental general capital funds.

Roadway Safety Devices Life Cycle Replacement

5 of 14

CS, Transportation

Project Timeline: Ongoing

Project Description

Transportation & Public Works installs three (3) primary roadway safety devices: pavement markings, raised pavement markers, and guardrails. Pavement markings include the installation and replacement of thermoplastic markings and painted markings, long-line striping and intersection lines throughout Athens-Clarke County. Raised pavement markers include the replacement and installation of pavement markers and fire hydrant location identifiers. Guardrail is part of a continuing program that includes installation of new guardrails where applicable.

Project Justification

FY21 M&C Strategic Commitment: Transportation Mobility and Connectivity; Safe and Prepared Community

Relevant Departmental Performance Measure: "Annual Striping". Goal: >12% of roadway network restriped; 5-year average: 4.1%; FY21 Pace: 11.5% (December 2020)

Providing for safe travel on Athens-Clarke County roadways is the top priority of the Transportation & Public Works Department. These devices enhance safety, reduce crash severity, and increase the visibility of lane markings during bad weather and at night. There are 520 lane miles roadway on which ACCGOV maintains striping. The striping materials used have an average life span of 8.5 years. While resurfacing costs include pavement markings as applicable, reapplication of pavement markings is required between pavement maintenance activities. The proposed funding levels would achieve a sustainable 8.5-year replacement cycle by FY26 considering an average remarking cost of \$8,800 per lane mile to install through contracted labor. Additionally, guardrail has historically been repaired through Safety & Risk contingency funds, which are no longer available. The proposed funding levels would allow staff to repair approximately 3-4 critically damaged guardrail sections annually.

Department Priority

Upgrade Overhead Street Name Signs

6 of 14

CS, Transportation

Project Timeline: Ongoing

Project Description

This program upgrades street name signs, both overhead and ground mounted throughout Athens-Clarke County. Many of the ground mounted street name signs on the classified roadway system do not comply with current MUTCD standards for size and reflectivity. There are signs (street name and regulatory/warning traffic signs) on residential streets that are non-reflective due to extreme age and are not compliant with MUTCD requirements, causing safety and wayfinding issues. The program will aid with addressing the large number of non-standard, non-reflective, and non-compliant signs.

Project Justification

FY21 M&C Strategic Commitment: Transportation Mobility and Connectivity; Safe and Prepared Community

Relevant Departmental Performance Measure: "Annual Sign Replacements". Goal: >8% of sign network replaced; 5-year average: 4.7%; FY21 Pace: 4.4% (December 2020)

This project will install street name signs at the intersections and improve the reflectivity to "diamond grade" sheeting material which will make the signs significantly more visible at night and comply with MUTCD requirements. Additionally, new signs will have block numbers on them to aid emergency services personnel and visitors to Athens-Clarke County. The project also includes the replacement of traffic signs within residential neighborhoods that have outlived their life cycle (some over 30 years old) and will support a long-term plan to have all traffic signs meet the current MUTCD retro-reflectivity standard. The life cycle for roadway signs is 12 years, and there are approximately 33,000 signs in Athens-Clarke County. Current funding only provides for a 45-year life cycle, in non-compliance with MUTCD requirements. The proposed funding levels would achieve a sustainable 12-year replacement cycle by FY25 considering an average replacement cost per sign of \$200.

Local Road Improvement Projects

7 of 14

AI, Transportation

Project Timeline: Ongoing

Project Description

The Local Road Improvement Program includes safety and operational transportation improvements to key intersections, interchanges, and roadway segments within Athens-Clarke County's roadway network. As traffic and safety patterns change over time, it is important to continually address and improve roadway conditions. These changes may include, but are not limited to innovative intersections, additional lanes, signalization, improved alignment, increased sight distances, and pedestrian / bicycle improvements. This program also provides funding for roadway and intersection studies, as well as asset mapping assistance, as well as a portion of the ROW Agent's salary and benefits when assigned to capital projects.

Project Justification

FY21 M&C Strategic Commitment: Transportation Mobility and Connectivity

Relevant Departmental Performance Measure: "Overall Arterial Level of Service (LOS)". Goal: C (on A to F grading scale); 5-year average: New for FY21; FY21 Pace: New for FY21

The safe and efficient operation of traffic through intersections and corridors is a key component in allowing roadways to function at high levels of service. By upgrading selected roadways and intersections throughout ACC, the roadway system will be improved and used more effectively and safely.

Impact on Annual Operating Expenses

The ROW Agent position is 80% funded through Local Roads General Capital funds, thereby reducing Annual Operating Expenses by ≈\$65,000 each year (adjusted for inflation).

	FY22	FY23	FY24	FY25	FY26	FY27-31	Annual

Pavement Maintenance Program

8 of 14

CS, Transportation

Project Timeline: Ongoing

Project Description

This Life Cycle program provides for the maintenance, repair, and reconstruction of pavements on Athens-Clarke County roads. The majority of the maintenance work is performed by a contractor under the direction of the Engineering Division within the Transportation & Public Works Department.

Project Justification

FY21 M&C Strategic Commitment: Transportation Mobility and Connectivity

Relevant Departmental Performance Measure: "Pavement Network Conditions". Goal: >70% of roadway network in good or excellent condition; 5-year average: 46%; FY21 Pace: 66% (December 2020)

This program is critical to the effective operation of our transportation system and benefits all the citizens and motorists in Athens-Clarke County. ACCGOV is responsible for approximately 130 lane-miles of arterial roads, 290 lane-miles of collector roads, and 845 lane-miles of local roads. Pavement rehabilitation is a life cycle item with an estimated annual capital cost of approximately \$7.4 million, and this is expected to grow at a rate of 4% per year due to market forces. The Department's goal and industry standard sets a resurfacing frequency of 10 years for arterials, 15 years for collectors, and 20 years for local roads. Frequencies longer than these recommendations result in failing roadway structures and increased rehabilitation costs. This funding proposal equates to resurfacing 75 lane-miles annually for a weighted frequency of about 17 years by FY28. Current funding levels allow for an approximate 58 year resurfacing frequency. Given the ongoing underfunding of PMP, the funding deficit will continue to grow without the proposed, significant funding increases. The Current TSPLOST addresses the existing paving deficit list. not on-going life cycle needs. Future SPLOST or TSPLOST funding would supplement life cycle needs.

Impact on Annual Operating Expenses

Both PMP Inspector positions are fully funded through PMP Capital funds (one through General Capital and the other through TSPLOST, thereby reducing Annual Operating Expenses by ≈\$162,000 each year (adjusted for inflation).

Bridge Improvement & Replacement Program

9 of 14

CS, Transportation

Project Timeline: Ongoing

Project Description

This program provides maintenance, rehabilitation, and construction on bridges along ACCGOV roads throughout Athens-Clarke County. Locations of bridge work and projects are identified by the Georgia Department of Transportation's Bi-annual Bridge Inspection Report and by Athens-Clarke County Transportation & Public Works staff.

Project Justification

FY21 M&C Strategic Commitment: Transportation Mobility and Connectivity

Relevant Departmental Performance Measure: "Bridge Sufficiency Rating". Goal: >80% average bridge rating; 5-year average: 78.4%; FY21 Pace: 79.6% (December 2020)

Most bridge structures in Athens-Clarke County can achieve a service life of 50 years or greater with timely maintenance and upkeep. However, several bridges, while structurally safe, do not meet current design standards for travel lanes, pedestrian/bike facilities, and other requirements. Funding for the program will be prioritized for maintenance and rehabilitation work, and to meet current design standards. Additional funding has been included from the SPLOST 2011 and TSPLOST programs.

Stormwater Improvement Prog / Areawide

10 of 14

CS, Equipment

Project Timeline: Ongoing

Project Description

This is a continuing program of constructing improvements for publicly-owned stormwater management facilities located throughout Athens-Clarke County. Exact project locations are determined through the Areawide Stormwater Master Plan, the requirements of the NPDES Phase II permit, the Live Stream Pipe Replacement Program, and the Watershed Master Plan. Please note, the program reflects only the capital improvements associated with stormwater improvements since the operating and general maintenance costs are included in the Stormwater Enterprise Fund annual budget.

Project Justification

FY21 M&C Strategic Commitment: Healthy, Livable, Sustainable Athens-Clarke County

Relevant Departmental Performance Measure: "Number of Stormwater Pipes in Critical or Failed Condition". Goal: 0; 5-year average: 30.5;

FY21 Pace: 34 (December 2020)

The purpose of this program is to continue the implementation of water quality and quantity projects identified in the Areawide Stormwater Master Plan, Watershed Master Plan, and Live Stream Pipe Replacement Program. The program includes the repair and upgrade of existing facilities and construction of new stormwater management facilities. Priority for design and construction is based on a rating system approved by Mayor and Commission.

Pedestrian Safety and Traffic Calming Improvements

11 of 14

AI, Transportation

Project Timeline: Ongoing

Project Description

This project will fund transportation projects to improve pedestrian safety and traffic calming improvements throughout Athens-Clarke County. This program is aimed at constructing crosswalk improvements at new and existing locations to provide safer pedestrian crossings at unsignalized locations. Required signage, thermoplastic markings, countdown pedestrian signals, and Rapid Flashing Beacon systems at these locations may be installed based on an engineering study and the documented need of increased safety measures. All improvements shall be consistent with the installation guidelines for marked crosswalks as adopted by the Mayor and Commission. Additionally, this project provides funding to identify and support small-scale Roadway Safety Audit projects.

Project Justification

FY21 M&C Strategic Commitment: Transportation Mobility and Connectivity; Safe and Prepared Community

Relevant Departmental Performance Measure: "Annual Number of Pedestrian-related crashes". Goal: Decrease Annually; 5-year average: 61 crashes;

FY21 Pace: 28 Crashes (December 2020)

Additional signage, markings, and Rapid Flashing Beacon systems, when installed in a systematic and warranted manner, have all been proven to be an effective measure at increasing motorist awareness of crossing pedestrians and bicyclists. Therefore, prior to the installation of any additional warning devices, an engineering study is needed to determine if additional warnings are necessary and what is the most appropriate measure or device to be installed.

Bicycle Transportation Improvements

12 of 14

AI, Transportation

Project Timeline: FY01 to Ongoing

Project Description

This is a continuing program to implement recommendations of the recently completed Bicycle and Pedestrian Master Plan, Athens in Motion. As defined in the Master Plan projects look to accomplish one or more of the following: construction of bicycle facilities, event-based activities, education opportunities, information architecture, respect and attention campaigns, and safety campaigns.

Project Justification

FY21 M&C Strategic Commitment: Transportation Mobility and Connectivity; Healthy, Livable, Sustainable Athens-Clarke County
 Relevant Departmental Performance Measure: "Percentage of Roadway Network with bicycle facilities". Goal: >51%; 5-year average: 12.8%;
 FY21 Pace: 13% (December 2020)

In addition to improving the connectivity of the bicycle network of Athens-Clarke County through infrastructure, the purpose of this project is to improve the culture of cycling through the following initiatives, as identified in the Athens in Motion Plan: Education, Safety, and Encouragement. Education refers to teaching drivers and cyclists how to properly interact; safety refers to planning and creating safe infrastructure, and encouragement refers to promoting cycling as a viable transportation alternative.

Streetlight Capital

13 of 14

AI, Infrastructure

Project Timeline: FY22 to FY22

Project Description

Installation of roadway and residential streetlights along public roadways throughout Athens-Clarke County.

Project Justification

Roadway and residential streetlights provide enhanced traffic safety measures for all roadway users in low-light conditions. The selection of new streetlight installations is in accordance with the minimum streetlighting standards developed by Transportation & Public Works and approved by Mayor and Commission.

Neighborhood Traffic

14 of 14

AI, Transportation

Project Timeline: FY22 to FY22

Project Description

Installation of traffic calming devices on residential streets in various neighborhoods throughout Athens-Clarke County.

Project Justification

The purpose of the Neighborhood Traffic Management Program is to reduce crashes, traffic volumes and/or speeds on residential streets, thereby creating safer and more pleasant neighborhoods for the citizens of Athens-Clarke County. The selection of neighborhoods for this program is in accordance with the priority system approved by the Commission. The continuation of this program is an initiative to improve traffic conditions in residential areas.

Budgets by Fund

This section provides summary budget information by Fund for revenues and expenditures. A Fund is an individual accounting entity, which segregates expenditures, revenues, and other transactions for a specific group of activities.

The **General Fund** budget supports the major portion of basic governmental services such as police, fire, judicial, planning, public works, leisure services, etc. These services are primarily supported from tax revenues such as the property tax and the sales tax.

Special Revenue Funds are established to account for specific revenue sources that are usually legally restricted. These include:

- Hotel/Motel Tax
- Community Development Block Grant (CDBG)
- Emergency Telephone (E-911)
- Revolving Loan Fund
- HOME Grant Program
- Grants (All other grant programs)
- Alternative Dispute Resolution (ADR)
- Affordable Housing Fund
- Supportive Housing Fund
- Special Programs and Initiatives Fund
- Building Inspection
- Sheriff Inmate Fund
- Corrections Inmate Fund
- American Rescue Plan Fund
- Tax Allocation District Funds

Capital Projects Funds are used to account for financial resources for the acquisition and construction of major Capital Facilities. This includes:

- Public Facilities Authority Fund which accounts for capital projects and debt service projects approved through the Authority (DFCS Building and Jail Advance Housing facility).
- Economic Development Fund which accounts for revenues and expenditures for infrastructure improvements needed to recruit new or expansions of existing industries
- General Capital Projects Fund for capital projects which are not accounted for in the General Fund

Debt Service Funds are established to account for expenditures for debt principal and interest.

- SPLOST Debt Service - Established to account for the debt service expenditures financed through Special Purpose Local Option Sales Tax programs.

Enterprise Funds are used to account for operations which are similar to a private business enterprise or the governing body has identified a need to account for an operation in this manner. These include:

- Airport
- Landfill
- Transit
- Water & Sewer
- Solid Waste Collection
- Stormwater Utility

Internal Service Funds are used to account for the operations of departments which provide goods and services to other government departments or agencies on a cost reimbursement basis. These include:

- Internal Support
- Fleet Management
- Fleet Replacement
- Self-Funded Insurance & Claims
- Self-Funded Health Insurance

In addition, this section includes a listing of Interfund Transfer payments or transfers between funds on the last page.

General Fund Balance as Percent of Total Expenditures & Transfers Out

Other Information

The FY22 General Fund Operating Budget (not including capital) is \$142.8 million, 3.5% higher than the FY21 Budget. Over the last several budget years, the General Fund Operating Budget has grown at a rate lower than the combined annual change of the Consumer Price Index (CPI) and population. However, for FY21 and FY22 the growth rate exceeds the CPI and population.

General Fund Budgets Compared to Population and CPI Increases (FY13-FY22)

*Envision Athens FY19 & FY20 funding based on Mayor & Commission approved agreement on May 1, 2018 and included in the Other General Administration portion of those budgets. Those budgets are reflected here for comparison purposes.

Independent Agencies

Overview

- Independent Agencies are either separate legal entities or Athens-Clarke County (ACCGov) Commissions not included within an ACCGov department budget.
- Similar to ACCGov departments, Independent Agencies were asked to provide specific descriptions & justification details for amounts requested over FY21 Budget level.
- Agency requests totaled \$6,297,258, an 8.4% decrease from FY21 Budget.
- \$4,042,798 was requested from the General Fund, an increase of \$81,739 or 2.1%
- FY22 Budget for Independent Agencies is \$6,297,258, which is an 8.4% decrease from FY21 Budget.
- Two Independent Agencies, the Classic Center & Convention/Visitors Bureau (CVB), receive funding from the Hotel/Motel tax, which is included in a separate special revenue fund.
- FY22 Budget for Hotel/Motel Tax Fund is based on the current seven percent tax rate projected to generate revenue of \$2.6 million, a 22.9% decrease from the \$3.4 million budgeted for FY21 due to the significant impacts of the COVID-19 pandemic.
- FY22 Budget includes funding requested by the Classic Center & Convention & Visitors Bureau totaling \$2.2M, a 22.9% decrease from FY21 given the significant impacts on Hotel/Motel tax revenues from the COVID-19 pandemic. This amount is consistent with current allocation of six of seven cents of the Hotel/Motel Tax.
- Project Safe funding of \$26,000, same as requested and the prior year Budget, is funded from dedicated fine revenue and accounted for in the Special Programs Special Revenue Fund.
- Additional information about each agency's FY22 request is provided below.

Quasi-Governmental Agencies

Advantage Behavioral Health Systems (ABHS) provides person-centered treatment and support to individuals and families experiencing behavioral health challenges, intellectual/developmental disabilities, and addictive diseases. Advantage Behavioral provides services both within the clinical setting and within the community (mobile services).

The agency requested \$180,206 for FY22, the same funding level as FY21.

FY22 Budget includes \$180,206 for ABHS as requested.

Athens-Clarke County Libraries - Mission: To have a positive and lasting effect on every individual who interacts with the Athens-Clarke County Libraries by reflecting our values outwards and enabling everyone to expand their horizons, interest, knowledge and educational aspirations in an atmosphere of safe exploration.

The agency requested \$2,146,186 for FY22, an increase of \$47,989 or 2.3% above the FY21 level. The increase includes the following:

- Teachers Retirement rate increase from 19.06% to 19.81%: \$7,101
- 2% staff salary increase: \$18,721
- Addition of one 12- hour per week community outreach position: \$22,167

FY22 Budget includes \$2,146,186, an increase of \$47,989 or 2.3% above FY21.

Independent Agencies

Athens Community Council on Aging - Mission: To promote a lifetime of wellness through engagement, advocacy, education and support by providing a continuum of services to meet the needs of our community's older adults, persons with disabilities and their caregivers. Some of the services that benefit from county funding include the Athens-Clarke County Senior Center, Meals on Wheels, The Bentley Center (Athens Day Health), Retired & Senior Volunteer Program, Senior Community Service Employment Program, Foster Grandparent Program, and NEGA Grandparents Raising Grandchildren.

The agency requested \$287,300 for FY22, the same as FY21:

- Replacement vehicle to transport clients for programs, medical appointments, & group outings: \$20,000
- Partial salary and benefits allocation for staff in supported programs: \$267,300

FY22 Budget includes \$287,300 as requested.

Clarke County Public Health Department - Mission: To promote and protect the health of all our residents. The Health Department collaborates with individuals, families, schools, hospitals, service agencies, and businesses to improve community health and enhance quality of life for everyone in Clarke County, especially those with limited resources to care for themselves. Funding supports services and programs that include birth control, high blood sugar & pressure, infectious disease, environmental health, exercise, health education & planning, and improving the nutritional status of pregnant women, children and nursing mothers. Primary focus will continue to be providing the public health response to the COVID-19 pandemic including vaccination effort.

The agency requested \$946,354 for FY22, the same funding level as FY21.

FY22 Budget for the Health Department is \$946,354 as requested.

Clarke County Department of Family & Children Services (CCDFCS) delivers local, state and federal assistance to vulnerable families in the community. The mission of CCDFCS is to provide these services in such a way that it strengthens families by helping them to become safer and financially self-sufficient. The agency provides financial assistance such as Food Stamps, Medicaid, Temporary Assistance for Needy Families (TANF) and serves children in the Foster Care System. The two major program areas are Social Services (Child Welfare) and Economic Support.

CCDFCS requested \$208,600 for FY22, the same funding level as FY21. Funding will be used to support:

- Child Protective Services/Foster Care Program: \$26,000
- Emergency financial assistance any qualifying citizen of Athens-Clarke County: \$35,000
- Personal Services to support critical functions of child safety and family stability: \$115,877
- Other administrative expenses: \$31,723

FY22 Budget for CCDFCS is \$208,600 as requested.

Independent Agencies

Community Service Agencies

Athens Neighborhood Health Center (ANHC) - Mission: to provide affordable, high-quality health care to all individuals in Athens-Clarke County and surrounding areas. ANHC has provided uninterrupted physician directed primary health care in the Athens-Clarke County community for over 49 years. ANHC is among an elite group that has demonstrated its commitment to advancing quality in health care for the uninsured and at-risk members of the community. ANHC remains steadfast in its commitment to provide comprehensive health care services targeting the medically underserved, uninsured, and low-income individuals.

The agency requested \$100,000 for FY22, the same level as FY21.

FY22 Budget for ANHC includes \$100,000 as requested.

Athens Tutorial Program - Mission: To provide at-risk students in Clarke County and vicinity with academic assistance, cultural enrichment opportunities and other basic life skill enhancement as a means of preparing them to excel in school and become productive citizens. Athens Tutorial serves students in the local school district who are experiencing academic and social problems. Currently, most participants are elementary and middle school students who live in Census Tracts 301 and 302 where most of the residents are considered to be low to moderate income.

The agency requested \$3,500 for FY22, the same funding level as FY21.

FY22 Budget for Athens Tutorial is \$3,500 as requested.

Envision Athens - Mission: To serve Athens-Clarke County as the catalyst, convener, & champion of progress in addressing our community's most pressing needs and optimizing our opportunities for collaborative community development. Envision Athens seeks to realize 103 action items spread across 14 domains of Athens-Clarke County through effective project management. A complete list of the 103 action items & their relative domains are viewable in the Envision Athens Action Agenda created in 2017 after a year of obtaining feedback from a representative sample of 1,621 Athenians.

The agency requested \$96,750 for FY22, an increase of \$21,750 or 29% above FY21 Budget to provide funding for a 5-year update to the Envision Athens Action Agenda.

FY22 Budget for Envision Athens is \$96,750, an increase of \$21,750 above or 29% above FY21.

United Way of NE Georgia 2-1-1 - Mission: Seek to motivate and mobilize resources to meet the highest priority needs of the people living in Northeast Georgia by providing access to quality information and referrals. FY22 Services and Programs will include 211 Resource Navigation, Resource Directory, as well as Education & Outreach.

The agency requested \$24,402 for FY22, the same funding level as FY21.

FY22 Budget for United Way 2-1-1 program is \$24,402 as requested.

Independent Agencies

ACCGov Commissions

Athens Cultural Affairs Commission (ACAC) The mission of ACAC is to foster the development & enjoyment of performing, visual, cultural, & other arts in the Athens-Clarke County community; to make recommendations to the Mayor and Commission on the development & promotion of practices & polices pertaining to the arts; & to work cooperatively with county entities & other advisory commissions to include an arts element in as many areas of ACCGov planning & development as possible.

The commission requested \$21,000 for FY22, the same funding level as FY21.

FY22 Budget for ACAC is \$21,000 as requested.

Athens in Motion Commission (AiMC) is responsible for development, implementation and modification of an Athens in Motion Plan for a safe and connected network of bicycle and pedestrian facilities throughout Athens-Clarke County. Such plan shall also include guidelines for the implementation of the plan. The AiMC is advisory in nature and is charged with the responsibility of recommending projects, polices and initiatives to the Mayor & Commission.

The commission requested \$12,000 for FY22.

FY22 Budget for AiMC is \$12,000 as requested.

Oconee Rivers Greenway Commission - Mission: To advise the ACCGov Mayor and Commission & University of Georgia president on the protection of the natural resources of the North and Middle Oconee Rivers and their major tributaries and floodplains for the benefit & enjoyment of Athens Clarke County citizens. The agency develops planning guidance for a river-oriented greenway system and recommends rules and regulations for proper protection and management of the Oconee Rivers Greenway.

The commission requested \$16,500 for FY22, the same funding level as FY21.

FY22 Budget for Oconee Rivers Greenway is \$16,500 as requested.

Hotel/Motel Funded Agencies

During FY22, the seven percent Hotel/Motel Tax is projected to generate approximately \$2.6 million, a decrease of -22.9% below the \$3.4 million budget for FY21, given the significant impacts on Hotel/Motel tax revenues from the COVID-19 pandemic.

Classic Center Authority & Convention & Visitors Bureau (CVB) – The Classic Center Authority seeks to enhance the quality of life in Athens-Clarke County by serving as the cultural, civic, and social center for the southeast and by generating maximum economic impact. The CVB is a destination marketing organization with the primary function of promoting and marketing the community to attract visitors, groups, & conventions to Athens for the purpose of positively affecting the local economy.

The FY22 Budget includes funding for the Classic Center & Convention & Visitors Bureau totaling \$2,228,460, a 22.9% decrease from FY21, as follows:

Independent Agencies

Classic Center Authority	\$1,411,540
Convention & Visitors Bureau	\$ <u>816,920</u>
	\$2,228,460

The FY22 Budget amounts are based on current allocation of the Hotel/Motel tax – 3.8¢ or 54.29% to the Classic Center and 2.2¢ or 31.42% to the CVB – a total of six of seven cents tax collected.

Special Programs/Special Revenue Fund

Project Safe, Inc. The mission of Project Safe is to end domestic violence through crisis intervention, ongoing supportive services, prevention and education, and systems change advocacy. The agency offers comprehensive services in order to reduce incidents of domestic violence and increase survivors' access to safety and justice.

The agency requested \$26,000 for FY22 from the Special Programs Special Revenue Fund (the 5% Crime Victims Assistance revenue), the same level as FY21. This funding supports approximately 35% of the agency's volunteer program to recruit, train, and place those willing to serve throughout Project Safe. A portion of the funding, \$8,500/year, provides match for a grant funding victim outreach services.

FY22 Budget for Project Safe is \$26,000, same funding level as FY21.

Athens-Clarke County by the Numbers

Geography

- Approximately 122 square miles (78,000 acres)
- Smallest in land area of Georgia's 159 counties
- Approximately 65 miles northeast of Atlanta

History

- Clarke County created from Jackson County in 1801 and named for Revolutionary War General Elijah Clarke
- Town of Athens chartered in 1806 and was named for Greek city of learning
- Clarke County and City of Athens Unified on January 14, 1991, becoming the 2nd consolidated government in Georgia and 28th in the nation
- 34 landmarks and 16 neighborhoods are listed on the National Register of Historic Places.

Demographics (2015-2020 estimate unless noted)

- Population: 131,857 (2021 Estimate)
- Median Household Income: \$38,311
- Median Age: 28
- White: 66% | Black or African-American: 29.2% | Asian: 4.9% | Other: 2.6% | Hispanic or Latino: 10.8%
- High school graduates (ages 25+): 87.9%
- Bachelor's degree or higher (ages 25+): 44%
- Persons below poverty: 29.9%
- Unemployment rate: 3.4% (March 2021 as reported by the Georgia Department of Labor)
- Total registered voters as of 4/14/21: 122,816 (77,504 active)

Administration

Total Administration \$268,960

Total FY22 CDBG Expenditures.....\$1,363,769*

**Does not include carried forward from prior year*

HOME Funding Available for FY22 (July 1, 2021 - June 30, 2022)\$691,534

HOME Grant Appropriation

1. Housing and Community Development\$622,381

To maximize the impact of HOME program funds and leverage public and private resources, HOME funds will be available as “gap financing” for eligible housing activities under the HOME Investment Partnership Program. In order to maintain compliance with HOME regulations and utilizing the maximum allowable subsidy for individual units, HOME funds may also be made available to open projects that are approaching non-compliance with portions of the recently revised HOME Final Rule.

Applications for HOME funds will be accepted on a “first come, funds available” basis on affordable housing developments where:

- the proposed property site has been identified;
- total development costs have been projected (including sales price and/or rental rates);
- additional financial resources have been secured and committed.

This will enable HCD to determine the actual investment of HOME funds required to make the development financially feasible and provide increased housing opportunities for decent, safe, and affordable housing for low to moderate income households in Athens-Clarke County.

2. Administration..... \$69,153
HCD administration of HOME program (10% cap)

TOTAL FY22 HOME EXPENDITURES.....\$691,534

Debt Service Requirements

Athens-Clarke County is currently well within the debt limits established under Georgia Law. Georgia Law limits a county's indebtedness to 10% of the assessed value of all taxable property located within the county. Only General Obligation Bonds, which are repaid by property tax revenues, fall under the legal debt limit. Revenue Bonds are to be repaid from specific revenue sources and do not fall under the legal debt limit.

Computation of Legal Debt Margin

Estimated Net Assessed Value of Taxable Property	\$ 5,070,000,000 ⁽¹⁾
Debt Limit (10% of Assessed Value)	\$ 507,000,000
General Obligation Bonds outstanding	\$ 32,733,500
Debt Margin	\$ 474,266,500

⁽¹⁾ – Estimated Net Assessed Value of Taxable Property for 2020.

Below is a summary of the debt service obligations of Athens-Clarke County as of July 1, 2021. These obligations represent the annual installment payments of principal and interest for previous capital improvement projects or acquisitions funded through the issuance of debt. 2012 Economic Development Authority (Caterpillar Project)

- Purpose: Construct infrastructure improvements for Caterpillar project
- Interest Rate: 2 to 5%
- Maturity Date: 2032
- Original Principal Amount: \$5,475,000
- July 1, 2021 Principal Outstanding: \$4,290,000
- Funding Source: General Fund Revenue

Debt Service Requirements

2007 Georgia Environmental Finance Authority (Clean Water State Revolving Loan Fund – Ph 1)

- Purpose: Interceptor sewer line projects
- Interest Rate: 3%
- Maturity Date: 2031
- Original Principal Amount: \$14,772,863
- July 1, 2021 Principal Outstanding: \$7,870,753
- Funding Source: Water and Sewer Service Fees

2009 Georgia Environmental Finance Authority (Clean Water State Revolving Loan Fund– Ph 2)

- Purpose: Interceptor sewer line projects
- Interest Rate: 3%
- Maturity Date: 2033
- Original Principal Amount: \$4,469,301
- July 1, 2021 Principal Outstanding: \$2,819,358
- Funding Source: Water and Sewer Service Fees

2015 Water and Sewerage Revenue Bonds

- Purpose: Construct Water & Sewerage System and facility improvements and expansions
- Interest Rate: 1 to 5%
- Maturity Date: 2038
- Original Principal Amount: \$210,140,000
- July 1, 2021 Principal Outstanding: \$176,955,000
- Funding Source: Water and Sewer Service Fees

Other Long Term Debt:

2011 ADDA - Parking Deck Guaranteed Revenue Debt

- Purpose: Construct Downtown Parking Deck
- Interest Rate: 3.51%
- Maturity Date: 2026
- Original Principal Amount: \$6,131,700
- July 1, 2021 Principal Outstanding: \$2,455,900
- Funding Source: General Fund – Parking Fees

2002 Airport Guaranteed Revenue Debt

- Purpose: Construct T-Hangars at Ben-Epps Airport
- Interest Rate: 3.72% (first 10 years) and 2.74% (reset for final 10 years)
- Maturity Date: 2023
- Original Principal Amount: \$1,000,000
- July 1, 2021 Principal Outstanding: \$131,000
- Funding Source: Airport Enterprise Fund – Rent from T-Hangers

Debt Service Requirements

2009 Airport Guaranteed Revenue Debt

- Purpose: Construct Executive Hangers at Ben-Epps Airport
- Interest Rate: 4.15%
- Maturity Date: 2029
- Original Principal Amount: \$600,000
- July 1, 2021 Principal Outstanding: \$240,000
- Funding Source: Airport Enterprise Fund – Rent from Executive Hangers

2019 Solid Waste Authority- Landfill Expansion Debt

- Purpose: Expand Landfill space
- Interest Rate: 2.5%
- Maturity Date: 2027
- Original Principal Amount: \$4,765,989
- July 1, 2021 Principal Outstanding: \$3,574,489
- Funding Source: Landfill Enterprise Fund - tipping fees

2020 MUNIS Software Project

- Purpose: Installation and Servicing of MUNIS Software.
- Interest Rate: 2.6%
- Maturity Date: 2027
- Original Principal Amount: \$1,635,344
- July 1, 2021 Principal Outstanding: \$1,419,313
- Funding Source: General Fund Revenue

2018 VOIP Capital Lease

- Purpose: Installation and Servicing of VOIP Services.
- Interest Rate: 3.89%
- Maturity Date: 2022
- Original Principal Amount: \$1,347,224
- July 1, 2021 Principal Outstanding: \$508,489
- Funding Source: General Revenue

**FISCAL POLICIES
OF
ATHENS-CLARKE COUNTY, GEORGIA**

LAST REVISED BY MAYOR AND COMMISSION

ON JUNE 25, 2020

Operating Budget Policies

1. The Unified Government will finance all current expenditures with current revenues. The Unified Government will avoid budgetary procedures that balance current expenditures through the obligation of future resources. The Unified Government will not use short-term borrowing to meet operating budget requirements.
2. The operating budget will provide for adequate maintenance of capital equipment and facilities and for their orderly replacement.
3. All Governmental Funds are subject to the annual budget process. Budgets will be prepared for Proprietary Funds (Enterprise and Internal Service) to establish fees and charges and control expenses.
4. The budget must be balanced for all budgeted funds. Total anticipated revenues and other resources available must equal total estimated expenditures for each fund.
5. All budgets will be adopted on a basis of accounting consistent with Generally Accepted Accounting Principles (GAAP). Revenues are budgeted when they become measurable and available and expenditures are charged against the budget when they become measurable, a liability has been incurred, and the liability will be liquidated with current resources.
6. All unencumbered operating budget appropriations will lapse at year-end. Encumbered balances will be re-appropriated in the following fiscal period in accordance with Generally Accepted Accounting Principles.
7. The budget shall be adopted at the legal level of budgetary control which is the fund/department level (i.e., expenditures may not exceed the total for any department within a fund). Transfers of appropriations within a Department shall require only the approval of the Budget Officer. Transfers between departments or funds, an increase of a personal services appropriation, or an increase in the level of authorized positions shall require the approval of the Mayor and Chair and Commission in accordance with Section 7-408 of the Unified Government charter. Department heads and management personnel are directed to operate within budget limitations to prevent "emergency" situations.
8. The Unified Government will strive to include an amount in the General Fund budget approved by the Mayor and Chair and Commission (i.e., a line item for contingencies) for unforeseen (e.g., emergency type) operating expenditures. The amount of the contingency will be no more than 5% of the operating budget.
9. The Unified Government will integrate performance measurement and objectives and productivity indicators within the budget.
10. The Unified Government will maintain a budgetary control system to ensure adherence to the budget and will prepare timely financial reports comparing actual revenues, expenditures and encumbrances with budgeted amounts.
11. The operating budget shall be developed to control both the direct and indirect costs of programs and services whenever practical.

Fiscal Policies

12. The Unified Government shall comply with all state laws applicable to budget hearings, public notices, public inspection, and budget adoption.
13. Enterprise and Internal Service fund budgets shall be self supporting whenever possible. Excess revenues of Enterprise funds shall not be transferred to other funds unless authorized in the Annual Budget.

Capital Budget Policies

1. Capital projects will be undertaken to:
 - A. Preserve infrastructure and public facilities.
 - B. Promote economic development and enhance the quality of life.
 - C. Improve the delivery of services.
 - D. Preserve community and historical assets.
 - E. Improve economically depressed areas and those with low and moderate income households.
2. The Unified Government will develop a five year Capital Improvement Program (CIP) and update the CIP annually to direct the financing of and appropriations for all capital projects. The Unified Government defines a capital project for inclusion in the CIP as any asset or project in excess of \$30,000 with an estimated useful life of three years.
3. The Unified Government will coordinate the development of the Capital Improvement Program with the development of the operating budget to insure that future operating costs are projected and included in the operating budget where appropriate.
4. The Unified Government will develop a program to replace authorized vehicles and equipment without significant impact to the capital budget.
5. The Unified Government will aggressively seek public and private grants, contracts, and other outside sources of revenue to fund projects included in the Capital Improvement Program.
6. The balances of appropriations for capital projects will be designated by management at yearend and re-appropriated in the following years until the project is completed.
7. Proprietary Funds will depreciate capital assets in accordance with GAAP and all annual depreciation amounts available from earnings will be appropriated for replacement of existing capital plant and equipment.
8. Unreserved, undesignated fund balances for governmental funds should be used only for one time capital non-operating expenditures as appropriated by governing authority.

Reserve Fund Policies

1. The Unified Government will strive to maintain a General Fund Unassigned Fund Balance at least equal to two months (16.8%) of annual General Fund operating expenditures plus transfers out to other funds. This Unassigned Fund Balance amount shall be created and maintained to:
 - A. Mitigate current and future risks (e.g., revenue shortfalls and unanticipated expenditures).
 - B. Ensure stable tax rates.
 - C. Provide a sufficient cash balance for current financial needs.

Fiscal Policies

The conditions that warrant the use of Unassigned Fund Balance below the policy level include:

- A. An economic downturn resulting in revenue receipts below budget.
- B. An unforeseen catastrophic event.
- C. One-time policy decision to meet a specific Commission determined need.

The Unified Government will replenish the Unassigned Fund Balance within two fiscal years through a means or combination of means approved by the Mayor and Commission.

2. The Unified Government will maintain reserves in compliance with all debt service requirements to maintain bond ratings and the marketability of bonds.
3. The Unified Government will accumulate sufficient cash reserves in Enterprise Funds to equal three months of operating expenses to provide sufficient working capital without short-term borrowing.
4. In periods of economic decline and recessionary periods, the Unified Government will reduce expenditures and direct reserve funds using the following sequence of actions:
 - A. Reduce or eliminate current year funding for the Capital Additions and Improvements Program;
 - B. Reduce or eliminate current year funding for Capital Maintenance and Repair projects and fund essential Maintenance and Repair Projects;
 - C. Utilize General Fund Unassigned Fund Balance to sustain essential services;
 - D. And if necessary, reduce essential services

Revenue Administration Policies

1. The Unified Government will try to maintain a diversified and stable revenue system to shelter it from short-run fluctuations in any one revenue source. The revenue mix should combine elastic and inelastic revenue sources to minimize the effect of an economic downturn.
2. The Unified Government will estimate its revenues by an objective analytical process in a prudent manner.
3. The Unified Government will follow a policy of paying for services with user charges when possible to reduce the reliance on taxes and other general revenue sources.
4. The Unified Government will aggressively seek public and private grants, contracts, and other outside sources of revenues for funding projects where appropriate.
5. The Unified Government will establish the levels of all user charges based on an analysis of the cost of providing the services. User charges will be evaluated annually.
6. The Unified Government will set fees charges for each Enterprise and Internal Service Fund, at a level that fully supports the total direct and indirect cost of the activity. Indirect costs include the cost of annual depreciation of capital assets and requirements for future capital costs.

Accounting, Auditing, & Financial Reporting

1. An independent audit in compliance with Generally Accepted Audit Standards will be performed annually by a qualified external auditor in accordance with GA. Code 36-81-7 and Section 7-411 of the charter.

Fiscal Policies

2. The Unified Government will maintain a strong internal audit function to conduct: financial, operational, compliance, and performance audits.
3. The Unified Government will prepare a Comprehensive Annual Financial Report in accordance with Generally Accepted Accounting Principles (GAAP). The Unified Government will strive to prepare the Comprehensive Annual Financial Report to meet the standards of the GFOA Certificate of Achievement in Financial Reporting Program.
4. The Unified Government will establish and maintain a high degree of accounting practice, accounting systems will conform to Generally Accepted Accounting Principles.
5. The Unified Government will maintain accurate records of all assets to insure a high degree of stewardship for public property.
6. The Unified Government will develop an ongoing system of financial reporting to meet the needs of the governing authority, the manager, department heads, and the general public. Reporting systems will monitor the cost of providing services where possible. The reporting systems will promote budgetary control and comparative analysis.

Debt Policies

1. The Unified Government will confine long-term borrowing to capital improvements and moral obligations.
2. The Unified Government will not use short-term debt for operating purposes.
3. The Unified Government will follow a policy of full disclosure on every financial report and bond prospectus.
4. General obligation debt will not be used for enterprise activities.
5. The Unified Government will use voted general obligation debt to fund general purpose public improvements which cannot be financed from current revenues, available fund balances, or other current sources of capital financing.
6. Enterprise Fund debt will be used only when revenues are sufficient to satisfy operating expenses and debt service requirements.
7. The Unified Government will limit the use of lease purchase and other short term debt when possible.

Investment Policies

1. The Unified Government will maintain an aggressive program of investing all government funds under the direction of the Manager or designate.
2. All investments shall be made with consideration for environmental and human rights impact.
3. The investment program shall be operated based on the following principles, in the order listed.
 - A. Legality - all investments comply with state and local laws.
 - B. Safety - principal is protected from loss with secure investment practices and collateralization.

Fiscal Policies

- C. Liquidity - investments are readily convertible to cash when needed without losses.
 - D. Yield or Return on Investment - earnings are maximized without diminishing the other principles.
4. The investment program shall comply with all Georgia laws and federal/state regulations for investing public funds and safekeeping/security requirements.
 5. The investment program should use a competitive selection process for investments in excess of 30 days. Investments should be placed with only qualified financial institutions.
 6. The investment program should provide for a system of internal control over investments and timely financial reporting over investing activities.

Purchasing Policies

1. It is the intent of the governing authority of the Unified Government of Athens-Clarke County, Georgia, to establish uniform regulations and procedures to provide for an efficient and fiscally responsible system for the purchase of materials and services necessary for the effective operations of the Unified Government. The administration of this system will comply with the highest ethical and fiscal standards and applicable laws.
2. The Manager shall be responsible for the operation of the Unified Government's purchasing system.
3. All departments and agencies of the Unified Government must utilize competitive bidding procedures, as specified in an ordinance adopted by Commission. Bids will be awarded on a nondiscriminatory basis with appropriate efforts to include local and minority businesses.
4. The Unified Government will strive to obtain the highest quality of goods and services for the most economical costs. Bulk purchases, quantity discounts, standardization of common items, and other approaches will be used to economically acquire goods and services.

- b. Unfinished basements (all use groups) = \$25.00 per sq. ft.
- c. For shell only buildings deduct 20 percent of calculated valuation
- d. 0.00 valuation indicates not permitted
- e. Decks (all use groups) = \$18.00 per sq. ft.

Glossary

Accrual Basis of Accounting: The method of accounting under which revenues are recorded when they are earned (whether or not cash is received at that time) and expenditures are recorded when goods and services are received (whether or not cash disbursements are recorded for those goods and services at that time).

Ad Valorem Tax: Tax imposed on property according to the value of the property being taxed.

Appropriation: A legal authorization granted by a legislative body to make expenditures and to incur obligations for specific purposes.

Arbitrage: Taking funds that have been raised from the sale of tax-exempt bonds and investing them at a higher rate of interest in taxable securities. Profits derived from the interest earnings must be refunded to the federal government.

Assessment: The process of making the official valuation of property for taxation.

Assessed Value: The value at which property is taxed. The Assessed value in the state of Georgia is forty percent (40%) of the fair market value.

Asset: A probable future economic benefit obtained or controlled by a particular entity as a result of past transactions or events.

Bond: A written promise to pay a specified sum of money (called the face value or principal amount), at a specified date or dates in the future, called the maturity date(s), together with periodic interest at a specified rate.

Budget: A plan of financial operation embodying an estimate of proposed expenditures for a given period and the proposed means of financing them.

Budget Document: The instrument used by the budget-making authority to present a comprehensive financial program to the appropriating governing body.

Capital Projects: An item for which the purchase, construction, or other acquisition will represent a public betterment to the community and adds to the total assets of Athens-Clarke County. The project should have an anticipated life of three years or more and a total project cost of \$30,000 or more.

Capital Additions & Improvements: This is a capital project of more than \$30,000 which "adds" to the existing capital base or "improves" the current level of service.

Capital Current Services: This is a capital project of more than \$30,000 which "maintains" the existing capital base or "maintains" the current level of service.

Capital Budget: The first year of the CIP as approved by the Commission.

Capital Improvement Program (CIP): A plan for capital expenditures to be incurred each year over a five year period. This plan will meet the capital needs as defined in the long-term work program of Departments and other agencies of the Unified Government. It sets forth each project in which Athens-Clarke County is to have part, and it specifies the resources estimated to be available to finance the projected expenditures.

Coronavirus Aid, Relief, and Economic Security (CARES) Act: Provides for payments to State, Local and Tribal governments navigating the impact of the COVID-19 outbreak, through the Coronavirus Relief Fund.

Glossary

Cash Basis: A basis of accounting under which transactions are recognized only when cash is received or disbursed.

Community Development Block Grant (CDBG): A federal domestic assistance grant to develop viable urban communities by providing adequate housing and a suitable living environment as well as expanding economic opportunities for persons of low and moderate income.

Contingency: Those funds included in the budget for the purpose of providing a means to cover unexpected costs during the budget year. These funds can only be expended with Manager and/or Commission approval.

Debt: An obligation resulting from the borrowing of money or from the purchase of goods and services.

Delta ▲: In this document, the delta symbol is used to represent change from prior year.

Department: A major unit of organization in Athens-Clarke County comprised of subunits named divisions or cost centers and responsible for the provision of a specific package of services.

Depreciation: The portion of the cost of a fixed asset charged as an expense during a particular period. The cost of a fixed asset, less any salvage value, is prorated over the estimated service life of such an asset, and each period is charged with a portion of such cost.

Encumbrance: Commitment related to an unperformed contract for goods and services. Encumbered funds may not be used for any other purpose.

Enterprise Funds: A fund established to account for operations that are financed and operated in a manner similar to private enterprise - where the intent of the governing body is to provide goods or services to the general public, charging user fees to recover financing costs. Examples are public utilities and airports.

Expendable Trust Funds: A trust fund whose resources, including both principal and earnings, may be expended.

Expenditures: Decreases in net financial resources. Expenditures include current operating expenses requiring the present or future use of net current assets, debt service and capital outlay, and intergovernmental grants, entitlement and shared revenues.

Fiscal Year (FY): The twelve-month period to which the annual operating budget applies. In Athens-Clarke County this is July 1 to June 30.

Franchise Fees: A fee levied on utilities in exchange for allowing the utilities the use of public right-of-way.

Fringe Benefits: Expenditures related to employee benefits such as Vacation, Sick Leave, and Health Insurance.

Fund: An independent fiscal and accounting entity with self-balancing set of accounts recording cash and/or other resources together with all related liabilities, obligations, reserves and equities which are segregated for the purpose of carrying on specific activities or attaining certain objectives.

General Service District: This district consists of the total area of Clarke County.

Generally Accepted Accounting Principles (GAAP): Uniform minimum standards for financial accounting and recording, encompassing the conventions, rules, and procedures that define accepted accounting principles.

Glossary

General Fund: The fund used to account for all financial resources, except those required to be accounted for in another fund.

General Obligation Bonds: Bonds backed by the full faith and credit of government.

Grant: A contribution of assets (usually cash) from one governmental unit or organization to another. Typically, these contributions are made to local governments from the state or federal governments to be used for specific purposes and require distinctive reporting.

Goal: The Goal statements included in Department budget requests are designed to inform the reader of the department's expectations for improvement, change, and/or growth in service level and activities. A goal is a standard against which to measure progress.

Governmental Funds: This category of funds includes typical governmental activities and includes funds such as the General Fund, Special Revenue Funds, and the Debt Service Fund. These funds are set up to measure current expendable financial resources (only current assets and current liabilities) and uses the modified accrual basis of accounting.

Homestead Exemption: A tax relief measure whereby state law permits local governments to exempt a fixed dollar amount of appraised value of qualifying residential property.

Independent Agencies: Separate legal entities or commissions not included within an Athens-Clarke County (ACCGOV) department.

Internal Service Fund: Funds used to account for the financing of goods or services provided by one department or agency to another department or agency of a government on a cost reimbursement basis.

Lease-purchase Agreements: Contractual agreements that are termed leases, but that in substance are purchase contracts.

Levy: To impose taxes, special assessments or service charges for the support of government activities.

Liabilities: Probable future sacrifices of economic benefits, arising from present obligations of a particular entity to transfer assets or provide services to other entities in the future as a result of past transactions or events.

Line Item Budget: Listing of each category of expenditures and revenues by fund, agency, department, division and or cost center.

L.O.S.T. (Local Option Sales Tax): Tax levied at the rate of one percent which applies to the same items as the State sales tax, except that the local option sales tax also applies to sales of motor fuels.

Mill: One one-thousandth of a dollar of assessed value. A tax rate of one mill produces one dollar of taxes for each \$1,000 of assessed property valuation.

Millage: Rate used in calculating taxes based upon the value of property, expressed in mills per dollar of property value.

Mission: The Mission statements included in Department budget requests are designed to inform the reader of the department's essential functions or activities/responsibilities/tasks they are charged to accomplish, as well as, the major services they provide.

Glossary

Modified Accrual Basis: The accrual basis of accounting adapted to the governmental fund-type measurement focus. Under it, revenues and other financial resource increments are recognized when they become susceptible to accrual, that is when they become both "measurable" and "available to finance expenditures of the current period."

Net Position: The difference between (a) assets and deferred outflows of resources and (b) liabilities and deferred inflows of resources.

OPEB (Other Post-Employment Benefits): Non-pension benefits provided to employees after employment ends such as health insurance coverage for retirees, dental insurance, life insurance and term care coverage.

Operating Budget: Plans of current expenditures and the proposed means of financing them.

Performance Measures: Specific quantitative productivity measures of work performed within an activity or program. Also, a specific quantitative measure of results obtained through a program or activity.

Personal Property: Property that can be moved with relative ease, such as motor vehicles, boats, machinery, and inventoried goods.

Personal Services: Expenditures for the payment of salaries, wages and fringe benefits of employees.

Property Tax: Tax based on assessed value of a property, either real estate or personal. Tax liability falls on the owner of record as of the appraisal date.

Proprietary Funds: This category of funds often emulates the private sector and includes Enterprise Funds and Internal Service Funds. These funds are set up to measure the flow of economic resources (all assets and liabilities) and uses the accrual basis of accounting.

Real Property: Land, buildings, permanent fixtures, and improvements.

Refunding: A procedure whereby an issuer of bonds refinances an outstanding bond issue by issuing new bonds.

Retained Earnings: An equity account reflecting the accumulated earnings of an enterprise or internal service fund.

Revenue: Increases in the net current assets of a governmental fund type from other than expenditure refunds and residual equity transfers. Examples include property taxes, licenses and fees, and charges for services.

Revenue Bonds: Bonds whose principal and interest are payable exclusively from earnings of an enterprise fund.

Sales Tax: Tax levied on a broad range of goods and services at the point of sale and specified as a percentage of the transaction price. The vendor collects and reports the tax on behalf of the taxing jurisdiction.

Self-Insurance: The formal assumption or partial assumption of risks and the accounting of results. Specific accounts are set aside to fund the risks, and losses which do occur are charged against those accounts or funds.

S.P.L.O.S.T. (Special Purpose Local Option Sales Tax): An additional 1 percent sales tax that may be imposed for a specific time period on the same items as the State sales tax. The tax may be levied with voter approval and must be used for specific capital projects or capital outlay.

Glossary

Special Revenue Fund: A fund used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditure for specified purposes.

Tax Allocation District (TAD): A redevelopment tool that uses the increased property taxes generated by new development in a designated redevelopment area to finance costs related to development including, but not limited to, public infrastructure, demolition, utilities and planning costs.

Tax Anticipation Note: Borrowing by a local government against future anticipated tax revenue.

Tax Digest: The total assessed value of taxable property for a particular area.

Title Ad Valorem Tax (TAVT): A one-time title fee/tax paid at the time a motor vehicle title is transferred, based on the fair market value of the vehicle. TAVT replaced sales and use tax and the annual ad valorem tax (the “birthday” tax). TAVT is mandatory for motor vehicles purchased on or after March 1, 2013 and titled in Georgia.

Trust Funds: Funds used to account for assets held by a government in a trustee capacity for individuals, private organizations, other governments, and/or other funds.

T.S.P.L.O.S.T. (Transportation Special Purpose Local Option Sales Tax): A sales tax used to fund capital outlay projects proposed by the county government and municipal governments where the outlays are intended for transportation purposes only.

Urban Service District: This district consists of the area within the corporate limits of the city of Athens at the time Unification became effective.

VOIP (Voice Over Internet Protocol) Telephone: A category of hardware and software that enables voice communication (telephone service) and multimedia sessions over the internet.
