

TRANSIT

ATHENS-CLARKE COUNTY TRANSIT

Supplemental Funding for Operations & Maintenance

VISITORS HELP FUND LOCAL PROJECTS

ACC Transit is seeking to fund its operations and maintenance functions and personnel through T-SPLOST.

**This would eliminate reliance on the General Fund,
reduce local tax-payer burden, and
ensure future fare-free Transit.**

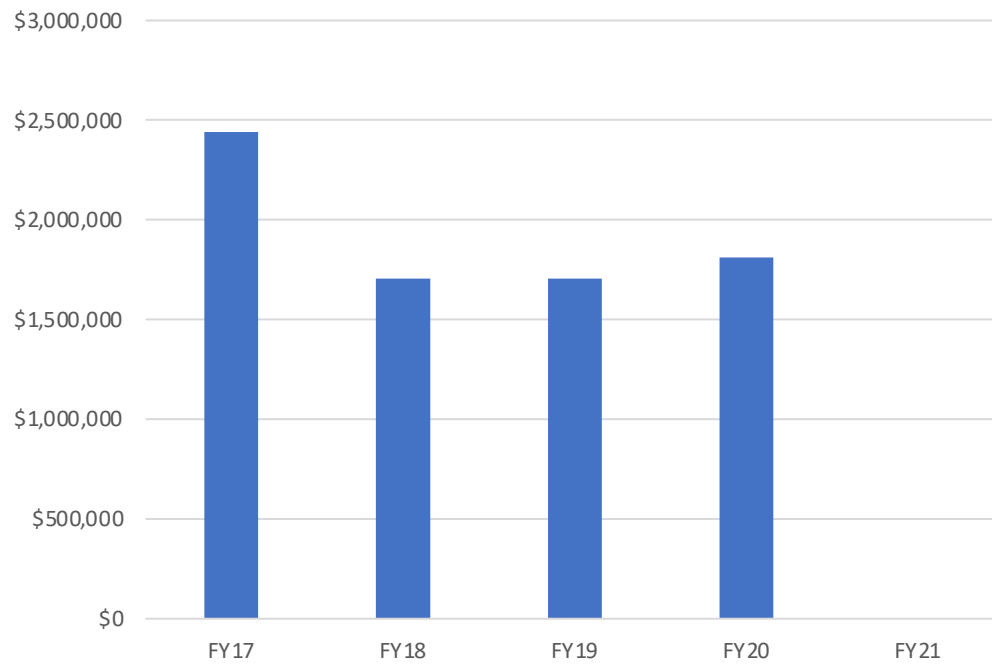

TRANSIT

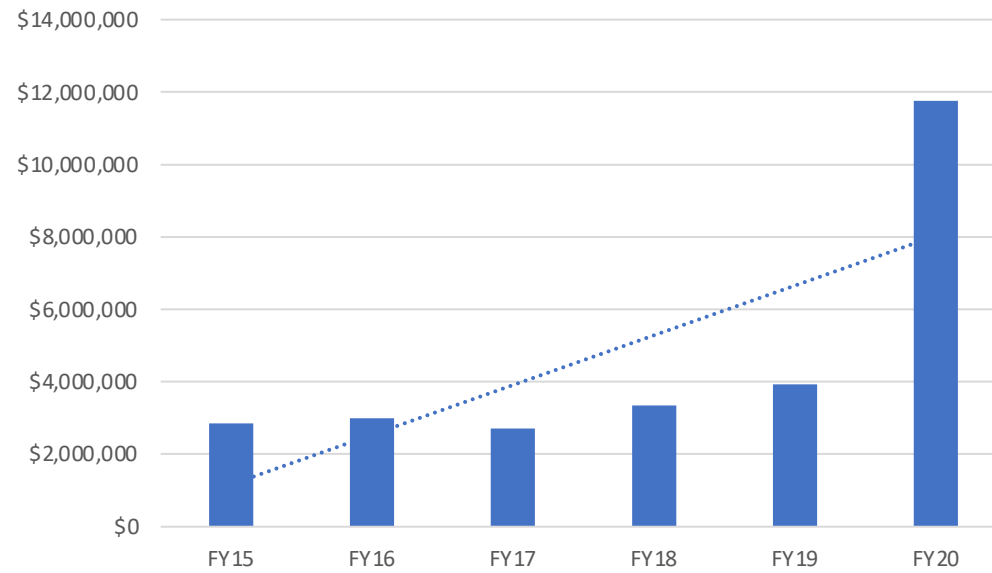

ACC TRANSIT EXTERNAL FUNDING

ACC General Fund

FEDERAL
FY 20 Includes CARES
Federal Funding for FY 2021

PROGRAM GOALS:

Economic Prosperity

- Realizes extension of fare-free public transportation for all persons in Athens-Clarke County
- Use of public transportation decreases the impacts on other infrastructures such as roads and bridges.
- Studies have shown that for every dollar local communities invest in public transit, a three-fold return is realized.

Social Well-being

- Encourage expansion in social health by providing underserved populations with access to groceries, shopping, and community services.

Environment

- Public Transportation utilization reduces the need for personal vehicles. The reduction in personal vehicles equates to a positive environmental impact, and increased roadway safety.

WHY NOW?

- **CARES ACT Funding only provides pandemic relief**
- **Pandemic Level ridership decreased Federal funding sources**
- **A robust Transit system is paramount to reducing carbon emissions from single occupancy vehicles-a major contributor to global warming**
- **Fare-free transit triggered change in how Federal Funding (STIC) is allocated between UGA and ACC Transit**
- **Fare free service for all included 38,000 UGA students, resulting in an \$828,000 loss of UGA fare revenue.**

Small Transit Intensive Cities Funding (STIC)

Jointly, ACC Transit & UGA meet all criteria needed to qualify for STIC funds.

- **Historically, ACC Transit retained all funds and provided financial offset to UGA.**
- **Fare-Free transit eliminated need for financial offset, funds are now split**

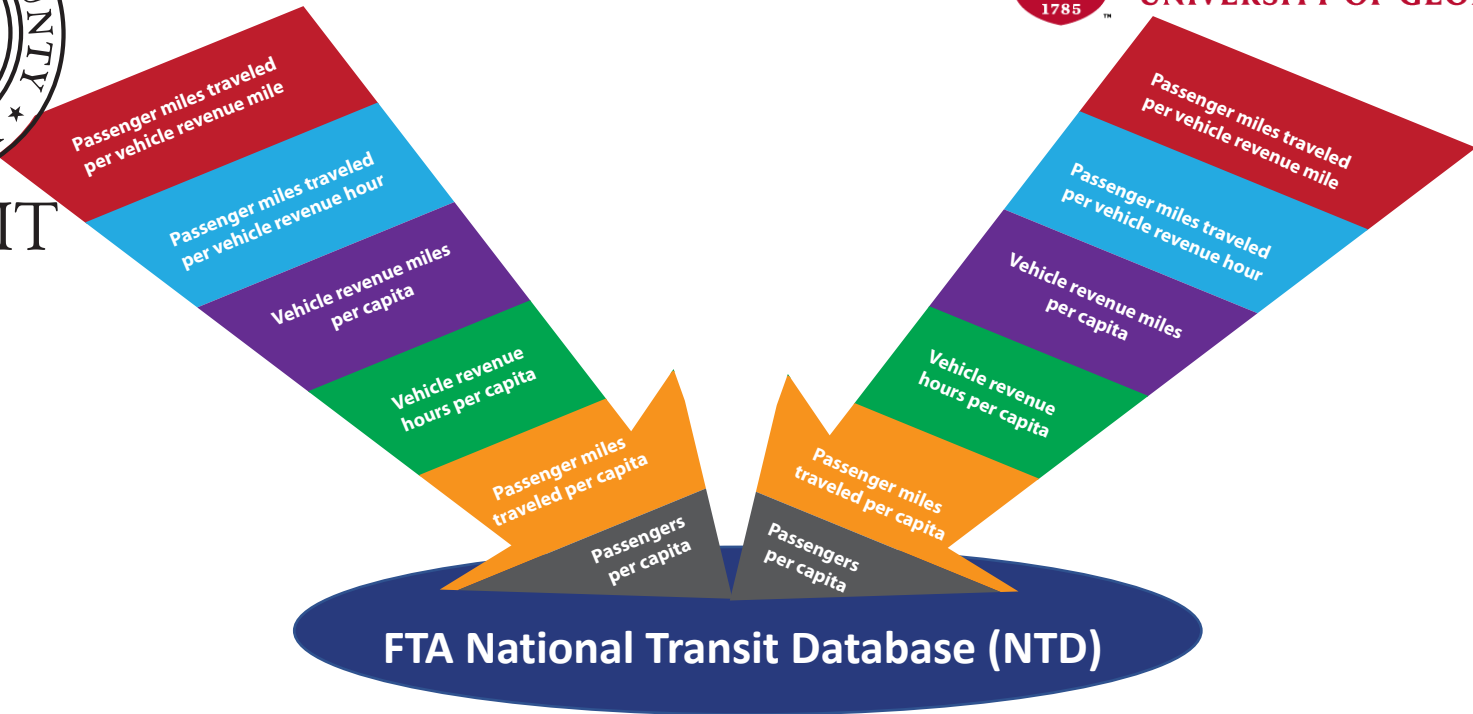

Ridership Data Required for STIC Funding

ACC Transit and UGA Transit historically submit ridership data jointly

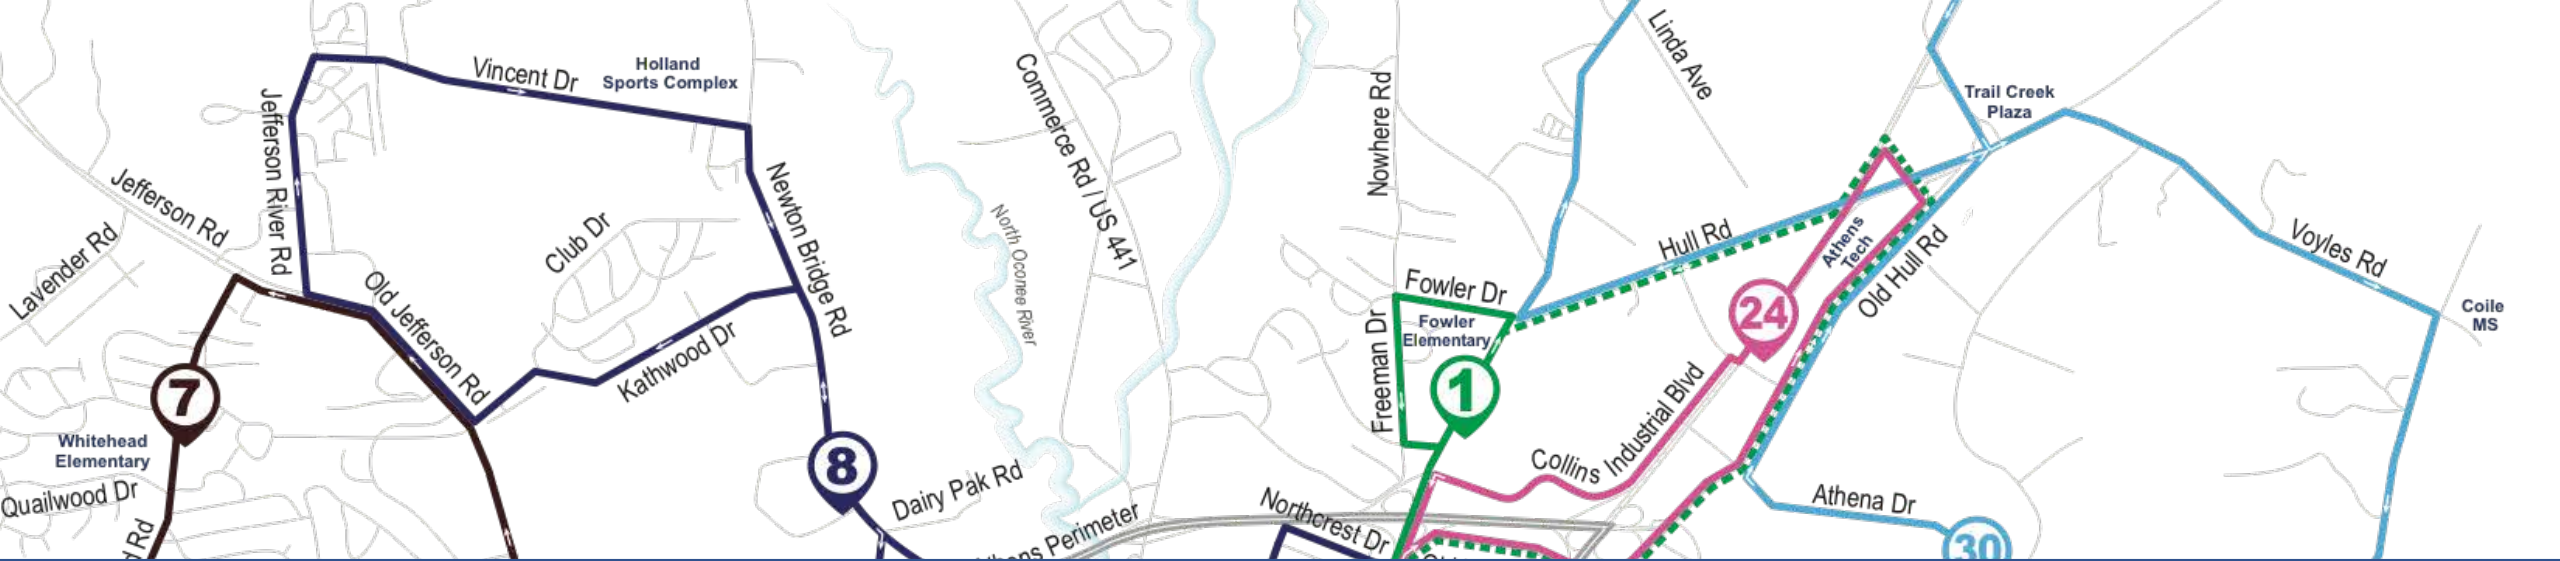

Transportation & Parking Services
Auxiliary Services
UNIVERSITY OF GEORGIA

WHY APPROVE TSPLOST FUNDING FOR OPERATIONS & MAINTENANCE?

- **Reduce the Transit reliance on the General Fund**
- **Provides funding for federal match required for competitive grants**
- **Reduces local tax burden by including sales tax paid by visitors**
- **Provide additional revenue for other departments within the local government**
- **Provide additional funds employee retention**
- **Support fair, equitable access to Transit Services, and amenities throughout Athens-Clarke County.**
